

Hello, and welcome to my collection of erotic fiction.

In this text file, you will find some information about my stories. Scroll down for a full index with summaries and story codes.

ABOUT THE AUTHOR AND STORIES...

I'm a 30-something single gay man who lives somewhere in North America. That's probably already more than you need to know.

All of my stories feature at least one pre-adolescent boy. If you're looking for stories featuring girls or focusing primarily on adult characters, then I'm afraid you've come to the wrong place.

In some of my stories, the boy is paired with other boys, while in others he is paired with adults. The stories may or may not include incest, masturbation (solo or mutual), oral, and anal. I have so far stayed clear of things like watersports, scat, bondage, fetishes, rape, bestiality or snuff. I have no plans to venture into those areas, although I sometimes try to push myself outside of my comfort, just to experiment.

My stories are all 100% fictional. They are pure fantasies. I don't condone the acts depicted. I don't base my characters on people I know or the situations on things I've experienced. I try as much as possible to make the characters come alive and seem real, but I make absolutely no claims to psychological realism, especially in terms of how children react to sexual contact. I don't want anybody to read my stories and come to the conclusion that eight-year-old boys enjoy getting fucked up the ass by their fathers. I'm not saying that they do or that they don't. I have no comment on that. In my stories, some do. And that has nothing to do with what real boys in the real world like or don't like.

I enjoy receiving e-mail from my readers. If you like my stories, I encourage you to take a moment to send me a few lines. Tell me which stories you liked best, how they made you feel, what parts made you cum, how many orgasms you had, what else you would have liked to see the characters do, etc. The only things I would ask you NOT to send me are (a) photos, (b) links to any illegal material online, and (c) descriptions of illegal activities. If you want to tell me about your fantasies, that's cool. If you want to tell me about the boy you molested last year, that's not cool. I don't want to know about it.

Thank you for reading. I hope you enjoy my stories. And if you don't, well, I hope you find something else to your taste on ASSTR. There's a wealth of material out there. Have fun.
