Chapter 11

We left the kids in Washington with Amber and Judy eating each other's pussy and Justin jacking off watching them. He was told when he was ready to cum he was to cum all over the girls so they could eat his cum off each other. The girls were putting on quite the show for him. Amber and Judy were insatiable and relentless at making out. They ate each other's pussy so hard and as deep as they could get their tongues, their faces were all wet as well as their hair. Justin announced he was going to cum and Amber lifted her face out of Judy's pussy and told him to cum on them and she quickly turned so their heads were together side by side and they both opened their mouths wide. Justin stood in front of them and started cumming as hard if not harder than he ever had before. He came all over their faces and hair and got as much in each of their mouths as he could. He finally stopped cumming and the girls started liking and kissing each other sharing his cum with each other. Justin could do nothing more than continue watching. He never went completely soft and was soon as hard as ever and he started jacking off once again. Amber noticed and told him he could fuck her if he wanted as it had been a little

while since she had had a dick in her pussy, she had just wanted Judy first. She asked Judy if she minded if Justin fucked her and Judy told her she was free to fuck him anytime she wanted as long as she promised to eat her the way she had earlier many, many more times in the next couple of days. Amber told her she would eat her anytime she wanted as she had the best tasting pussy ever and came so much she didn't think she would need to drink anything else to have her thirst satisfied. No more water for her, only Judy pussy juice for her from then on out. Judy laughed and thanked her.

Amber lay down on her back and pulled her knees up to her chest and told Justin to climb on and ride her like a whore. She looked over at Judy and said she was so happy she had met them and brought Judy's face closer to kiss her as Justin stuffed his dick into her hard and deep. As soon as Justin was fully in, Amber wrapped her legs around his back and told him she was hanging on for the ride and she begged him to make it a good one. Because Justin had just cum a few minutes earlier he knew he would not cum quickly and started pounding into her hard and fast. Judy went to Amber's boobs and started sucking on the right one and she was playing with the nipple of the left one. She thought she would try something and bit slightly on the nipple in her mouth and Amber moaned and told her to bite harder. Judy pinched and pulled on the one in her hand and Amber brought her hand up and squeezed Judy's hard causing Judy to squeeze her nipple even harder and Judy could tell it was causing Amber pleasure and not pain. Justin was along for the ride basically as Amber was thrashing around telling him to fuck her hard and for Judy to hurt her nipples even more than she was. Judy bit down on the one in her mouth so hard she thought she was going to bite it off and this caused Amber to cum for the first time while she was being fucked by Justin.

When Justin realized how hard his sister had bitten down he was shocked Amber liked it so much and begged for more. He continued to pound her pussy and decided to find out what she would do if he tried to fuck her ass. He pulled out and before she realized what he was doing he was part way into her ass. She pushed Judy away and looked at Justin for the first time since they started fucking and told him she had never had a dick in her ass before but since he was there to be gentle. He ignored her request to be gentle and shoved himself in the rest of the way without stopping or caring. As soon as he was bottomed out he started the in and out motion and it less than a minute and Amber was begging for him to fuck her ass as hard as he had been fucking her pussy. Judy went back to abusing their new friend's nipples and kissing her. Amber tried to swallow Judy's tongue a couple of times and starting cumming once again. This caused Justin to start cumming as well. He decided to pull out and cum all over her instead of inside her. He pulled out and came all over her pussy, stomach and worked his way up to her face where she got the last few dribbles. She opened her mouth and he stuck his dick in for her to clean and she cleaned it with abandonment. Justin was soon clean and he leaned back and Judy went to work sucking and licking his cum off of Amber and when she got to Amber's mouth they kissed as any lover would. Finally, Amber was clean and they all lay on the floor catching their breath. Amber was the first to speak and she asked them if she had shocked them with her liking her nipples abused. Judy said it did not shock her as much as surprised her as she didn't like hers hurt. Amber said it had started when she first started growing boobs and how her nipples hurt all the time. Judy said she remembered that feeling.

Amber went on to say that she found as they were growing and hurting she was also turned on. She didn't know what it was all about then but quickly found out when her and her parents got together the first time. Judy asked her how old she was when they started and Amber

told her she was 10 and had just started to develop. She said it was her mom, Angie, that started it as one day she was getting ready to take a shower and she and her mom often sat in the bathroom and talked while the other was bathing. They both liked to soak in the bathtub. This particular day Amber said she was going to shower and for some reason asked her mom if she would like to join her, and they could wash each other's back. Her mom thought for a second, looked at her nude daughter and decided to do just that. She stripped and they both stepped into the shower. Amber had not started to grow any pubic hair yet but for the first time noticed her mother had only a small strip of hair where a few months earlier had a full growth. She asked her about it and her mom said her dad, Andy, had asked her to shave it into the landing strip as she called it. Amber said she asked her mom if she could look at her closer, as she could see her pussy really for the first time, she was told she could. Her mom stayed standing and Amber got down on her knees as mom spread her legs giving her better access. Amber looked at her mom's pussy up close for the first time and saw she had inner lips that were slightly longer than her outer lips and she could also see a little bump at the top. She asked her mom if she could touch her and in response her mom reached down and spread her lips open giving Amber full access. Amber said she reached up and touched the bump and her mom shuddered and gasped. Amber quickly stopped and her mom told her it was okay as it felt good. Amber didn't understand and her mom stroked Amber's face, told her she loved her and said it was probably time for them to have "The Talk".

They quickly showered, since they were in there anyway, and after they dried off her mom took her to the master bedroom and they sat on the bed. Angie asked her how much she knew about her body and did she know anything about sex. Amber said she didn't know anything about sex, except she had heard the word and thought it had something to do with boys.

She said she knew a little bit about her body as she knew when she rubbed between her legs it felt good but didn't know why. Her mom told her it was time for her to learn about her body and told Amber she could look and touch her anyplace on her body she wanted including sticking her fingers inside her pussy. Amber asked what a pussy was and her mom rather than telling her laid back on the bed, pulled her knees to her chest and opened her pussy and said that was what a pussy was. She told Amber to get down and look as close as she wanted and it was okay if she touched inside and out. Amber went on to tell Justin and Judy about exploring her mom's pussy that day. Amber told them how after a couple of minutes of her feeling around inside and outside her mom's pussy it was starting to get very wet. She asked her mom why and was told women do that when they get excited and ready to have sex. Amber was confused and asked her mom about getting excited and ready for sex. She looked at Judy and said she was getting excited herself but didn't know the feeling yet. Amber's mom started to moan some and Amber thought she had hurt her but her mom assured her she was alright and was going to cum. The words were barely out of her mouth and she started to cum and Amber saw she got even wetter and had a different smell to her. Her mom grabbed her hand and held her tight and soon relaxed and thanked Amber for making her feel so good. She reached down and stuck her own fingers inside her pussy and after they were all wet she stuck them in her mouth. Amber went "Ewwww" and her mom told her it tasted good and said she should taste it herself. Amber, with some hesitation, stuck her fingers in and when they were wet she tasted them. She found she liked the taste and decided to stick her tongue inside and get it directly and not off her fingers. This caused her mom to moan and start to cum once again. She grabbed Amber's head and held her tight and told her to eat her pussy and continued to cum for quite some time. Finally Amber struggled free and sat back with a huge smile on her face. She looked up at her mom and saw a smile on her face as well.

She said she crawled up and kissed her mom on the lips and her mom opened her eyes and looked at her, told her she loved her and then French kissed her for the first time. Her mom lay her on her back and told her to spread her legs and she would make her feel good and maybe she would cum. Amber was excited to find out what this cumming was all about and did as her mom said. Her mom didn't play with her fingers she dove in and started eating her with abandonment. It wasn't too long and Amber started to feel like she was going to pee and told her mom. Her mom stopped eating her long enough to tell her she was not going to pee but was going to cum just like she had before. She went back and sucked Amber's immature cit into her mouth and Amber went off like a cannon. About that time her dad walked into the room and was shocked at what he saw.

Amber said she had heard him come in but was so close to cumming she couldn't do anything about it. Her mom finally stopped eating her and sat back and saw her husband standing there with his mouth open and unable to speak. She looked at him, smiled and told him she was showing and telling Amber what sex was all about and how her body worked. She asked him to strip and join them so Amber could see what a man looked like. Amber heard her mom and looked at her dad and begged him to do it. He asked his wife if she was sure and she just told him to hurry up as they were still horny. He wasn't sure he had heard her correctly and asked her if she didn't mean she and she said no she said and meant they. She kissed him when he got on the bed with them and then told Amber to kiss him as they had before. She put her arms around her dad's neck and started to French kiss him. He was hesitant at first but soon forgot that she was his 10 year old daughter and kissed her as a lover. Her mom started playing with her small boobs and nipples and it was then she found out she liked them to be abused some. She said because they were just starting to grow they hurt almost all the time when she bumped them or

rubbed them. When her mom started playing with them and pulling on her nipples even though it hurt, she found herself getting excited and she knew what was happening this time.

Amber said how she told her mom if felt good when she pulled on her nipples and twisted them. She asked her to do it harder and before anybody realized it, her mom was grabbing both her nipples and pulling them as hard as she could and Amber came without her pussy being touched. This shocked and excited her parents and they asked her if she was alright and did her mom hurt her. Amber told them she was fine and it was a good hurt, she liked it and asked her to do it again. Her mom told her she had probably learned enough that day. Her dad looked at her mom and asked her what about him and held his hard dick in his hand. She apologized and told Amber she was going to learn what a guy did when he came and told her to hold his dick in her hand. She showed her how to stroke it up and down jacking him off and told her to do it fairly fast and to hold it semi tight. It only took about a minute of his 10 year old daughter jacking him off and he said he was going to cum. He told Amber to keep it up and soon started squirting his cum out the end of his dick and hit himself in the face as he was so excited. He came about five or six squirts, each one less than the other. Soon he was dribbling onto her small hand and grabbed her hand away and told her that was enough. She asked him if she had hurt him and he said no that guy's dicks get sensitive after they cum and he was no different. He told her to taste the cum that was on her hand and after she did she smiled and told her parents it tasted yummy and asked if she could clean him up by eating his cum off him. Her mom told her that was the proper thing to do and said she wanted to help her clean him up. The two of them sucked and licked up the cum and when they got to the last of it from his chest, after they sucked it into their mouths, they kissed and passed it back and forth. Her dad thanked them both and told her mom it looked like they may have a slut in the making on their hands. Amber asked what a

slut was and was told they would tell her later as it was dinner time and they should go have something to eat.

Judy asked her when she started fucking and Amber told her it was about two weeks later her dad took her cherry and they never looked back. She learned to take his dick in her pussy, mouth and ass and enjoyed all of them. She said her mom and her would eat each other during the day and they would both gang up on her dad at night. She added the poor man wished there was another man there to help him out and once in a while they had a friend that would join them. Justin asked if it was her boy friend and she said she had never really had one. She said she had a few fuck buddies only and they went into the relationship with that understanding and agreement, as she didn't want to settle down to just one guy and she feared her family would be found out. So to have fuck buddies made it easier. Judy asked her if she still lived at home and was told she had moved to Eugene to go to school the previous year but decided college wasn't for her after one term and stayed in Eugene working. She said her parents were in Portland and asked them if they would like to meet them. Justin said he would and they should stop there on the way back south.

(The siblings are all excited about meeting Amber and her story about her and her parents. What is going to happen in Portland and what has been happening back in Lakeview?)
