Chapter 10

George and Peter met their wives at the local café and when they sat down George asked Peter what he knew about the new family. Peter told him he found out John had done well in the IT business and was self employed. He added it looked like they had plenty of money as his check had cleared the bank already. George asked if he thought they were going to be any trouble when it came to all the family sex that happened in Lakeview. Peter said he wasn't totally sure but it seemed like the kids and parents were awful friendly in a sexual way. George asked him why he thought that. Peter told him the family was real touchy feely and it looked as though they could have gotten more so but caught themselves when they remembered they were in his office. Patsy, Peter's wife, asked what the family looked like and Peter told her they were all attractive and fit. Ginny wanted to know their ages. Peter told her the kids were older teens and the parents didn't look like they were even in their forties yet. Ginny said she was getting horny just thinking about a new incest club family in town and looked at Patsy and asked her if she felt the same way. Patsy told her that her pussy was getting wet just thinking about a new teen girl to

play with and hoped Peter was right and the family were all bisexual like most of the town. She reached over and gave Ginny's boob a squeeze and asked if anybody was really hungry as she was so horny all she wanted was her lunch time fuck and didn't want to wait. George laughed and told her she was always the horny one and he could skip lunch if the rest of them could. Peter and Patsy didn't answer but stood up and called out to Betty the waitress to put lunch on hold until the next day. She looked out and said she would and not to make too big a mess where ever they ended up, she knew they were of to go fuck and wished she could join them as she had a few times in the past.

Justin, Judy and Amber arrived in Seattle and jump on the local transit to take them to near their home. Judy and Amber were still sitting together, now holding hands most of the time. Justin hoped he was in for a fun night with the two girls, he just wondered if they felt the same way. They finally arrived to their home and Justin carried their bags inside. Amber said she couldn't help but notice the "Clothing Optional Neighborhood" sign when they started down the street and asked Judy what it meant. Judy looked at Amber then to Justin, who nodded his head, and instead of answering her with words she stripped off all of her clothes and told Amber it meant that many in the neighbor, including her family, were nudists or nude most of the time. This caught Amber by surprised but her shocked looked on her face quickly turned into a huge smile and she said her family were nudists as well and stripped off her clothes. Justin watched Amber reveal her body to them for the first time and the more he saw the more he liked. He already knew she was attractive but when she dropped the last article of clothing and stood up saying; "Now I feel better without those nasty clothes on" he could feel himself getting hard and decided to head to the kitchen and see what was there to eat. He knew there would not be much in the refrigerator as they had planned on being gone for the entire summer so had cleaned it out

pretty good. He could hear the two girls talking and decided to strip while he was in the kitchen. He found some pork and beans in the pantry, opened the can and stuck a spoon in. He walked back out to the living room, where the girls were, eating the beans directly out of the can. He was greeted with the sight of Judy and Amber making out on the couch.

The girls stopped when they heard him enter, as he was not quiet and was asking them if they...and he stopped in mid-sentence when he saw them. They turned to look at him and it was Amber who spoke first. She said she had been attracted to Judy from the second she saw her on the bus and asked Justin if he had a problem with her and his sister. To answer her, his dick immediately became hard and he could only grin and say not if he could join them. She looked at his dick and said he was welcome later but she wanted to get to know Judy better first. He gave a fake pout and said if that was the way it was then he guessed he could wait. Judy told him he could wait and she would help make it worth his while. He asked if he could watch and Amber said only if he played with himself and when he was ready, to shoot his cum all over them. He sat down, put the beans aside, and grabbed his dick and started jacking off. Amber and Judy got on the floor in a 69 position.

Back in Lakeview, John and June had looked all around the main parts of town and thought they had seen just about everything until they saw a shop sign down a pathway between two buildings. They walked back to see what the sign said and saw that it was a small sex toy and adult book store. They looked at each other and smiled. John held the door open for June and they entered. Inside they found the store to be crammed with many different sex toys and books as well as DVDs. They started looking around and found that most of the books and videos were of the incest nature. They also saw some of the typical male-female, female-female, male-male, older-younger, and then they saw a small section on BDSM and animal sex. They had never

explored either idea, the idea of the animals turned them off but the BDSM was something new they both realized at the same time they wanted to see. They picked up a couple of the videos and found they were Master-female submissive type. John looked at June and she smiled and said she would never be totally submissive to him so he could get that idea right out of his head. They put the videos back on the shelf and started looking at the incest collections. Incest seemed to be the biggest theme of the store and finally June could not wait any longer and she went up to the young woman behind the counter and asked her why so much incest stuff. The woman, who introduced herself as Paula, said it was her parents, as well as Aunt and Uncles store and that is what they liked. June looked at her close and asked her if she was any more than 18 and the girl said she had turned 18 two weeks before. She asked why she wanted to know, June told her they had an 18 year old daughter and she could see her working there. The girl asked if they were new in town as she had never seen them before. John said they were on vacation and were staying on the lake property in fact, he told her they had just made a down payment and signed papers to buy it. Paula asked if he had done business with her dad Peter. June said they had indeed. Paula smiled and welcomed them to the town and hoped they found it to their liking. June said her dad had mentioned the town was nude friendly but they had not seen anybody nude. Paula said it was not an everyday thing as people would go nude one day and stayed clothed for a month, it was just how they felt at the time. June asked her if it was okay if she got nude in the store and Paula told her she was welcome to and handed her a bag to put her clothes in. Paula watched June as she took off her clothes and could feel herself getting wetter and wetter with each article June took off. John was watching Paula and could tell something was up with her but could not quite put his finger on it.

Peter and George and their wives went to Peter and Patsy's home, as it was the closest. They were barely in the door when Ginny started dropping her clothes on the floor. The rest of them quickly followed and all were soon naked. Ginny grabbed Patsy and said she was hungry for pussy that day and told Peter he was stuck with George. Peter said he had no problem with George, other than he needed a shave. Peter was referring to George's pubic hair as he had not shaved for a few days and it was short stubble. Peter said if it gave him stubble burn, he was going to pluck each one out individually. George told him they could go to the bathroom and shave each other, since Peter needed it as well. They headed to shave while the gals went to the master bedroom. As soon as the women got into the bedroom they jumped on the bed and immediately went into the 69 position.

Ginny and Patsy had been having sex with each other since they were somewhere around the age of 10 or 12. They knew which buttons to push on the other one and knew just when to push them. Today, they were only interested in getting off as fast and as hard as they could. Ginny knew that if she wanted to get Patsy off fast that all she had to do while she was eating her was to stick her finger in her sister's ass as deep and as hard as she could. Ginny stuck her tongue out and licked Patsy's ass and ate it a bit until she moved to her pussy. As soon as she got there, she sucked Patsy's clit deep into her mouth and gave it a little nibble. This drove Patsy nuts quickly and just before she did the same thing to Ginny, she told her she had better be ready for the same treatment, if not worse and she laughed. Patsy buried her face into her sister's pussy, paying close attention to her Ginny's inner lips. Ginny liked them chewed on and pulled as far as they would stretch. Patsy chewed on Ginny's lips as Ginny was sucking her clit into her mouth as far as it would go. The girls did this to each other for less than five minutes when Ginny stuck her finger into Patsy's ass as far as she could get it and wiggled it around. It took

about two seconds for Patsy to start cumming and all but drowned Ginny with her cum. Patsy, not to be the only one cumming, sucked and nibbled on Ginny's pussy lips and stuck two fingers into her sister's as deep as she could get them and started rubbing her "G spot". Ginny started cumming hard as well. Neither of them was a squirter but they did cum in large quantities. Soon the bed was soaked with their cum as well as their faces, hair and necks. The guys had finished shaving each other and entered the room at the time the girls started cumming and George looked at Peter and said to him the Patsy would have to be washing the sheets again. Peter said they had plenty of clean sheets so she would probably just put them in to soak.

The sight and sounds around them cause their dicks to be as hard as they had ever been. The two couples got together on a regular basis but there were times it was more exciting than another. This was one of those times and they figured it could be because of the new family. The guys reached out and stroked the other's dick slowly while the watched the girls finish cumming and come back to earth. As soon as they were able, Ginny and Patsy separated and looked toward the guys. Patsy asked if they liked the show and George said it was the best they had seen in some time. He asked if the new family had anything to do with them being so turned on and Ginny said it might be, she didn't know. She looked down at the guy's dicks and said it was their turn to put on a show. She said she wanted them to do same time fucking. George and Peter had figured out how to fuck each other in the ass at the same time. The couples traded places and the girls sat on the love seat Patsy had in the room. The guys sucked each others ass to get the wet and ready for fucking and finally sucked each other's dick into their mouths. They soon were lining each other's dick to their own ass and slowly entered. George was the first to bottom out followed by Peter seconds later. It didn't take them long to get used to the feeling as they ass fucked often. Because they were in this position, they could not fuck very fast or hard but that

didn't matter to them. They fucked each other and the women came over. Patsy lay down in front of George and Ginny in front of Peter. The guys dove in and started eating the pussy in front of them. George and Peter announced they were cumming and came in the ass they were fucking. They went soft and fell out. They turned around and got into the 69 position and ate each other, sucking up their own cum and swallowing it down.

At the adult book store, June was standing there naked talking to Paula. She told Paula how cute she was and asked her if she ever got naked, then added at the store. Paula said she was naked at the store more often than not but for reasons unknown to her she decided to wear clothes that day. She asked June if she would like her to get nude. June told her it was up to her but she would love to see her cute body. Paula immediately started to strip. She took off her shirt, leaving her bra in place. It was a cute little lacy number and June thought she saw something shiny through it. Paula took off her shoes and pants. As soon as her pants were off her panties quickly followed. She put her shoes back on because the floor was always cold. The only thing she had left to remove was her bra and she reached behind her back to unclasp it. She was being a bit of a tease, June decided. Paula held the bra close for a second and looking at June in the eyes, dropped it on the counter. She smiled and reached out for June's hand asking her to touch her. June looked at the young girl's boobs and realized why she saw something shiny. Paula had both of her nipples pierced and had a ring in each one. June reached out and touched her first ever pierced nipple and asked if they hurt. Paula told her they did when she first had them done but they were well healed. To show them, she grabbed the rings and pulled. June winced but still touched them and bent over the counter to suck one into her mouth. John just stood there staring and rubbing his dick through his pants. Paula saw him doing this and told him to get naked with them. He didn't have to be asked twice and stripped fast.

Paula came around the counter and asked June if she would like to go to the fuck room. “Fuck Room?” June asked her. Paula went to the door, turned the sign to Closed, locked the door and told John to follow them. She took June’s hand and led her to the back of the store, through a curtain. Through the curtain they entered a hallway that led them to a door that was painted green and had a large gold star on it. This made John chuckle when he saw it and Paula asked what was so funny. John said he had seen a porn movie many years before named “Behind the Green Door” and it just brought back the good memories of it. Paula opened the door to show them a room set up specifically for sex in just about any fetish. The room was about 20 foot square so it was not small and had bondage equipment as well as a regular bed. June looked around and said they were set up for anything. Paula said they never knew what anybody wanted to do there so they set it up to try and cater to all types of sex acts. She looked at June and with a small amount of hesitation asked if they had ever tried sex with a teen? June looked at John and didn’t know exactly how to answer her. She finally said they had and left it at that, not sharing they had sex with Justin and Judy as Paula had not met them yet. Paula said she had been having sex for about fours years now and really enjoyed it. She said her dad, she stopped and went oops. June said what about her dad. Paula changed the subject to ask them what they liked. John and June smiled at each other and they started telling Paula about some of their favorite things to do in the bedroom.

(This chapter had a lot in it. I hope you were able to follow. We will go back to the kids in Washington in the next chapter. Is Amber going to be part of the family?)
