Chapter 18

We left Judy and Justin in Portland where Amber and Alison had just received piercings. After they were at Angie and Andy's for another day they decided it was time head for home. As they were telling everybody goodbye with one final family fuck, except poor Alison who had huge holes cut into her pussy lips, Amber told Judy she would like to come with them. She reminded her about having to stop in Eugene and they had said they would take her that far. Judy and Justin said if she still wanted the ride they would be more than happy to take her. Amber said she not only wanted the ride to Eugene but wondered if it would be okay for her to go with them back to Lakeview. Justin said he didn't think there would be any problem and for her to pack what ever clothes she wanted to take with her but reminded her they lived a nudist lifestyle and she would need very little except when it was cooler outside. Amber threw a small bag together and after they all told the rest of her family goodbye, they jumped into the Jeep and headed

south. The drive to Eugene was uneventful and she gathered what she wanted there and they were back on the road. The three of them stripped nude before they got in the Jeep in Eugene and drove the rest of the way to Lakeview naked. They did have to stop in Bend for gas as had they headed directly over the mountains from Eugene. Other than a couple of guys, at the gas station, saying they would like to fuck Judy and Amber they had a peaceful trip. Amber and Judy sat in the back seat making out most of the way and they teased Justin about how good it was to have a man slave to do their driving and take them where they wanted to go. He told them their time was coming but kept on driving and laughed to himself that he would show them “man slave.”

The arrived in Lakeview just about dark and they drove straight to the lake where John and June were set up. June heard the Jeep pull in next to the motor home and ran out the door to greet her children. She hugged and kissed them both and told them how much she missed them and about that time she turned to Amber and said how nice it was to meet her and hugged her as well. After they had all hugged and kissed, John had since joined them as well. Judy was the first to notice a shiny reflection of light from her mom’s nipples and turned her toward the light and yelled out to Justin their mom had pierced nipples. He and Amber came over to take a look and June said they should all go inside rather than stand out there in the dark, even if it was still about 75 degrees. The all went inside and as soon as they were through the door and getting comfortable, June noticed Amber’s nipples as well. June looked at her and realized Amber’s were pierced one vertically and one horizontally just as she had done hers. She asked Amber why and Amber told her she couldn’t decide so she thought both and had plans to do them both the other way as soon as they were healed. She asked June why hers that way and was told she also could not decide so the piercer suggested them this way. June asked her when she had them done and Amber told her it was just a few days earlier, June laughed and said hers were new

also. They started talking about how much it hurt and how they missed nipple play during sex and while they were lost in conversation Judy was down on her knees sucking her dad off and telling him, with her mouthful of his dick, how much she missed him. He was too busy to answer her as his mouth was full of Justin. He and Justin came quickly and after he and Judy swallowed the load of cum in their mouths they shared what was left in a long sloppy French kiss.

The family finally sat back, took a breath and said how nice it was to be back together again and John told Amber she was welcome to stay as long as she wanted. John and June got to know Amber for a while and Justin looked at the clock and said it was well past midnight and since he had drove his “Mistresses” home he was tired and going to bed. Nobody really paid much attention to what he had said. He asked June if she would sleep with him and she said she would be happy to as long as he didn’t try to mess with her nipples. He told her he would not and they headed for bed in his bed. John asked the girls what they had planned and Judy said she wanted to sleep with him and Amber in his bed and she hoped he was ready for her pussy as it missed his dick more than her mouth did. They went to bed where John took turns fucking Judy and Amber until about 5am when they all passed out from exhaustion. It was almost noon before anybody started to stir. June was the first up and she started the coffee and soon the rest of them followed. Since Judy had not had an opportunity to talk to her mom about her new nipple piercings the night before, she started asking June all about it, why, when, where, etc.

June told them how they were out exploring some more after they had dropped them off at the bus depot and found the sex shop and Paula. Judy and Justin sat there with their mouths open in disbelief and Amber just had a smile on her face thinking she liked the story and she couldn’t wait to meet Paula and see the town. John and June told them about all the sex they had had with Paula and her family and then she took them to the piercing studio, June added Paula’s

nipples were pierced as well. June told them how her piercings had happened and all the good sex they had with Paula after she came home with them. June told Judy how Paula had just left a couple of hours before they had pulled in and she was surprised John was able to get it up as they had both fuck Paula a couple of times that evening. Judy told her parents she almost came home with her hood pierced but chickened out at the last minute. Amber said she was but after what Alison went through she wasn't sure she blamed her. June asked what had been done to Alison and Judy told them how she had the huge holes cut into her pussy lips and how much pain she was in when they left her. June said she wasn't sure she would ever like that done but she thought a hood piercing would be nice to have but she needed to wait until she was done with her nipples first. Judy said she was still thinking about having her hood done but wasn't sure she wanted to give up sex for six weeks while she healed.

Justin broke the atmosphere of the group when he said her was hungry and wanted to know what there was. June told him he knew where the kitchen was and she would take a couple of fried eggs and toast. Judy said "Yea, Man Slave get to cooking." John asked her what the "Man Slave" was all about and she told him how Justin had driven them and she and Amber were in the back seat making out and he had complained so she named him "Man Slave." He told her about the play room at the sex store and all the bondage stuff it contained and she said she would like to see it. He told her she would soon enough as they were headed into town later to see Peter and George and take care of some paperwork about the new community. After they had all eaten and Justin also did the clean up, he said after all he was the man slave so he better or his Mistresses would beat him. Judy started to like the idea of Justin being her slave and started thinking she needed to figure out if she could really turn him into one. She told Amber to

come outside and she would show her around the lake and stuff. As soon as they outside of earshot, she turned to Amber and asked her if she would help turn Justin into the slave they had been joking about. Amber asked her how far she wanted to go with it and Judy said she wasn't sure but wanted to do some internet research about male slaves and what was required and expected of them. Amber said as long as he was still good for fucking and eating her pussy she would help. Judy said that would probably be his main duty but she might not let him cum very often. Amber said she liked it when he filled her pussy with his cum but if that was what Judy wanted she would go along with it. She took Judy into her arms and told her she thought she was falling in love with her and wanted her to be her girl but she quickly added she still intended to be fucked by guys. Judy told her she had been having the same thoughts and she also was not going to give up guys. She laughed and added the Justin would probably be giving up girls except for who they chose or allowed him to fuck but his tongue was always going to be busy. She said his ass was also always going to be open for whoever wanted to fill it regardless if it was man or woman doing the fucking. Soon the girls had walked all around the lake and were back at the motor home. John told the family it was time to head into town and they all jumped into the Jeep.

Once they were in town June took the kids to the sex shop to meet Paula while John went to meet Peter and George. As Soon as June walked into the store Paula looked up and saw her and came out from behind the counter and thanked her for all the great sex they had and gave her a deep long French kiss. She hadn't seen Judy, Justin and Amber follow June in as she was too busy making out with her. June broke the off the kiss and told Paula she wanted to introduce her kids and their girl friend to her. Paula looked at them and rather than shake their hands she went over and kissed each one of them on the lips and felt up the girl's tits and grabbed Justin's dick.

As soon as she touched Amber's nipples, Amber flinched and let out a moan of pain. Judy told her the piercings were new and Paula apologized and said she remembered when hers were new. They all got to know each other and since the store wasn't busy it was easy to take them back to the Fuck Room and show it to them. Judy and Amber were fascinated by some of the bondage stuff and Justin asked his sister if he could tie her up and take one of the canes to her ass and tits. She said he could only if she could make his dick bleed from the cane after he was done caning her. He said he would pass but if she ever changed her mind he would love to leave some nice red welts on her ass. She laughed and said it would happen the day his dick bled first.

June told Paula she would look after the store if she wanted to stay back there and the four of them could get to know each other. Paula asked her if she was sure and June told her to have fun and turned to walk back to the front. Paula told Judy how much she loved her parents already and she had only met them a few days earlier. Judy told her they were pretty easy to love and took her in her arms and started making out with her some more. Judy and Paula forgot Justin and Amber were even in the room and were soon locked in a 69 position on the floor. Justin and Amber thought they would just sit back and watch for a bit. Watching didn't last long and they were soon helping each other get off.

Amber brought Justin off and he came all over his stomach and she rubbed it in, much to his disappointment, he had hoped she would suck it up and swallow it. Justin had three fingers in Amber's pussy and he tried to fit his entire hand but she told him it hurt and she wasn't interested in fisting anyway. He took all but three fingers out and with his other hand he played with her clit until she started moaning and fell back with her eyes closed and came as hard if not harder than she ever had before. Justin looked down and saw she had a river of white thick cream running out of her pussy. He thought to himself if he had not been there and caused her to cum,

he would have thought some guy or guys had just cum several large loads on her. He took his hands away and dove on face first to clean her up and drink all her tasty girl cream. He licked and sucked and was soon rewarded with still another smaller load of her cream. His tongue soon tired and she had cum so many times she shove him away and begged him to not touch her. She almost passed out from cumming but was able to relax and catch her breath and her heart beat slowly came back to normal. She opened her eyes and everybody else was looking at her and Judy was holding her hand asking her if she was okay. She pulled Judy to her and kissed her as any other lover would and then she looked at Justin and said she was more than okay. She told him he could do that to her anytime she thought she could handle it but not too often. She looked back at Judy and said if he was her slave would he be allowed to do it to her. Before Judy could answer, Justin spoke up and asked her what she meant by him being Judy's slave. He started to say he would never be anybody's slave but Judy cut him off telling him it was a joke between her and Amber after the trip down and how they spent the time making out in the back seat of the Jeep. This seemed to take care of the situation for the moment. Not to be forgotten, Paula spoke up and said she had never seen anybody cum so hard or long and asked Amber if she could describe it. Amber said the only way she could describe it is dying and going to heaven and back. Paula said she hope she could experience it some day and she was known to cum long and hard but nothing like she had just witnessed.

Out in the front of the store, Judy was looking at all the merchandise and trying to figure out what some of the bondage stuff was and how it worked. She had heard Amber cum but had no idea who it was. She picked up a pair of fur covered handcuffs and cuffed one on her wrist and put the cuff around the railing to the stairs going up into the storage/office area. She cuff her other wrist but lost grip on the key and dropped it. She tried to reach for it but was about a foot

shy of reaching it and when she tried to pick it up with her toes she dropped it again and it went even further away. She started to panic but then knew the kids couldn't stay in the fuck room all night, or at least she hoped they didn't. After about ten minutes she started yelling help, in hopes they kids would hear her. Soon Judy came out because she heard her and when she saw her mom cuffed to the stair rail she went and got the rest of them. June tried to stop her but Judy looked at her, smiled and walked away. Judy returned with everybody else and as soon as they all saw what kind of predicament June was in they started to think of things they could do to her. Justin was the one that came up with the worst and that was to put nipple clamps on her newly pierced nipples and then grab one of the fuck machines. They are nothing more than a Sawsall with a dildo attached. She begged him not to put the clamps on her nipples but if he wanted to fuck her fuck the fuck machine he could but she wanted to choose the dildo attachment. He told her she could but he would only give her certain choices and the small ones were not in the group. She said she had actually thought about one or two that were about 2 inches in diameter and almost a foot long.

Paula said it looked like they had their slave and she would help if they wanted. Judy said June was available for everybody to use and she thought she might even go get some people off the street to come in and cum on her. June begged her not to and about that time another customer walked through the door and saw June. It turned out to be a couple as she was slower coming in as she was complaining about her shoe when she came through the door. She stopped as soon as she was half way through the door and stared. Being a regular customer, she went to her husband and put her arm around him and asked Paula if she was for sale. Paula told her June was not for sale but Judy asked the woman how much was she willing to pay and for what. The woman told Judy she would be willing to pay up to \$500 to fuck June while she was hanging like

she was but if she was let loose and could go with them to their place she would be willing to pay up to \$2000 for about two hours. June started to protest saying she was not a whore and was not for sale. Judy told her she was kind of in a hard spot to be saying things like that and then she laughed. Judy looked at the couple and said she was sorry but her mother was not for sale. They said they were disappointed as June looked like she would be a fine fuck and play toy. June thanked them for the compliment but the woman said it was only sort of a compliment as she didn't know what they would do to her if they had her alone. She would probably not like it as the cuffs she had on were a kid's toy compared to some of their toys and punishment tools. The woman told June since her nipples were pierced they would be severely abused and they would get the other ring in them the other direction so she had an "X" piercing. They asked June how old the piercings were and were told just a few days old and the man said they would hurt very bad then when they were pierced the second time since they were not healed. They went on to tell her they were into severe punishment and that included whips, canes, crops and heavy weights on piercings. The woman lifted her skirt to show a couple of very large rings in her pussy lips and weights hanging from them. Amber said it reminded her of her sister. Judy picked up the key finally and unlocked her mother. June took the key, unlocked the other cuff and hung them back on the hook she found them on. The couple did a small amount of shopping and left without saying much more. As they were walking out the door they turned to June and said if she changed her mind to let Paula know as she had their number. June said she doubted she would but thanked them.

(Let's stop this chapter here so I can regroup my mind. It seems to be wandering again into the dark side and this is not where I want to go.)
