STORY SUMMARY

Beautiful Boys Club picks up where [The Illustrator](#) left off. World famous illustrator, Chip Shelton has fallen head over heels in love with his new neighbor Martha and her two boys. Martha needed help educating her 11 and 13 year old sons about their sexual development. In the process of teaching the boys he became involved sexually with them. Martha found Chip's sexual involvement with the boys quite stimulating. It was love for all of them at first sight.

Chip did some marvelous illustrations of the naked boys and their sexual escapades. The boys loved having Chip sketch them and loved it even more when other people saw those sketches. Those illustrations were the introduction of Chip, Martha and the boys to the Beautiful Boys Club.

The Beautiful Boys Club, or BBC as they call themselves, is a small group of men who love the beauty of boys bodies. Most of them are deeply involved with family love and want to share their sexual expression with others.

While Martha and Chip have been quite sexual with the boys, the boys are both still virgins in every way. Nathan Wolfe, the man who purchased all of the explicit illustrations of the boys, and his lover are members of the Beautiful Boys Club. They want to share the illustrations of the boys with the club members. When Nathan learns how excited the boys are about having others see their explicit drawings, it leads to a unique invitation to be "special" guests of the BBC.

In the last chapter Martha joyfully took Josh's m/w virginity. The member of the club are anxiously awaiting the opportunity to watch Martha take Mattie's m/w virginity and see Chip take Josh's virginity with his huge thick cock. The members are doubtful that young Mattie can take his new daddy's huge cock. We will soon find out. Enjoy Beautiful Boys Club 3...

If you like stories about young boys who thoroughly enjoy being exhibitionists and the men and women who love to watch them then you will enjoy the richly sexual story of these beautiful boys and their journey into deep family love and erotic exhibitionism.

Josh Prepares to Have His New Daddy Deflower Him

When we all awakened it was time to get ready for dinner. Mattie and me walked into our room and found two tuxes. Everything was there except underwear...maybe they didn't want us to wear underwear. We found the studs and cuff links for our shirts. We got in the shower and the cool water started to revive us.

"Are you nervous," Mattie asked me as his fingers traced a path down my chest to my hard boner.

I nodded and said, "Yeah I am both really excited and really scared. I love Chip so much...but then his cock...wow...it's so big! But I really want Chip to fuck me. It may sound kind of weird, but when he fucks me and fills me with his seed it makes me his. I think that is really cool."

"Me too...it's just...well...he's so big...really big." Mattie said looking a little fearful.

"If it is too much...tell him...he will understand...he is a really cool dude." Josh told Mattie and hugged him. Mattie smiled and clung to his brother for a few minutes. Mattie looked up at me with watery eyes. "Josh...I want you to fuck me too...fill me with you hot cum...and...um...make me yours...forever."

We kissed and hugged for a long time...

Chip Watches the Boys Getting Dressed.

Martha and I were ready early. She was wearing the sexiest cocktail dress I had ever seen. I just wanted to lift those gorgeous boobs out of her black sequined dress and lick and suck them for hours. It was still magical for me to think that my baby was growing in that beautiful belly of her. And yesterday when I heard her talk about Josh and Mattie inseminating her I almost came in my pants.

We turned on the television and there was a high definition picture of our beautiful naked boys in the shower. We just hugged each other as Josh gave Mattie advice on what to do if my boner was too much for him.

"Oh Chip I can't believe that we are both going to make love to my little babies." Martha told me as she grasped my raging erection through my tuxedo pants. Martha kissed me passionately and played roughly with my hard cock.

"Easy love...or I will have to change pants again." I told her as I kissed her passionately.

We watched as the boys put on their tux shirts and placed the studs and cuff links. They were so cute with their boners sticking out of their shirt tails. Then they pulled on their tux pants over their naked torsos. There was something incredibly hot about knowing they were naked beneath their tux. "I'll bet no underwear was Stephen's idea. He loves those boys so much and can't wait to see them naked." Martha just squeezed my cock and nodded.

We watched as both boys had trouble with their suspenders. We got up and went to help them. I found I was trembling I was so nervous and excited. I helped Josh and Martha helped Mattie. I got Josh's suspenders on and then I helped him with his cummerbund. My sexy boy stood there with his disheveled and wet hair from the shower and we put his tie on. Thank goodness it was pre-tied because I have no idea of how to tie a bow tie. I ruffled Josh's wet fine blond hair as I looked down at his cute bare feet. I had him sit on the edge of the bed and I knelt before him. I picked up his left foot and I rubbed it and kissed it as I looked up into his beautiful blue eyes. I told him how cute he was and that I could just eat him up. I kissed and nibbled his toes for a moment before I slipped the beautiful dress sock over the bare foot. I picked up one of the glove soft leather formal slip on shoes and slipped it on to his foot. I quickly put the other sock and shoe on because I was so turned on. I was going to fuck this exquisitely beautiful boy.

I led him into the bathroom where I massaged styling cream into his hair. His sexy blond hair was totally slicked down and he looked so elegant. I studied his creamy soft complexion and saw only a few tiny white blond baby fine hairs growing on his upper lip. They were so tiny that you had to be up very close to see them. It would likely be a long time before this beautiful soft face would see a razor. I smoothed his eyebrows with my thumbs even though they did not need it. I lightly ran the tips of my fingers down his cheeks. His lips were a dusty pink color that looked so beautiful with his tan face. My fingertips raised his face and I lightly kissed those delicate lips. The sexy boy slowly opened his mouth and I fed him my tongue which he sucked like it was a hard cock. We broke our kiss and I whispered that I love him so very much.

I looked at him and told him that there was nothing in the world that excited me more than the idea of being deep inside of his sexy body and filling him with my seed. I want us to be joined in a very special way...forever. I told him that I did not want to hurt him and if it was ever too much...we will stop and if he wants...do it another time.

"No...he said belligerently...we will not do it another time. I want you to take me and make me yours...tonight...in front of everyone...fuck me hard...fill me with your seed...make me your son."

I was hugging him tight when Mattie and Martha came into the bathroom. They watched Josh and me kiss and when I glanced up into the mirror they were both grinning.

I thought about things for a moment as Josh and I broke our kiss and I put my arms out for Mattie and I hugged him tight. I told Mattie the same thing that I told Josh. He gave me an equally defiant look. "Daddy it may take all night to get your huge cock in me...but you must fuck me...you must make me yours...Josh and me want you to be our Daddy forever and this is our way to show you how much we love you."

I was speechless. I watched as Martha fussed over her baby boy's hair. I played with the tiny hairs on the back of Josh's neck as I thought about what was ahead...it did not seem right to me. When Martha stopped fussing with Mattie's hair, Josh stepped away from me and hugged his little brother. "I know I can't be with you when Mom and Dad take their turns at making you a man...but I will be with you in spirit..." Josh was saying to his little brother as I interrupted him.

"No this is wrong...I don't care what they have planned...we are a family and we do things as a family. I kissed both boys and Martha and led them from the bathroom. We went out the door of the suite and down the hall. Nathan and Stephen met us with very concerned looks on their faces. I broke away from my awesome new family and put my arms around Nathan and Stephen. We are going to change the plans I told them as I led them down the hall quickly..."

Josh's Reaction...

Dad and Nathan walked back. Nathan gave us a group hug and told us this was a marvelous idea. We had no idea of what he was talking about. I caught Nathan by the sleeve before he walked down the darkened steps. I pulled him down and whispered in his ear. He grinned back at me and I kissed his cheek and thanked him.

In his black tuxedo Nathan only had to walk down 3 steps before he became invisible in the pitch dark room. "Good evening..." Nathan said as the single spotlight illuminated him. "We have an unexpected treat this evening. We have an exceptionally beautiful young family who all want to be together as their young sons begin their journey into manhood. I have been instructed by Master Joshua that the boys have requested the following introduction."

I watched Mattie as he stood at the top of the steps. "May I present Mr. Matthew Shelton," Nathan said as the music started to play. The spot light followed Mattie down the steps. I heard mom and dad gasp and stifle a cry as they heard Mattie introduced as a Shelton for the first time. "And now it is my pleasure to introduce Mr. Joshua Shelton," Nathan announced. I felt a chill of excitement go down my spine as the spotlight found me. I walked down the steps to applause and I waved to the people that I could not see. When I reached the bottom step I took my little brother in my arms and I hugged him and kissed his lips to the sounds of "awww" and groans of delight at our tender love for each other. I whispered to Mattie how glad I was that he was here with me. We held hands...and we each felt the other's sweaty palm.

The introduction of mom and daddy was kind of a blur...all I could think about was that they were coming down the steps to fuck both of us...we would be fucking as a family in front of all of these people. I think in seconds I went through every emotion possible.

They each kissed both of us and we had a family hug. I looked at Chip and said, "Thanks daddy for making it so that we could all be together."

They sat on the edge of the bed. I stood between Chip's knees and Mattie was between Mom's knees as they started to undress us. Chip smiled at me as he unfastened my tie. "You know that even that first day when I saw you standing naked on the diving board you didn't look this sexy. I am afraid that I will shoot off in my pants just looking at you in your tux," Chip told me. There were more ohhhhs and ahhhsss from the audience.

I hugged him back and told him he looked very hot too. Chip unbuttoned my jacket and slipped it off my shoulders and laid it on the bed beside him. He reached around me and popped the cummerbund loose and let it fall to the floor. Chip unbuttoned my tux shirt and undid the cuff links. He slipped the suspenders off my shoulder and then slipped off the shirt.

One of the boys cried from the darkened audience, "Josh you are so fucking hot!" Mike cried out, "Daddy please fuck me. I want you deep inside me when they fuck."

The room was filled with the sound of classical music and moans.

Chip licked and sucked my hard pink nipples. It felt awesome. Each little nip sent bolts of pleasure to my nuts. His fingers stroked my naked chest as he tenderly kissed me. The room was filled with the sound of him whispering that he loved me.

"Oh fuck look at how Chip is licking Josh...he is tongue fucking Josh's belly button," Jamie cried out.

Chip unbuttoned my pants and I groaned along with several other people who were watching. As the zipper went down my rock hard boner popped out. I looked up at the ceiling and saw close up shots of my boner and Mattie's side by side. His little 11 year old boner looked so cool and so bare. I kind of wished mine was smooth like his.

Chip started kissing the head of my cock. It felt amazing. I was like right on the edge of a major 'gasm the whole time. Chip shoved my pants down and pulled off the fancy shoes and socks. I stood before him completely naked. Chip kissed and licked my boner.

Chip picked me up as he stood up and he turned around and laid me on the bed. I could not believe it...here was this really hot looking older dude in a tux eating my bare boner...it was almost enough to make be cum...then he started sucking on my nut sack...wow...I did not understand why Stephen came to our room early this morning and took out our cock plugs and then he said he needed to cleanse us. He filled our butts with stuff a couple of times until we didn't have anything left in us. And then he rinsed us out again and then gently washed us. It all seemed kind of weird...but as I felt Chip's tongue touch my butt I understood. I could hardly breathe he was licking me and then he put his tongue in me. It was so awesome.

People were moaning and groaning. Voices encouraged us from the darkened room. I grinned and stood up on the bed...I wanted Chip really bad...right now...I started to strip him naked. I just let his stuff land on the floor. Pretty soon I had him completely naked like me. I pulled back his foreskin and I began to lick and suck his awesome cock. The room was filled with the sound of young and old dudes crying out as they came. It was awesome. I played with his balls as I sucked him...I got Chip all crazy hot.

"Sexy boy...I need to fuck you really bad," he told me. I knew it was time. I grabbed the bottle of lube. I stuck my tongue inside his foreskin and licked him for a couple of minutes and then I pulled back his hoodie...that's what I call it...and I squirted the lube stuff every where...It was kind of a mess but I didn't care...He was greased up good. I watched Chip coat his hand with lube and then he went back to sucking my cock. He started with two fingers up my butt...It was cool after a couple of minutes...I gasped when he put the third finger in me. As my ass adjusted to Chip's fingers, I looked over next to me.

Mattie was stripping mom's panties and bra off. It was so hot to watch her pull his sexy face between her amazing boobs. His bare boner rubbed all over her tummy and down against her bare pussy. As Chip pulled his fingers out of my boy pussy, I heard mom whisper that they should watch daddy make me a man. She pulled my baby brother's naked body against her so that she was behind him spooning him as they both watched daddy prepare my ass for penetration.

Suddenly my ass felt empty. He rolled me over and put my legs up on his shoulders. He parted my hips so that my boy pussy was open and presented for his penetration.

Chip stood there between my legs holding his huge boner down. He had the hood pulled back and I could see the red tip of his cock. The dude was way turned on.

“Are you ready sexy boy?” Chip asked and I just nodded.

I watched fascinated as the thick wide cock head came closer and closer. I felt the tip touch my cheeks and I reached down and pulled them apart. I was totally open and exposed. I felt the hot hard head of his cock begin to push against my puckered ass. I gasped and bit down on my lower lip as he began to stretch me. The head of his cock was so thick. I was panting as the cock head entered me. I felt the thick shaft as it went deeper and deeper into me. Mom held my hand as I looked up in Chips eyes. They were full of mixture of lust and concern. Somebody called out to push out and I tried that. I felt the thick shaft slide deeper and deeper. Then I felt his crinkly blond pubic hair against my butt. I was still panting from being stretched but it was starting to feel better.

I felt Mom’s hand stroked my face in a reassuring way.

Chip kissed me passionately. “Oh beautiful boy I love you so much! Being inside you is amazing. You are so hot and tight. Each of your tiny movements sends wild bolts of pleasure through me. I want to make this last as long as possible...but I am afraid that you are so tight and so hot that I won’t last long,” Chip told me. While he was talking my breathing returned to normal and I began to enjoy the feeling of his huge cock in my ass.

Chip began to very slowly slide his amazing cock in and out. Each time he rubbed my pleasure place. My thoughts turned from adjusting to him to the achy feeling in my nuts. I heard someone from the audience comment on how hard my boner was. Another saw a strand of precum leaking from my cock. Chip leaned up and played with my hard boner as he thrust in and out of me. I felt myself hanging on the edge of orgasm. I wanted...no I needed him to fuck me...fuck me really hard...I wanted to feel his cum in me.

“Fuck me...please fuck me...” I said as I looked into Chip’s lust filled eyes. He began to thrust wildly in my ass. The strokes became longer and harder. Chip cried out. His thick cock slammed my butt and the sound of his flesh slapping against mine echoed around the room.

Chip gasped and moaned as I felt his hot cum begin to flood me. Chip’s next thrust made our flesh make a loud slapping sound as his loins collided with my hips and that was when I went over the edge. Daddy was in a push up position and when he hit my pleasure place my cock unloaded a hot jet of cum all over us. My chin was suddenly all wet. Daddy fucked me again and again. Each time he thrust, I jetted more cum all over us. He was fucking a hot load of cum out of me as I felt his life-force...his hot cum...fill my ass again and again. I was his...he had marked me and taken me as his own. He was mine...my daddy.

As the last jet of my cum squirted us I cried out, “Daddy.” He hugged our sweaty, cum covered bodies together.

He rolled over and pulled me down on top of him. Our bodies were all sticky and covered with my cum. He pulled my face down to his and his kissed me...again and again...he kissed me... I tasted his tongue probing my mouth as our intimate kiss sealed our new father and son bond. I leaned up and I looked down at his beautiful face. My heart leaped for joy and I showered his face with lots of tiny kisses and

then hugged him as tight as I could. His cock was still in me...and he was still rock hard. I felt my little brother and my mom rubbing on me.

Daddy that was awesome...totally awesome. I felt him ease his huge hard cock out of my ass. He turned me around and lay me on the bed and spooned me. I rubbed Mattie's bare shoulder and lightly fondled his bare boner. I smiled at him and told him it was awesome.

Mattie grinned and said, "I guessed that when you shot cum all over the place." There was a lot of laughing from the darkened room. I had completely forgotten about all of the other people in the room. When Daddy fucked me it was just me and him.

Mattie's feelings...

I watched as Josh reluctantly eased daddy's boner out of his boy pussy. Daddy's thick cum leaked out of his ass and ran down daddy's hard shaft. It was very cool. Josh's chest was still wet with his own cum.

I turned toward Mom and she pulled me tight against her body and she kissed me. I slipped my tongue in her mouth and she tasted awesome. Then mom began to suck on my tongue like it was a boner. She made me so hard.

My hands found her nipples and I thought about our little brother or sister who would be sucking on these hard nipples soon. She whispered that she needed me to play with her pussy. I slipped my fingers in to her slit. It was so hot and slippery. It was hard to imagine that I was going to put my hard boner in my mom's pussy in just a few minutes. I felt her hard clit. It was standing out like a little boner. I quickly slipped down her body and parted her pussy lips. My lips quickly found her stiff clit and I began to suck it and lick it until she was moaning.

"Oh God...he is eating her pussy. Look at that clit. It's huge. He is sucking it like a cock." There were several orgasmic moans from the audience after that and I just kept sucking her awesome clit."

"Oh God baby...oh fuck....that is so awesome...Mattie....please don't stop...momma has to cum...oh yes...please...like that....right there...and then her pussy exploded in my face. Mom started ejaculating all over my face. The room went wild with clapping and cheering. Mom kept squirting every time I licked and sucked her hot clit. I knew I was so hot I was going to cum soon. My cock and balls ached they were so hard and full. I moved up and as I did I entered her awesome pussy. I gasped as the wild feelings shot through my body. I began to buck and thrust my hard cock in her wet slippery cunt. It was like my body was getting hit with electric currents of pleasure. I felt her grinding her pussy against me and I groaned as she pushed me over the edge.

"Oh fuck mommy...I am cumming."

She ground her hot pussy against me again and again and she started to squirt as she screamed out as the good feelings rocked her body. I just kept pounding against her until I had emptied my nuts deep in her pussy. I thought about what she had said earlier about me filling her belly with my baby and I hugged her even tighter and kissed her.

The boys began to clap in rhythm and chant..."eat your cum...eat your cum...eat your cum"

I was grinning like crazy and I pulled my still hard boner out of her pussy and saw the creamy cum leak from her pussy. I lowered my face and began to lick and suck my hot cum from her vagina. She gasped and moaned as I did it and I knew she was going to spray me again and I loved it. Mom cried out and began to jet hot pussy juice all over me.

My boner was still rock hard. I slipped my hard cock back in her steaming pussy. It was so hot and slippery. I looked over and watched daddy eating his cum out of Josh's ass. I want to make this last much longer but seeing that made me crazy hot to cum. I started thrusting wildly and mom ground her pussy against me until we both started cumming at the same time. It was so fucking intense.

Daddy got so hot from watching us that he picked Josh up and began to fuck my brother doggy style. Mom held me tight as we watched Daddy's huge fucking cock sliding in and out of Josh's sexy boy pussy. Daddy started fucking Josh really hard and I watched Josh cry out as his boner shot cum all over the bed. Daddy went wild and dumped another big load of cum in my big brother's ass.

We all stood up and hugged. Stephen and Nathan were the first to congratulate us. It was so cool because they were bare ass naked. As they talked to Mom and Chip, I stood there playing with their boners. I only stroked them for a couple of minutes, but that was all it took. Nathan was the first to groan and begin to shoot his cum on me and then Stephen went off too. I had to close my eyes because their hot cum was squirting all over me.

Josh was talking to Rik and his little brother. Rick was telling Josh how hot we are and Josh started playing with Rik's very cool boner. Rik reached down and felt Josh's 13 year old cock just as he went over the edge. I was kind of jealous that Rik had cum all over Josh. I really wanted to get sexy with that hot dude. As I turned back there was a huge dude in front of me. As he looked down at me I realized that it was the Police Chief. The dude might be the biggest guy I had ever seen and his body was covered with curly black hair. He congratulated Chip on having such an amazing family. Then he turned to me. He knelt in front of me and shook my hand.

"Mattie you maybe the sexiest boy I have ever seen. Your bare boner is so hot. May I touch it?" The Chief asked me.

I nodded yes and watched as his big hairy hand reached out for my hard bare boner. His thumb felt the skin right above my boner. "It is so soft and smooth. I thought maybe you had shaved it. It is so cool to see a sexy bare boner boy that can make thick creamy cum like you do." The Chief was rubbing the spongy head of my 11 year old boner. It felt amazing. He looked up at me when I was on the verge of orgasm. "I would love to make you squirt cum everywhere, but I heard your dad make you promise to save a mouthful of your new creamy cum." The chief licked the tip of my boner and then kissed the tip, "You are one hot little dude. I could just eat you up." He stood and shook dad's hand and told him what a lucky man he was.

When we got back to the room, Dad took me in his arms and hugged and kissed me. We all went in their bedroom. Mom pulled my sexy naked brother into her arms. It was so cool to watch his hot boner slide right in her pussy.

Dad spun me around and he began to suck on my rock hard boner. I took his big thick cock and stretched my mouth to get him in. I flicked and licked the head of his boner and then bobbed my head until I had him moaning.

Daddy sucked me so hard and fast that I hardly had any warning that I was about to cum. The wonderful intense feeling hit and I began to wildly face fuck my new daddy. "Oh God daddy...I'm cumming." I felt the cum race from my balls and I love how intense the feelings were as I filled his mouth with thick creamy teen cum.

Daddy groaned and I felt my mouth flood with his hot semen. It was so intense. Jet after jet of his thick hot cum flooded my throat until I had to pull off coughing and he kept shooting his sperm all over my face. Daddy took me in his arms and he licked my face clean before I fell asleep in his arms.

When Dad and I woke up the next morning, Josh still had his hard cock buried in mom. I guess they went at it in the middle of the night last night. Dad took me to the shower and he knelt before me and he began to suck my rock hard boner. I ran my fingers through his blond hair as the intense waves of pleasure wash over me. My nuts ached like I hadn't cum in a month. Daddy fucked me with the butt plug as he sucked my boner. It was so awesome and intense that I grabbed his head and began grinding my boner against the top of his mouth. I groaned as my nuts erupted in his mouth. Daddy stood up and he kissed me and I found all of my creamy cum on his tongue. I couldn't believe how much I loved the taste of cum...especially my own.

We made out for a long time. Chip suggested we get some coffee and juice. He pulled on a robe but told me that I could go naked if I wanted to. We walked into the dining room about 11 am. Almost everyone was there.

When I walked in naked with dad most everybody stood up to see what was going on. Rik, the 22 year old son of the Chief of Police, was getting coffee when we walked up. Rik looked over my naked body and said, "My God...you're even hotter up close. He almost missed the table when he set his coffee down. Rik dropped to his knees. His running shorts were tented to the max. He put his hands palm up and side by side. He slipped the fingertips lovingly under my nuts and lifted them gently.

Rik suddenly realized what he was doing and looked up apologetically at dad and said, "I am so sorry...his cock is so beautiful...I just had to touch it. I hope you are not angry with me."

Daddy smiled and said, "I understand totally...I can't keep my hands off of him either."

I was studying Greek mythology in school and reading all about the Greek gods...now those were some sexy dudes. Rik held my cock and balls up on his hands like his was making an offering to Zeus. His fingers could not resist touching my shaft. He lifted my shaft toward his sexy lips and kissed the tip of my cock.

“Oh fuck yeah...that was so awesome!” I groaned as he kissed and licked the tip of my cock. He was literally worshipping my bare boner. “Dude you have got to suck it...Please!!!”

Rik smiled as he took my 11 year old shaft into his mouth. I held on to Rik's head while I used my toes to play with his boner. I had to touch it even if it was through his shorts with my toes.

“Sweet baby...you taste awesome...you little boner is so fucking amazing.” Rik said as he released my cock from his mouth for a moment. He groaned as I used the ball of my foot to push down his boner and I rubbed it with my foot. I could see his curly blond pubic hair as I pulled his shorts away from his body as my foot jacked his cock.

He deep throated my cock and began to suck me hard and fast. It was amazing to have this hot older dude want to suck an 11 year old kid off. I loved every second of it. Almost every one gathered around us as the sexy boy sucked my cock. I wanted it to go on forever, but my nuts had other ideas. I felt the hot semen race from my nuts. I cried out at the hot cum exploded from the tip of my cock into Rik's hot mouth. It was the most amazing thing ever. Almost everybody was jacking their cocks except Chip and he just stood there smiling. I shot several ropes of hot cum into Rik's mouth and then he groaned and I felt the bottom of my foot get all wet as he shot off in his shorts.

Rik hugged and kissed me as his cum dripped out of the pants leg of his running shorts.

Nathan and Stephen rushed up and hugged us. I felt both of their hard boners through their pants as they hugged my naked body. Stephen offered to have some food brought to our suite so that we could leisurely enjoy our Sunday morning. Nathan kissed the top of my head and he inhaled deeply. “You are so sexy beautiful boy. I love your scent. How are you this morning...are you excited about mating with your daddy?”

It got very quiet in the dining room. I learned later that many of the members were very concerned about me. They were concerned that I would be afraid of being penetrated by daddy's big cock.

I looked up at him. I hesitated a second and then I said, “Daddy's big boner kind of scares me...there is nothing I want any more than having him deep inside of me. I want him to fill me with his seed. That will make me his son...forever!”

Daddy rushed me into his arms. “Mattie I love you more this minute than you could ever possibly imagine because I know you want to please me so much...but I want you to know that I will love you forever even if we never have intercourse. You are my son for always!”

“Daddy...I want to give myself to you. I want you to fuck me. I want us to be as close as two guys can possibly be. I want to feel your seed flow into me.” I told him as I threw my arms around him and hugged him as tight as I possibly could. I felt hot tears burn their way down my cheeks. Daddy I want you now...can we do it now...you know get mom and Josh and have them with me when you make love to me...please...can we?” I asked and he hugged me tighter.

Daddy held me a long time and finally nodded yes. Nathan went to get mom and Josh.

Daddy picked me up and he held me tight in his arms. He showered me with kisses and kept whispering how much he loves me. That was when mom and Josh came down the hall wearing only their white terry cloth robes.

Mom hugged me tight between her and dad. She asked if everything was okay. I nodded and said I just wanted to do it...waiting was making me scared.

Mom told me that I didn't have to do anything and I told her the same thing that I told dad...I wanted my daddy to fuck me.

Nathan had sent all of the others to the gathering room. It was quiet for a while and then Chip got up and he kissed me and hugged me. He carried me to the gathering room. Stephen had arranged the lights so that the room was completely dark except for the lights on the bed. We walked down the steps and daddy stood me on the end of the bed and he kissed me. "I am so proud of you Mattie and I love you so much," he told me as he kissed me.

I hugged his neck as tight as I could and then I pulled his polo shirt over his head. I looked up at the ceiling and I saw us on the big screen TV. I pointed up at one of the TVs and told him he looked really hot. Then I knelt down and I unbuckled his pants and unzipped them. As I did the big thick penis poked its head out of the zipper. I giggled and told daddy that he still had his hoodie on. I unbuttoned his pants and they fell to the floor. He kicked off his Topsiders and stood before me naked and hard. I wrapped my hand around his shaft and I pulled down. He grinned and said "No hoodie now!" as I pulled back his foreskin.

I was trembling as I reached down and picked up the bottle of lube. I couldn't tell if I was excited or nervous or both. I greased up his thick cock and thought about how I could barely get my hand wrapped around it. I looked up at daddy and gave him my best brave smile and then I picked up the towel and wiped the lube off of my hand. I climbed up on the bed and I got on my knees and then bent down. It felt a lot like when you ride a roller coaster and you go up those last few clicks before it hit the top of that first huge hill. It seems like the roller coaster car hangs there at the top of that first huge hill and then suddenly you are flying down the tracks. That's how it was for me as I bent over and presented my 11 year old butt to my new daddy. There was no going back now.

I gasped as I felt his fingers gently begin to lube my boy pussy. I kept my arms tucked under my chest as he put one finger in me. I loved the way that felt. A few moments later I felt the second finger enter me and I like the way that felt too.

Daddy put the third finger in me and it really started to stretch me. I groaned as he began to finger fuck me with three fingers. Daddy found a spot deep inside me that felt so good when he rubbed it. I never wanted him to stop. It felt so awesome that I begged him to keep rubbing it. He finger fucked me for a long time while he stroked and kissed my body.

Daddy tenderly kissed my back and then he reached under me and felt my hard boner.

I put my hands out to the side and I felt mom grab one and Josh grabbed the other one. And then I felt it. The huge head of his cock was pressed against my boy pussy. I felt it begin to stretch me as he started to push. I knew that Chip's cock was thick but it felt so huge compared to his fingers...

"Oh daddy," I cried out..."

I was gasping for breath and I felt the wet tears run down my face. I was not going to give up. Daddy started to stop me when he saw the tears. I shook my head no...I wanted his big cock in me...I wanted him to fill me with his seed...just like Josh. I leaned back and put my weight on his cock and the head of his cock popped through as I cried out with the intense pain of his penetration. I gasped for breath.

Daddy kissed my back and played with my boner and my nipples. He whispered to me. "Little dude...you are still hard...that is very cool."

My chest heaved and I reached back and felt his hard shaft. I had half of daddy in me. I wanted all of him and I leaned back again and felt him slowly slide the thick hard cock deep in my core. I felt so full...it was so big...and then I felt it...his pubes against my butt. Tears were running down my face but my daddy was deep inside me. He paused a long time. He told me later that my ass was so tight and it was constantly spasming around his boner that I almost pushed him over the edge several times.

When I started breathing normal everyone cheered. My daddy pulled his thick long cock back and then slid his huge shaft deep inside me. I looked down as he slid into me and saw and felt a jet of cum squirt out of my boner. It felt awesome to have his thick cock fuck me. Josh told me how cool it felt to have daddy fuck a load of cum out of him. I couldn't imagine what it was like...but Josh was right...it's fucking awesome.

"You are so awesome Mattie...so fucking awesome," Daddy told me as I had his hard boner buried deep inside me. "You are so sexy...little guy...so awesome. I love you so much."

I felt my breathing become normal. My ass was twinging like crazy trying to adjust to the thick cock deep inside my body.

"Daddy will you fuck me...just like you did Josh...I mean like fuck me until you fill me with your cum...please...please fuck me daddy."

Daddy turned us over and kept his rock hard boner in me the whole time. There were a lot of gasps and groans from the people who were watching us. Daddy picked me up by my waist and held me so that he could fuck me hard and fast. My hard boner was just waving around as he began to fuck me.

Daddy began to fuck me and every time he hit the pleasure spot in me I squirted a jet of cum. One man watching us cried out, "Oh my God...he is fucking a load of cum out of his son."

I loved him fucking me, but daddy was crying out how tight I was and how close he was. All I could hear was the sound of our bodies slapping together. People were chanting, "fuck him...fuck him...fuck him hard." They began to clap in time to daddy's thrusts.

Daddy groaned loudly. Then they chanted, "Cum...Cum..Cum..." I cried out with joy as I felt his hot cum flood my ass.

Mom whispered to Josh and he crawled over and began to suck my boner as Daddy fucked me. Every time his big cock slid into me he hit that place that feels so good. Josh started sucking me like crazy. Then I felt it...daddy kept thrusting even after he had cum. His boner was slamming hard into me. He fucked me so hard...I loved it...I was his boy. The slapping of our bodies together was so intense. Josh licked and suck my hard cock until I was aching to fill his mouth with my seed. Then I felt it. Daddy was squirting his seed deep inside me again. I cried out as I started to shoot my cum in Josh's mouth. It felt so awesome to feel daddy shooting in me as I came in Josh's mouth. My body was on overload as all of the wild pleasure and electric jolts of pleasure wracked my body.

When Josh finished sucking me, he turned to mom and showed her his mouth full of my creamy cum.

"Josh...share that cum with Mattie." She told him. Josh got up and leaned down over my face our mouths were a few inches apart. I opened my mouth and watched as he drizzled my hot cum into my mouth. From the audience I heard some one cry out, "Oh fuck...I am cumming." I think it might have been the Chief of police. When Josh finished feeding me my cum, we kissed...a long and very passionate very cummy kiss.

My ass was spasming around daddy's still hard boner. I felt around until I found Josh's cock...he was totally hard. Josh and I kissed. Our tongues danced in each other's mouth as we savored my creamy cum. We both giggled when we broke our hot cummy kiss.

"Dude...you need to take care of that boner." I told my big brother.

Mom heard me because she called to Josh as she spread her legs. Josh got between her legs and Chip and I watched his very cool 13 year old boner slide into her very sexy pussy. I loved watching my sexy brother wildly fucking our mom. I got hard again when I thought about what mom said about Josh and me filling her belly with out babies. This was so hot. All of the men and boys came up and surrounded us.

Chip kissed me and I know he could taste the last of the sperm in my mouth. His cock went rock hard in my butt again.

"You are a very hot and very sexy boy. Your ass is incredible...but it probably needs some rest right now." Chip told me as he slipped his still hard boner out of me.

It was unreal. He had just cum twice and he was still hard. I watched Chip as he put more lube on his hard cock. He crawled behind Josh and I knew what he was going to do...It made me so hard...so very hard. Chip spread Josh's cheeks and guided his boner into Josh's boy pussy again while Josh was fucking mom.

Josh groaned as he was impaled by the thick hard cock again. It was so very cool to watch Chip fuck Josh while Josh fucked mom.

Chip called to me and told me to stand up and come over to him. He guided me into a position where I was facing him and my feet were on either side of Josh and mom. Daddy was fucking Josh like crazy when he took my boner in his mouth. It was so cool because we were all sexing together.

I watched as daddy drove his cock into Josh and that made Josh really pound mom's pussy. I looked over my shoulder and watched mom's eyes kind of roll up in her head and she cried out. I grinned. I knew that cry from eating her pussy and her pussy was spraying Josh with her cum. Daddy started to cum next and then Josh. As daddy came he sucked on my cock as I face fucked him hard. I felt my nuts release my cum and I squirted in daddy's mouth. I thrust my cock again and again into his hot mouth. I gasped as I felt the hot cum jet from my nuts and begin to fill daddy's mouth. I held his head tight as I thrust again and again as the wildest sensations shook my body. As I stood there panting I felt his thick cum leaking out of my butt.

My heart was racing with excitement as I thought about my daddy fucking me again and again. He was mine...forever!

We all lay there on the bed afterwards exhausted. Everyone gathered around the bed and was so excited for us. It was so cool they were all naked and no one had a boner...they must have had an awesome time watching us. After a while, our family got up and walked up the steps as we talked to Nathan, Stephen and Jamie. It was an awesome celebration for our family. When we got back to our room there were some sandwiches and drinks waiting. There was also a bottle of Champagne waiting in an ice bucket. We were so hungry that we stood around the table and munched on the sandwiches. We all got in the shower together and washed each other. Mom hugged all of our naked bodies together and told us how proud she was and how much she loved all of us. We all got in bed and Chip and mom started making love. Josh and I just held on to them tight. We rubbed our boners against their bodies and we all came again. We all went to sleep in a tangled mess of arms and legs.

Four years later... I am sitting on the very cool front porch of Nathan and Stephen's mountain house. The house is filled with illustrations of our family. It is just me, Josh and Chip and our baby boys. All of us are naked and the boys are standing on our thighs. It is so cool that each of us fathered a boy with mom. Three boys and mom couldn't wait for Chip to fill her belly again with another one of his babies...a girl this time...mom is stoked.

The sun is beginning to set as we each start sucking our own son. The little guys love being sucked and they beg us to suck them all the time. They all got hard immediately. We sucked their precious cocks as the sun set behind the mountain. Mom walked out and stood beside my chair. She stroke my blond hair as she watched Josh, dad and me suck our little boys. The little guys began to groan and wiggle. After a few minutes one by one they all shuddered and shook with the good feeling. Mom laughed at all of her sexy naked horn dogs...that what she calls the little boys because their boners are always hard. I lift my son up and his tiny little toes play with my boner...what an amazing life!

Today is a very cool day
