Chapter 14

Amber and her mom were talking a mile a minute, finally Angie looked at Justin and Judy apologized for talking so much but it had been a while since she had seen her little girl. Amber said she wasn't little and besides she was not the youngest girl. Angie told her she would always be her little girl just as she was with her mom and she was much older. Amber agreed she was old and started laughing. Angie just said touché and went back to talking to Judy and Justin. She wanted to know everything about them and their family. When did they start having sex as a family and how old were they and anything else she could think of. She was still talking a mile a minute and Justin realized that was the way she was. Justin told her he was 17 and Judy was 18 and they had only been having family sex for less than a month. This shocked Angie until Judy said it had just happened after they had arrived in Lakeview and told her the story of the incident in Grants Pass and how it got everybody to thinking and before anybody realized it they were all fucking each other. She said Justin and their dad had even fucked and so did she and her mom.

Well they ate each other's pussy. She started to apologize for her language but Angie interrupted her and said she would like to eat her pussy as well since she figured out real fast she and Amber had been active in Washington.

Amber asked her how she figured that out so fast and Angie just looked at her and Amber blushed. Justin asked her about the blush and Angie said she could tell when Amber found someone she wanted to or was fucking. Her body language gave her away and the blush was because she knew her mom was right. Amber just nodded her head and said Angie was correct. She told her mom how nice Judy's pussy tasted and how she would enjoy it. About that time Amber's brother, Allan, walked into the room and stood there listening. Amber saw him and jumped up, ran to him and jumped into his arms. She started kissing him and telling him how she missed him and all that. He finally shoved her away some and stood her on her feet. He looked at her and said he missed her too and she looked good enough to fuck right there in front of everybody. He had heard enough to know Justin and Judy were cool with family fucking. She told him he could just wait as she was not going to fuck in the living room, he could wait to take her to bed later. She looked over at Justin and asked him if it was okay if her brother fucked her later. Justin told her he was not her master and she could do what she wanted. Amber asked him if he would like to be her Master and smiled. Angie told her to hush and started asking Judy more questions about her and the rest of the family.

Judy told Angie about her mom and dad and how they actually lived in Washington near Seattle and her dad was a self-employed IT expert. She said he was able to take the summer off, but remain on call to his customers, to go on vacation and how he had decided on Lakeview because it was always warm there during the summer. Angie asked about her mom and Judy told her she was a stay at home mom because they could get by without her working, she added she

loved to do volunteer work once in a while but didn't do anything regularly. Judy went on to say her parents were both attractive, Angie interrupted and said if they were near as good looking as she and Justin were they were gorgeous. This caused Judy to blush and Angie told her she was beautiful and not to sell herself short. Judy thanked her for the compliment and said Angie was beautiful as well. Angie reached out and French kissed Judy, when she broke it off she looked at Amber and said if Judy's pussy tasted anything like her kiss then she must be very sweet. Amber said she was and for her to wait and see. Angie looked back at Judy and asked her if she could taste her. Judy asked if she meant right then and there or when. Justin told her to go for it since it was not a secret. Judy stood up and stripped off her clothes. Allan sat there watching and Amber told him he was in for a real treat as Judy was so hot. As soon as Judy started taking her clothes off the rest of them did as well. Angie told her to stand in the middle of the room and model herself for them. Judy laughed and started doing model poses, most of which were more pornographic in nature such as lifting her leg and opening her pussy. Allan was beside himself and told her how he would like to fuck her and all but begged. Amber told him to hold his horses, he would get a chance if Judy said it was okay with it and he sounded desperate for pussy when he begged. Judy looked at Amber and Allan and said it was okay as it made her feel pretty when he begged. She told Angie she wanted them to eat each other right there in the living room on the floor.

Angie got down on the floor pulling Judy with her. They started out kissing and feeling each other up and the site of them caused Justin's and Allan's dick to become rock hard and Amber was not going to let two hard dicks go to waste. She had the boys sit beside each other and she got down on the floor in front of them and sucked first one the other's dick into her mouth while trying to watch what her mom and Judy were doing. She finally gave up and put all

her effort into pleasing the guys. The guys didn't mind and they were able to watch Judy and Angie with no problem.

Angie told Judy to lay back and she wanted to please her first and they could do a 69 later. Judy didn't say a word but laid back and Angie started at the top of her head kissing her and caressing her. She told Judy how beautiful she was as she was kissing her eyelids and nose and continued down to her mouth where they French kissed for several minutes, just like a teenage couple do when they are making out, of course Judy was a teen. Angie broke off the kiss and moved to Judy's neck and this caused Judy to start panting and moaning. Angie leaned back to look at Judy and Judy opened her eyes and in a whisper told Angie she had not even been that turned on when she and her dad had sex the first time. Angie kissed her softly on the lips and told her to enjoy as she wanted to take her on a ride she would never forget. Judy could only nod her head and close her eyes again. Angie went back to Judy's neck and licked and gently sucked on it, she didn't want to leave any hickies because she thought they were gross but she did suck Judy's neck none the less. She was playing with Judy's nipples with her fingers the whole time she was playing with her neck Angie could feel how Judy was so aroused her nipples were as hard as any woman Angie had ever seen. She finally worked her way down to Judy's nipples with her mouth and as soon as she took the right one in her mouth and played with it with her tongue, Judy moaned she was cumming. She lifted her hips and shook from her first cum caused by Angie. Angie continued to suck her nipple, as best she could with Judy shaking and cumming. Judy finally came down some and opened her eyes and thanked Angie. Angie didn't say a word but continued to please Judy working her way down to the prize of her pussy.

Amber had to stop pleasing the guys when she heard Judy start to cum and when she looked over she was as much amazed as she was pleased with her mother's ability to make Judy

cum so hard. Both of the guys watched and without Amber touching them, except she had a dick in each hand holding them but not doing anything else to them, they started cumming in the air. Amber could not help but notice and she directed both dicks to her mouth quickly and sucked them both in at the same time and the guys dick heads touched but neither cared since they were cumming. She worked both dicks until they quit cumming and started to go soft. She leaned back, still holding on, and looked up and both guys and thanked them for the loads. Allan looked at Justin and said he had never cum so hard before and was happy he could share it with him. Without asking, he bent over and kissed Justin on the lips. Justin didn't think twice and returned the kiss and soon the two guys were French kissing and jacking each other off. Amber had been long forgotten.

Amber went to her mom and Judy and the three of them sat there watching the two boys make out. Angie spoke up and told the boys she wanted to see them suck each other off. Justin looked at her and then directly into his sister's eyes and she nodded her head. He had only been with their dad and was still new at bi-sex. Allan and Justin got down on the floor and positioned themselves to be able to give the other head. Allan was experienced as he and his dad as well as some of his friends did it to each other often.

He took Justin's dick in his hand and started jacking it as well as licking around the entire length and head. Soon he opened his mouth and took Justin's dick into his mouth. He started out only taking the head in and licking around it while sucking at the same time this caused Justin to moan from pleasure. He decided he should make Allan feel as good as Allan was making him feel. Being inexperienced he was not as good as Allan but soon both of them were taking the other's dick deep into their mouth. Allan pulled his head off for a second to lick Justin's ass and get it wet. He stuck his finger deep into Justin's ass at the same time went back to deep throating

him. He rubbed Justin's prostrate and this caused Justin to start cumming in his mouth. Allan sucked harder and continued to rub Justin's prostrate. Justin was finally spent and Allan pulled off and swallowed the load of cum in his mouth. Justin had been unable to do anything to Allan the second Allan had stuck his finger in his ass but after catching his breath for a minute, he went back to pleasing Allan. He did the same things Allan had done to him and was soon rewarded with Allan's cum in his mouth. Rather than swallow it he got up and went to his sister and kissed her and shared Allan's cum with her. Allan, Angie and Amber actually applauded them and Angie said she couldn't wait for Andy to get home and meet Judy and Justin.

Back in Lakeview the party had broken up and Peter went back to work while George thought he would play tourist guide to John and June. Peter told Paula to go ahead and keep the store closed and head for home to get she stuff together to go with John and June later. Ginny said she was going to do some grocery shopping and asked Patsy if she needed anything from the store. Patsy told her she did not but thanked her for the offer. None of the group put any clothes on when they left the sex store and even as they passed people they were only waved at and people said hi. George introduced John and June to many of the people they met while walking around seeing the few sites they had missed. John's cell phone rang and when he looked at the caller id he saw it was Justin.

He answered and asked Justin how things were going and where were they. Justin told him they were in Portland at Amber's parents and they were going to stay there for a few days. John asked him if they had already had sex with them. Justin laughed and said only Angie, her mom, and Allan, her brother, as the rest of the family wasn't due home until later. John said it sure didn't take him long and Justin said it was Angie who started it. Justin asked John how things were going in Lakeview and did they own the property yet. John told him it was looking

good but a sale such as this took some time after all the paperwork was finished. He said he found out the town was for the most part fine with family sex and he and June were walking around with the mayor getting a tour, he added they were also nude. Justin asked him what brought on them getting nude and John told him all about the afternoon they had had. John decided to save the part of Paula having pierced nipples until the kids got home and let them see them without knowing first. As they were walking around with the mayor they stopped in front of the towns tattoo and piercing studio. June looked at him and took a hold of her nipples. Without saying a word, John nodded his head telling her yes get them pierced. She smiled. Justin could tell something was going on because his dad had stopped talking and asked him what was going on. John told him nothing, he was just looking at something nice. Justin wanted to know what and John told him he was looking at June naked standing on the sidewalk. Justin said he agree she was something nice to look at. John told him he had to go as they wanted to go into one of the stores and look around. Justin said good bye and John closed his phone.

George knew where they were and asked if June was thinking about getting a tat or a piercing. She told him she liked the look of Paula's nipples and was thinking she might like them herself. George agreed they were fun to look at and play with and said if June got hers done he would pay for them. June asked John what he thought and John said they were her nipples and her pain to live with while they healed but he liked Paula's as well. June told the guys we wanted to do it and opened the door to the shop. They walked in and behind the counter stood a young lady not much older than Paula and George introduced June and John to her and said she was his daughter Gina. He went around the counter and kissed her in a very familiar way. She kissed him back and said it was nice to meet them. She asked her dad what brought them into the shop and he said June was thinking she wanted rings in her nipples like her cousin Paula. Gina said you

mean like this? She lifted her top and showed the three of them she had gold hoops through her nipples as well. George asked her when she had then done and she said she had them done just that morning and not to touch them as they still hurt. George looked at his daughter's nipples and her new rings and told her how good they looked and he was happy she had them done he just wished her mother would do hers as well. Gina told him she didn't think that would happen any time soon as Ginny hated needles so much she would hardly get a shot when needed. Gina asked June to come closer so she could look at her nipples. June walked over and Gina took one then the other in her fingers, pulling and pinching them hard. When June didn't flinch she told her she thought she could handle getting them pierced with no problem. She asked June if she was into pain and June told her no but she did like her nipples played with hard, it turned her on. Gina asked her if she wanted them done horizontally or vertically. June said she had never seen vertical only horizontal. Gina called out for Valerie to come out to the counter.

Valerie asked her what she wanted when she came out of the back room and Gina told her June had never seen vertical nipple piercings before and she wanted Valerie to show her how they looked since hers were verticals. Valerie lifted her top and everybody took a look. June looked at John and asked him which way he liked the best. John said he wasn't sure and Valerie said she should get one done vertically and the other horizontally so she had the best of both worlds. June thought that sounded like it could be fun and said she would do that. Valerie added if she liked both she could have both nipples done both ways later and if she decided she only liked one way the other nipple could be pierced that way later. Valerie was the piercer so she took June back, followed by the rest of them, to her cubicle where she had a dentist chair. June said she never thought when she went to the dentist of another use for one of the chairs and Valerie told her they were common in tattoo and piercings studios. She asked June if she was

ready and told her to have a seat. June sat down and Valerie took a look at her closer for the first time and asked if she could look at her pussy closer. June told her she could but asked her why. Valerie said she wanted to see if she could handle a hood piercing as she had a pretty pussy and she thought a nice barbell would look good in her hood if the hood would accept it. June told her she could look at it but was not interested in getting her hood pierced and without thinking she added at this time. June said she had never seen one pierced anyway so she didn't know what it would look like. Valerie took her pants off and showed everybody hers. George asked her when she did this piercing and she told him Gina had just done it that morning. George said they must have been busy playing with each other all morning and Valerie told him they had done it before the shop opened and yes they had fucked each other to several good cums before they pierced each other.

Valerie cleaned June's nipples and when she was happy with them she asked June if she wanted them done one at a time and with or without clamps. June said she wasn't sure about the clamps so Valerie said she would clamp one just so she could see. June told her okay and Valerie clamped her left nipple. This caused June to moan and scream a small amount. Valerie asked her if she was okay and how did she want it. June looked at Gina and asked if she could do one as good as Valerie was able to. Gina said she had not done that many but she was good at it, Valerie was just the expert piercer. June looked at Valerie and said for her to clamp the other nipple and they could do them both at the same time. Valerie clamped her left nipple for the horizontal but she made sure that was the way June wanted it. June said she thought she wanted her right one vertical so it was good. Valerie clamped her right nipple for the vertical piercing. Gina and Valerie each lined up the needle to do their piercing and Valerie said they would do them on the count of three. June said okay and for them to do it as the clamps were starting to hurt. Valerie

said okay and counted one, two and before she got to three both girls shoved their needle through the nipple they had in their hand. June said she thought they were going to do it on three and Valerie said she found out many piercings ago if she did it on the count of two the client reacted better and was less tense making the piercing easier on them because they were all prepared to tense up on three not two. John was holding June's hand the entire time and he finally spoke up and asked her if he could have his hand back. She looked down realized she had such a hard grip on John's hand and his fingers had turned white. She let go and he started shaking it to get the blood flowing again. Valerie and Gina slipped the rings through the holes they made. Gina with a barbell and Valerie with a captive bead ring. As soon as the ring and barbell were in place, Valerie took the clamps off and gently cleaned June's nipples. She brought June back to a sitting position and told her to sit for a second to get her head back together. After a minute she helped June up and took her to the floor length mirror so she could see her new look. June and John were both happy. Valerie warned them to leave them alone and gave June the care instructions. June thanked her and started to reach for her purse to pay for them and George said he would pay for them as a welcome to the town gift.

June thanked him and told John it was time to go gather Paula and head home. Gina asked her what she meant by gather Paula. June told her Paula was going to spend a couple of days at their place, the lake property. Gina told them to have a fun time but told them Paula could be pretty wild. John said they had got an idea of that at the sex store in the Fuck Room. Gina and Valerie said they enjoyed the Fuck Room many times with others as well as Paula. Gina said if they needed another play toy she was available and June said for now they would stay with Paula only because John was by himself and she didn't want to wear him out completely. She said Judy and Justin were due back in a few days and they could all get together

then. They said goodbye and as they were walking out Valerie reminded them to be gentle on her nipples. June said there was no doubt in her mind as they were throbbing. Valerie said read the care sheet and said good-bye. John and June headed over to pick up Paula and head for the lake. When they got to Peter and Patsy's house, Patsy and Paula were waiting for them and as soon as they saw June, Paula said they must have met her cousin and Valerie. June said they had and Patsy asked her much they hurt. June said at the moment they hurt quite a bit but was looking forward to the day they were healed as she was excited about how they were going to add to their sex life. They stayed and visited and enjoyed some soda with Patsy and Paula and after about an hour they decided it was time to head out. Patsy asked if they would like to stay for dinner but June said she would like to get back and relax at the lake. They said their good-byes and they along with Paula jumped into the motor-home and drove out of town.

(This seems like a good place to stop this chapter. Judy and Justin are at Amber's parent's home and have not met her sister or dad yet but they should be home shortly.)
