Chapter 8

The family arrived back in camp where Judy grabbed a beach blanket and headed toward the water. She looked back over her shoulder and told the rest of the family she was going to the water and if anybody wanted a piece of her ass, to follow or they could all just forget it. June looked at her husband and son then told them she thought they should go call Judy's bluff and both gang up on her and double team her. John said he liked the idea and Justin said he wanted her pussy. John said he was going to fuck her in the ass-hole and she could eat her mother's pussy at the same time. June hollered out to Judy that they would all be there shortly and to spread out the blanket.

Judy reached the waters edge and spread out the blanket and lay down to look up at the sky and daydream. She had not laid there long and the rest of her family joined her. She saw them coming and made room for them to lay with her on the blanket. Judy laid next to her on one side and her father on the other. Justin laid face down toward her crotch, looked up at her and asked her if he could eat her pussy. She replied by spreading her legs wide and said lunch was

served. He didn't ask twice and dove right in. He ate her with gusto as her mom and dad each started sucking and playing with her boobs. This caused her to instantly start moaning and it wasn't but a couple of minutes and she started cumming all over her brother's face. He drank as much of her pussy juice as he could and it still dripped off his chin when he lifted his head up to see what else was happening to her. She had a death grip on both her parent's heads and was finally able to relax somewhat. June asked her if she was ready for an experience of a lifetime. Judy asked what it was and June just told her she was going to be fucked in a way few women had ever done. Judy asked her if she had ever done what she was talking about and was told "Yes" but it had been a very long time ago.

June told Judy to move and for Justin to lie on his back. Justin did as he was told and Judy was told to climb on top of him and put his dick into her pussy but to relax after she did it. The kids did as instructed and then June told Judy to get ready as her dad was going to fuck her in the ass-hole at the same time. Judy said she wasn't sure about that and June told her if she decided she didn't like it, she could just say so and they would quit. She looked at her dad and asked him to be gentle with her, he told her he was always gentle with her mom when they ass fucked until she got used to it. She told him to go ahead but before he was able to climb on, June went to work licking and eating Judy's ass-hole getting it ready and wet with her saliva. As soon as she thought Judy was ready she moved and asked John it take it easy on her. John slowly inserted his dick into his daughter's ass-hole and as soon as he bottomed out he stopped to let her get used to the feeling. June asked her how she was doing and Judy told her, other than feeling totally full, she was okay. June said there was one more hole she needed filled. Judy looked at her with a questioning look and about that time, June lie down in from of her and put her pussy close to Judy's face. Judy instantly understood and immediately started eating her mom's pussy

with vigor. She stopped long enough, after a couple of good licks, and told the guys to fuck her but start out slow so she could get used to the feeling. It wasn't long before the guys had developed a rhythm. When John entered, Justin pulled out and visa-versa until John announced he was going to cum. This caused everybody to start cumming and soon the guys had pulled out and June had backed away. Everybody laid there catching their breath and it was Judy who spoke up first.

She said she wanted to thank everybody for her first gang bang and she informed them it was not going to be her only time as she actually liked it. She looked at her mom and told her she had lots of cum dripping out of her and asked if she was interested in eating it. June said she would be happy to but before she could move, Justin dove in and said he wanted to eat it. He said he would share with her if she wanted. June moved down and the two of them cleaned Judy up and there was not a drop or dribble to be found. June and Justin went into a deep French kiss, sharing what they had in their mouths with each other. Judy asked her dad to kiss her and he did. As soon as she was all cleaned up and she and her dad finished kissing, she said she wanted a nap and for everybody to leave her alone.

They all told her they would and got up, jumped in the water and played. It didn't take Judy more than about a minute to fall to sleep and June told the guys she thought they should all move to someplace else and give Judy some peace and quiet. They agreed and the three of them went back to the motor home where they sat down to play some cards and talk.

Justin brought up heading into town where he and Judy could catch the bus for Washington to get the Jeep and anything else they should bring back with them. John said he initially thought before they could wait a few more days but had changed his mind and since it was about an hour into town, he thought they should wait until morning. June said she thought

that was the best idea and Justin could only agree. They looked down toward the water and saw Judy was still sleeping soundly. June told them they should think about what they might need, besides the Jeep. John said he was sure they would think of many things, mainly thought of some additional food and another generator. June asked why another generator and John said he thought maybe the kids could bring back some wood and tools so they could build a storage building. June reminded him they did not own the property and he told her he knew that but had total confidence they would and even if they didn't buy it, a storage building would be nice for whoever did. She said she thought it might be okay and agreed.

Judy finally woke up from her nap and joined the rest of the family. June asked her how she felt and Judy told her she was fine and she didn't even hurt. She said even though she had just started having sex, she couldn't imagine another time in her life that she felt so good and so loved. She said it was not something she would do everyday but would do it again and again and then she added again once more for good measure. She took her mom's hand and looked at her and said she was correct earlier and June asked what she was talking about. Judy said she had indeed turned into a horny bitch and if they wanted to they could also think of her as a horny slut as she knew she wanted to have sex often from then on. Justin said he would never consider her as a slut. She laughed and thanked him. She asked him what his definition of a slut was and he told her any woman that would fuck anybody that came along. Judy told him they had not been in town since she had sex the first time so he needed to hold his decision on her until then as she thought she might just fuck anybody she could without question. June told her she should not, as there were lots of bad things she could catch and some of them could kill her. If she wanted to fuck a large number of guys, it was okay but to be selective. Judy said she hadn't thought about all that and promised to be careful. John said he thought she should not be in a rush and stay with

her family only for a while. He took her in his arms and held her and said he loved her and didn't want her to get hurt and if she started fucking around a lot she could be.

Justin told her they were breaking camp in the morning to take the two of them into town where they would catch a bus back to Washington to get the Jeep and a few other items. She said she was excited to do that except having to wear clothes on the bus. June told her she would be wearing clothes and not to argue, she could be nude again as soon as she and Justin were at the house and she could stay naked while they traveled back down. They all sat and made a list of the things they should bring back with them and finally whittled it down to the necessities, along with the tools and lumber.

June said she thought they should think about dinner and grabbed Justin's hand and told him he was helping her. As soon as they entered the motor home she wrapped her arms around him and kissed him. She broke it off and said he was sleeping with her that night and Judy was sleeping with his dad. He told her he was okay with the idea. They started getting things ready for dinner and he took the meat out to grill. When they opened the door they saw John and Judy on the blanket and she was on top riding him cowgirl style. She was bouncing up and down so hard her boobs were all but hitting her in the face. If they would have been any bigger they would have. Justin just walked around them and started the grill for the steaks. He asked his mom how much time she needed to finish with her part of dinner and she told him by the time the grill was hot and he had the steaks done, she would be finished also. She added she wasn't sure about the two horny people though and laughed. Neither John nor Judy reacted and continued doing what they were doing.

Soon the meal was ready to eat. John and Judy were exhausted from their fucking session but June told them they were going to eat regardless as they needed the food. None of them had

eaten much that day. The conversation quickly turned to the property and the development of the nudist community. John said he knew enough about the business end of things but they needed to look into a builder/developer for the construction side of it. June said she thought Ken, back home, could help with that side of it and she added it was rumored they were one of the family loving families. John told Justin to check it out some when they were there. John said he would talk to the Ken himself but for the kids to check out the rumors if they could with their friends. Judy said she was pretty sure the rumor was true as Kelli, the 15 year old daughter, had let something slip recently about loving her dad a lot but everybody just brushed it off as normal love. Justin made comment they had two girls and the other one was his age, he then added she was “Hot”. Judy asked if she was hot and was told by all that not only was she hot but she was steaming and they were not saying it because she was family. Judy thanked them all and said she was going try to seduce Kelli while she and Justin were home to find out if the rumor was true and that would also help bring the family into the community in Oregon. June cautioned her to be careful to start, as they didn’t want the world to know they had become such a loving family. Judy said she would and told Justin he should work on the other girl, Kris, as well since they knew each other. Justin said he would and assured them before they even said anything, he would be careful as well. He told his parents the girls parents were Ken and Kathi, and John said he knew who they were and was sorry they hadn’t got to know then better before then. June said she had talked to Kathi a few times but never took the time to get to know her either. She chuckled and said; “Isn’t it sad, we live so close but don’t even know our neighbors that well”. She added she knew they were part of the nudist side of the neighbor as she had seen Kathi out working in her flower beds nude several times. Justin said he had seen the girls outside nude a couple of times, as well as Ken, so he didn’t think nudity was going to be an issue for sure.

It was decided, they would all go into town the next morning, drop Judy and Justin off at the bus station for them to head north. June and John would get supplies for back at camp as well as talk to the locals, in a casual way, to see what their thoughts were about nudists in general and if it seemed favorable they might bring up the community. Judy and John cleaned up the dinner mess, since Justin and June had cooked, and everybody went inside to enjoy another night of family sex. June told the guys it was her turn to be double fucked and she was going to eat Judy's pussy until she sucked Judy's brain out through it. This caused them all to laugh and Judy said she was looking forward to the experience.

(End of Chapter 8, the kids head home)
