

The Jello Incident

Vince poked his hand into the pool and swirled it around. Chunks of jello bobbed up and down in the trail left by his fingers. He lifted a finger to his lips and sucked the juices from it. "MMMM" he said, "that's good jello."

"Do you like cherry?" The voice from behind Vince startled him and he whirled to see who it was. Standing before him was Megan, a cute redhead with breasts you would die for. She looked at him with her sparkling green eyes and Vince's attention was drawn to the towel that was wrapped around her.

"I hope you're wearing a bathing suit under there" he said.

"Of course" replied Megan; "do you want to see?"

"Well I'm sure I'll get to see it eventually so why not"

Megan dropped the towel to the floor and walked seductively towards Vince. She was totally naked. As she reached him she trailed a finger delicately across his naked chest, then walked to the poolside. Megan leaned over the edge and looked back at the flabbergasted Vince. "Coming?" she asked in a voice that would make The Pope hard. She slid into the pool and breast stroked to the other side.

"Just about" whispered Vince to himself. He walked to the pool edge and was just about to climb in when Megan told him to stop.

"What's the matter?" he asked.

"You can't wear those in here" she said pointing to his swimmers. "It'll ruin the taste of the jello. You better take them off."

Vince started to look nervous. "I can't take them off," he said.

"Why not?"

"I just can't." Vince was blushing bright red now.

"Are you embarrassed? Don't worry, I'll shield my eyes." Megan placed her hand over her eyes but made sure that a small gap remained so that she could see everything.

Vince quickly stripped of and plopped into the pool. Megan did not miss the huge erection he was sporting.

"Well are you going to sit there all day or come over next to me Vince?"

He paddled over to Megan and sat down next to her on the underwater step. The jello covered them both up to the base of their necks.

"You still look a little red there. You're not embarrassed to be in here with me are you?"

Vince knew Megan was teasing him but he was unable to stop blushing. Here he was sitting naked in a pool of jello with a beautiful naked woman. Who wouldn't be nervous? Plus he had a raging hard-on that just wasn't going away.

Megan reached down and placed a hand on his knee. He nearly leapt out of the pool in surprise.

"My, my you really are nervous aren't you? What could you possibly have to feel nervous about?"

Megan was enjoying the reaction she was having on Vince. She moved her hand higher. Meanwhile Vince was breaking out in a sweat. *Doesn't she know what she's doing to me?* He thought. Her hand had reached his upper thigh. He was sure she could feel his pubic hair now.

Megan was excited by the affect she was having on Vince. She briefly thought about stopping what she was doing. Then reached out and grabbed his now throbbing cock. "Well what do we have here?" she cooed seductively. "My, it's a big one. It goes all the way up to here. And all the way down again. And up, and down, and up, and down."

Vince was in shock. *My god* he thought. *I can't believe she's doing this.* A low moan escaped his lips. He might have been nervous to start with but he thought that if she stopped now he would probably explode.

Megan's hand started to rise and fall with more speed, rapidly bring Vince closer to climax.

"Oh god. Please don't stop."

"I wouldn't dream of it Hon" she whispered to him. "I want you to cum baby. I want you to cum like a rocket"

"Oh yes!" Vince was on the edge now, the point of no return. He threw back his head and groaned as he orgasmed, his cum rapidly mixing with the jello in the pool. Megan looked on as Vince spasmed under her hand. She loved having this sort of control over a man. And she knew that he would do anything for her now. Vince's vision started to return and he turned to Megan and kissed her on the lips. "Thank you" he whispered. "That was great."

"Encore!"

A voice from the far side of the pool startled them from their reverie, and they turned to see a leggy blonde standing by the pool, applauding loudly.

"How long have you been there Therasa?" asked Megan.

"Long enough" replied Therasa, throwing them a wink. "That jello sure looks inviting, mind if I join you?"

"Sure" replied Megan, "but no clothes OK? It spoils the jello."

"Not a problem" replied Therasa as she stripped off her clothes. When she was naked she settled into the jello.

"Have you seen Sarah and David?" asked Megan.

"Yeah, they're in the pool house."

"What are they doing?"

"What do you think they are doing? Honestly, I don't think that it is physically possible for those two to keep their hands off each other."

"Is this a private party or can anyone join in?" Felicia, a petit brunette with small, pert breasts, had entered the courtyard and was looking at the trio relaxing in the cherry jello. She had a mischievous grin on her face and she dropped a wink at Therasa.

"Sure, come on in" invited Therasa. She had a secret fantasy about Felicia and she hoped that it was about to come true.

Felicia undressed and slid into the pool next to Therasa. As she settled down one of her breasts brushed against Therasa's lips. Therasa's tongue quickly shot out and flicked Felicia's nipple. Felicia gasped. "What are you doing?" she demanded.

Therasa was deeply embarrassed. She had been sure that Felicia brushing her breast against her lips had been intentional. "I'm sorry" she apologised. "I made a mistake."

"You certainly did" replied Felicia. "You were supposed to suck on my breast, not just lick it. Here, like this." Felicia grabbed Therasa and pressed her face to her breast. Therasa quickly responded taking one of Felicia's rapidly hardening nipples into her mouth and sucking greedily.

Felicia let out a low moan and pulled Therasa's head down harder.

Therasa reached down with one hand and slid it between Felicia's legs. Her fingers slid easily into the hot wetness that was there.

Felicia parted her legs more to allow Therasa better access.

Therasa slid three fingers in and out in rapid succession, fucking Felicia with her hand. Felicia threw back her head and moaned loudly as her orgasm rushed through her body, her hips bucking hard against Therasa's hand. As the spasms eased she grabbed Therasa and kissed her passionately, her tongue twining with Therasa's.

"My god that was fantastic" she moaned. "You could do that for a living"

"Thanks" blushed Therasa "I try my best."

"Well you deserve a reward. What do you want? What's your deepest fantasy?"

"Well I have one, but I can't do it now"

"Why not?" asked Megan who had been watching the display with great interest. She had been stroking Vince while she watched and now he was sitting there with a very happy look on his face.

"Well because Vince is with you. And there is only one of him."

"Well hell girl, you can use him if you want. I even got him primed for you," she said, dropping a sly wink to Vince.

"Thanks Megan but I need another man as well."

"Do you want me to go and get David?" asked Felicia.

"No leave him. I think he would rather be where he is right now"

At that moment Simon walked into the courtyard. "Wow look at all that jello" he exclaimed.

Megan, Felicia and Therasa looked at Simon, then at one another.

"Get him!" they yelled.

Meanwhile in the pool house, Sarah and David were dancing to some very romantic music. They were holding each other close as they swayed to the music. They were also totally naked. They would kiss occasionally; long, deep, passionate kisses. David's hands slid down Sarah's back, reaching her arse cheeks and gently cupping them. They kissed again, their tongues meeting. They broke and David bent slightly, kissing Sarah on the neck. He could feel her pulse under his lips. It was beating rapidly. The thought that he was responsible for the rise in heart rate thrilled him. He moved lower, trailing moist kisses behind him as he went. He reached Sarah's ample breasts and cupped them in his strong hands. He took one breast into his mouth and gently sucked as he squeezed the other breast with his hand. Sarah let out a low murmur of approval. David flicked a nipple with his tongue then lightly pinched it between his fingers. He licked it again and paused to watch it rise before moving on to the other one. Sarah moaned gently and ran her fingers through his hair. David loved it when she did that; it always turned him on. He moved lower, trailing kisses down her belly. He knelt before her now, his lips poised before her most sacred of places. He looked up and their eyes met.

"Yes" she whispered.

Simon was naked and sitting in a pool of jello. He had no idea how or why he was in this particular situation, but he was glad that he was. Mostly because Felicia had her hand wrapped around his cock and was pumping him with long slow strokes. The affect was obvious. He was getting hard. Very hard. And all the time Therasa was staring at him in the same way that a cat stares at a mouse.

"Okay Therasa, he's ready" Felicia stopped what she was doing and Therasa moved over to Simon. She stood up and, placing both hands on Simon's shoulders, lowered herself onto his throbbing cock, letting out a sigh as it slid slowly in. She leaned forward,

pushing her huge breasts into Simon's face. Simon took his cue and sucked greedily. Therasa started to move up and down on Simon's cock, their movements making squelching sounds in the jello. Her dealings with Felicia had made her very horny and she came in a matter of minutes.

"There" she said. "Just had to get that out of my system." She looked behind her at Megan and Vince. "I'm ready for you now Vince. Bring that nice, hard cock over here."

Vince moved through the jello to Therasa, his erection jutting before him like the prow of a ship. He moved up behind her. "What do you want me to do with it?" he asked.

"I want you to stick it in my arse big boy" she cooed back.

Vince was a little shocked at this but he always did what he was told. Especially when it was a woman doing the telling. He took his cock in his hand and guided it into place. He rested the tip at the entrance of Therasa's arse. "You ready?" he asked.

"Yes" she moaned.

Vince slid his cock into her arse.

Sarah lay on her back; her legs parted wide as David gave her the tongue lashing of her life. She was incredibly wet and David thought that he must of drunk a gallon of her juices already. And she was still making more. He swirled his tongue around her pussy lips, using his fingers to part her so he could get deep inside her. He placed his lips over her clit and sucked as he slid two fingers into her soaking wet pussy. Sarah arched her back and groaned in ecstasy as she came, her hips bucking against David's face. David was exited by her orgasm and delved deeper into her, his monstrous erection pressing hard into the polished wood floor. Sarah grabbed his hair and pulled his face deeper between her legs. David need no encouragement and worked his tongue and fingers in deeper and faster. Sarah's juice ran freely down his chin as he slurped hungrily, swallowing every drop that he could. They were both like hungry animals. They couldn't get enough of each other. Sarah moaned as she came a second time.

Therasa was full of cock for the first time in her life. *I can die happy now* she thought. *In fact if this gets any better I think I will die.* She wished she could have a cock in her mouth as well.

As if reading her mind Felicia stood up, turned her back on Therasa and bent over, exposing her pussy to Therasa's lips.

Therasa did not hesitate. She grabbed Felicia by the hips and thrust her face between her legs. Felicia groaned as Therasa's tongue went to work. Simon was sucking greedily on Therasa's breasts, his hand reaching down to rub her clit as she moved on him.

It was Vince's thrusts that were causing her movements. He was pounding Therasa's arse as hard as he could. The tightness of her arse was driving him crazy. And one other thing

was affecting him to. With every thrust his balls were colliding with Simons'. The sensation was incredible.

Megan moved behind him and wrapped her arms around his waist, pressing her breasts against his back. She reached down and grabbed Vince by the balls, squeezing them roughly.

Vince groaned with pleasure. This sensation was even better. He could feel his orgasm approaching and thrust harder.

"Oh no you don't honey" whispered Megan into his ear. She grabbed his cock tightly, stopping him from ejaculating. Vince felt his cock swell even more and thought that it was going to explode. He began to see stars.

Felicia came in a rush; Therasa's experienced tongue doing its work on her.

Just as she came Simon also orgasmed, shooting thick ropes of cum deep into Therasa's pussy.

Megan relaxed her grip on Vince and he also climaxed, ramming his cum deep into Therasa's arse.

This was all too much for Therasa and she screamed as her body was racked with the most intense orgasm of her life.

The entire group fell back into the jello, totally exhausted.

David propped himself up on his elbows and gazed down at Sarah as she took his cock in her hands.

"I'm going to make you cum" she said.

He didn't doubt it for a second.

She bent forward and kissed him lightly on the tip of his dick as she gently stroked him. Her actions were rewarded as his cock swelled and hardened in her hands. Sarah trailed her tongue from the tip down to the balls where she took each one in turn into her mouth. David moaned as she sucked his balls. *Oh god she is so good at this* he thought.

She continued to suck as she stroked his now huge erection. A small drop of pre-cum oozed from the tip and she hungrily licked it off. She placed her mouth over the head and started to suck and lick. David was in heaven as she started to bob her head up and down. Sarah twisted and turned her head as she bobbed and sucked, moving faster and faster. David knew he was on the brink and tried to warn her, but she kept going, moving ever faster. At the last moment she took her head away and continued to wank him as he shot cum into the air like a fountain. David groaned as he continued to spurt. He collapsed onto his back as Sarah lay on top of him; his now rapidly deflating cock pressed between them.

"I told you I was going to make you cum" she said. "And I always keep my promises."

He kissed her deeply, wrapping his arms around her. "You certainly do," he said. "You certainly do."

The jello pool was awash with exhausted bodies. Vince was stoking Megan's hair when he noticed that she was upset. "What's wrong?" he asked.

"Everyone got to cum except me" she pouted.

"Well we will have to fix that then won't we?"

He kissed her passionately as the rest of the group moved over to them. Therasa and Felicia moved to each side of Megan. They bent in unison and started to lick and suck her breasts. Hands moved down her body to her thighs and gently parted them. Vince, who had stroked himself so that he was now hard again, moved between Megan's now parted legs. He guided himself to the entrance of her pussy and slowly eased it in.

"Oh yes!" she groaned as he slid all the way in.

Therasa and Felicia continued to suck her breasts as their hands roamed over her body. Therasa's fingers moved around to Megan's arse and gently probed there. Megan let out a little squeal as one of Therasa's fingers slid in. She squirmed around, trying to allow Therasa better access. Vince continued to pump, slowly at first but gradually picking up speed.

"Oh God" moaned Megan. "This so good. But I need more cock."

Vince looked around at Simon who was obviously excited by proceedings, judging by the way that he was wanking himself. "Well Simon? You heard her. Get your arse over here."

Simon bounded around to the other side of the pool and knelt before Megan. She grabbed his cock and hungrily gobbled him, taking him in as far as he would go. Vince was thrusting like a madman now. Jello sprayed everywhere every time his hips smashed into Megan's.

Megan grabbed Felicia and Therasa and pressed their faces into her breasts. Therasa continued to finger Megan's arse as Megan squirmed around on her hand. With a yell Megan came, squeezing her thighs around Vince as her whole body vibrated. Vince followed soon after, shooting jets of cum deep into Megan's hungry pussy. Simon was not one to be left behind and was soon spurting wads of cum all over Megan's face. Therasa and Felicia quickly licked every drop of cum from her smiling face. "God I love jello" breathed Megan as she slumped into the pool.

Sarah moaned out loud as her whole body was raked by another orgasm. She had lost count of the number of times she had cum so far. And she didn't care either. She just welcomed each time as it happened. At the moment she was on all fours, getting hammered from behind by David. She was amazed at how quickly he had become hard again. He had said that she was the only person who could make him do that but she didn't believe him. Whether it was true or not didn't matter right now though. Right now she was having the time of her life. He was the best lover she had ever had and now she was cuming yet again. This orgasm was huge and she was totally out of control. She

threw back her head and screamed. Her whole body was on fire and she was sure that she would be consumed by it. There would be nothing left but ashes. Very happy ashes. David continued to pound into her, his rhythm gradually increasing. Their bodies were covered in sweat and the afternoon sun filtering in through the windows of the pool house gave them an ethereal glow, like two statues of gold come to life. Sarah was panting hard now and she lowered her head till it rested on the floor, her cheek against the cold, polished wood. She smiled with contentment as her body was pushed back and forth with every stroke from David. She could feel another orgasm coming to claim her when David cried out "Oh god I'm cuming"

"No not yet. Just hold on a little more" she pleaded. "I want to cum with you"

"Oh god I don't know if I can" he moaned

"Please. Just a little more"

And then it hit her. Like a freight train her climax cannoned into her, sweeping her away in a rush of sound and colours. David came with her and they became one, joined forever in a never-ending orgasm. They collapsed, welded together by their passion. "That was the most incredible experience of my life Sarah. I wish we could stay like this forever."

"I do too David. But we have to get back to the others. They'll start thinking there is something going on between us," she said as she dropped him a wink.

"Well we can't have that can we" He replied. He took her in his arms and kissed her.

"Come on" he said. "Lets go."

They stood and walked hand in hand out into the late afternoon light.

The End
