Trip with Uncle Lester

My name is JT and I just turned 13. I thought it was pretty cool that I got a call from my Uncle Lester a few days after my birthday. He asked me if I would like to go to a mountain cabin with him for a few days.

Wow that would be great, I said thinking it would just be the two of us.

He said he would pick me up Thursday night and we would drive up.

I packed a few things on Thursday and waited for him to come. I was really excited. At about 4:30 he pulled in the drive way. He got out of his Ford 150 pick up truck and held his arms out for a hug.

I thought I was a little old for hugs, but I ran to his arms any way. He picked me up off the ground and held me close to him.

We went inside to tell my Mom that we were ready to go. We both climbed in the truck and he backed out of the drive. He asked me if I was excited.

I said yeah and he said great and slapped my thigh for emphasis. He left his hand on my thigh for a while as we drove along. After about 45 minutes, we stopped for gas and a bathroom break.

We both went in the bathroom together and he unzipped his zipper and started to pee. He looked at me and asked what I was waiting for.

I said nothing...lowered my zipper and unbuttoned my pants. I pulled down the waistband of my boxers and began to pee. Lester seemed to be watching me closely as I did all of that.

I couldn't help but look at his dick because it was right in front of my eyes. It was big and seemed to be getting bigger. I wondered what it would look like with a boner.

When he finished peeing, he saw me looking at his penis. He asked me if I had ever seen a man's cock before.

I nodded yes.

He asked me who?

I said my Dad.

He asked when?

I told him that we take showers together some times.

He said that was cool and he told me I could touch his penis if I wanted to.

I kind of wanted to touch it, but was scared. I shook my head no.

He said that was okay and we both zipped up and walked back to the truck. As we were pulling out of the gas station, he patted the seat beside him and asked me to slide over so that he could give me a hug.

I did and he gave me a one arm bear hug. He told me how much fun we were going to have. He said there would be some secret stuff that he would tell me about later. He asked me if I was good at keeping secrets.

I nodded yes.

Lester left his arm draped over my shoulder. As we drove along he started to gently massage my nipple.

I wiggled and squirmed because it was such a strange feeling.

Lester laughed and said, it feels good to have your nipples rubbed doesn't it.

I nodded yes.

He kept rubbing my nipple and then started to pinch it a little.

Lester said, I'll bet you are at the age where you are starting to get a lot of boners.

I blushed brightly and didn't answer. But I could feel myself starting to get hard.

Lester said not to worry all 13 year old guys get a lot of boners.

He said he saw that I had some pubes when I was peeing. He said he bet I was making sperm.

I was really blushing and really hard.

Lester saw the bulge in my pants. He reached down and felt my erection through my shorts. I was shocked but I loved the feeling.

Lester said, let me see it.

I shook my head no.

His fingers were going up and down the outline of the hard tube of my cock. The feeling was amazing, but I was scared to death.

Lester said it is really big for your age. You must be really mature.

That made me feel better and less embarrassed. I still was not ready for him to undo the button on my shorts and lower the zipper. He spread my pants open with one hand until he was rubbing my hard cock through my boxers. I was so nervous I thought I would wet my pants.

Then Uncle Lester moved his hand up under my shirt and he was rubbing my abdomen. As he rubbed lower and lower his fingers were dipping under the waistband of my boxers. I really wanted to stop him, but it felt so good I couldn't ask him to stop.

Then it happened. The tips of his fingers brushed the tip of my boner. It was so hard it hurt.

Lester told me to lift my hips and I did.

He pushed my shorts and boxers to my knees where they fell to my feet. I was naked except for my t-shirt and shoes.

He looked at me and told me I had a great body. Lester told me to lean forward and he slipped his hand under the back of my shirt and pushed it over my head. He put his arm around me and began to play with my nipples again.

Lester said to me that it was very sexy to be riding with me in the truck almost naked. Then he said he wanted me to get completely naked. I was breathing very hard as I took my shoes and socks off. All of my clothes were in a pile on the floor.

An 18 wheeler was beside us and he blew his air horn and pointed at my cock and waved. Lester started playing with my hard penis and he waved back. Lester just kept feeling me all over.

When we were out in the country, Lester said he had an idea. On the left side of the road there was a sign for an Army base. Lester turned in and we were driving toward a guard shack in the distance ahead. I was scared that the guard would look in the truck and find me naked.

As we drove up to the shack I could see that I had not been used for a long time. We drove on to the old base and Lester followed the signs for the rifle range. When we got there it was completely deserted. Lester opened the door to the truck and climbed out. He motioned for me to slide across the seat toward him.

He turned me around so that I was still on the edge of the seat and facing him. He leaned up and kissed my cheek. He moved up to my ear and said that this was one of the secret things that he was talking about earlier. He made me promise not to tell anyone. I nodded and he kissed me on the lips. While he was kissing me his thumbs were rubbing my hard nipples.

Then I felt his tongue in my mouth. It felt really cool. Lester was a big strong guy so he had no trouble lifting me out of the truck and hugging me to his body. You are so hot he told me.

My body felt like it might explode and I told him that. He said it was a good thing that I told him. He asked me if I made sperm and I nodded yes. He told me that I needed to undress him so that if I spermed it would not get on his clothes.

I unbuttoned his shirt while he held me. My legs were wrapped around his body just below his belt so I could feel his hardness.

He put me on the ground and I unbuckled his belt and unbuttoned his pants. I could still taste his taste in my mouth. Then I unzipped his pants. I pulled his pants and boxers down at the same time. When his cock popped free it slapped me in the face and he

laughed. There was a big wet spot on my cheek and he told me not to worry about it. He said it was precum that just makes things slippery during sex.

His cock was still resting against my cheek. I wrapped my hand around it and it felt huge, hot and hard. Lester gasped when I grabbed him so I quickly let go. I thought I had hurt him.

He put my hand back where it was. Lester picked me up again and pressed our naked bodies together. He started kissing me again and soon our tongues were probing each other. He broke the kiss and said, you feel so good baby.

Lester pulled my legs tighter around his waist. I felt him let me slip down a little bit. I felt his finger begin to probe my virgin pucker. He put the finger in and it made me gasp. He asked me if I was okay and I nodded yes.

Lester said good and slipped another finger in me. This time I cried out with the pain. He spread the fingers a little bit and that only made it hurt more. Then suddenly he pulled the fingers out and I felt the wet tip of his cock against my anus.

Lester just let the weight of my body do the work for him. As he lowered me I felt his tip begin to penetrate me. He was so hard and so big. I could not believe that he was trying to put that huge thing in my ass. That was when he dropped me a bit and I felt the huge head of his cock penetrate me. I was screaming and crying. He held me and kissed me until I stopped and I felt myself slipping down further onto his massive erection.

When I felt his hair hit my butt, he walked to the back of the truck and dropped the tailgate. He put me on the cold metal and lifted my legs over his shoulders. He told me how much he loved me. And then I felt him start to pull back and begin the mating process.

He started at first to slowly fuck me and then his pace increased. His need to fill me with seed was great. He started moaning and groaning as his body slapped against mine. It still hurt but it was beginning to feel better. Then I felt Lester thrust into me as deep as he could and felt his warm seed filling me up.

He kissed me deeply as he finished his orgasm. He told me to get dressed that we needed to on the road that my aunt Trudy and my cousin RJ were waiting for us for dinner. I stood there stroking my hard cock and Lester told me to stop.

You are going to be sleeping in the front room with RJ on a hide-a-bed. You need to teach RJ the secret I just taught you. I asked him about what Aunt Trudy would think. He said not to worry that she would be busy.

This whole thing seemed very puzzling. I kept quiet until we got to the cabin.

When we pulled up I could see that the cabin was a small log cabin hidden in the woods. My 11 year old cousin RJ came running out to the truck. I wondered how RJ was going to like me in his ass.

RJ wanted to go down to the pond and he took off running. I heard my Aunt ask Lester about the wet spot on the seat of my ass. He told her that he had to give me a secret.

Lester looked at me and told me to go with RJ and stay down at the pond for a while. I ran after RJ toward the pond and wondered what was going on in the cabin.

When I got to the pond, RJ was standing on the dock. I walked down the dock. He asked me if I wanted to swim. I said sure and we stripped naked and dove in. I noticed that RJ was checking me out before he dove in.

We were swimming around and then swam over to the beach. Both of us flopped down on the beach tired from swimming. Both of us had boners. I saw RJ looking at my boner.

RJ said, you sure have a lot of hair now.

That is because I have matured, I said.

RJ asked what that means.

I told him that my body had matured so that I can make sperm.

RJ wanted to know more.

I realized that no one had told him about sexual development. That gave me an idea.

I told him that when he gets older he will be able to shoot sperm.

RJ asked how that works.

I told him there were a lot of different ways to make sperm shoot out. One of them is to put your penis in a girl's vagina. A guy pumps his penis in and out and then gets a powerful good feeling when his sperm comes out. The sperm finds a woman's egg and it starts to become a baby.

I told him that the coolest part is how great it feels when you squirt seed.

RJ asked if he could make sperm.

Not yet I told him, but we maybe able to make it happen sooner.

RJ asked how?

I told him that if I plant my seed in him it could make his seed come in sooner. I told him I would plant the seed and then try to suck it through him.

RJ said, you'd do that for me?

Yes I would, I said. Do you want to do it now?

What if they come out here?

I told him that they said they would be busy for a while.

RJ nodded yes.

Inside Lester and Trudy were stripping each other naked. Trudy asked what he meant about giving me a secret. He told her that he got me naked and he fucked me.

She looked at him and said you are evil.

Lester nodded yes and said that I would never tell anybody about this weekend. He told her he would do more stuff with me later just to be sure that I wouldn't tell anybody.

Trudy asked Lester if he wasn't worried that the boys would come in while we are in bed. Lester smiled and said no. I told JT that he needed to plant his seed in RJ. I am sure they are down at the pond fucking now. I got JT so horny he might go after a knot hole in a tree. I am sure by now that he is buried to the hilt in his young cousin's ass.

Lester was close to being right. I tried to penetrate RJ but his young ass was too tight. I needed him so bad that I did not give up. I probed his ass with one finger and I wondered if I could stretch it. After a little while I added a second finger. RJ winced initially but after a few moments he was okay. That was when I added the third finger. It took him a little while to get used to all three fingers. I hoped he would soon because all of this and what Lester did with me earlier had me on the verge of a sexual explosion.

I decided it was time to try again. I moved up behind him and prepared to mount his young bubble butt. I held his ass gently in my hands and I spread his cheeks. I guided my penis toward his pucker. I let my spit drool all over the head of the penis. It was still very tight. I could feel the head of my penis begin to penetrate his ass. Suddenly the head popped through his sphincter. I loved the feeling of warmth and his tight ass holding the head of my penis. The pleasure was intense. I couldn't wait to sink my cock in to the pubes.

I slowly impaled RJ on my cock. He was gasping for breath for a few minutes until he got used to it. I pulled back until only the head was in him. I slid it back in quickly enjoying the warmth and the tightness of his virgin ass. I started to pick up speed because I really needed to fill his ass with my seed. I thrust in and out of him. The

slapping sound and his animal grunts carried across the meadow. I felt the tension build as the point of no return neared. I was groaning and panting as I thrust my hard boner deep in his core.

RJ said, it's so big as my cock swelled for orgasm. I could not stop myself. I pounded his ass planning my seed deep inside him. It felt wonderful filling his ass with my cum. I was exhausted when my orgasm finished. I could feel his virgin ass contracting around my softening cock. I turned RJ around and kissed him passionately as Lester had kissed me. I held his erect member in my hand as we kissed. I whispered that I would try to suck the cum through him.

I took his young boy cock in my mouth. It was the first cock I had ever tasted and I liked the taste. I started sucking him and he caught on real fast. Soon the beautiful immature cock was fucking my face. I love the feeling of his cock sliding down my throat. I wondered if there was any chance his immature young balls could produce any seed. In a matter of moments I felt his body shudder as a dry orgasm washed over him.

We dove back in and swam for a while. Every once and a while we would stop and hug and kiss. I was hard again and so was he. While I was holding and kissing him, Lester walked up. I told RJ that we would fuck and suck again tonight. And then we both discovered Lester standing there. He was standing there with just shorts on. He smiled at us and said that he knew we would have a good time.

He told us to get out of the pond that they had fixed something to eat. We both got out of the pond with our young boners waving in the air. Lester said not to worry about getting dressed. We all three walked up to the cabin.

As we walked in Lester told Trudy he had been right. He said I found them in the pond making out. Trudy walked over to me. I still had a boner. She ran her hand down my chest. Then she slowly took hold of my penis and ran her thumb through my pubic hair. She looked me in the eye and told me that she didn't know that I had grown up so much. She said that I have a very nice cock. She told us each to take a plate and go out to the picnic table and eat.

RJ and I grabbed our plates and we went out and sat down. Trudy looked at both of us and told us that what goes on here has to be a secret. She made both of us promise that we wouldn't tell anybody. We both nodded yes. She said that was great and that we were going to have a very sexy weekend.

After we finished eating, Trudy started to carry the plates inside. Lester grabbed her hand and pulled her to him. He kissed her on the mouth passionately. He looked at her and told her he was hard again. He unzipped his pants and pulled his monster cock out again. Just looking at his cock made my anus twitch. He pulled Trudy toward him and on to his lap. Even she moaned as he speared her with that huge cock. They were grinding together. He slid the summer dress over her head and she was naked. He started sucking on her nipples as he thrust deeply into her.

Lester eased her off of his cock. He told us to get the plates out of the way. RJ and I stood there holding the plates as Lester bent her face down on the picnic table. He unbuttoned his shorts and they fell to the ground. Soon he was buried to the hilt in her again. RJ and I could only stand there and watch while we held the dinner plates and our boners waved in the wind.

Soon Trudy was screaming in pleasure. That only made him hump her faster and soon he was filling her with his cum. Lester cried out in pleasure as his body slammed against her in the heat of their mating. When they finished both were drenched with sweat. They decided that we would all go for a swim before it gets dark.

We all dove in and swam around. Lester swam underwater and grab our boners. Trudy came up behind RJ and put her arms around him. She played with his nipples and then her hands went underwater. She said, you are getting a nice little bone baby. It won't be long before it looks just like TJ's. If you are both lucky you will grow up to have a boner like your Uncle Lester.

I could tell that Trudy was stroking RJ. It did not take very long before his eyes rolled up in his head and his body shook from another dry orgasm. She turned him around and kissed him passionately and asked him if that felt good.

RJ nodded and held her tight.

Then we all went back to the cabin. Trudy got all of us towels and Lester went to the bathroom. When he came back he had a tube in his hand. He came over to me and said he wanted to see me fuck RJ. He told RJ to bend over the arm of the couch and Lester put some lube on his pucker. Then he came over to me and put some lube on my boner. I was kind of wondering where the lube was when he put that giant pole of his up my ass.

I went over to RJ and I spread the lube around and pushed some up inside him. It was kind of weird fucking RJ in front of his mother and uncle...but I guess it wasn't any stranger than anything else that happened today.

I mounted RJ and he still cried out as I penetrated him. It felt so good to have my cock deep inside him. I started to fuck him slow and easy at first. Then I started going faster. That is when Lester walked out from behind the kitchen counter with a huge boner. He came over toward us. I knew what he was going to do.

I kept fucking RJ, but I wasn't concentrating on it. Lester came up behind me and this time he lubed my ass. I felt the tip of his huge cock poking at my tender asshole. Lester said I just have to have some more of this tight ass. He entered me with one thrust and I screamed in pain. He began to fuck me like a jack hammer. I was gasping for breath. Soon it started to feel good and I started feeling the need to plant my seed in RJ. It did not take but a few minutes and I filled his ass with cum while Lester was filling me with his seed.

They decided that it was time for bed after that. Trudy said watching that made her hot. She told Lester he better have save some for her.

RJ and I heard them fucking a good bit of the night. I sucked and fucked RJ a couple of more times. I am sure they could hear us too. It finally got quiet and we all went to sleep.

The next morning Trudy got up first and was fixing coffee in the kitchen. I got up and went to the bathroom. I sat down on a bar stool and she said that she saw that I was plugged into RJ's ass when she walked by us this morning. She said I think you fucked him all night. You are a mighty hot young dude. She came around the counter and sat down on the stool next to me. She started playing with my soft penis. I was really turned on and in no time I was hard. She asked me if I had ever fucked a girl. I shook my head no. She pulled me off the bar stool and toward her.

Trudy spread her legs and the bar stool was at the perfect height for my raging boner to enter her vagina. It felt even better than RJ's ass. I love the warm moist feeling. I was soon pumping my virgin cock deep in her pussy. I could feel my orgasm starting to build. I couldn't have stopped if I had to. I needed to fill her with my sperm. I kept thrusting and thrusting and soon she was screaming to stop. I had a tight hold on her waist and I kept going until every drop of my sperm was deep inside her vagina.

She backed off and slapped me and said you little shit. I didn't want you to cum in me. I just wanted to see what fucking a young boy is like.

I was mad as hell. I said well I guess you know now. What difference does it make. Lester has been fucking you like a maniac since we got here.

Yeah but he's had a vasectomy and you are full of potent sperm you little shit.

I wasn't sure what a vasectomy was, but it seemed to make a big difference to her. RJ watched in amazement as she screamed at me.

When Lester walked out she started screaming at both of us. He finally told me to get my stuff together that we were leaving. On the way home he pulled in to the old military base again and told me I need to suck his cock because he didn't get any this morning.

He got out of the truck and dropped his shorts. I got on my knees and started to suck his huge cock. That thing was so big I couldn't breathe and soon I was choking on a huge load of his cum. We got back in the truck and headed home. We didn't talk much on the way home. I think he was really mad that we had to leave early.

When my parents asked how the trip was I said I had a good time and quickly left for a friend's house before they could ask anymore questions.

Neither RJ nor I ever told anybody about the trip. We kind of didn't have to tell anybody. One afternoon RJ's Dad came home from work unexpected while Lester was plugged in Trudy. I guess there was a lot of screaming and RJ's Dad threw both of them out.

We heard later that Lester and Trudy were living together. I also heard my mother telling one of her sisters that Trudy got pregnant. She went on to tell her that she had a baby. Her sister asked when all of this happened. Mom told her that the baby was born the middle of last month. I sat there quietly counting months. It was almost 9 months after the morning at the cabin. Hmmm I wonder? We never heard anything more from Trudy and Lester. When RJ started shooting sperm he lost interest in me fucking him. Turns out he spent a lot of time at another cousin's house when he was a little older. Then I heard my mom talking about how my 12 year old cousin got pregnant.

I guess planting all of that seed in his ass worked.
