STORY SUMMARY

Kate Lee and her big brother Alex had always been close. She noticed that the relationship started to be different when Alex turned 12. At that time, Kate was a very cute blond 10 year old. She noticed that her body was changing and that her nipples were puffy and kind of showed through her t-shirts, but she did not think much about it. She knew it was normal for them to begin to change.

Alex was a lean athletic boy of 12. He had boyish good looks with sun streaked sandy hair and deep blue eyes. Both brother and sister shared the same peach colored complexion that was literally smooth as a baby's ass. Alex's young body was still hairless but he was beginning to feel the tug of puberty. There were some very fine white blond hairs on his cheeks right below his side burns that occasionally glistened in the sun. He was much more curious about both boys and girls naked bodies. As boys of that age are, Alex was plagued with lots of random erections.

Both kids were exceptional students with their own computers. This is a coming of age story that explores the sexual tensions that develop between this beautiful brother and sister.

As always, if you are not supposed to be reading this story...then please don't...please practice safe sex. This story is a total fantasy. Thanks to everyone who has taken the time to write me. BIG BROTHER IS CURIOUS 1

Hot Summer Afternoon...

It was the first week that school was out and the Lee children were still getting used to their freedom. Alexander and Kathryn Lee rode their bikes to the town pool that sunny morning and joked about this and that. During the school year, Alex was on the swim team and even at his tender age showed real talent. Alex and Kate were both avid swimmers and many of their friends from school would be at the pool.

Kate and her best friend Amanda were sitting on the edge of the pool when the fifth grade boys came out of the locker room in their matching Speedos. Amanda said she thought the Speedos looked vulgar, but Kate wasn't so sure. Her eyes wandered to the other end of the pool where the high school boys were huddled. She immediately spotted the Ramsey boys from the neighborhood and they sported tiny swimsuits as well. Kate pointed out 14 year old Ben and 15 year old Evan to her friend. She thought they looked awesome in their very brief suits. "They're hot," Kate told Amanda!

After a moment of study, Amanda had to agree. Kate didn't understand it, though. When she looked at Ben and Evan it made her pussy tingly. That had never happened to her before.

Alex finally came out of the locker room and joined his teammates. He was such a cool big brother, she thought to herself. Kate noticed that he was walking kind of funny, hunched over with his hands in front of him like he was hiding something. Kate worried about her big brother and jumped up and followed Alex until she caught up with him.

"Are you okay," Kate asked her big brother in a concerned voice?

"Yeah...fine," Alex said in a snappish voice. He did not want to talk about it.

Kate watched her brother closely. He was in the first group to practice and the coach had them line up and prepare for their racing dive in the pool. Alex raised his hands over his head as he prepared to dive in and Kate saw that the front of Alex's Speedos was sticking way out. Kate was suddenly curious about the large bulge in her brother's swim suit. She watched fascinated as her brother's lean body knifed in to the blue water of the pool. She loved watching Alex swim. He was a natural and he moved so beautifully through the water.

Alex posted a great time. Kate grinned at the pleased look on his face as he climbed out of the pool. She watched his lean body as he wiped the water from his eyes and then shook his head. Alex's sandy blond hair flew around as he shook his head and the droplets of water flew across the pool apron.

Kate giggled. The way Alex was shaking his head he reminded her of Randy their blond Labrador retriever after a bath when he shook the water out of his coat.

Kate looked proudly at Alex and thought how lucky she was that she had such a cool big brother. They had such an easy relationship...not like a lot of her friends that fought with their brothers. Alex was more like her best friend. They did everything together. She often snuck into Alex's room at night

during storms or after watching a scary movie. They would hold each other close and take comfort in the contact. Their parents had bathed them together until only a couple of years ago. Kate was really disappointed when they made them stop.

She secretly loved looking at Alex's naked body and they would even touch each other a little when Mom and Dad were not around. Kate thought it was cool when Alex's thing got hard. It was fun to play with and Alex would get real quiet and wide-eyed. Kate liked it even more when he touched her. One time, when they were six and eight, she was flicking his thing to watch it get big when Alex put his finger in her pussy. It really made her tingle when he did that and became a big part of their secret bath time fun. They were both very disappointed when Mom told them that they were getting to old to be naked with each other.

Kate hadn't really understood until they talked about puberty in Health class. Now, she had noticed the expected changes in her body and secretly wondered if Alex was changing too.

He was in a good mood as they biked home from the pool. When they got there they each took a shower to wash the chlorine off. When Kate opened the glass door of the shower, she thought she saw Alex peeking in the crack where she had left the bathroom door open. And then he vanished. She wondered if he needed something.

Kate dried off and wrapped the towel around her body. As she headed down the hall, she decided to poke her head in Alex's room. They had always run in and out of each other's bedrooms, and she opened the door without knocking. Inside, Kate was shocked to find Alex lying on his bed completely naked. His eyes were shut tight and his had was almost a blur as it rubbed up and down on his hard penis...and his penis...wow...it was so much bigger than it was the last time she saw it. His boner must be 3 times as big as it was the last time she took a bath with Alex. It was huge in her eyes.

Alex groaned and his hips lifted up off the bed. "Oh God, yes," Alex said and a few drops of clear stuff squirted from the tip of his boner. His sister watched fascinated. At first, Kate thought that Alex was peeing on himself...but she had seen him pee and this was different.

When Alex opened his eyes, he was shocked to see his sister standing there. A look of horror crossed his face and he jumped up out of bed and ran toward Kate.

She saw his tight tummy was wet with the stuff he squirted and his boner wagged back and forth like a dog's tail. Something inside her kind of wanted to touch it. She was startled back to reality when Alex grabbed her shoulders and began pushing her out the door. Her towel slipped and fell as he manhandled the confused girl into the hallway.

"Get out and stay out," Alex yelled!! He slammed the door shut behind her. He paced around the room nervously forgetting the clear seed that ran down his abdomen. "Oh God," he thought in a panic. "If she tells mom what she saw me doing, I'm dead! Mom will think I am the worst pervert that ever lived." He was distracted by a drop of seminal fluid that landed on his foot startling him. He absently ran his

fingers through the rivulets of slick and silently damned the Ramsey boys down the block. He almost wished he had never gone hiking in the woods with Evan and Ben the other day. When they were deep in the woods, Evan had asked him if he wanted to try something “really cool that will give you the best feeling ever.”

“Thanks a lot, Evan,” he thought grimly as he wiped himself with Kate’s fallen towel.

It was only a few days ago. They were acting a little weird and Alex was reluctant, but he agreed to come along with them. He watched in silent wonder as the two older boys stripped off their t-shirts. They both boys had a little hair under their arms, he noticed. Then both boys shucked off their basketball shorts and stood before him naked with their massive boners sticking out. Alex was suddenly apprehensive. The woods were private, but every now and then kids would come racing through on their dirt bikes. He was scared, but he could not take his eyes off their boners and the hair above. “My God...Evan is huge,” he thought. Reality hit him that he was here with two naked boys in the woods.

“Whoa...guys...what are you doing...why are you naked,” he asked? Alex looked around nervously.

“Dude...you said you wanted to learn something really cool...you’re not going to wimp out now are you,” Ben asked him derisively?

“No, he’s not going to wimp out...are you?” Evan asked as he put his hand on Alex’s shoulder.

Alex shook his head no. Evan grinned and reached for the hem of Alex’s t-shirt and pulled it over his head. Somehow Evan eager smile and easy air made Alex more comfortable about all of this. He even smiled when his thumbs yanked down Alex’s basket ball shorts and boxers. Alex found himself completely exposed and rock hard. He was standing so close to Evan their boners were almost touching. Alex noticed that Evan had a drop of clear stuff on the tip of his cock and wondered if he needed to pee.

“Oh wow,” Ben began. “He doesn’t have any hair...he’s still...” But Evan cut him off.

“He is 12 stupid...it will be a little while before he gets hair.” Evan was sharing information that was all new to Alex.

“You’ve got a really cool boner...dude,” Evan told Alex as his fingers touched the stiff hairless boy shaft of his friend. Alex giggled and jumped back out of reach.

“Quit messing around,” he said laughing and covering his boner, but it was strange. It felt so good to Alex...nobody had touched him like that...well at least since Kate did when they were little. He reconsidered and rejoined the boys. This time when Evan reached out to stroke him, he pushed his hips forward and let him gently stroke his hard on.

“It feels good to have your boner touched, doesn’t it,” Evan asked? Alex could only nod yes.

“Well if you rub it a lot, you get this really awesome feeling when you cum.”

“You guys cum,” Alex asked as his voice cracked? He had a vague notion of what was involved from his health class and some wildly uninformed gossip in school. But, he had never done it himself. The Ramsey boys seemed to have figured it all out.

“He’s such a baby,” Ben said in a snotty tone.

“Yeah...like you were a genius when I taught you,” Evan said as he put his arm protectively around Alex and gripped him tightly. Alex was pleasantly surprised that the handsome sophomore was coming to his defense. Somehow, all the skin to skin contact was making him even stiffer.

Evan wasn’t sure why but he knew that he was powerfully attracted to the beautiful boy, the star of the swim team. More than anything he wanted to kneel down and suck his beautiful hairless boner...but that would have to wait for another day...maybe a day when he could blow off Ben and be alone with Alex. Evan thought about how much he would love to get Alex in his room and get him naked...just the two of them...undisturbed...it would be so awesome. Evan pulled Alex even closer and looked down at the small 12 year old.

“Well, I’m assured that you took Mr. Walsh’s health class,” he asked Alex in a haughty bored voice. All three boys laughed. It was a perfect imitation of how old Walsh talked.

“When the male finds he’s in a state of arousal,” Evan droned in Walsh’s professorial tone, “he discovers that his huge, hard cock stands straight up and gets all fucking drooly.” He grasped his boner and waved it savagely for emphasis. Ben and Alex laughed and did the same back to him.

“At this point, he seeks out a willing female and puts it in one of her many, wonderful holes. He rubs it in and out and in and out and then – BANG – he explodes a gallon of jism inside her and she gets knocked up. It’s the rubbing, you see, you can’t just squeeze the balls and have it come out, you have to rub it real good and then it comes out like a lawn sprinkler...”

Alex had found the Health class both pretty embarrassing and really dry. He had not really paid much attention. But, he was real interested now...since Evan was teaching him. He smiled at the teenager, naked and clowning in the woods. “The school really should hire HIM to teach the class,” he thought. Though he wouldn’t use the term himself, he was developing a crush on Evan. Evan looked like he could be Alex’s big brother. They both had sandy blond hair and deep blue eyes. Alex thought Evan was about the coolest dude ever.

“So,” Alex asked hesitantly, “what’s the hair for?”

“Friction,” Evan said evenly. “Do you wanna learn to cum or not?” Alex nodded eagerly and noticed Ben looking smug. This was going to be good...

“Well, doctors call the seed that squirts out semen and when it happens...you know...squirts out...well it is the best feeling ever. That, class, is why people want to make babies all the time...”

Alex still didn’t understand but he trusted Evan.

“So you mean we’re going to make babies,” Alex asked innocently?

“No buddy...you have to have a girl who is fertile to make a baby...we’re going to make the stuff...you know sperm...that makes babies. Ben is going to show you how. Aren’t you Ben...show him how you like to jack that big boy...” Evan told Ben with a laugh.

Ben spread out his shirt and shorts on the ground and lay down. Ben’s boner was about 4” and had dark curly hair above it. Ben knew by now that Evan wanted to include Alex in their sex stuff.

“Watch what Ben is going to do...well first let me explain one thing. A woman’s pussy is between her legs and a guy slips his penis in her. It is kind of like sliding your cock into your fist only it feels a whole lot better.” With that Evan slipped his fist down over Ben’s hard cock.

Ben groaned and said, “Oh, dude that feels awesome.” Ben instinctively began to slide his cock in and out of his big brother’s fist. Evan beckoned Alex down until they were both right over Ben’s cock. His voice took on a serious, whispered tone as he jacked it.

“If a guy does what Ben is doing either in a fist or a pussy he will shoot sperm. There are lots of different ways to rub your cock and make yourself cum. Show him Benny.” Ben immediately held the skin on either side of his penis and with his thumbs and index fingers he began to stretch the skin from the shaft up and down over the rim of the penis. Ben knew that this would give Alex the best view of his boner when he started to cum. Ben was getting turned on teaching this younger dude to cum. He looked at Alex’s hairless boner and wondered what it would be like to suck it...the way he and Evan sucked each other. Thinking about all of that and looking at Alex’s hairless boner was enough to push Ben to the edge of orgasm.

“Oh fuck...gonna cum,” Ben groaned as the first jet of creamy cum squirted from his dick. “Fucking awesome...gonna cum a ton.” Ben gasped out as the jets of seed continued to fly. “That was fucking hot!” Ben said panting as he came down from his wild orgasmic ride.

Evan put his arm around Alex’s waist thinking how cool it was going to be to get this hot looking boy off. Evan pointed to the puddles all over Ben’s abdomen. “See that creamy stuff...that’s sperm...the stuff that makes babies. It is pretty cool...sort of slippery,” he said as he dipped his index finger in Ben’s seed. He rubbed it between his thumb and index finger. It feels really cool. Evan took Alex’s hand and extended the index finger into one of the many pools of semen on Ben’s belly. “Feels pretty cool...doesn’t it?”

Alex nodded yes.

“I love the smell and the taste of it,” Evan said. Alex watched in awe as he took another finger full and held it below his nose. He inhaled deeply.

Alex gasped as Evan’s tongue snaked out and licked the semen from his fingers.

“Ewww...that stuff just came out of his dick,” Alex said laughing.

"I know...I thought it was gross at first too...but you will learn to like it...I am sure of it," the older boy told him.

Alex looked doubtful as he watched Evan enjoy another finger full of semen. Then Ben reached down and scooped up some and brought it to his lips. The two brothers made yummy sounds and slurped their fingers until all the cum was gone. Evan stood up harder than ever and scooped up his clothes, but didn't put them on. Alex followed his lead. As Alex stood, he considered Evan's huge cock and balls. Alex really wanted to reach out and touch them, but was afraid what the other boys would think.

They walked back naked to a spot in the clearing that had a big old log. Evan threw his t-shirt over the log and then put his shorts and Alex's clothes on the ground so that they would have something comfortable to sit on. He turned around and leaned back against the log, spreading his legs wide and held out his hands out for Alex to come to him.

Alex gave a quick appraising look at Ben then shyly approached the naked older boy. When he was close enough he felt Evan's fingers touch his sides and guide him to turn around. Alex didn't realize how strong Evan was until he picked him up and set him down between his legs. Alex felt the tip of Evan boner touching his back and then Evan pulled him back tight against him until he felt the big shaft sandwiched between his back and Evan's tummy.

"That's it...Lean back against me and relax and enjoy this...This is going to be awesome!" Alex relaxed and allowed Evan's wonderful fingers to pull him back into a position where he was reclining against the older boy's body. Alex felt Evan bury his face and nose in his hair. He felt the old boy take a deep breath.

"Mmmm...you smell good." The older boy planted a kiss on the crown of his head as he pulled Alex into a position where he was sitting up a little straighter. Evan let his fingertips roam all over the naked boy's body until his fingers found the 12 year old boner. His fingers began to lightly masturbate the sexy young boy as Evan whispered in his ear.

"Feels so good doesn't it?"

Alex nodded yes...

"Wait...it will only feel better and better. Relax and enjoy the feelings. What does it feel like?" Evan asked the boy.

"Mmmm...like...I don't know...Like jolts of pleasure...you know...like...racing through my body." Alex told him.

"That's good buddy...the jolts of pleasure are going to get stronger and stronger...as I stroke your hot little cock longer," Evan explained.

"Oh yeah...way stronger....ummm....maybe we should stop...feels really weird," Alex said.

“No...little dude...it will keep building up...you’ll feel like you are going to explode or something...then the powerful good feeling will happen.”

“Oh man, it feels so weird...so...so...oh shit.” Evan felt the little boy body convulse with pleasure filled spasms. Evan started grinding his hard cock against the boy’s back again and again until he too was lost in the orgasmic bliss. Evan felt the hot semen squirt between their two bodies as he thrust his hard boner against the boy again and again until he too was spent. Evan had not had an orgasm for 2 days and he really slimed Alex with a powerful load of cum. Evan leaned up and looked down at Alex’s belly and saw that it had a few drops of clear boy cum.

“Whoa...little dude...You shot off and made cum...way cool. Sorry, I hadn’t cum for a while and I really slimed you.” He picked the boy up and grinned at the fact that his thick creamy cum was rolling down the boy’s back. Alex stood unsteadily on his feet, shaking a bit after his first orgasm.

Evan gently turned the sexy boy around to face him. He stroked Alex’s face tenderly and then knelt before the hairless boy. Alex winced as he began to lovingly tongue the clear immature semen off the sexy boy’s body. Ben knelt behind Alex and holding the boy’s waist began to lick Evan’s seed off the small of his back. Alex shook in excitement at all of the attention.

Having cleaned the boy’s stomach, Evan began to eat the creamy semen from his own abdomen. Evan pointed to a thick cream glob of cum that was just below his nipple and whispered for the younger boy to taste his cum. Alex hesitantly touched the sperm with his tongue and considered the taste. Overcome, he leaned in and licked the rest and all around the teen’s nipple. As Evan felt the hot tongue lick the semen off his chest, his cock went rock hard again. He and Ben smiled at each other.

Evan asked Alex if he liked it and he nodded and grinned.

“We can do that again and I can teach you other stuff if you want me to.”

“Yeah...ummm...that would be awesome,” Alex told him.

That was two days ago and Alex had been euphoric. But now, locked in his bedroom, he looked at his penis as if it had betrayed him. He was mean to Kate out of embarrassment and now he was guilty about that too. It wasn’t her fault. He loved his sister. Why had he been such a jerk? She was always open with him and she was going through the same sort of changes that he was. Now that he thought about it, he really wanted a look at Kate and her new puffy tits. If only he could tell her that was all he wanted. He considered their two discarded towels on the floor as he heard the sounds of sobbing from Kate’s room. He figured he needed to apologize, so he went into her room still stark naked to check on the damage.

“Oh God, Kate...I am so sorry...I didn’t mean to hurt you,” he told her as he swept her up in his arms. He tried to wipe away her tears with his thumb but they kept flowing. She finally opened her eyes and there was a deep hurt look in them.

“Why were you so mean to me?”

Alex hung his head and said he was sorry again. "It is just that you walked in while I was naked... and... ummm...doing stuff. And...ummm...Mom would be really mad if she knew we were naked together," he said lamely.

"Yeah...well why were you spying on me," Kate asked him?

"I...well...ummm....I...was...ummm...you know...well...curious," Alex stammered out. "And looking at you made me really hot...and I ummm...well I was jacking off."

"What does that mean," Kate asked? She was calming down and realized her big brother wasn't mad at her. She also realized he was holding her against his naked body and that felt really good.

"Well when I looked in and saw your naked body...I...ummm...got...you know...really hard. I thought you looked really sexy...I mean...you are really sexy...and um...I needed to sperm off..."

She looked at him puzzled.

"Well, it is when guys make themselves squirt the seed that makes babies...it is called sperm," Alex explained.

"Cool...how did you learn all of this stuff?"

Alex was afraid of this question, but he decided that he needed to tell her the truth. "Evan and Ben showed me how down in the woods the other day."

"No way... you saw Evan and Ben with boners. That would be so cool," Kate told him. Alex was surprised at his 10 year old sister's reaction. "Did you umm...like...touch each other?"

Alex nodded his head.

"God, you are so lucky...I think Evan is so hot," Kate said enthusiastically. "I would love to have a poster of him in his Speedo over my bed."

Kate felt her brother's boner poking her in the back and she loved it...wanted to make it last as long as she could.

"So, you could like...make a baby now," Kate asked Alex?

"I am not sure I could yet...but Evan said I would be able to soon...you know if the girl is fertile."

Kate could not stand it any longer. She turned and looked at her brother's boner. "Alex, your thing is really cool...can I touch it?"

Alex nodded shyly and watched as Kate's fingers went to his hard shaft. Alex gasped at her touch because it felt so good. Kate pulled her fingers away. Alex put his hand over Kate's and led it back to his boner.

"Mmmm... it feels so good when you touch it," he told her as she took his hand to her pussy.

“Please touch me,” Kate told her sexy brother.

“Whoa...you’re wet...that is cool,” he said. He began to explore her pussy lips.

“Yeah, I like get wet when I see you naked or see Evan and Ben in their Speedos. And... ummm... Alex...would you...ummm...like lie between my legs. I want to see what it feels like.”

Alex watched as his little sister lay back on the bed and spread her legs wide. “My God,” he thought, “her pussy is wide open.” His 12 year old boner ached it was so hard.

Alex knelt between his sister’s legs and spent in a moment taking in her beauty from her beautiful face and eyes to her flowing blond hair. His eyes feasted on her small puffy breast buds and her beautiful delicate pussy lips that were spread wide open in such an inviting fashion.

Kate put her arms out for her brother and he lowered himself. Kate whispered in Alex’s ear that she had never kissed a boy before and she wanted to try it. They kissed. It was awkward at first but they quickly found it a wonderful and natural thing. They were both lost in the wonderful sensations of having their naked bodies pressed together.

After what seemed like a very long while, Alex broke their kiss and told Kate that he wanted to touch her breasts. She smiled and nodded. Her puffy nipples were erect from the intense kissing and naked hugging.

“They are awesome,” Alex said as he toyed with her erect flesh with the tip of his finger. “I have heard some of the older guys talk about how cool it is to suck on a tit...can I try it?”

“Mmmm...yes,” she said as she guided his head to her right nipple.

Alex began to suck the nipple and that only made it harder. Then he naturally found enjoyment in alternating sucking and flicking the hard nub with the tip of his tongue. Alex was in heaven. His hand began to roam over Kate’s beautiful body starting with the other nipple. Kate groaned happily from the intense stimulation as her head lolled back and forth. As Alex’s hand moved down her chest to her abdomen her pussy tingled with anticipation. His hand frustratingly stopped and rubbed her tummy as he intensified his sucking of her nipple. Kate took his hand and guided it to her pussy only telling him, “Please...”

Her hand reached over and found his stiff shaft and Alex gasped at her touch. This was even better than having Evan touch him. Kate’s small fingers began to explore the head of his hard boy cock. She loved the feeling of the spongy head and the way he shivered when she ran her thumb around the rim. She ran her thumb and index finger down the 3 ½” shaft. Her fingers found the loose sack at the base of his cock. This was new to her. When they were little there was just kind of a bulge there...now it hangs down, she thought.

She found that the sack contained something that was kind of round. Alex groaned and told her to take it easy that they were tender. Kate kissed his cheek and told him she was sorry.

“Alex...what are these?” She asked as she gently held his testicles in her hand.

“Guys call them balls,” He told her. “That is where the sperm comes from that makes babies.”

“Cool,” she said as she pulled him back on top of her. “Kiss me again...and Alex...what is a French kiss?” She asked knowing full well what it was. Her 13 year old cousin Kathy had told her about French kissing her boy friend.

Alex explained that it was when a guy puts his tongue in a girl’s mouth. This time when Kate kissed Alex her mouth was open and even though she expected it, having Alex’s tongue in her mouth was still quite a surprise...it took a moment to adjust to the new level of intimacy...but Kate and Alex both enjoyed tongue kissing.

When the two incestuous little lovers came up for air, Alex was the first to comment on how hot that had been. Kate grinned and nodded. She pulled Alex’s head toward her and sucked his tongue into her mouth. Then she began to explore his mouth with her tongue. And they both found that made it even better.

Kate’s pussy was so tingly. It was like a deep itch that needed to be scratched. Kate needed to rub her pussy against something and she thrust it up and felt Alex’s boner nestle into the crack of her pussy. It felt so good to both of them that they began to rub against each other as they continued their intense kissing. The whole time their fingers were all over each other’s body.

Kate found that this only made the tingly feeling more intense. It just made her want to rub against Alex even harder. Alex felt the pressure building and he knew that he really needed to squirt seed. There was a nagging concern about squirting baby seed around Kate’s pussy...but a 10 year old couldn’t get pregnant...could she?

Kate began grinding her pussy lips against his hard shaft...harder and harder. She gasped when the powerful feeling hit her. It was like a flood happened in her pussy and she felt all wet down there. Seconds later Alex began grinding his hard 12 year old cock between the lips of her pussy as hard and fast as he could. Then Alex gasped as the powerful feeling hit him and he felt his boner begin to squirt baby seed all over his sister’s body. At one point the head of his cock caught on the mouth of her pussy and he was sure that he had squirted in his sister. But he just could not stop until the powerful orgasm release its hold on him.

They held each other tight for a long moment in the afterglow of love making and kissed deeply. Alex rolled off and the evidence of his wild passion was all over Kate. Kate’s eyes went wide with amazement at how powerful their feelings were. Kate began to toy with a puddle of the clear immature boy semen. She looked up at Alex with a big grin.

“Dude, it is so hot that you can make baby seed,” Kate told her naked big brother as she lightly cupped his scrotum with her fingers.

They both heard the garage door and Kate jumped up out of Alex's bed. His puddles of semen began to run down her tummy as she jumped up to find a pair of shorts and t-shirt.

"Alex...you rock! This was the best ever!" Kate told her sexy big brother as he ran back to his room. She closed the door and stood there naked in front of her mirror playing with her brothers semen...She loved Alex so much...she imagined her belly round with Alex's baby and rubbed her flat tummy as she thought about it.

Kate was startled when her mother Lynn opened her door.

"Oh...you're not dressed," she said. She quickly took in the beautiful girl's body and noticed that her nipples looked like they could be erect. She thought she smelled something...a musky sexual smell.

"Baby, you need to get dressed quickly...We are meeting Daddy for dinner in a few minutes." As she turned to leave there was something about the scene that bothered her and she could not put her finger on what it was. She turned to Alex's room and his door was closed too. She knocked quickly and immediately opened the door. Alex looked up as if he had been caught at something. He had just pulled a t-shirt over his head. She almost smiled as she saw the bulge in the front of his shorts...her little boy was growing up. As she glanced around the room she saw that the bed was a mess and there were two towels on the floor. The bed had been made when she left this morning and the room completely picked up because she had carried the dirty clothes downstairs herself. She picked up the towels and they were both wet. Why would Alex have two wet towels?

She told Alex to hurry up and get ready. She headed down to the laundry room and before she dropped the two towels in the next pile to be washed she noticed one of Kate's long blond hairs on one of the towels. Were they showering together? Oh my...did that mean that her beautiful kids had been naked together and Alex's bed was a mess...could it be?

Lynn heard Alex run down the steps. She went back into his room and made the bed, checking the sheets for any blood stains...not that it proved anything...but she felt better when they were clean. The room did have kind of a musky sexual smell. Lynn mentally flashed on an image of her two babies naked in each other's arms and Alex's boner deep in his sister's pussy. She shuddered and was shocked that her pussy tingled at the idea. She shook her head to clear the naughty idea away. She needed to talk to Todd about this as soon as she could. She the image crept back in her head again and she felt her pussy wet with excitement.

"Mom...are you ready," Alex yelled up the steps? "We're going to walk Randy before we leave for dinner."

She listened to the jangling of the lead chain and Randy's barking in the backyard. Her legs were a little wobbly. By the time she reached the bottom of the steps both kids were back and waiting. She looked from one to the other and back again...and then her eyes drifted to Alex's crotch.

"Are you okay Mom," Alex asked?

“Ummm yeah...I’m fine,” she responded.

She put a hand on each kid’s shoulder as they walked to the garage and she found that touching them excited her even more. Oh God...she really needed to talk to Todd. But the restaurant was noisy and no place for such an intimate conversation. After they left, Todd suggested renting a movie and getting some popcorn. They walked to the grocery. Lynn and the kids went to the movie vending machine while Todd got popcorn and soft drinks. Todd looked at the movie and it was a long one. He told the kids to get ready for bed while they fixed popcorn.

When they went in the family room, they found Kate in a night shirt that she had clearly outgrown. The hem was above mid-thigh. Lynn prayed that she was wearing panties or her pussy would be totally on display. Alex clumped down stairs and walked into the room in only a pair a boxers. Lynn could not take her eyes off of him.

The swimming had developed his chest and shoulders and the rest of his body was very lean and muscular. Alex shook his head and flipped a lock of blond hair out of his eyes. “My God,” she thought, “his 12 year old body is unbelievably sexy...and his sister’s too.” Alex sat down on the rug leaning back against the couch. Kate sat on the opposite end. When Todd came in with the drinks and popcorn, he told Kate to slide over and make room.

She slid to the other end behind her brother and rested her bare feet on his shoulders. Lynn expected Alex to squawk about it, but he only smiled. Todd started the movie and they turned the lights down.

As they finished the popcorn, Alex leaned back and took hold of Kate’s cute little feet, rubbing them. Lynn had a perfect view of the two affectionate kids. As the movie wore on, Kate began to slide down in her seat until her panty covered pussy almost touched the back of Alex’s neck. Soon, her legs were draped over her big brother’s chest. Their mother watched as the soles of her feet rested inches from the very obvious bulge in his boxer shorts. Alex had his hands over her thighs keeping her in place, his fingers a very short distance from her pussy lips.

Her son’s boner strained against the seam of his shorts, pressing against the flap each time he shifted in place. As Lynn sat there looking at their two beautiful children, she idly wondered if her son’s boner might slip out of the fly of his boxer shorts. Lynn could not believe that her pussy was completely soaked from stealing glances at the kids as they played touchy-feely.

Todd paused the video and stood up saying he wanted something more to drink and needed to use the bathroom. He looked over at the kids on the other end of the couch and thought it was cute that they were so close and comfortable touching each other like that. As they waited, Lynn looked at the front of the soft old pink night shirt that Kate wore and saw that her newly puffy nipples were rock hard. Her little 10 year old girl was sexually excited from touching her big brother. Lynn felt her own pussy flood with juices.

Todd came back and they continued to watch the movie. It was late when it ended and the kids headed up to bed. They stole a quick kiss in the hallway and then each headed to their rooms.

Todd and Lynn picked up the family room in silence. Todd considered the movie and Lynn wondered how to bring up her suspicions with her husband. When they got upstairs, they quickly undressed. Todd went into the master bathroom to brush his teeth while Lynn sat on the edge of the bed rehearsing what she had to tell him. He emerged from the bathroom naked and sat on the bed next to his wife, taking her in his arms and kissing her. Lynn's pussy was soaked and she need Todd's beautiful cock bad...but she needed to tell him what she had discovered. She broke their kiss...

"Todd...we have to talk...it's about the kids..."

He looked at her with concern, but her eyes didn't meet his gaze. She looked at her knitted fingers in her lap and finally blurted out, "I think they are having sex..."

Todd wasn't sure he understood. "You mean, like, having sex... with each other? That's crazy!"

Lynn told the story of returning home in a gush of words, finding them naked and out of breath, the two towels in Alex's room, her hair on the towel, the room smelling of sex... Her handsome blond husband put his arm around her as he listened.

"Well," he said when she finished, "I don't know if that adds up to sex. Did you confront them?" Lynn just shook her head no.

She noticed that her husband's penis was growing sitting next to her and she finally looked up to meet his smiling gaze. "Well, our babies are getting to that age," he said wistfully, his proud 7" cock was now standing at full attention. "God...that's hot...really hot," Todd said. "Do you think they are really doing it?"

"Todd," she said quietly, "Are you... are you turned on thinking about our children having sex together?"

"Try and tell me your pussy isn't soaked," Todd said with a broad smile. "I can smell your excitement."

Lynn knew he was right and watched as he started stroking his cock. Secretly, she had had two small orgasms watching the kids play around during the movie. Suddenly, Todd picked her up in his strong arms and laid her back on the bed. He kneeled up between her spread legs and in seconds slipped his thick, beautiful 7" cock into her soaked pussy.

Lynn groaned in pleasure as his magnificent cock began to pound away. Her hard clit responded to his pubis pounding against her as they gazed longingly in each other's eyes. Each thrust was heavenly and caused her to imagine the two children naked and locked in intercourse. Todd imagined they were watching them fuck and his thrusts intensified. This was the hottest sex they had had in years.

From his room, Alex heard the wild love making next door and he played with his hard boner. The quiet squeak of the door hinges distracted him from his self pleasuring and he covered his cock quickly with the sheet. In the moon light, he could see it was Kate. She was completely naked. His heart began to race. Alex flipped back the sheet again exposing his stiffness and silently put his arms out for his sister. She grinned and quietly closed the door behind her.

The sexy 10 year old straddled her 12 year old brother's body. The sounds of their parent's noisy fucking nearby spurred them on. She ground her pussy lips against his hard cock and moaned as the bolts of pleasure raced through her young body. Kate rubbed her pussy lips up and down his shaft.

It felt amazing...she was so wet and smelled so sexy. Then Kate captured the head of his boner between her pussy lips and she had most of her weight on him. The feelings were indescribable. Then Kate tilted her pussy in a different way...and... "OH MY GOD...it was so wet and warm...oh shit...I am in her pussy," Alex realized. It was only the head of his cock but it felt sooooo good. Kate held Alex's head up so that he could suck her nipples. Alex felt his boner slip deeper and deeper into his sister's amazing cunt. Next door, their mother was screaming out "Fuck me, Todd... Fuck me" over and over again. Alex eased his hard cock as deep inside his sister as it would go. Suddenly, he stopped when his boner was about half way in her.

"That must be your cherry," Alex whispered excitedly his little sister. "I've heard the older boys talking about popping a girl's cherry the first time she has sex...this must be it... They said something about her not being a virgin anymore."

"I don't care...I want you all the way in me," Kate told her big brother and she stroked his face.

Kate leaned back on Alex's boner and felt terrible stretching as she put more pressure on. She felt the membrane rupture and there was an intense wince of pain, sharper than she expected. She held Alex tightly to stifle a shout, but it escaped her.

Her brother's hard 12 year old boner penetrated her until her pussy lips were touching the base of his cock. They held like that gasping for breath for a moment and then Alex began to fuck her in steady, even strokes. It was better than either of them ever imagined.

Next door, Todd and Lynn heard the sharp cry of pain and stilled. They looked in each other's eyes and suspected what had happened. Quietly, he pulled out of her and they crept to the door and out in the hall listening carefully.

They quietly opened the door to Alex's room and watched as their daughter rode their son's 12 year old boner. Their beautiful little 10 year old daughter cried out... "oh Alex...harder!" Their two babies were so lost in lust they were unaware that their parents were watching them mate. Kate began to roughly slam her beautiful little pussy against her big brother...again and again as the intense feeling of the breeding took hold of them. She cried out as the pleasure peaked and they watched as Alex's hips lifted off the bed in response.

"Oh...Katie...so good... cumming," Alex cried as his boner stretched her young cervix and his filled her unprotected womb with its first load of semen. The rutted against each other wildly as their young passions consumed them.

"God, Katie...I am soaked...did you pee on me," Alex asked giggling as their orgasms faded.

“No baby boy,” his mother said, “your sister just had something I didn’t think was possible at 10...a squirting orgasm.” The kids were startled, but their folk’s faces were serene and happy in the moonlight. His mother sat on the bed and rubbed her hand on Kate’s back. She looked down and saw where their sexy, young bodies were joined. Her other hand stroked her son’s naked chest.

“Are you still hard,” his Dad asked? He knelt beside the boy’s bed.

Alex only nodded unsure of what his parent’s reaction would be. He felt the intrusion of his father’s fingers into his sister’s pussy and the thick finger was in there next to his boner. Alex could not help but moan as the tip of his Dad’s finger rubbed the sensitive rim of his 12 year old boner.

“Whoa...very cool...I can feel Alex’s boner...and he is rock hard and then Kate’s pussy is filled with their cum...she must cum like you do because his 12 year old boner could not make this much cum,” Todd told his wife. Their parents were giddy with excitement.

“Oh fuck....ummm....that feels so good...Daddy please don’t stop,” Alex begged as his dad rubbed the rim of his cock while Alex’s boner was buried deep in his little sister’s pussy.”

At first, Kate found having her Daddy’s thick finger in her pussy with Alex’s boner stretched her until it hurt...and then after a few moments it started feeling good...really good. Kate began to fuck herself on them and the feelings were intense. Her mother climbed on the other side of the bed and began to suck on her stiff nipples.

Soon hot waves of wild pleasure were coursing through Kate’s young body. Kate was too far gone to feel much of anything other than when Alex began squirting again and then she went over the edge and lost time. A few moments later, her pussy stretched and soaked, Kate was still lost in the afterglow of orgasm.

Kate watched her big brother, Alex, as he flopped back on the bed his penis now soft. Lynn stroked his chest and abs and smiled at her husband. He nodded his silent consent and he lowered her head between her boy’s legs. Kate watched her mom lick his penis clean with her tongue, like some great cat grooming her kitten. Kate could only shake her head...this was all too much...too wonderful...she felt her daddy snuggle up next to her and felt his hard cock through his boxer shorts.

Todd felt his beautiful little girl’s naked leg as she pressed against his hard cock. His mind was racing with the sexual possibilities and he looked from his little girl to his wife and son and then back again. He wondered if it was time to be honest with Lynn about his relationship with his own brother and sister. He had never told her about their experimentation as kids.

Lynn enjoyed the taste of the combined orgasmic fluids of her beautiful children. She lovingly tongued her boy’s hairless cock and balls and was delighted to feel him start to stiffen again as she licked. For her part, she flashed back on her wonderful times with her cousins and her aunt and uncle. She thought about telling Todd many times but wondered if he could possibly understand.

As she lay there with her head resting on her son's thigh, she fantasized about having her pussy filled with Alex's boner while she bent and ate Kate's pussy, her own little babies getting her off dozens of times... She smiled lasciviously at her husband as she batted the tip of her son's now hard and throbbing penis. She leaned in to suck it and...

Note to our readers...

I hope you have enjoyed Big Brother Is Curious. I have been intensely involved in writing The Illustrator and needed to push back a little bit to think about where that story should go from where I left in Chapter 5. There has been a wonderful stream of ideas and personal experiences shared over the last few weeks that have helped me shape my thought about the next chapter of The Illustrator. Your wonderful thoughts, ideas and experiences are always helpful for getting our creative juices flowing.

Sometimes when I need time to think an idea for another story hits me and that is what happened here. I worked on Big Brother Is Curious and let my subconscious work on the next chapter of The Illustrator. Please continue to share your thoughts and ideas about both stories and your personal experiences.
