STORY SUMMARY

Beautiful Boys Club picks up where [The Illustrator](#) left off. World famous illustrator, Chip Shelton has fallen head over heels in love with his new neighbor Martha and her two boys. Martha needed help educating her 11 and 13 year old sons about their sexual development. In the process of teaching the boys he became involved sexually with them. Martha found Chip's sexual involvement with the boys quite stimulating. It was love for all of them at first sight.

Chip did some marvelous illustrations of the naked boys and their sexual escapades. The boys loved having Chip sketch them and loved it even more when other people saw those sketches. Those illustrations were the introduction of Chip, Martha and the boys to the Beautiful Boys Club.

The Beautiful Boys Club, or BBC as they call themselves, is a small group of men who love the beauty of boys bodies. Most of them are deeply involved with family love and want to share their sexual expression with others.

While Martha and Chip have been quite sexual with the boys, the boys are both still virgins in every way. Nathan Wolfe, the man who purchased all of the explicit illustrations of the boys, and his lover are members of the Beautiful Boys Club. They want to share the illustrations of the boys with the club members. When Nathan learns how excited the boys are about having others see their explicit drawings, it leads to a unique invitation to be "special" guests of the BBC.

If you like stories about young boys who thoroughly enjoy being exhibitionists and the men and women who love to watch them then you will enjoy the richly sexual story of these beautiful boys and their journey into deep family love and erotic exhibitionism.

Josh Awakens...

When I woke up the next morning the room was completely dark. It took me a moment to remember that we spent the night in this huge mansion. I thought back on how cool the flight was in the private jet. I felt Matt snuggled up tight against me. He must have moved around during the night because before I went to sleep I sucked him off and then his cock got totally soft. I still had it in my mouth and I remembered thinking how much I enjoyed sucking on his soft cock...and that was the last thing I remember. I thought maybe I heard someone in the room later but I could not wake up. I must have been really tired from the trip. I love the feeling of Mattie spooned next to me.

As I lay there I realized two things...my cock had never been this hard and my nuts ached...and I really needed to piss. I moved around a little bit and Mattie woke up.

"Dude I really gotta piss...I mean real bad...and my boner and nuts ache...wow..." Mattie told me and I heard his voice crack for the first time.

"Me too," I told him as I got out of bed.

Nathan Reaction from Backstage...

The motion detector red light went on. I watched Jake as he was sitting at a control pane next to the door to the boys' room. Jake turned on a red light in the breakfast room. I watched as he turned off the lights in the dining room. I could see that the members were all watching the huge monitors that were mounted on the walls around the dining room. I had instructed the wait staff that the members and their guest were to be served a final cup of coffee or beverage when the red light came on.

My heart was racing. "It's show time for my beautiful boys," I thought.

I pulled Stephen into my arms and kissed him for luck. I told him that I had never been more sexually excited in my life...it was show time and the curtain was about to go up. I kissed Stephen again who told me in the tradition of the theatre to "break a leg" because saying "good luck" was considered to bring the worst luck possible.

I touched the light switch beside the door. The light in the boys' room came on as I swept into the room. I could visualize in my mind's eye that the images of the naked boys were now up on huge plasma monitors on the dining room walls.

I wore an ear wig so that I could hear what was going on in the dining room. There were moans and groans of appreciation as the boys came into view. Several members chatted with each other about how these boys maybe the most beautiful boys the club has ever seen. My heart leaped with excitement. I knew this was going to be a huge success...something the members would talk about for months if not years. Stephen and I planned every bit of the choreography as if it was a Broadway show opening.

The sexy naked nymphs immediately ran up and hugged me. I was sure my heart was going to explode it was racing so hard. I knew I must look splendid in my white pants and navy blue Ralph Lauren blazer with the BBC club logo.

Sweet little Mattie's voice cracked as he told me how bad he needed to pee. I lightly caressed his stiff little boner and told him we would take care of that right away. I twisted the door knob and pretended to be surprised to find the door locked.

I pulled a key out of my pants pocket and unlocked the door. I reached in and flipped the switch on and the lights revealed that the sink and the commode areas were covered with plywood. There were large signs on the raw wood that said under construction. I could hear delighted chuckles as the men in the dining room observed the sexy boys being mildly manipulated. The executive committee thought that touch was a stroke of genius. The sweet little boys danced around as their bladders ached for release.

"I guess you will have to use another bathroom after your shower," I told them knowing that they would pee immediately when I shut the door to the shower. This was going to be a delightful treat.

I turned on the bright lights in the shower room and then the water. The huge over head shower head began to flow wonderful warm water like a waterfall. The boys' wonderful bodies were reflected on the mirrored walls on three sides of the shower. They were of course one way mirrors and I could hear the delighted reactions of the members through my ear wig as they watched the boys live in the shower. There were also miniature high definition cameras in the four corners of the shower that captured every delicious detail of the action and the boys' bodies. I closed the shower door and listened to it latch and ran like the wind for the dining room...I didn't want to miss one second of the show.

In the dining room there was a large horse shoe table arrangement that faced a brightly lit box with two exquisite boys standing there preparing to take a shower. The mirrored walls of the shower were one way mirrors that were perfect for observing the beautiful naked boys.

The naked boys were on opposite sides of the large glass shower room. I looked first at Matthew and found his prepubescent body breathtaking. Josh stood there with his weight on one foot, his thumb rested on his hard shaft and the smirk on his face said it all. "Now what the fuck are we going to do?" He asked mischievously. My bladder is going to rupture. The microphone picked up Josh's voice. I glanced around at the monitors up on the wall. The cameras were placed perfectly to reveal every beautiful detail of the boys' bodies. Each of the boys had a raging erection.

I held my breath as I risked a quick glance around the room. Not a single soul looked at me. Every member and guests' eyes were glued to the boys. And then it struck me. All of the members were standing...that never happens. They were straining to see every detail in the shower room. Every single member had their hands over their head doing an exaggerated clapping motion where their two hands never touched. They were giving us a standing ovation...BBC style. Tears of joy streamed down my face as Stephen hugged me and kissed my cheek. Martha and Chip had the seats of honor and as I turned my attention back to the shower they were whispering excitedly and pointing at the boys...clearly delighted.

The breakfast room was filled with the sounds of the shower room. This was a special treat to capture the sexy young boys' reaction to a challenging situation.

I thought about his conversation last night with Martha. I was excited that she was being so generous with her beautiful sons' sexual charms. I wondered why she was so willing to share her sons sexually with all of us. As I thought back on the story she had told me last night and watched the naked boys in the shower, I felt myself on the verge of orgasm.

Martha was discovered naked with her 13 year old brother Jess as they explored each other's bodies one evening in Jess' room. She was masturbating her older brother. Martha's daddy walked into the room and found his 11 year old daughter naked with her brother. He led them toward the family room still stark naked as he called out to Martha's older brothers and sister. Mike and David came out of Amy's room followed by Amy. Martha was shocked at the fact they were all naked. Daddy kissed Martha and Jess and told them this was something beautiful that needs to be shared with the family. Martha saw how hard Stephen and I were and she told us we should pleasure each other as she told the story. It was an amazing story that I dared not think about or I would spontaneously climax.

Martha was so sweet and excited about planning for this weekend. She knew that the boys would be on stage performing sexually quite a bit over the weekend. She agreed to give them a drug combination that a Dr. Wilson had prescribed to both stimulate their sex drive and increase their sperm production. Her sexy boys were feeling the effects of those drugs now.

The sound of the voices came through the speakers in the breakfast room.

"I don't give a shit what Nathan said...dude I gotta pee," Josh told his brother.

“Me too bro...right now.” Mattie responded and then started to bear down because his urine did not want to release through his raging boner. “Oh fuck yeah...ohhhh...that’s awesome...” Mattie said as a huge stream arched out of his hard cock that was pointing up at the ceiling. It went up almost to the ceiling in the middle of the room and then took a similar trajectory back down causing it to land on Josh’s head and face.

“You shithead...” Josh said laughing as the pee rained down on him. Josh groaned as he strained and it had the same outcome in reverse. The pee started raining down on Mattie. “Oh fuck YEAH...that feels so good...needed to pee so bad.” Both boys giggled as they peed all over each other.

They moved closer together as their streams got weaker. They collapsed into each other’s arms laughing hysterically. Josh kissed his little brother and told him that they should probably get showered. Each boy took a bottle of body wash and began to squirt all over his brother. After urinating both boys were semi erect, but as soon as they started washing each other they both developed powerful erections. As Mattie soaped up his big brother’s torso he asked, “Do you think we have to hurry?”

“Nathan didn’t say we had to hurry...but I guess we shouldn’t mess around too much or too long...because I am getting wicked hard.” Josh told Mattie as he kissed his little brother tenderly. Then I watched as Josh tenderly soaped Mattie’s cute face.

They stood under the warm water washing the soap away. Josh held his little brother tight against him and began to kiss him passionately.

“Josh are you...you know...nervous?” Mattie asked his big brother.

Josh kissed Matt’s forehead and nodded yes. “Yeah I am...you know...kind of nervous. I’ve never been naked in front of a lot of people before...but I am also really stoked about having a bunch of people watch you and me be sexy...I keep wondering if watching us will make them do sexy stuff too...I hope so...I think it would be so cool to get all these dudes are excited from watching us...you know...making them cum just from looking at us...That’s so hot! Are you okay Mattie?”

“Yeah...I just worry that they will be disappointed in how I look,” Matt told his big brother.

“Mattie how could you even worry about that...you are so hot little brother...but you are not so little anymore,” Josh said as he fondled his 11 year old brother’s hard cock. Mattie responded by thrusting his stiff boner against his naked brother’s body...gently at first and then with fervor.

I watched Mattie as he moaned. “I need you so bad Josh...it is like my nuts are on fire and my boner aches.” The sexy prepubescent boy told his 13 year old brother.

“I know...if I don’t cum soon I think my nuts are going to explode...I want to rub fuck you so bad,” Josh told the younger blond boy as he kissed him.

I watched as both boys opened their mouths and their tongues did a wild dance of love. Mattie stiffened his tongue and stuck it out. Josh began to suck on it like it was a hard cock. There were all

kinds of moans and groans from the members as they watched the young boys begin their mating ritual. The kissing and sucking of tongues only seemed to inflame the young brothers' passion. One of the cameras caught the heads of Mattie and Josh's cocks rubbing together.

The boys were on fire for each other and the members could not wait for the sexy boys to join them. Bill Wainwright's son Jonathan took the pillow from the seat of his chair and laid it on the table. The sexy 12 year old bent over the table and presented his ass to his daddy. Jonathan parted his cheeks and turned to his daddy and begged him to fuck him. Bill bent over and kissed the soft skin of Jonathan's back as he lubed his erection. I watched in awe as Bill raging boner penetrated his son. The stiff shaft slowly disappeared into his sexy 12 year old son. The boy groaned as father and son became one. Father and son lay still and watched Josh and Mattie.

I knew it was time. I smiled and stepped to the glass cube and pulled on the handle on the edge of the front wall. There were gasps as the wall swung open into the breakfast room.

Mattie was still humping Josh's hand until they realized that the entire club was watching them. I stepped into the shower and handed each of the boys a towel as everyone stood and applauded. The boys blushed and grinned. The young boys around the table began to whistle and cheer for the sexy brothers.

David Reston slipped his hand into his dad's pants and began to fondle his daddy's big boner. David's daddy stripped his son naked so that they could watch Josh and Matt in comfort. Arthur Reston dropped to his knees and sucked on his boy's 14 year old boner as both of the watched Matt and Josh step out of the shower.

Martha pushed her panties down and Chip began to finger her hot pussy as they watched their sexy naked boys.

Mattie's Reaction to the Breakfast Room

We walked out into the room...naked and dripping from our shower. The reaction from the men and the boys as we walked into the room was awesome. Josh and I realized as we looked back at the shower that these guys could see everything we did in the shower. They loved it.

As I looked around there was a young guy with his daddy's boner in his butt. There was another kid getting a blow job from his dad. I found Mom and Chip at the end of the table. Chip was fingering mom as he watched us. Mom was really getting off on what we were doing.

I recognized Rik from the gallery. He was standing totally naked next to mom wildly applauding. His cock looked so cool. His little brother Mike stood next to him with his cock hanging out of his jeans. I thought it would be so cool to be sexy with those two guys.

Nathan was drying my hair with a towel as Stephen dried Josh's hair. The two of them slowly dried our bodies. Nathan dried my feet and as he did he kissed the tip of my hard penis. Everyone went wild. Nathan stood up and stroked my damp hair and asked me if I wanted to be sexy with my brother.

I nodded and grinned at him. "Right now I just really want to kiss him and hug him...and then...you know...like...rub fuck him...until we both cum all over each other." I told Nathan. I just kept thinking how much my nuts ached.

Nathan told me that sounded lovely. He kissed the top of my head and then Josh's head too. He guided us to the center of the room. Small spot lights from the 4 corners of the room came on and lit up a perfectly made bed in the center of the room.

The boys around the table got really excited as we got close to the bed.

"Suck Matt's hot looking cock Josh...suck him for me." One boy yelled.

"Mattie make some hot cum for Josh." Another voice yelled.

"We thought you might be comfortable here," He said as he pointed to a beautiful bed on a raised platform in the center of the room, "...you know...pleasuring each other," Nathan said to me.

"Fuck yeah..." Josh cried out as he ran toward the bed and dove on the bed. He spun around in midair so that he landed on his back and his hard boner was sticking straight up and waving in the air. "This is so cool," he said. "And look up there Mattie," Josh cried out as he pointed up at the wall where on each wall there were two giant plasma televisions. They had to be 70 inches. Each TV had a split screen view of the bed in the center. It took me a second to realize that they had 4 high definition cameras aimed at the bed from each side of the room. One was zoomed in on Josh's cock and balls. I had to smile...Josh's cock and balls in high definition were pretty cool.

"Dude jack your cock...I want to see it!" I told him as I pointed up at the screen with his awesome boner. Josh wrapped his hand around his cock and slowly stroked it as everyone cheered and applauded.

"Dude...come on...I want you real bad..." My big brother called out to me. I ran toward the bed and dove in. I flip around until I was facing Josh's boner. It looked bigger and harder than normal. I lightly gripped his shaft. I think I can feel his heart beat in his cock. The rim of his cock is bright red and I rubbed it lightly with the pad of my thumb. There is the coolest little drop of precum at the tip. I licked it off and enjoyed the taste for a moment.

I started to kiss his boner all over and then very slowly licked it from base to tip. I looked up and saw myself licking his hard cock on one of the big monitors...I was so jazzed up seeing my tongue lap his boner bigger than life...I was so hard I thought I might cum right then. I leaned back and looked at Josh's junk. His cock is so cool...I love the way it gets so big at the head. I licked it some more as I looked at it. I love the taste of my brother. My finger tips stroked the back of his thigh very very lightly because I know it drives him crazy. I smile as I feel his body jerk with the jolts of pleasure I am causing.

Josh started sucking my cock. He sucks me really hard when he wants me to do him the same way. The wild feelings that shot through my body were amazing. I could see him sucking my cock on the huge monitor at the end of the room. He looked so cool with his mouth stuffed with my boner.

Josh was really going at my boner. I moaned when the pleasure got too strong. His fingers are all over me. The feelings are really wild...I heard Nathan call out...It was kind of a blur because I was right on the edge of a major 'gasm. He said something to Josh but I did not hear it. I was too far gone in my own pleasure.

I felt Josh take my cock out of his mouth and he told me to kneel up that he was going to jack my cock until I came all over his face. That is so hot. My sexy brother wants me to cum all over his face. Whoa...this is really intense...I knelt up and realized that the feeling had never been this intense before.

Josh grabbed the base of my cock and jacked me. I grabbed handfuls of his shaggy blond hair as the intense waves of pleasure hit me. This fucking rocks. Josh brought me to the edge and then he stopped and with his stiff tongue played with the rim of my cock until I thought my whole body was going to explode. I was moaning and groaning...begging for release.

Everyone was chanting...jack him....stroke him....make him cum... Josh began very long slow strokes. They began to clap in time to Josh's strokes. He went faster and they clapped faster. I cried out that I was gonna cum!

As the first wave of pleasure hit me it rocked me so hard that I had to hold on to Josh. My eyes rolled up in my head because the pleasure was so intense. My whole body shook as I felt the cum rise up and squirt. I groaned and looked down at Josh as the bolt of pleasure hit me hard and my hips shot forward. I was amazed to see thick white creamy cum squirt all over Josh's forehead. I squirted the next glob of cream cum on his lips and then there were a couple of little jets that kind of ran down my cock.

I could not contain it. I cried out for joy that I had shot real cum...creamy...thick cum all over my brother. Josh knelt up and I licked the cum off his forehead and then we kissed and both tasted my very cool cum.

"Chip..." I cried out, "I just shot cum all over Josh...Big boy cum!"

The room went wild with screaming, yelling and whistling over my first big boy cum. When the room calmed down a little bit Chip yelled to me, "Mattie save me some for later...I want a big mouth full of your thick creamy cum."

Josh told me to lie down that he needed to cum on me. I lay back on the bed and looked up at his awesome 13 year old boner and watched him stroke it. It only took a few strokes and he was shooting gobs of hot cum all over my face and chest. I had never seen Josh cum this much. His cock was shooting creamy cum like a fire hose. It was so cool and Josh kept moaning and groaning as he shot off...the feeling must have been super intense.

I suddenly realized I was on fire for Josh and I reached up and grabbed him and pulled him down as he finished cumming. I rolled over on top of the sexy big boy and I began to rub fuck him. I was humping him so fast and hard. My hard boner was rubbing up and down and all around in his thick creamy cum. I held his sexy body tight against mine as the wild feelings started to happen. Then it hit me again and I started squirting all over him. The feeling was super intense. I wanted to show off my cum. I leaned up

and supported my upper body with my arms as I ground my cock against his tummy. Cum started squirting all over him. The wild feelings were amazing. I looked up at the big screen and watched my boner jet cum all over my brother. "Fucking A hot...this is so cool!"

I looked around the room as I came down from the high of my orgasm. The room was suddenly much quieter because everyone else was having wild sex too. There were a bunch of young dudes taking it up the butt from their daddy. Rick was sucking his little brother. Then I looked down the table and saw my new dad fucking the shit out of my hot looking mom.

Josh had a wild look in his eyes as he spun out from under me. He got above me and straddled my chest. He twisted his body so that his hard cock was wagging back and forth like a dog's tail. Then he started to slap my face with his hard boner. He rubbed it against my lips and then he gasped and squirted cum everywhere on me. Some of his cum went up my nose, but most of it was on my lips and face. He just stayed there. His cock was still hard as a rock and he just played with his cum using the tip of his dick. He used his dick to finger paint my face with his cum. His boner never got soft...just got harder and harder until he cried out and slimed my face again with his thick creamy cum. I could see the monitor on the wall behind his head and the close up of my cum covered lips as I licked his hot semen off of me. Watching him lick me made a lot of the guys in the room go over the edge.

Josh's cock was still rock hard and so was I. I grabbed his boner and started to suck him and he began to suck me. He began to face fuck me. It was so wild. Everyone in the room began to clap in time to his thrusts. They began to beg him to go faster and harder. Each thrust buried his cock to until my nose was in his pubes. The rhythm of the clapping and the chants grew wilder...their voices got closer and closer until they were around our bed. All of them were naked and stroking their cocks. And then they began to cum...all of them were shooting hot cum all over us. Josh and me started cumming at the same moment. It was so awesome to feel his cum flood down my throat...the dude could really cum today.

Most of the cum landed on Josh's back and butt. I rubbed my hands through it and cried out how fucking cool I thought this was. Everyone went wild and started rubbing their cum slicked boners all over Josh and me...it was so cool. Jake worked his way in and began to rub his hard 15 year old boner all over my face. I put my hand over his hard boner and held it against my cum slick face tight so it would feel even better. The hot dude went wild until he pumped jizz all over my face.

After the men and boys had cum all over us, they stood beside us and rubbed their erect or semi erect cocks all over our slimy bodies. Josh and I were totally slimed. We loved it and giggled and kissed and licked each other's faces. Chip and Mom came up and Chip kissed my face. When he pulled back he had cum all over his lips and face. I felt his fingers part my cheeks and he took hold of the cock plug and pulled it out. I felt so empty. Then Chip began to fuck me with the cock plug. God it felt so good. He kept hitting that pleasure place in me...you know...the one deep inside. I began to rub my hard cock all over Josh's cum covered belly. They pulled the cock plug out of my butt completely. I was like in a trance kissing on my big brother. At least I was until they went to put it back in...

"Whoa....fuck..." I cried. "That thing is huge."

And when they showed it to me later it was twice the size of the one I had in me before. They got me up off the bed. Every step I took felt like I was being fucked by the biggest dude in the world. At first it felt really weird...and then I started to really like it. I knew I was really going to like having Chip fuck me.

They led us to a door right off the dining room. It led into this big room that mom called a sitting room. It was really fancy. They opened another door and it went into a huge bedroom. It had a very cool bathroom and they told Josh and me we could take a shower in there. The walls of the shower were all made of marble. Mom and Chip told us that Josh could suck me off he wanted to...but that he should save his sperm for this afternoon.

We just took a shower and washed each other. Josh kissed and licked my boner some. He looked so sexy kneeling in the shower and sucking me. He must be the best big brother ever. We got out of the shower before I came again.

There were shorts with the BBC logo and white t-shirts lying on the bed and new leather flip flops waiting for us when we got out of the shower. Josh was so cool. He told me to sit on the bed. He started to rub my feet...it felt soooo good. He massaged my calves and looked into my eyes. Josh really likes messing with my feet. He told me how much he loves me and what a cool brother I am. He kissed my feet as he rubbed them. He kissed his way up my legs and then kissed my boner...which was super hard inside my shorts.

Chip poked his head in and asked if we wanted to go for a walk through the nature preserve with him and Mom.

"We'll be there in just a second...daddy!" Josh told him. It made my heart race to hear Josh call Chip daddy. Josh slipped the soft leather flip flops on my feet and he kissed them one last time...the dude is hot for my feet...go figure...

Josh Goes for a Family Walk...

It was kind of a windy cloudy day as we walked across the BBC property to a trail that led into the woods of the nature preserve next door. I thought about how much I loved this morning. It was the two things I love the most. I love being sexy with Mattie and I really love being naked and sexy in front of people. Those dudes really got off on us.

Mom and Chip were walking on the narrow trail through the dense woods in front of us. They held hands and occasionally Chip leaned over and kissed mom on the cheek. It was so cool to watch the two of them...they laughed and talked the whole way.

We had been walking in the woods for a half hour. We walked into a clearing and the sun broke through the clouds. It reflected off mom's blond hair and Chip took her in his arms and kissed her. I had never seen her so happy. He rubbed her tummy where his baby was growing. I thought I might cry I was so happy...but you know...13 year old dudes just don't do that. I scratched my eye like it itched and caught the tear that was trying to leak out before Mattie saw it. I think he knew because he hugged me tight.

We went back to the lodge because mom said we had to get ready for high tea...what ever that was. When we got back to the room she told us we needed to get ready. Mom explained that high tea was an English custom where everybody gets dressed up and has like a cup of tea and a pastry. Sounded weird but she seemed kind of excited about it.

When we walked into our bedroom there were two sets of clothes laid out. Mattie was the first to pick up the underwear. His face lit up with a huge smile. He held the underwear in front of him and his sexy boner wasn't covered by it. It was a bright red thong. We both giggled and I got a rock hard boner. I took the sexy boy in my arms and kissed his smooth soft cheek. I looked into his deep blue eyes as I combed his shaggy blond hair.

Mattie looked up at me and said his nuts were all itchy and achy again. I knew what he meant...mine felt the same way. I kept looking at Matt's boner...it was bigger than it had been last week...like longer and thicker...the head was like really pink. He looked so cool. I wanted to jump in bed with him and sex him all afternoon...but I knew mom was excited about this tea thing.

We pulled on our thongs and did like a sexy boner dance or that is what Mattie called it. Our boners did look pretty cool bouncing around in those thongs. Then we put on white button down oxford cloth shirts. The shirt had pretty much starch in it because it was kind of scratch against my nipples. Mattie looked really sexy with his bare hips and occasionally seeing his boner covered with that red thong. We pulled on the khaki pants...they were starched too. The crease in them was so sharp it could ...well...like cut you...lol.

That was when we got to the ties...we called for help because neither of us knew how to tie a tie. Chip stood behind each of us and tied the red and gold regimental striped ties...or at least that is what mom told us they were. He help us pull on cashmere socks that were soooo soft and then the shiniest black tassel loafers I had ever seen. Chip helped each of us into Ralph Lauren navy blue blazers with a BBC crest sewn to the pocket.

Chip led us into the sitting room. Mom walked in wearing the most beautiful dress I had ever seen...well it wasn't like a real fancy lacy dress...it was the opposite...real simple and she looked so beautiful. Mom told us how handsome we looked and she like got a tear in her eye. She took us back in our bedroom and we found some hair cream that she slicked down our shaggy blond hair with. She put lots of it in our hair. She told us we looked like fashion models with our slicked back hair. She hugged and kissed us and told us we were her two handsome men. When Chip came in with his coat and tie on she told him he looked hot too. She slicked down his hair too and combed it and then kissed her sexy man and felt Chip's hard boner through his khakis. She felt me and then Mattie and said that all three of her men had super hard boners.

We walked down the hall to what they called the gathering room. It was pretty swanky. The walls were covered with all of this really cool dark wood and there were tons of book shelves. It felt like a very fancy library. Almost everyone was there already. Jake walked up in his blazer and khakis and told us we looked really hot in our thongs...everybody was talking about them. I kind of knew they would have cameras in our bedroom and thought that was pretty hot. I looked over at Mattie. He was scratching

his balls and told me that they were really achy and itchy. Chip told us we could take care of them in a little while. Nathan, Stephen and Jamie came up to us and told us how handsome we looked.

We sat down with them and had tea and a blueberry scone. It was okay. Nathan kept patting my hand as he talked. I could see the bulge in his pants and I knew that he was hot for me. That just seemed to make my nuts ache more.

Slowly everyone began to drift away. I asked Nathan if we should go too. He smiled and slowly stroked my face. Don't worry sexy boy...nothing will happen until you arrive. He reached across the table and squeezed mom's hand. I suspected something big was about to happen...but since no one told us the schedule I did not know for sure.

Nathan stood and said, "I think it is time."

He took my face in his hands and as he stroked it. He said how smooth and perfect my face was. Nathan asked me if I was ready to become a man. I just nodded.

He stood and he told me to take mom's arm and walk with her. Chip and Matt walked behind us and Jamie and Stephen were behind them. Nathan led the way. Nathan walked up to these huge tall double doors. He opened both doors. The room was softly lit with small spot lights in the ceiling. Nathan stepped into the room and in a rather loud voice announced... "May I present Mrs. Martha Shelton and her virgin son Joshua."

I...like...you know...gasped for breath. I had dreamed about making love to mom...and...you know...beat off all over the place thinking about having my hard cock in her pussy...but like...that wasn't real...this is real.

Nathan stepped down two steps and we followed him into the room there were gasps and a lot of murmuring. The room had a super high ceiling and some fancy stained glass thing in the top center of the room. There were several levels in the room. On the top level the walls were like a real fancy library with book shelves going to the ceiling and fancy brass ladders to like get to the top shelves. Each of the four sides of the room had the same furniture. In front of each wall there were 4 of those fancy high back leather chairs that you see in picture of old English clubs. There were two chairs on either side of a wide upholstered bench. The members and their boys all stood up when we walked in and they clapped. We stepped down two big steps to the next level which had more of the fancy leather chairs and another one of those big benches. I figured that the benches were for when they wanted to get sexy with their boys.

As we reached the lowest level, spot lights came on and lit up this beautiful bed with lacy silky sheets. I could feel mom breathing hard and her heart pounding like a hammer. I knew she was nervous like I had been earlier in the morning with Mattie. I took her hand and we interlocked fingers and I looked into her beautiful eyes. I felt her relax...It was like it was just the two of us in a very sexy environment.

Nathan stood next to us. "I would like to welcome all of you to the joyous coupling of this beautiful mother and her virgin son. We will be witnesses to the beautiful Martha as she takes her incredibly

handsome son Joshua's virginity. The deflowering of the boy is a special treat because his mother will take his man/woman virginity. Josh's penis will not only penetrate a vagina for the first time...it will penetrate the vagina that brought him into this world.

Nathan kissed both mom and me and wished us a joyous union. As he did so the room was filled the "Ode to Joy" from Beethoven's Ninth Symphony. When Nathan left all of the lights went out except for the bright lights the illuminated the bed and us.

Mom glanced around at the darkened room. "Well at last we are alone," she said with an ironic smile. "Baby do you know how bad I have wanted to make love to you since that first time we made love as a family and you rubbed your boner against my side until you had your orgasm all over me," she asked me as she began to unknot my necktie?

I shook my head no.

"I wanted to pull you between my legs as soon as Chip climaxed. I wanted to feel you stiff teenage cock in my pussy right then and I wanted you to fill me with your sperm. I didn't want to do that because I wanted this," as she patted her tummy, "to be Chip's baby.

Chip and I have talked and when this baby is born I want you to be the only one to fill me with seed until you fill me with your baby...and then it will be Mattie's turn to inseminate me. And then we will raise the three most beautiful babies in the world as our family," she told me as she slipped my navy blazer off.

"Really...you really want my baby...wow...that is freekin awesome!" I told her and hugged her tight. "Mom...I...ummm...need you really bad right now...my nuts feel like they are going to explode."

"We can't have that happen now...can we?" She asked as she unbuttoned my white shirt and revealed my naked chest. She bent and kissed my bare chest...it was so...umm...you know...hot and sensual...I almost shot off in my pants...this was so cool...Mom was going to fuck me...right here and right now in front of all of these people.

I looked up at the huge monitor as I felt her undo the buckle on my belt and then the top button. The vibration as she slowly lowered my zipper was almost too much for me as she kissed me tenderly. My khaki pants fell to the hardwood floor. I had already toed my new loafers off my feet. I stood before her in the unbuttoned white shirt and the red thong...and my black socks.

She pushed the white shirt off my shoulders and got her first look at me all bonered up in the red thong. "Oh my God baby you look so hot in that fire engine red thong...soooo hot! Turn around and let me see you...Oh Josh you look good enough to eat..." She chuckled meaning what she had said.

Mom had me unzip her very conservative black dress. When she pushed off the top of the dress I gasped. She was wearing a black see through lace bra. Her hard nipples looked amazing through the lace. As she dropped the dress to the floor she was wearing a pair of matching black lace panties with a

garter belt that held up a pair of black stockings. She stepped out of the dress and stood before me wearing the lace panties and bra, black stocking and spike high heels.

“Holy crap!” Was all I could manage to say. My mouth hung open. She looked gorgeous. She smiled and ran her fingers through my hair and then gently pulled my face between the beautiful 36C breasts covered with lace. She whispered to me to sit on the edge of the bed.

As I did she knelt beside the bed and picked up my left foot that was still covered with a black cashmere sock. She massaged the foot through the sock and I moaned.

“I understand that you like to play with Mattie’s feet.” She said to me and I nodded. “And do you like to have your feet rubbed and kissed?” I moaned rather loudly as she rubbed and kissed the bottom of my foot through the cashmere sock. I watched as her fingertips removed the sock in what seemed like slow motion. Then she let the sock drop to the floor. She held the foot up and kissed the ball of my foot and then the bottom of my big toe. “You have the sexiest feet...my handsome man...so sexy” She took my big toe into her mouth and began to suck it as she lightly tickled the bottom of my foot. The combinations of feeling was so strong I giggled and almost wet myself. She quickly stripped off the other sock and as she did she began to lick her way up my foot and then my calf...I was holding my breath as her lips and tongue worked their way up the inside of my thighs. She showered my thighs with tiny kisses until she reach my thong covered nuts. Mommy licked the red thong as she massaged my naked hips. I was moaning and uncontrollably thrusting my cock into the pouch of the thong.

She stopped and turned around and asked me to undo the clasp on her bra. She turned back to me and asked me if I wanted to feast on her beautiful breasts. She pulled me down on top of her and I sucked first on one breast and then the other. They were so cool. She rolled me off of her as I began to dry hump her and she slipped her hand down inside the red thong. Everyone could see her cup my hard cock and balls. She licked my nipple and moaned that her baby really needed to fuck his mommy. She ripped the red fabric aside and my cock popped out. “You have the most beautiful boner...baby boy...a sexy hard teen age rod...that really needs to fuck a hot pussy.

She pulled off the thong and tickled my face with it. I groaned like I might spontaneously cum and that was when she jumped up and told me to pull down her panties and stockings with my teeth. I jumped up and got to my knees and grabbed the front waistband with my teeth and began to pull them down. They got stuck part way down and my nose was buried in her pussy lips trying to free the panties. Soon I had the panties and stocking lying in a puddle of fabric at her feet.

I pulled her pussy lips apart and found her hard clit sticking out. I stiffened my tongue and lapped the clit with my tongue. I sucked on her clit while I finger fucked her pussy. Mom was moaning and crying loudly as I pleased her. Her head thrashed from side to side as reveled in the wild pleasures of my sucking and fingering. She pushed my face into her pussy and screamed as she thrust her cunt against my lips and tongue. That was when she screamed, “Oh fuck baby...so hot...so good...oh shit baby I’m cumming...” Her hot cunt began to ejaculate all over my face. We could hear the sound of clapping and screaming as I rocked her world with my tongue.

She pulled me up on top of her and pulled the red head of my cock into her steaming hot pussy. It felt amazing. I looked around and the room was completely dark. I couldn't see anybody but I could hear them moaning and crying out as they climaxed.

I started fucking my mom's hot pussy wildly and began to cum almost immediately. She wrapped her leg around me and pulled me deeper into her hot cunt as my semen ejaculated again and again. White hot bolts of pleasure shot through my nuts as I felt the hot cum surge through my boner. The feelings were so powerful that I couldn't breathe. My boner just kept shooting rope after rope of my cum. It was like I hadn't cum in days.

When my orgasm subsided I was still rock hard and still fucking her wildly. It took almost 15 minutes of wild fucking and mom having 2 more orgasms until I was able to shoot off again. This time I was completely spent. We lay there and listened to the wild applause. She kissed me and held me tight. She whispered and told me what a wonderful lover I was. I must have been pretty good because she kept squirting all over me when she came.

As I eased out of her pussy I looked at it. Her legs were spread wide and my thick creamy cum leaked out of her juicy cunt and ran down. The lights came up and I looked around. Everyone was naked and they all looked like they had just cum. It was so cool that they all came watching me be sexy with mom. They were all still watching us as I leaned down and licked my cum out of her juicy pussy. They began to clap and yell and whistle. I heard one guy moan, "oh fuck he is going to make me cum again watching him eat his own cum out of his mom's pussy...that is so fucking hot." I had the biggest grin as I slurped the hot cum out of her steaming hot pussy. I kept licking and sucking on her cunt until she started moaning. That was when I moved up and began to suck on her hard clit. Seconds later her pussy was squirting all over my face.

We were both completely exhausted and gratefully took the thick white terry cloth robes from Stephen. We went back to the room where we fucked one more time like newlyweds and Daddy and Mattie sucked each other off. It was so hot to watch Chip suck Mattie. He used just his lips and went up and down the head of Mattie's cock. Mostly his lips were going back and forth over the rim of Mattie's cock. As I fucked mom I watched Mattie's hips come up off the bed and fuck Chip's mouth. I started to shoot off again into mom as Mattie's cum exploded into his new daddy's mouth. This weekend was awesome. It was like Mattie and me had a never ending supply of cum. It was so cool to watch his thick hot semen run down his hard shaft. I collapsed on mom and she held me tight with my half hard cock in her pussy. We all fell into a deep exhausted sleep for 3 hours.
