### STORY SUMMARY

It had been a wild time for Alex. First Evan and Ben introduced him to the awesome pleasures that his penis could bring him. Then he found he couldn't take his eyes off of his sister's 10 year old puffy breast buds. He craved the opportunity to see her sexy body. The temptation of Kate being in the shower with the door slightly ajar was too much for the sexy boy. His curiosity triggered a chain of events that led to a new and deep intimacy with his little sister. As we join Alex, he is reeling from the events of the last 24 hours. His 12 year old mind is trying to grasp all of the things that have happened.

## BIG BROTHER IS CURIOUS 2

### **Alex is sure he has died and gone to heaven...**

Alex was reeling from all that had happened. As he stared at the white ceiling he thought about the events. The glimpse of Katie's naked 10 year old body in the shower...catching him masturbating...groping...touching...feeling... He closed his eyes and it began to play back like a high definition movie.

*He had been wide awake playing with his hard boner when Katie had snuck into his room after they had gone to bed. He couldn't believe that she had snuck across the hall naked. She lay on top of him and they had been experimenting with slipping his hard boner in her pussy. His cock had kept bumping*

*against her hymen when Katie told her big brother she wanted all of his boner in her pussy. Kate had cried out when he popped her cherry. Katie quickly adjusted and they began to make passionate love.*

*The kids were completely unaware that the parents heard Kate cry out when she was penetrated and had come to see what was going on. Todd and Lynn watched quietly from the shadows in awe as their sexy young kids made passionate love. Because Alex had enjoyed several orgasms during the day it took his developing body a good while to build up to orgasm. No one in the family realized how much Kate's 10 year old body had developed. Like her mother Kate was developing a prominent clit that stood out like a tiny penis.*

*As Alex pistoned his 12 year old boner in and out of his sister his bare pubis continually bumped against the little girl's swollen clit. Kate had always enjoyed playing with her pussy and that special little thing. She had no idea that had she continued it could have brought her amazing pleasure. Each time that Alex thrust his boner into her the awesome tension would build. She loved the feeling of his naked body against hers and how they fit together. She was sure they were meant to be joined like this. That was when Alex kissed her...his tongue slipped into her mouth. He tasted amazing and it just made them that much closer...so intimate. Their bodies were joined every way possible. The amazing feelings raced through her body...and oh God...he was playing with her titties.*

*All of the feeling...so intense and her pussy was like on fire with pleasure...she needed Alex to fuck her harder. She opened her legs and tilted her pussy up and that only made the wild feeling even stronger. That was when Alex went wild and started slamming his 12 year old boner in her hot pussy again and again and Kate gasped for breath. Her pussy flooded with juices with each thrust of Alex's dick.*

*Alex couldn't believe how awesome it felt to have his boner deep in his little sister's pussy. She smelled so sexy and tasted so good. He loved touching her hard nipples and slamming his boner into her hot pussy. Katie's pussy was so hot and juicy it just made him want to go faster and faster until he felt the tension build and he knew he could not stop if he had to. He body convulsed with pleasure as his hard cock pounded her steaming hot vagina.*

*The two kids were too lost in their own pleasure to know their parents were watching them mate. His parents held each other tight as they watched Alex drive his 12 year old boner again and again into her pussy. Their babies were giving each other powerful orgasms.*

*Alex was gasping for breath as his orgasms faded. He felt like his little sister had pissed all over him. He was soaked. Alex couldn't help ask his sister if she pissed on him. He almost had a heart attack when his mother answered.*

*Alex was still balls deep in his little sister's pussy and his mom was trying to explain why he was all wet. Alex kept waiting for someone to scream at him. That was when he felt his dad crawl in bed with them. Then his mom snuggled up to them on the other side.*

*It was totally unreal. His dad was kind of leaning up on an elbow. That was when Alex felt the wetness of his daddy's boner against his leg. This must be a dream. Alex felt something touch the base of his still*

*hard penis. He kept expecting something awful to happen. Alex was sure his parents were going to scream at them for what they had done.*

*Alex felt pressure against his boner and then he realized that his daddy's hand had cupped his balls and his thick finger was sliding into Kate's pussy next to his boner.*

Alex was still trying to comprehend his parent's reaction. His mom and dad had crawled in to his bed. They were naked in his bed while he and Katie were still joined in sexual intercourse. Surely the screaming would start at any moment he had thought...but his parents were naked...in his bed...while he was fucking his sister. Alex remembered how he had held his breath waiting for disaster to start. He remembered sharply exhaling as he felt fingers touch his testicles. And then one finger touched the bottom of his boner. Alex closed his eyes again and the high definition movie started in his head again.

*The finger slid up his boner. He could feel the tip of the finger touching the rim of his cock. It felt amazing. His daddy was rubbing his hard boner while it was still inside his sister's pussy. His daddy really was feeling up his hard cock while he was fucking his baby sister. His mind registered his dad saying how wet it was in Katie's pussy and that she must have had a squirting orgasm like her mom does.*

*My God...his daddy was touching their cum...inside his sisters pussy...while his boner was still deep in his 10 year old sister...it couldn't be happening...but it was.*

*In his vivid recollection, Alex could feel his daddy kiss his shoulder as his finger explored his sister's pussy and his hard boner. The rubbing of his daddy's finger against the rim of his boner was driving him wild and he started to hump against the finger.*

*"Daddy...please don't stop..." He was actually begging his daddy to bring him to orgasm in his little sister's pussy. It was all too much he begged his daddy not to stop and then it was a blur of good feelings. His daddy touching him and his sister's pussy were all too much. His young body convulsed with wild sexual pleasure again and again. He thrust his hard cock against his dad's finger as his immature boner strained to squirt a drop or two of clear boy cum.*

*His breathing was ragged after a powerful climax. His young body was spent after two orgasms in quick succession. He rolled off of his sister's sexy body.*

*He was lying back against his mom and her awesome breasts and hard nipple was pressed against his naked shoulder. He felt his mom's hand on his chest and her thumb kind of played with his nipple. Her playing with his nipple made his nuts feel funny and his boner got hard..again!. Her hand roamed down his chest like she was rubbing his chest it but her hand kept going lower and lower until her fingers cupped his nuts and her thumb was pressed against the base of his boner. Her thumb went up his shaft and then pulled it away from his body until she released it and it made a slapping sound against his belly.*

*She did it several times and it was weird that his mom and dad giggled at what she was doing. It was even weirder that his mom was really playing with his hard cock. He watched in awe as she leaned up and her fingers were wrapped around his hard slippery shaft. Alex couldn't believe that she was leaning*

*down toward his cock that still was wet with his and his sister's cum. My God...his mommy was licking his boner. He watched in amazement as she licked and cleaned him again and again. She licked the base of his cock. Then she moved around and very gently sucked one of his balls into her mouth. She gently licked it and sucked it. Then she moved on and sucked the other ball into her mouth.*

*That was when Alex heard Katie moaning. He looked over and saw his dad licking Katie's pussy. He could not believe that his daddy's stiff tongue was fucking his sister's pussy with all of their cum in it.*

*That was when the most amazing feeling washed over his young over stimulated body. He looked down and his mom was sucking his cock. It felt so awesome. All the sexy blond boy could do was moan with the intense pleasure that she caused him. She sucked him again and again until he felt the powerful good feeling beginning to happen again and his tight swimmers butt came up off the bed grinding his boner against the roof her mouth. He face fucked his mother until his body was totally limp.*

*Both Alex and Katie were lying on his bed gasping for breath when his parents got up. They kissed them good night as they pulled the covers up over them. They both watched their parents silently kissed and his mom played with his dad's boner. She led him out of Alex's room toward their own room.*

"Alex...did that really just happen?" Katie asked her older brother interrupting the high definition movie that played in his head. Like him Katie was wide awake and trying to comprehend what had happen.

He giggled and reached over and pinched her butt. She yelped. "It wasn't a dream...that was freakin' awesome!" Alex told her as he wrapped his sexy little sister up in his arms. "That was amazing!"

In moments they were both asleep. They slept soundly all night and awoke the next morning about 9 am with the warm sun streaming the window. Alex was the first to wake up. Their bodies were spooned together with his boner pressed against her naked hips.

Alex had a rock hard morning boner and a bladder that seemed on the verge of exploding. He stayed still until Kate began to stir.

She giggled as she looked over her shoulder up into his deep blue eyes and her hand went to his hard shaft as it pressed against her hip. "Does it ever go down?" She asked as her hand made a sheath around the stiff boy flesh. "It is so hard." Katie told her sexy big brother as she turned toward him and tenderly kissed his cheek.

"Katie...I've really got to pee." He said as he made a very necessary move to get out of bed.

Katie didn't ask she just followed Alex into their bathroom.

Alex looked over his shoulder as his sister followed him into the bathroom. "What are you doing?" He asked.

"I want to see how you are going to pee with it all hard like that."

He wondered that himself. He always had morning boners...but never one like this. Alex stood over the toilet tried to bend his boner down toward the bowl. Then he strained to release the flow of urine. Nothing...absolutely nothing...came out. No matter how hard he strained it would not flow.

“Are you okay...you’re turning red in the face.” Kate asked her brother as she admired his sexy naked body.

“It is so hard I can’t bend it down and still pee. Having you standing here naked is just making me harder,” he told her.

As she thought about it, she glanced around the bathroom. “What if you didn’t have to bend it down?” Kate asked him and he glanced over toward her and saw she was looking at the shower.

“You won’t tell mom will you?” he asked as he blushed a deep shade of red.

Not if I can stay here and watch you. They pulled back the shower curtain and they both climbed in the shower. He faced the shower the end of the shower and Kate was standing behind him. His boner pointed straight up in the air. Alex let go of his boner and his hard cock snapped back and slapped against his belly. When it settled down for a moment his urine jetted almost straight up in the air. Kate could see the stream above his head but really could not see what was going on.

“Alex...you have to turn around so that I can see.” Kate said as she pulled him around so that he faced her.

As Alex spun around his eyes were closed and his face showed the relief as the powerful stream went up in the air. Kate turned him around as was almost sprayed by her brother’s yellow fountain. As always happens with morning wood the more he pissed the softer his cock got. His eyes were closed as he enjoyed the relief.

Seconds later Kate cried out and his eyes snapped open startled by her cry. His penis had continued to soften and it was now aimed perfectly at his sister. He saw that she was now giggling and his stream was now landing perfectly in the middle of her chest between those sexy puffy nipples. Both kids were frozen in place. At first Alex was horrified and then he saw Katie laughing about it.

As his morning wood softened the stream continued to march down her torso and landed on her perfect pussy lips. As he finished he reached out and picked up his wet sister so that her feet were dangling in the air and hugged her against him. She wrapped her legs around his waist. He felt the warmth as she giggled and released her stream. Her stream washed over his now flaccid cock and balls. For some reason he found all of this very stimulating and soon his hard 12 year old boner was poking her 10 year old pussy. He eased her down until he felt the tip of his cock begin to penetrate Kate. She kissed his forehead and slid down his shaft until her clit was resting on the base of his boner. Kate loved the feeling of her hard clit against his hard shaft. She reached around and turned on the shower and as the warm water cascaded over their sexy bodies she kissed Alex at first tenderly and then with passion.

They were content for a long time to remain joined and kissing as the water washed over their sexy bodies. Kate eventually broke their kiss and reached for a bottle of shampoo. She began to lather her brother's blond hair. Her moving around caused her clit to grind against him and periodically Alex felt her shudder with pleasure. As she took body wash and lathered his face and chest Alex reluctantly set her down. He began to wash her beautiful blond hair. They delighted in touching and being touched. They carefully washed each other. Every crease and crevice was explored and cleansed with soapy fingers. Alex knelt and washed his little sister's legs and cute feet.

Kate returned the favor and paid special attention to washing each of Alex's toes until she had him giggling uncontrollably. They kissed as they rinsed off. They took their time carefully drying each other. Alex grabbed the hair dryer and began to dry Katie's hair and brush it. He loved her hair.

She took her brother by the hand and led him back to his room. She sniffed the air when they walked into his room. She giggled.

"What's so funny?" He asked.

"It smells like a boy in here and ...ummm...sex...lots of sex."

"What do you mean it smells like a boy?" Alex asked not sure if he should be offended.

"I like the way you smell particularly when you have been riding your bike or shooting baskets." She picked his t-shirt up off the floor from yesterday and sniffed it. "Like this..." Kate said holding out his t-shirt to him. He took it and sniffed it as she flopped down on his bed with her knees bent and her legs spread. Her perfect little pussy lips opened and he could see that she was moist with excitement.

Alex tossed the t-shirt aside and slipped on to the bed. He arranged himself so that his torso was between her legs and his elbows were on the mattress on either side of her tummy. His chin rested in his hands as he stared at his sexy little sister. He loved the feeling of her wet pussy against his belly and as he thought about it she spread her legs wider and he could feel her hard clit against him. He rocked his body back and forth a little bit and watched as her eyes rolled up with the pleasure. Alex could tell that she enjoyed it and he did it again. He realized how much he liked giving his sister pleasure.

He asked her if she liked it when daddy licked and sucked her pussy.

She nodded and smiled dreamily. "It was pretty awesome!"

Alex maneuvered himself down to her pussy. "You...ummm...smell good too when you are all sexy and stuff." He tentatively licked the lips of her pussy and then he saw her little clit standing out and lapped it again and again with his tongue.

Katie began to moan as the wild jolts of pleasure raced through her body. Her little clit was so sensitive that each time her brother lapped it she gasped with the pleasure that it caused.

Alex loved his little sister's reactions to his efforts to pleasure her. After the first few times he lapped her clit, Katie began to thrust her pussy at her brother begging for more stimulation. Alex really wanted to try tongue fucking his sister, but lapping her clit was too much fun to stop.

As Alex continued, Katie began to moan...a deep keening moan of the most intense pleasure imaginable. Her head thrashed from side to side as the intensity of her feeling increased. Then the beautiful little blond girl screamed out at the orgasm rocked her body. She couldn't breathe or talk. She started to ejaculate. Alex had no idea how rare it was for a young girl to have a powerful orgasm like this. Her pussy began to squirt all over her brother's face as the wild feelings cause her body to have the most pleasurable convulsion possible. As the last wave of orgasm passed, Katie was completely limp and gasping for breath. Alex snuggled up to her and she looked at his soaked face. Katie began to lick her ejaculate from her squirting orgasm off of her brother's face.

As he kissed her his boner slipped right into her steaming hot pussy. Her orgasm had just subsided when her brother's boner began to insistently thrust in her hot pussy. She felt him begin to thrust wildly and it pushed her to another wild climax. Alex sucked on one of her beautiful hard puffy nipples as he neared the edge of orgasm. The two youngsters slammed their bodies together as the powerful climax rocked them.

They lay there in each other's arms basking in the afterglow of orgasm. Katie snuggled against her big brother's amazing naked body. As she lay there her finger tip touched his still erect nipple. Her ear was pressed against his chest and his heart was beginning to still.

As she lay there, Katie got the crazy idea of dressing Alex up as sexy as she could. She got up with a mischievous look on her face. She glanced at the clock on his dresser and saw that it was 1:30 already. She could not believe that they had spent the entire morning together as two young lovers.

"What are you doing?" Alex asked with a smile.

"I am going to dress you up as my sexy boy for the afternoon." She looked through his dresser drawers for the perfect outfit. In the back corner of his 3<sup>rd</sup> dresser drawer she found it. It was a faded red Speedo that he had worn 2 years ago. She walked over to his bed still naked herself. She held out the tiny Speedo for him to step into.

"Sis, that is never going to fit."

"Let's try it sexy boy."

She made him step into it. It only came 2/3 of the way up his hips leaving a good bit of his butt crack exposed. In the front his semi erect penis was barely contained and had he developed more almost all of his pubic hair would have been visible. As it was his bare pubis was on display and a small bit of the base of his cock.

She led him to the mirror. "Alex you look so sexy...you are my sexy boy." She bent and kissed his bare pubis and snaked her tongue out to lick the base of his now rock hard boner that threatened to rip his

old swim suit to shreds. The tips of her fingers on her left hand lightly caressed the outline of his beautiful cock. "I can't help myself...I love touching you."

"Now it is my turn to dress you up." Alex told her as he led her into her room. They went in Katie's room and Alex rummaged through her dresser drawers. He quickly found a swim suit that she had worn when she was 8 year old. It was a two piece bathing suit. The bottom was unlined and when she pulled it on all of the details of her pussy lips were clearly outlined. Had she had pubic hair you probably could have counted them through the thin tightly stretched fabric. The tiny pieces of fabric for the top barely covered her newly puffy nipples.

They chased each other around the house and delighted in touching each other. "We should go to the swimming pool." Katie said with a laugh

"We would be arrested for having our sex stuff hanging out." He replied with a smile and then he kissed her as a man tenderly kissing the love of his life.

They settled on the couch and began to watch an old movie until they heard their mom come in. She found them stretched out on the couch with Katie nestled between Alex's coltish legs and she leaned back against his bare chest.

### **The Invitation...**

Lynn got home from work a little early. She was surprised to find Kate wearing a 2 year old bikini. The bikini that looked perfect on her 8 year old body barely covered her changing 10 year old body. Lynn could not take her eyes off of the bikini bottom. Kate's beautiful pussy lips were perfectly outlined in the thin fabric. Her pussy was almost more provocative in the skimpy bottom than if she had been naked. The bikini top barely covered her newly puffy nipples. As Lynn watched her she could tell that Kate knew she was very sexy looking in the old swim suit. Lynn realized how incredibly sexy her 10 year old daughter was. Lynn's pussy was suddenly becoming wet.

Alex walked into the kitchen obviously unaware that his mom was home. He too was wearing a 2 year old Speedo that did not cover the tops of his ass cheeks. His very erect 12 year old boner was barely contained in the front of the suit.

Lynn was suddenly worried that her little sex bombs had been to the pool and paraded around more than half naked in these tiny swim suits. Lynn hugged Alex tightly against her and was able to run her hand over Alex's Speedo. It was thankfully dry. They had not been to the pool in these wonderfully obscene outfits.

These two were wearing the sexiest most revealing clothes that they could find. They were flaunting their sexy bodies to each other. It was clearly a mating ritual. Lynn's pussy was now flooding as she thought about her young children performing mating rituals.

She pulled the sexy boy's head to her lips and she kissed the top of his head. Lynn buried her nose in the sexy boy's blond hair and inhaled. She was rewarded with the wonderful funky scent of young boy. His body had a musky smell of sex. He smelled a lot like his dad did after he ate Lynn's pussy.

She pulled Kate into her embrace. Lynn kissed the top of her head and the scent of sex was overwhelming. Lynn smiled at the fact that her 10 year old daughter had wet orgasms just like her mom.

Lynn kissed each child on the lips and ran her fingers down their backs thrilling in the feel of their near naked flesh. Lynn knew with certainty from the looks on their faces that her beautiful children had been having sex again.

Lynn knew that Todd would be home in a little while and she wanted to talk to him about the kids and their sexuality. Her logical mind said they should stop the kid's sexual activity, but she knew that both she and Todd were incredibly turned on by their children's sexuality. She was not sure what they should do about their two young sex maniacs who were rutting like wild animals. Just thinking about the kids having sex left her pussy soaking wet. Who was she kidding...She and Todd loved the idea of the kids incestuous love. She didn't think she had ever been as turned on as she was last night when the whole family was naked in Alex's bed. God she needed to finger her pussy so bad...

You both smell of sex. Run up and take a shower. The phone started to ring and Lynn swatted both of their butts before she turned to answer the phone. She knew that the sexy nymphs would shower together.

Lynn picked up the phone and check caller ID. Her heart skipped a beat. It was her brother Davis. As Lynn pushed the green button to answer the phone she felt her pussy tingle and become moist. They caught up on a lot of stuff that had gone on since they last talked...but they both skipped the really important developments.

We are going to go to the lake for a couple of weeks and stay at the cabin. We would love it if you would go with us. We are leaving next Monday. Lynn was visualizing the cabin in her mind and she remembered that it had two bedrooms downstairs and a large dormitory with several beds in the loft. Her pussy tingled even more when she thought about what might happen with the kids alone up there.

"Sis are you there?" Davis asked.

"Yeah I was just thinking...and it sounds like fun. I need to talk to Todd about going."

Davis was quiet for a long moment. "Ummm sis...did you...ummm...ever tell Todd about us?"

Todd's garage door opener did not work for some reason when he pulled in the driveway. He got out of the car and walked to the front door. No one heard him come in. Todd glanced up the steps in time to see the two young naked kids dash out of the bathroom. Their blond hair was wet and told him most everything he needed to know to give him a raging boner.

He walked toward the kitchen. He could hear Lynn on the phone. He could tell from the tone of Lynn's voice that something was going on. Todd lagged back in the hallway out of sight and listened.

Lynn's voice was tentative. "...no I never told him...you know...about you and me." There was a long pause as she listened to the other side of the conversation and then Lynn said, "you did?...well what did Mary Beth say?"

After listening to the one side of the conversation, Todd immediately knew that Lynn was talking to her brother and the little bit of the conversation that he heard told him what he had suspected for a long time...Lynn and Davis were lovers as youngsters and he strongly suspected they still occasionally made love.

"She did?...wow...turned her on...best sex ever...no way." Todd caught a glimpse of Lynn as she walked around the kitchen. She had her hand in the front of her slacks and she was quite obviously playing with her pussy. "I know...I have to tell him...I have always wanted to..you know...tell him...okay...I will call you back soon about the lake...yeah it would be awesome...I hope so...Davis...I love you." She disconnected the call. Her hand shook a little as she thought about what was ahead and then looked up and saw Todd standing there...a timid smile on his face.

Her face flushed. "You heard?"

He nodded and held out his arms for her. She ran to him and melted into those strong wonderful arms. She started to sob and he just held her tight.

"I wanted to tell you for so long...well forever...but I was always just...you know...scared...afraid you would think I loved you less. I love you and Davis more than life itself. I don't think I could live without either one of you." She broke down. The floodgates opened up to wash away the years of deceit.

"I think I knew from the beginning. You and Davis were so close. And then there were the times when we were together with Davis and Mary Beth and you and Davis would disappear. And when you came back you smelled of sex. I remember the night we stayed at their house. The two of you went for a walk and when you came back I was determined to make love to you. Your pussy was so wet and I knew I was feeling his sperm inside you. I couldn't wait to add my cum to the mix. I wanted to ask you for sure. It really turned me on...the thought of you and your brother making passionate love."

"I keep thinking about that weekend we spent together almost 9 years ago. We were having sex every chance we got. We were trying to get you pregnant...you know with Kate...I was pretty sure that you and Davis were making love that weekend too. It really turned me on to think that your womb was filled with semen from both of us. The idea that both of us were filling you with potent sperm when you were so fertile was such a turn on. It was so cool that Davis, Mary Beth and I were with you in the delivery room. I held the precious little naked baby and then shared her with Davis." There was a long pause and then Todd said, "It doesn't matter if Davis is Katie's biological father...I couldn't love her anymore than I do."

Lynn hugged Todd as she sobbed with joy.

Katie ran to Todd and wrapped her arms tightly around him.

Todd swept her naked 10 year old body up in his arms and held her tight. "You heard everything?" She nodded her head and held her breath to stifle a sob.

"That is good because I want you to know that it doesn't matter if my semen or Uncle Davis' semen fertilized your egg. You are my baby girl. I love you more than life itself and always will. Do you realize how awesome it is to have two daddies that love you this much?"

Lynn stood behind Alex with her arms around his naked body. She watched Todd hug his baby girl. Her fingers toyed nervously with Alex's turgid nipples as she watched her precious girl learn about her conception.

Katie hugged her daddy and told him how much she loved him. Father and daughter hugged for a long time and there was quiet.

Alex turned and looked up at his mom, "Mom...can I ask you something?"

She nodded.

"When did you and Uncle Davis...you know...start doing stuff?" Alex asked hesitantly.

Todd still held his naked baby girl in his arms and he guided Lynn and Alex into the family room. "I think we would all love to hear that story...let's get comfortable."

Todd sat down in the big recliner chair and as he reclined the chair his beautiful naked 10 year old girl snuggled tight against him. She leaned up and kissed her daddy's cheek.

### **Lynn and her big brother.**

Davis was 14 and I was 10. He had his friend Zach Bennington spending the night. I thought they were both really hot. After dinner while mom and dad were cleaning up the kitchen, I saw Zach and Davis in the family room wrestling around. Both of them had big bulges in their jeans. When they wrestled around they were grabbing each other's bulge and laughing. When I walked into the room they quit real fast and sat on the couch with pillows on their laps.

I knew it had something to do with their penises but I was not sure what was going on. Mom and dad called us. We all went to the garage and got in the car. We all went to play miniature golf. I kept looking at Davis. He had the coolest shaggy blond hair that seemed to be everywhere. He glanced up at me with those deep brown eyes and he grinned that soft, warm grin of his. Davis had the most perfect pink lips and beautiful teeth. I wondered what it would be like to kiss him. I wondered who had gotten his first kiss.

I took my turn and sunk my putt. I looked up and saw that Davis was staring at my chest. I looked down and my nipples were standing straight out in my t-shirt. Both boys had bulges in their jeans and daddy was smiling. There was a chill in the air that early fall night. I remembered the older girls talking about

how it made their nipples stand up when they got chilly. They were laughing about how the boys liked to look at them.

While mom and dad turned in the golf clubs the boys and I went to the car. They were punching each other and being silly. I heard Zach whisper to Davis, "Did you see them...wow...they were standing out a mile." They were talking and laughing on the other side of the car. All I heard was, "I dare you to try.."

Their voices dropped off to a whisper and then my parents came up. I got in the back seat and Davis got in the middle of the back seat. As we were driving home the boys started goofing around and singing songs from when they were little at summer camp. Davis draped his arms around me and Zach and we rocked from side to side as we sang.

A few seconds later I felt his finger tips on my nipple. I started to say something and then he took them away. The second time it happened I knew it wasn't an accident. I was going to tell mom and dad but it made my pussy feel really good. I reached over in the dark back seat and grabbed Davis' boner. I held on to my brother's boner as long as he held my nipple. I knew that boy got boners I just never saw one. I felt the ridge and kind of rubbed it. Davis did the best he could singing camp songs. When we got home the boys were laughing and punching each other as they ran up to Davis' room. I was pretty sure I knew what they were laughing about.

I went up to bed too. I stripped off my t-shirt and jeans. I pulled off my underpants and I notice that the crotch was a little wet. I went in my closet and found the t-shirt that I had snagged earlier from Davis' room. It was his favorite. It was a Lynyrd Skynyrd t-shirt. It was big on Davis' lean frame and huge on mine. I held it up to my face. It smelled like Davis. I smiled and pulled it on.

I lay there in my bed. I loved the funky smell of boy that filled each breath I took. As I lay there I touched my nipples and they were hard again...it wasn't chilly. As I played with the nipple it sent little jolts of pleasure to my pussy just like it had when Davis touch it. My fingers pulled up the hem of the t-shirt and I touched my pussy lips. They were damp. I parted the lips with my index finger and found that spot that felt so good. I thought about holding Davis' boner and wondered what it would be like to really touch it.

I could hear the boys talking next door and I snuck into my closet and put my ear against the wall. I could hear like I was in the room with them.

"...she did...no way...she...like...touched your boner...that is so fucking cool. I wish my sister would rub my boner. Dude you're making me really hard telling me all of that...do you...you know...wanna do it?" Zach asked him.

Things got quiet for a few moments.

"Whoa dude you really are boned up...wow...never seen you that hard." Davis told Zach. You are really getting a lot of hair...look dude you got a little bit of a treasure trail." They both giggled.

"Umm Zach...have you ever...you know...done anybody else?"

“No...you wanna...you know...do each other?” Zach asked his best friend.

“Yeah...that would be cool...oh God dude...that feels awesome...I didn’t know it could feel so good,” Davis told Zach in a half groan.

“Mmm yeah...really good...yeah...rub it like that....wow.” Zach replied. “Oh man that is really good. D-man....you want to like rub our boners together?”

“Yeah!”

I could hear the old springs in Davis’ antique double bed squeak as they moved around.

“Dude that feels amazing you holding them together like that...oh yeah.” Zach moaned.

“Davis do you want to like...I don’t know...like...just rub our boners against each other to see what that would feel like.”

The springs were really beginning to squeak and groan as the boys moved around. After a little while Zach asked Davis, “Hey can I try being on top for a little while and then you can be on top?”

“Yeah cool!” As that was said the springs started squeaking with a regular rhythm. “Oh fuck this is so good...Davis...I am sooo close....oh shit can’t stop...” The old springs went wild squeaking.

“Dude...I am soaked...you came all over me.” Davis laughed. “Dude you gotta let me get off now too...you got me so hard with all of that.” There was no more discussion just a lot of squeaking. “Zach you are so slippery it is awesome...oh man...getting close...fuck Z...I am gonna...” The springs went wild again.

I could hear Davis moaning and then Zach chuckled... “dude you must not have cum for a month. I don’t get this wet in the shower. We gotta clean up. The boys giggled and Davis said they should make a run for the bathroom.

I had to see what was going on and decided to play like I was going to the bathroom. I got there just as Zach and Davis were coming back out...both were naked and Zach carried a towel.

“What are you guys doing?” I asked.

“Please sis come on...we can’t get caught like this and I don’t want to wake mom and dad,” Davis told me as he swept me along into his bedroom.

I giggled. “You guys are naked...and look at your things...they are so big...what are you doing?”

“Oh God Linney please don’t tell mom and dad...PLEAZZZZEEEE!” Davis begged.

I noticed both boy penises were getting smaller...this must be a big deal.

“Well tell me then...what were you doing?’

"Ummm....well...it was um...well...sex stuff." Davis told me very hesitantly.

"Sex stuff???" I asked.

"Well it is private...you know...boy stuff..." He said lamely knowing she would never settle for that.

"I guess I'll just have to tell mom and dad," I told them as I turned for the door.

"Nooooooo!" They both said in chorus...anything...please don't tell them.

"Then start explaining..." I told him. He led me to his bed and suddenly I was in bed between two sexy naked 14 year old boys. Davis had to start with the real basics sperm, egg and penis in the vagina. He explained that boys could make the seed whenever they wanted to by rubbing their hard cocks. I reached down and touched both of their hard cocks. "So you could like make the seed stuff right now."

"Yeah..." Davis said hesitantly.

Have either of you...you know...like planted your seed stuff...you know in a girl.

They both told me no that they had not had sex with a girl. After some more questioning I learned that neither of them had ever touched a naked girl. Since I had touched both of their boners, I was ahead of them. I told them I wanted to see them make seed...or what ever you call it.

"I don't think..." Davis was saying when I interrupted him and started to crawl out of his bed.

"No please," he whispered urgently as he put his hands up to stop me. One of them came to rest on one of my nipples. "I'll do anything you want...please don't tell...and sis...you are getting really cool tits."

Davis reached over and got a flash light out of his bed side table drawer. "Please Linney...swear you won't tell mom and dad...we'll do anything you want...anything."

"I promise." I told him, "...and Davis...you've got a really cool boner...you too Zach." And with that I wrapped a hand around each boner. I lightly rubbed them. Both boys groaned.

"Linney...that's amazing...please don't stop." It was probably the worst hand job in the world, but neither Zach nor Davis seemed to mind. I kept going and both boys groaned and almost at the same moment there was cum flying at me from both sides. They shot cum everywhere. The Lynyrd Skynyrd t-shirt was soaked and so were my legs.

"Linney...that was amazing." Davis told me.

"You are awesome Lynn!" Zach chimed in.

"You guys didn't...you know...like...well...plant your seed in me...did you?"

Davis hugged me. "No...Linney...you're not old enough. You have to...well...like have periods and stuff before you can get pregnant."

I felt his slippery penis against my leg as he hugged me. It was soft by then but as he hugged me it stiffened back up. I held my big brother tight and inhaled. It was his smell and the smell of the sperm. I liked it and liked being in his strong arms.

After a while I whispered in his ear that I was wet and cold.

Davis sat up and he took hold of the hem of the t-shirt and pulled it over my head. In the light of the flash light he saw that it was his favorite t-shirt. "Linney...that is my favorite t-shirt!"

"It's not my fault...you guys are the ones that squirted all over it." I told him as he pulled the semen stained shirt over my head. I inhaled deeply just before it went over my head.

I noticed that they got very quiet.

"Linney...your body...it's amazing...really amazing...I knew you were pretty and all...but...well...wow!"

Davis' hand went out tentatively and his fingers touch my nipple. It sent bolts of pleasure through my body.

"Ummm...Linney...could I...ummm...you know...like...well...touch you too...I...ummm...well...I've never touched a girl...you know...naked girl...please." Zach asked me with a certain amount of pleading in his voice.

He was such a sweet boy and so handsome...especially naked. I ran my fingers through his shaggy black hair and kissed his forehead. I picked up his hand and I put it on my other nipple.

Each boy was gently touching and feeling my nipples and that cause the most amazing feelings in my pussy. Zach hugged me tight and then he very gently and sweetly kissed me. It was a wonderful kiss.

I looked over and Davis kind of hung his head. I asked him what was wrong.

"Well...ummm...it is just that...well...Zach is really lucky...I...ummm...well...I've never kissed a girl."

I put my hand under his chin and I lifted it up until I could kiss my sexy big brother. As I kissed him as gently grasped his hard penis again and kissed him deeply. That was the first time I really noticed that my pussy gets really wet when I get turned on.

The three of us lay down on the bed and their hands roamed over my nipples and my body. They both skirted close to my pussy and then would pull back. After a while I took Davis' hand and gently placed it on my pussy.

Zach groaned. "That is so fucking cool" as he watched his best friend's hand explore my pussy by the light of the flashlight.

Then Davis surprised me when he leaned over and he kissed me. It was a perfect kiss. Our lips gently touched and his kissed me for a long time as his fingers gently explored my most intimate place. After a while he broke the kiss. I could feel his heart race and his breathing increase.

“Zach it is so amazing...I have my finger in her cunt...it’s like all hot and moist...so fucking cool. Linney you are the best and your body is so amazing.” Before I could reply Davis was kissing me again. I loved the feeling of his finger in me. I felt something that he found. He felt around it.

“Oh my God dude...I found her cherry...it is so cool.” He maneuvered his finger through the opening and touched me deep in my core. It was awesome.

“Linney...you are the best...and ummm...would it be okay if Zach could feel you up too...just so he could like...well...know what a real pussy and cherry are like.”

“Yeah...that would be okay...but Davis...what is a cherry all about.” I asked him.

“Well...start by fingering yourself.” I did. “Do you feel that thing about half way into your pussy?”

“Yeah...it feels kind of weird and stretchy.”

“Well if you feel in the middle you will find an opening where your finger can go deeper in your cunt.”

“Yeah....that’s cool.” I told him as I touched my cervix.

“Well when you make love the first time a guy’s boner will pop through that thing...it is called a hymen for real. Guys call it popping a cherry because it can bleed a little bit when you go through it.” Davis explained.

As Zach started touching her pussy he kept touching a place at the top of her slit that felt awesome.

“Davis why is the cherry thing such a big deal?” I asked my sexy big brother.

“Well it just means that the girl has been with a guy...you know...like sexually. She is not a virgin anymore.” He told me.

Just as Zach had finished his exploration I told my brother that I wanted to feel his boner in me.

“Linney I love you so much...you are the best...the very best...I have wanted to try this for so long.”

I felt his boner pressed against my lips and I spread my legs wider to receive his hard cock. I felt his stiff boner slide into my inner lips and then about half way into my cunt. It felt amazing.

“Davis...do you...ummmm....like...well...want to plant your seed in me...you know since I can’t get pregnant?”

Davis just kind of moaned and he very gently moved his boner in and out of my cunt. It felt really good to both of us but it was not enough stimulation for Davis to reach his climax. He began to jack his shaft. I didn’t understand what he was doing but it all felt so good I didn’t care.

“Oh baby girl I am sooooo close....Oh yeah...oh gotta.” And that was the moment that Davis lost his balance for a second. He fell forward enough that his erection pierced my hymen. I felt his hard cock slide all the way into my hot cunt and the penetration stinged enough for me to moan.

Davis was so upset. He apologized again and again. He told me how sorry he was that it was a total accident.

I ran my fingers through the sexy boy’s shaggy blond hair as I looked up into those deep black pools of his eyes and I whispered , “It is okay sexy boy...I love you so much and I don’t care about a little piece of skin.”

He said, “You don’t care?”

I just shook my head. I felt his beautiful cock go rock hard and he began to slide it in and out of me. Every time he thrust his cock into me he hit that spot that felt so amazing. I was starting to breathe hard and so was he. He kept thrusting that amazing boner of his into my hot pussy until he groaned and I felt a flood of hot cum rush into my pussy. My big brother was cumming in my pussy and I started to gasp for breath as the wild feelings shot through my body. The feelings were amazing. That was when Zach sprayed both of us with his cum as he had a wild orgasm watching his best friend mate with his little sister.

### **Alex and Kate react to their mom’s incest...**

I looked across the room and Katie was straddling her daddy in the recliner. His thick cock was sticking out of his khaki plants. Katie was rubbing her pussy lips along the shaft of his thick boner. Todd ‘s eyes were roll up with the intense pleasure his daughter was causing. His thumbs toyed with her precious nipples. And then her little shoulders shook with an orgasm. Katie wanted more.

After a few moments, I watched as she guided his hard thick cock deep in her pussy. Her delicate little body looked so fragile as that huge thick boner that stuck out of the zipper of his pants move toward her small 10 year old pussy.

I felt my son tug down my slacks and panties. In moments he stripped my lower torso bare. He knelt on the sofa and spread my knees. His raging 12 year old boner begged for attention. Alex lowered himself and he thrust his hard boner into my aching pussy. I didn’t know what turned me on more. The thought of having sex with my beautiful 12 year old son was driving me wild. But there was also the reality of the feeling of his immature boner thrusting into my aching pussy. The fantasy and reality combined were amazing.

“Mommy that was an awesome story and I love you so much.” I hugged him tight against me. I stroked my fingers through his shaggy blond hair as I inhaled the wonderful smell of sexy young boy. It took me back to the night with Davis and Zach.

The boy’s wild lust took over from there and his hard boner felt magnificent as he pounded my throbbing clit again and again! I stroked his naked hips and opened my legs wide for him. The beautiful

sexy boy began to wildly thrust into my hot pussy until I was gasping for breath. The base of my little boy's boner kept slamming into my swollen clit. Each of his thrusts sent wild bolt of pleasure through me. His sexy body felt so awesome pressed against me. His fingers groped my stiff nipples. I was so turned on from telling the family about the first time with Davis that I began to orgasm almost immediately. I began to have the most intense orgasm and I ejaculated all over my son. I cried out as wave after wave of pleasure washed over my body. My pussy squirted him again and again until he was soaked and then I felt him convulse as his body was wracked with a powerful and intensely pleasurable orgasm. He thrust and bucked in me until he was gasping for breath.

Todd and Kate watched us as he slowly penetrated her 10 year old pussy. He held her waist as he eased her down on to the head of this thick cock. The thick head of his cock penetrated her and as the rim slipped into her, Katie moaned as it stretched her 10 year old pussy.

When Katie moaned we looked over to see her watching us as she slowly slid down her dad's powerful erection. She gasped as she took the last few inches. "Oh daddy...so tight and so good....you are so big...OH...Oh...oh..." She cried out as the thick cock disappeared in to her small preteen pussy.

I looked at Todd and could tell from the expression on his face that the tightness of her small pussy was really stimulating him. He was hanging on the edge of orgasm from just penetrating the sexy little girl. He began to suck on one of her beautiful puffy nipples as he gently thrust deep in her pussy. "Oh baby I can feel your cervix and it is stretched wide open to take my hot semen. Oh Katie...I need you so bad...Sweet girl I am going to fill you with my thick creamy cum."

Katie began to slide her tight little pussy up and down his shaft and her daddy cried out that he was close.

"Oh sweet baby...oh yes...take your daddy's cum" Todd's eyes rolled up and his big nuts released a flood of his thick hot creamy semen deep in her womb. Katie cried out as she felt the first jet of semen. Her little clit was grinding against her daddy. Her body shook and shuddered with the rush of pleasurable feelings. Jet after jet of his hot cum poured into his beautiful baby. As he flooded her with semen, he dreamed about making a beautiful baby in that sexy belly of hers some day.

As the four of them came down from their orgasmic high, Todd suggested they go up stairs where they could get more comfortable.

As Katie stood up a big glob of warm semen leaked from her pussy.

Alex looked at his little sister. "Katie...that is so cool. You are so full of daddy's cum that it is leaking out of your pussy." His finger scooped up the cum from her leg and he licked it off of his finger.

When they got to their parents room, Lynn fell back on the bed naked.

Lynn fell back on their king size bed. She watched Alex as he flipped his head to get his shaggy blond hair out of his eyes. His eyes were fixed on her aching pussy. Lynn loved looking as his sexy 12 year old

boner as it bounced when he walked. She put her arms out for her beautiful boy. She pulled his athletic body into her arms.

Alex rushed into her arms and his face went between his mother's beautiful 36D breasts. Lynn held up her magnificent breasts from the outside until the two breasts gently caressed the sweet boy's baby soft face. "Sweet boy suck on mommy's nipple as you slide that beautiful boner of yours in my hot pussy."

Alex buried his head between her beautiful breasts and pulled them tight against his face. The boy began to feast on one of his mother's stiff nipples as his boner found its way into her amazing pleasure center. It was so hot and wet. As he drove his boy boner to the hilt, he felt her large clit riding down the shaft of his erection. He looked up at her loving eyes as he rammed his boy cock in her again and again. "God mom your cunt is amazing...I mean... well... you know..."

She pulled her sexy son up to her lips and kissed him passionately. "Cunt is just fine. And Alex, your boner is pretty fucking hot too!" She told the 12 year old as she began to thrust her pussy up at him. "Oh baby you are gonna make me cum...fuck me hard sweetie...yeah...like that...Oh Alex here I cum." His mother screamed and arched her convulsing pussy up toward him and he felt her squirting all over him...so much it was almost like she was peeing on him...

The boy went crazy ramming his cock again and again deep in his mother's pussy until his small balls released a few drops of his clear semen. As Lynn thrashed around in orgasmic delight she thought about Alex making creamy seed in a few months and what it might be like to have him cum in her again and again until he impregnated her. She thought it would be so hot to have her sexy 12 year old boy pump her full of potent creamy semen. She wondered what Todd would think about her sexy boy impregnating her. For now she just held his beautiful naked body against hers and enjoyed every second of it.

Todd watched the whole thing along with Kate. He listened to his son groan and gasp as his immature testicles squirted a few drops of immature semen into his mother. While he watched he fingered his little girl again and again. It felt so cool to find this thick creamy semen in her tight little pussy. Then Todd would stop fingering her and lap her pussy with his tongue until she was on the ragged edge of orgasmic bliss. He loved the taste of his own cum mixed with her juices. Katie was watching her brother and mother and it made her begin to thrust her small cunt against her daddy's mouth. Todd began to play with her vagina until he tasted her juices and then he concentrated on her stiff nub of a clit until his little girls was crying with pleasure and begging for more. He kept it up until she began to beg him to fuck her.

"Please daddy...my pussy is on fire...fuck me...please fuck me....daddy...please!!!"

He held his thick 7" organ down where she could get a good look at it. "Are you ready for daddy's big thick cock again?"

Katie could barely get her fingers around the thick shaft. She guided it to her hot pussy that was still slick with his cum. "Daddy PLEASE fuck me...PLEASE!" she cried as she held her pussy lips open for him.

Lynn and Alex held their breath as they watched the thick flared head touch the spread lips of her little pussy. "Oh baby...daddy needs to fuck you so bad...oh God yes..." The head of his stiff cock penetrated her pussy and she gasped at the invasion. He gave her a few moments to adjust and then slowly slipped more and more into her tight little cunt. This time he was on top between her long lean 10 year old legs. Katie gasped for breath as her body stretched to accommodate the thickness of his shaft. With about most of his cock in her he felt the head begin to stretch the cervix.

As Todd stretched her cervix open he began to think again about what it would be like to fill her pussy again and again with his hot cum in a few years until her belly was round with his baby. The thought made him so hot that each tiny movement in her vagina sent bolts of exquisite pleasure through his body.

Katie couldn't believe the wild sensations raging through her body. Her daddy could not control himself any longer and he began to pump his thick shaft in and out of her tiny pussy. Katie gasped as the pleasure became stronger and stronger and her pussy began to ached for her daddy's cum. Her daddy was pounding her little clit and the sensations made her small body begin to convulse with electric jolts of pleasure. Katie cried out at she went over the edge. Her little pussy began to squirt with the intensity of the orgasm. And then it happened...she felt the first flood of hot semen into her womb. He daddy's cock had her cervix stretched to the max as he pumped jet after jet of hot cum deep in her immature womb.

As his orgasm hit, Todd kept thinking about when Katie was fertile and would she want him or Alex to inseminate her. The intensity of his orgasm was beyond belief. Her tight pussy literally milked the cum out of his thick cock. Todd fell back on the bed spent for a moment.

Alex's fingers began to explore his daddy's sensitive flaccid cock. It was slippery with the Katie's juices and his dad's cum. His daddy moaned as he touched his cock but did not ask Alex to stop. Alex smiled as it slowly became semi erect. Alex leaned down and licked his daddy's cock in a cat-like fashion cleaning all of the juices and semen from his now erect shaft and pubic hair. His daddy flipped around so that he could return the favor. Todd took the stiff hairless boy cock in his hands and he began to lick. Slow...long ...strokes with his tongue from base to the tip. He soon had his son moaning with pleasure.

The girls watched as Alex struggled to fit the thick cock head in his mouth. When he had it in, he cupped the head of daddy's cock with his tongue and pressed it against the pronounced ridges in the top of his mouth. Alex began to bob his head as he felt his daddy devour his entire shaft. The wild feelings were so amazing. Each time his daddy touched his body it sent jolts of pleasure through him. He was moaning and groaning as he hung on the very edge of orgasmic bliss.

His daddy stopped for a minute and told Alex that he was going to milk him so that he got a few drops of precious clear boy cum...that rarest of all cum. Todd licked his finger and then began to probe the puckered flesh of the boy's virgin asshole. Alex moaned as his daddy's finger invaded his virgin butt. Alex gasped as the thick finger probed deeper and deeper into the boy fiery hot core. Todd felt the prostate and began to massage it.

Alex groaned with the intense pleasure, "Oh fuck daddy that feels so good."

Todd went back to rapidly bobbing his head on the head of Alex's boner being sure that the precious drops of immature boy cum would land on his tongue. Alex's mimicked what his daddy was doing and finger fucked his daddy while he rapidly bobbed his head on the huge flared cock head. Father and son were rewarded as precisely the same moment as they simultaneously climaxed. Todd was delighted as the boy ejaculated a lovely stream of sweet immature boy cum. Alex enjoyed the salty taste of his father's cum. Alex savored the salty tangy flavor of the thick semen on his tongue.

Alex really loved their new intimate relationship. Being naked with his family like this and having sex was so awesome.

"Let me taste it Alex." Katie told her big brother as she climbed across her naked dad to be able to kiss Alex. Brother and sister entwined their bodies and had a very long passionate kiss. When they broke the kiss Alex told his 10 year old sister, "God Katie...you are so fucking hot." They snuggled together.

"Mom can Katie spend the night with me?" Alex asked his mother with a mischievous grin.

"Oh good Lord...aren't you two tired yet."

Alex had a lopsided grin. He was kneeling on the bed and he leaned back so that his hips were resting on his heels.

His little sister reached over and pulled his boner down with her fingers and then let it snap up with a loud slap.

Lynn just shook her head with disbelief. She couldn't believe that 24 hours ago these kids were still virgins and now they are total sex maniacs. Katie grinned and pulled her big brother by his hand and they headed off toward her room to spend the night together.

As the kids left, Todd pulled Linney into his arms and kissed her deeply he eased his throbbing erection into her steaming hot pussy. This is so amazing. Last night we watched our kids take each other's virginity. Tonight we each had intercourse with one of our kids. My son gave me an amazing blow job and I got to taste his clear cum. And now our sweet little girl is dragging her big brother to her room to do who knows what to him.

Todd was thrusting hard in to Lynn's over heated pussy. Linney I have to confess that as I made love to my beautiful little 10 year old I imagined that she was mature and fertile and I was filling her with my cum.

Lynn groaned and wrapped her legs around Todd and pulled his thick cock deeper in her pussy.

"Oh wow...me too. I imagined my sexy boy mature enough to fill me with thick creamy hot cum and he was inseminating me."

They both groaned as another powerful orgasm swept over the two of them simultaneously. Their hot body ground together as they imagined the unimaginable and brought each other to unbelievable sexual heights. Their bodies ground together for what seemed like the never ending orgasm. They held each other in a post orgasmic glow locked in intercourse as they drifted off to sleep.

### **Katie and Alex sleep together...**

When Katie and Alex crawled into her bed, she pulled his naked body against hers. She kissed him and held him tight against her.

“Alex...I...umm...well...I have wanted to hold you like this for a long time. I didn’t know about all of the sex stuff, but I have dreamed about us being in here and holding each other naked. I wanted to spy on you too...but when you wear that Speedo...well there is just not much I couldn’t see...and when you got all hard in your Speedo at the pool the other day...it made my pussy tingle.” She told him as they kissed. They opened their mouths and tasted each other. Their tongues did a lazy slow sexual dance as Alex’s fingers played with her nipples.

He kissed his way down her neck to first one nipple and then the other. He sucked and flicked them until they were each rock hard. He kissed and licked his way down to her belly button and dipped his stiff tongue in and played around until he had her giggling uncontrollably. He kissed his way down to her beautiful pussy filled with his dad’s thick creamy semen. Alex licked and sucked her pussy until she was moaning and thrashing around with intense pleasure.

Alex could not take it anymore and he mounted his little sister and the two rutted wildly until both of them had another orgasm. They lay there in each other’s arms joined together. Like their parents they drifted off to sleep joined as one.
