Chapter 15

Judy and Justin are still in Portland at Amber's mom and dad's home and have met her mom and brother. They met them very well since they had just had sex with them. They were sitting around coming down for the fun they had had and Andy walked in with Alison. They had seen the Jeep parked out front but thought it might have been one of Allan's friends. When Amber saw them she jumped up and ran to her dad and jumped into his arms, wrapping her legs around his waist. She kissed him in an un-daughterly way and when he was finally able to put her down and said he was happy to see her too. He looked at the rest of the people in the room and saw everybody was naked and the gals all had very messed up hair. He asked Angie if they had been fucking and who the new kids were. Amber apologized and introduced Judy and Justin to her dad and sister. She told him they were the ones she had met on the bus and had spent her time in Seattle with them and they were brother and sister. Andy shook Justin's hand and started to shake Judy's but she jumped up, wrapped her legs around his waist just like Amber did and

French kissed him without asking. She broke it off and said she wasn't into shaking the hand of the man that would probably be fucking her in a short period of time. She went to Alison and kissed her as well. She said she was new to lesbo sex but she was looking forward to having lesbo sex with somebody so young. Alison blushed some and thanked her and said she was pretty cute and she liked her tits and nipples. Judy was pretty forward and told Andy and Alison they should get naked and join the fucking as she was ready for more and the other two guys were worn out for now. Justin told her to at least let them say hi to Angie and catch their breath. She looked at them and said she was sorry for being to blunt and forward. Andy told her it was okay and he would be happy to fuck her as soon as he cleaned up first.

Alison stripped and when Justin saw her cute 15 year old body, his dick instantly started getting hard once again. Allan saw what was happening to Justin and chuckled. Justin asked him what was so funny and Allan told him the same thing happened to him even as often as he was able to fuck Alison and Justin looked down to see Allan was indeed rock hard. Alison looked at both guys and just licked her lips and said yummy. She walked over to Judy though and asked her if she was ready for a four way woman daisy chain, Judy looked at her, then at Amber and Angie. Angie just smiled and said she would love the way Alison tasted as she had the sweetest pussy she had ever eaten and she had been eating pussy since she was 12. The 4 women got down on the floor and formed the chain with Judy eating Alison, Alison eating Amber and Amber eating Angie and Angie eating Judy. Judy looked at the young pussy in front of her and using her fingers she opened it up to see inside. Alison had longer inner pussy lips than her mom and sister and when Judy opened her up she saw what looked like a little dick. Alison knew what she was seeing and before she started eating her sister she looked down and asked Judy if she like her large clit and to please suck on it like she did dicks and if she bit on it semi-hard she would be

rewarded for her effort. She said nothing else and went to eating Amber's pussy. Judy was fascinated with the long lips and huge clit that she had to look at it for a few more seconds.

Finally she stuck her tongue out and tasted Alison for the first time. As soon as she had the first taste she dove in with her tongue as far as it would go and rubbed Alison's clit with her fingers. She sucked and drank from Alison and then after about two or three minutes she remembered what she was told about biting on Alison's clit. She sucked it into her mouth like she would a dick and played with it with her tongue. She could hear Alison moaning and hoped it was from what she was doing to her. After sucking on the clit for a while, she decided to gently bite on it. She bit down gently and Alison wiggled her bottom and Judy figured she was being told to bite harder. She decided to through caution to the wind and bit down quite hard. This caused Alison to scream out load for Judy to bite harder. Judy did as she was told and as soon as she bit down, thinking she might bite completely through it, Alison started to cum. What Judy didn't know was Alison was a huge squirter when she came hard and she was starting to cum hard. She started squirting almost like she was peeing and Judy started to pull away but Allan bent down beside her head and said she was making Alison cum as hard as he had ever seen her and she was not peeing but she was a squirter and that was her cum. He told Judy to just start swallowing just like she would if it were a guy cumming in her mouth and for her to clamp her mouth on Alison's pussy so she didn't loose any. Judy did as she was told and was rewarded with more girl cum then she had ever seen or had. Alison continued to cum for almost a full minute and Judy was swallowing and sucking as fast as she could. Alison finally stopped squirting and fell back exhausted, trying to catch her breath.

The other two women had long stopped and leaned back to watch. As soon as Alison fell away Judy fell to her back and caught her breath as well. She had cum, not near as hard or as

much as Alison, with Angie eating her pussy. Judy was finally able to speak and looked at Alison and said she was something else and she had never seen a woman like her. Angie spoke for Alison, since Alison was still unable to, she said Alison had found out at the very early age of 5 that she liked her large clit played with. She started squirt cumming when she was about 12. Her lips had just elongated over the last couple of years and Angie attributed it to Alison pulling on them and attaching clothespins with weights attached. Alison was finally able to speak and said she was trying to get the real long and then she was going to pierce them with large enough rings to put her fingers through the holes. Judy asked her why and was told because then who ever was eating her pussy had something to hang onto and keep her in place. Judy said she was looking forward to seeing them and putting her fingers through the holes as well. The entire time the girls were going at it the three guys stood there jacking themselves off.

Andy asked Justin if he was into guy sex and Justin to answer him got down on his knees and sucked Andy's dick into his mouth and started giving him head. Justin licked around the head of Andy's dick. Judy asked Justin if Andy tasted as good as he looked and rather than take his head of the dick in his mouth he just sort of nodded his head. Amber told Allan he should help Justin out and their dad could help him. Allan told the other two guys to get down on the floor and they would form a male daisy chain. Justin took Andy's dick out of his mouth long enough to do what Allan asked and soon Justin was back to sucking Andy, Andy was sucking Allan and Allan sucked Justin. Justin was the first to feel the need to cum. He pulled off Andy and told Allan he was going to cum and this caused Allan to suck that much harder and Justin went back to Andy. Soon all three had cum in the mouth and throat of the guy sucking them and Andy thanked Justin for the good head. Justin thanked Allan and Allan told his dad he was as good as always. Andy asked Justin if he had been fucked yet and Justin said his dad and him had

done it once back in Lakeview and he liked it. Andy told him before the night was out he would like to try his ass. Justin told him he could as he would like that.

The group was pretty much fucked out so they all sat around talking. Andy was asking about Lakeview and Justin told him all about the property they had bought and how they were going to turn it into a sex filled nudist community and family sex was going to be encouraged, as long as the city didn't shut them down. Andy asked Angie if she would like to live in a community like that and she told him as long as she didn't get in trouble with the law she would think about it. She asked him if he was thinking about moving there and he said not full time but it sounded like it could be a fun place for a summer home. Justin said they he expected several people would consider summer homes but that was not something he had discussed with his parents before the hopped onto the bus. Andy asked how long they had planned on staying in Portland and Justin said probably only a couple of days as they did have some work to do back at the new place and he indicated all the stuff in the trailer behind the Jeep. Andy told him they were welcome to stay as long as they wanted and not to be in a hurry if they didn't want to be. Judy thanked him but said she was ready to see her parents soon, even though it had only been a few days. Justin said she just wanted to fuck their dad again and eat mom's pussy. Judy admitted that was part of the reason but not all. She was just starting to get to know the area and she did admit to being parent sick since she had not been apart from them for any long period before.

Judy asked Alison about her wanting to pierce her pussy lips and stretch them as well as make the holes big enough to put a finger through them. Alison said she was a bit of a pain slut as was Amber and they had talked about what they liked and didn't like. She said she liked her pussy hurt and Amber liked her nipples hurt, it made them both cum harder. She told Judy to get down on the floor in front of her. Judy did as she was told and Alison told her to grab a lip in

each hand. Judy did and then Alison told her to grip them as hard as she could and then pull them as hard and as far as she could. Judy hesitated but Angie told her to go for it as Alison really did like it. Judy looked into Alison's eyes and could tell she was serious and so she shrugged her shoulders and gripped and pulled. She watched as the lips in her gripped were stretched out about two inches longer than they were when she started. Alison just moaned and told her harder. Soon Judy could not pull them any longer or harder than she was and they were now stretched out about two and ½ inches, she had gained another ½ inch. She told Alison she could not pull any harder and about that time Alison started cumming. She was squirting just as she had done when Judy was eating her pussy but because Judy didn't have her mouth clamped on Alison's pussy she was getting squirted on all over her face, hair, shoulders and tits. She quickly dove into Alison's pussy to catch as much of her cum as she could. Judy sucked and Alison continued to cum, finally she was done and Judy sat back and let go of Alison's lips. They just kind of hung there not retracting much. Alison was finally able to catch her breath and she reached down and pulled Judy's face up to hers and kissed her as any lover would after cumming so hard and long. Judy, of course, returned the kiss without hesitation.

Justin couldn't believe what he was seeing, Amber was sitting next to him the entire time jacking him off and as Alison started cumming he did as well. Amber sucked his dick into her mouth to catch his cum. As soon as he was done cumming, Amber crawled up and gave him a cum filled French kiss. He didn't mind, even knowing it was his own cum. He looked at Andy and Andy just smiled and said his daughters did have a few kinky thought and likes. Justin said kinky wasn't what he would call them but he knew he liked them both.

Everybody decided they were hungry for something to eat besides cum. Andy asked them all if they wanted to eat in nude or did they want to get dressed and head out for dinner. Angie

said she really didn't want to cook and thought they were all too tired from all the sex and excitement, they should go out even if it was to fast food. Justin offered to buy but Andy said he would have none of that, they were their guests. The group put shirts, shorts and shoes on but nobody bothered with underwear. The girl's nipples all stood out but braless women are common so they didn't care.

(We'll stop this chapter here. Alison talking about getting her lips pierced and Amber her nipples got Andy thinking about surprising them after dinner.)
