Chapter 4

Back at the motor home, the girls had gone inside and they went straight to the master bed. They sat down and June asked Judy if she was sure about all this and Judy told her she couldn't wait to see what woman to woman sex was like even though she didn't know what man to woman sex was like. She looked into her mom's eyes and told her that she loved her as a mother and now she was about to love her as a lover. She then leaned into her mom and kissed her. They kissed long and hard and by the time they broke apart they were both breathing hard and sweating. Judy told her mother how much she liked kissing her and if she was going to eat her pussy half as good, she thought she might die. June told her for somebody who didn't really date and had no sexual experience, it was her not Judy that was going to be in for a treat as Judy was so good. She laid Judy back on the bed and they went back to kissing. June slowly broke off the kiss and started her way down Judy's body. She kissed her face all over not missing a spot.

She took her time as she wanted them both to enjoy their first woman to woman sex as well as their first time together. June also wanted Judy to enjoy it since it was her first time with anybody except herself alone. Judy's eyes were closed and she was trying to breath normally but as June kissed her neck and then moved down to her shoulders, Judy started breathing more and more irregular. Judy had her hands on her mother's head and tried not to push her down her body but it was had and finally June told her to relax and let her take her time. She looked up at Judy's face when she said it and Judy looked down at her with glassy eyes and told her she would try but it felt so good and she couldn't wait to feel her mom's tongue and mouth on her pussy. June told her it would happen and to enjoy the anticipation.

The guys picked up the blanket and headed back to camp expecting to find the girls sitting outside talking but instead found an empty camp. Justin started to open the motor home door when John told him they should probably leave the girls alone and let the do what ever they were doing without interruption. Justin asked him if he thought they were in making love and John told him they probably were but even if they were just in talking they need privacy. John reached into the outdoor refrigerator and grabbed two beers, tossing one to Justin. Justin caught it but because it startled him he shook it some, he knew better than to open it until it sat for a minute unless he wanted a beer shower. He looked at John with a questionable look at John told him they were in the middle of nowhere and he thought it would be okay for him to have a couple of beers while they were there. They sat down in lawn chairs and before they knew it, they both had fallen asleep.

Back in the motor home, Judy was having a hard time staying still and not shoving her mom's head down to her pussy. June was kissing every part of Judy's body she was truly making love to her daughter. June reached Judy's left boob and licked and kissed it and finally she took

her nipple in her mouth and sucked on it while teasing it with her tongue. This cause Judy to moan and tell her mom how good it felt and she thought she was going to cum without her even touching her pussy. June let go of the nipple long enough to tell her to go for it as there were plenty of orgasms to come. She switched boobs and did the same to Judy's right one and as soon as she sucked the nipple into he mouth Judy started cumming. Judy yelled out "Yes, I'm cumming." June reached down and put her finger at the opening of Judy's pussy and was instantly soaked with girl juice. Judy was a squirter and this pleased June as she was also. She thought about how many times they had to change the sheets on their bed after a night of sex because she soaked them so much when she came.

Outside the motor home John woke up just in time to hear Judy yell out that she was cumming and knew it was her voice and wondered what June had done to cause it. He shook Justin and told him to listen. Judy continued to moan and encourage her mom to suck her tit and play with her pussy. The noise of the action inside caused both guys to start getting a hard on and when Justin looked over and saw his dad hard he asked him if he wanted to make each other cum again or should they wait for the girls. John told him he wanted to wait for the girls as he could only cum so many times a day and this time he wanted it to be with one of them. He told Justin if he thought he was up to more cums later he would love to suck him off, Justin said he could cum at least four or five times a day and he would love a blow job.

John got down on the ground in front of his son and reached out for his dick. He stroked it a couple of times and then bent down and gave it a lick. Justin already had some pre-cum starting to drip and John licked it up and looked up at his son and told him it tasted good. He then got serious and sucked Justin's entire dick into his mouth and when it started to enter his throat, he swallowed allowing it to enter. John didn't gag and he knew he wouldn't as he had a very

high gag reflex and could stuff anything in his throat without gagging. He and June had a strap on dildo they liked to use on him at times and he had sucked on that a few times for fun. He sucked it mainly for her as he wanted her to blow him he thought it only right if he blew her as well, even though it was a fake dick.

John sucked Justin and looked up occasionally to see what his son's reaction was and each time Justin had his eyes closed and a huge smile on his face. John took his mouth off him and told Justin how much he loved him and couldn't wait to taste his cum. Justin opened his eyes and looked down at his father and told him how much he loved him too and thanked him for bringing them on this vacation. John by this time was back sucking Justin and it only took a couple more minutes and Justin said he was going to cum. John kept sucking and when he felt Justin's dick start to grow, he knew it was time and pulled off just leaving the head in his mouth and Justin came. He kept cumming and cumming but John was able to keep up and soon Justin stopped and John kept the last bit in his mouth and moved up to kiss his son. He started to kiss him and Justin naturally opened his mouth to accept his father's tongue in a French kiss and received a mouthful full of his own cum at the same time. This surprised him but they swapped it back and forth for a couple of minutes until John broke off the kiss and they both swallowed. Justin could only say "Wow" and thanked his dad. He said he had tasted a small amount of his cum before but never thought he would ever taste it out of his father's mouth. John told him he had received his cum from June many times through the years when she gave him head. She told him if she had to taste it, he could also. John told Justin he actually liked the taste of his own cum and he enjoyed the taste of Justin's as well. He said it had a slight sweet flavor to it and contributed it to all the soda Justin drank. About that time they heard June cry out she was cumming, from inside the motor home.

Inside June was cumming in buckets in her daughter's mouth and she knew without looking that Judy was completely soaking wet and knew they would be taking the bed outside to dry off in the sun. Judy didn't let up and continued eating her mom's pussy and finally she lifted her head and looked at June, who was looking back with a huge smile on her face. Judy told her this was the first time she had ever tasted another woman's pussy juice and June had better expect it not to be the last as she was going to eat her pussy as often as she could and dove back in for more. June push her away long enough to tell her to bring her pussy up to her and they could eat each other at the same time. Judy didn't have to be told twice and quickly turned her body around and sat her pussy on her mom's face as she went back to eating June with gusto.

Judy was hooked on her mom's pussy. She used her fingers to open it up and for fun blew into it, causing June to shudder and with a muffled voice told her that was not nice and she blew into Judy's pussy. This caused Judy to jump and she told her mom she wouldn't do it again, but knew she would as it actually caused June to start to cum once again and this time she squirted so much that Judy had a hard time swallowing it fast enough. As soon as her mother started cumming Judy did also and she squirted the most she had ever done and June swallowed it all without missing a drop. She just opened her throat just as she did when she was giving John head and he started to cum, it just flowed down without any problems. Finally June pushed Judy off and told her they had probably been at it long enough and she would bet the boys were wondering where they were. Judy told her they were probably outside listening and wishing they were inside fucking them both. What the girls didn't know was the boys had been having their own suck off and did indeed hear it all.

(End of Chapter 4, which guy gets Judy first?)
