Chapter 2

The entire family, after looking around the campsite, immediately started doing their assigned set up camp chore. John and Justin went looking for any firewood they could find and June and Judy started getting the motor home prepared by extending the pop-outs and the awning. The guys returned quickly and told the girls it didn't look good for firewood and besides it seemed pretty dry and they would hate to cause a grass fire. Everybody was a little disappointed but knew it for was the best and they could still fire up a charcoal grill for smores if they wanted, it wasn't the same but it would be fine.

John and Justin got the fold up picnic table and chairs out from the storage under the motor home and everybody sat down to talk about the weeks ahead. John told them that they all needed to keep an eye out for rattlesnakes in the rockier areas but other than that they would be seeing a lot of wild life and he for one was looking forward to enjoying the animals. They all agreed and Justin asked about cougars and bears. John said there might be some cougars but he

didn't think there would be any bears but reminded everybody they were in the animals territory and the animal had the right of way and to respect them and if they saw any to leave them alone and just look at them. Judy said she would like to be able to pet some of them but knew that wouldn't happen with a wild animal. John said he thought they would all be fine and asked if anybody was interested in going for a swim. Judy jumped up and told him she would and went inside to get some drying towels and a beach blanket to sit on. She came out, grabbed John's hand and told him she was ready and to get out of his chair since it was his idea. They started to head off to the lake and June and Justin stayed behind, June said they would join them shortly as she wanted to talk to Justin for a few minutes alone. John said to join them as soon as they could and he being in tow by her as she was ready and anxious to try the water.

As soon as John and Judy were away from camp and could no longer hear them, June looked at Justin and asked him what he thought about the question the boy back at the gas station asked him about him fucking Judy. He told her that he was mad and all he wanted to do was punch the guy for thinking that as Judy was his sister not his girlfriend. June told him to put himself in the boy's shoes and if he saw two teens get out a motor home, holding hand as they were, and they were naked what would he think. He thought about it for a couple of seconds and told her, he would have probably thought the same thing. She then threw a bomb shell and asked him if had ever thought about her or Judy in a sexual way. He blushed and stammered and finally looked away and said yes. She reached out and took his face in her hand and turned him so he was looking at her and said there was nothing to be embarrassed or ashamed about. He asked her what she meant and she told him that he was a teen boy and even though she and Judy were family, he saw them nude all the time and it was natural for him to think sexual thoughts. She went on to tell him that he and Judy were very attractive and sexy. This caused him to look at her

with a strange look and she told him that she was human also and sexual thoughts do happen even with adults. He asked her if she had thought about him in a sexual way and she said until the gas station stop today, it had only happened once about a year earlier but after the stop today she had been thinking about it several times and it was hard to not think about it. That is why she wanted to have the talk with him.

He asked her why she wanted to talk about it. She told him since they were going to be living in such close quarters for the summer, and that her and his father were very sexually active, that he and Judy would hear and maybe see them having sex. Justin asked her what made her ask him about him having thoughts about her or Judy and she told him that she knew he masturbated and it was okay if he needed to do it if he got aroused by them having sex. He asked her what that had to do with Judy and she told him that she was going to have the same basic conversation with her and if she wanted to pleasure herself it was also okay. June told him that they may also see or hear each other and if that was to happen they could try to ignore or, she couldn't believe she was about to say it, they could help the other one out. Justin asked her what she meant by helping the other one out and she told him that she enjoyed it when his father helped her achieve orgasm by masturbating her and she helped him. Justin tried to understand what his mother had just said and finally he looked at her and asked her if she was saying it was okay for him and Judy to have sex together if they wanted. June told him that was exactly what she was saying. She went on to tell him that she was finding the idea more exciting as they were talking, in fact she was getting turned on and they had better go down to the lake and go swimming or she was going to take him to bed and fuck him. She looked at his dick and saw that it was as hard as any dick she had ever seen and she asked him if he wanted to go have sex with her or go

swimming. He told her he thought they had better go swimming as he didn't want them to get caught by John and Judy if they came back and didn't see them.

June stood up and reached out her hand to Justin. He took it and she helped him up and wrapped her arms around his neck and gave him a deep French kiss. This shocked him at first but he soon returned the kiss. She finally broke it off and they walked down to the lake, his hand on leading the way. By the time they reached the lake he was soft again which he was thankful for as he didn't want to have to try and explain. He jumped in the lake while June sat on the blanket and watched. She got John's attention and asked him to come and sit beside her. He did and as he sat down she gave him a kiss just like she had given Justin back at camp. He asked her what brought that on and she told him that she loved him and thanked him for bringing the family to this beautiful place. They held hands and just watched their kids enjoy the water and finally June told John she had something serious she needed to discuss with him.

He gave her a look of concern and she told him they needed to talk about them having sex and the kids. He asked her to explain. She told him how she had told Justin that they would be having sex while they were there and the kids were bound to hear and maybe see them. She told him how she had told Justin it was okay for him to masturbate and with hesitation she told him she had also told him he and Judy could help each other out. John looked at her and asked her if she had told Justin it was okay for him and Judy to have sex and she told him that they had talked about masturbation only. She looked at the ground and said there was one other thing. He told her whatever it was it was okay for her to share. She finally looked at him, with a tear in her eye, and told him that she had kissed Justin and had almost taken him to bed and fucked him. John thought for a moment and told her that he had kissed Judy after they had arrived at the lake

and he had thought the same thing with her. The two of them then hugged, kissed and told each other how much they loved the other and they knew their family life had just changed forever.

John looked out at the lake for the kids and didn't see them at first but then he caught site of them over in a shaded area away from direct eye contact. He told June to look and they saw Justin and Judy locked in a passionate kiss. John told June they had better prepare themselves at it looked like it was going to be a sexual vacation as well as the nude one they had planned. He told June it was a good thing they had put Judy on the pill and that she had had her tubes tied as he expected them to become a loving family. June stood up and grabbed his hand and told him she had not been in the water yet and to follow her.

They went down to the water and swam over to where Justin and Judy were the kids had stopped kissing as soon as they heard their parents jump in. June swam up to Justin and John went to Judy. June was able to stand and put her arm around Justin's waist and said she had something to tell them all. Judy and John had their arms around the other's waist as well. Judy asked her what. June said her and their dad had talked about how they were going to having sex while there and Judy and Justin would hear and probably see. Judy said "Okay, so your point is?" John spoke up and said he had seen them kissing and they were giving them permission to enjoy each other if they chose to do so. Justin look at his mom and asked her if it was actually okay for him to have sex with Judy and to answer him she took his face in her hands and gave him another huge kiss. When she finally broke it off, she looked at him then to John and Judy, and told him he could have sex with her also if he wanted. Judy gasped and she looked at John, he nodded his head and asked if he could kiss her. She told him he could and pulled his head down to meet hers and they had their first French kiss. John finally broke it off and told the family he thought it was time for them to get out of the water and have a family chat.
