"I tie him up then tease him half way to death," I overheard as I retrieved my keys and prepared to open my apartment door. I waited for a moment. "I lick his cock, his balls and even his asshole sometimes."

"Doesn't he object to that?" I heard my wife ask. "I mean being tied up?"

"Au contraire, Beth," I heard my newly wed sister say! "He sports the biggest hard-on and his cock drools like you won't believe. Not as much as my pussy, though." Alex giggled.

"Does he fuck you up the ass?" my wife asked.

"Oh, no, I would never let him," was the answer. "However, I may one day end up fucking him up the ass with a dildo." Alex giggled again.

Oh, man! My little sister whom I had before conceived of as an innocent girl was a man-eater! Having eavesdropped enough, I abruptly unlocked the door and entered. My wife and sister hushed promptly and my sister got all excited about seeing me. She looked too innocent for what she had just said to Beth. She greeted me, threw her arms around my neck and kissed me on the cheek.

"How are you doing, kid?" I kidded her.

"Great," she said. "Enjoying my new toy!"

"And is your toy enjoying itself, too?" I asked.

"Of course," she said.

"I guess you are all excited about your new toy you let it sleep in your bed, right?" I said.

"Yes, you guessed it," she laughed.

"You will never grow, kid?" I said. "You will always be a kid."

"What? Did I misbehave?" she said. "Do you want to spank me?"

"Maybe it's time," I said. "I bet you haven't been spanked in quite a while."

"You bet, big brother," Alex laughed.

"You said it," I said, as I sat on an opposite couch. "Come here and bend over my knees."

Alex surprised me and actually walked over, knelt and bent across my lap.

"Young lady, you warranted yourself one good spanking," I said.

As I laid my left palm on the small of her back, I felt that her dress was quite thin and that her ass was not well protected so to speak. Bent over, the hem of her dress was a couple of inches above her knees. The form of her tight butt was well outlined with her dress and panties.

I started with light playful swats that made Alex giggle. Then as the smacks got harder, I tightened my left arm around her waist. I alternated my spanking so that both her cheeks would be spanked equally. As the blows got harder, Alex stopped giggling and started to grunt softly with every smack.

"Don't overdo it," called Beth.

"If your butt tingles and you want a spanking of your own," I said.

"I will go make some coffee while you finish your business," said Beth as she stood up and walked toward the kitchen.

"Take your time," I said.

"I bet your butt is all red," I said to Alex.

"I won't doubt that," she said.

I massaged her ass cheeks with both hands. Her ass was getting really hot with that beating. I resumed spanking her harder and harder. Alex grunted harder and deeper. Then she started to jump with each blow. As the smacks got even harder, she stopped jumping, but her grunts continued. She was getting sexually excited just like Beth when I spanked her. I paused and massaged her ass gently, then resumed the spanking slower, giving her time for each blow to sink in before I landed the next. I maintained Alex' level of heat for quite a while, knowing well that if I slapped her or touched her between the legs, she would come immediately, but only in her dreams. I wanted to show her what teasing was like. Even when I gave her a breather and massaged her ass lightly, I made sure to keep her hot.

"That's it, get up, kid," I said when I made sure her panties were all wet. I could actually catch a faint smell of her pussy. "This will keep you from misbehaving for quite a while."

"Yes, big brother," she said, her face all sweaty and red, still trying to catch her breath.

She sat down in her previous place. I noticed she was fidgeting. She then excused herself and went to the bathroom. When she returned, she looked flush. A moment later, Beth returned with the coffee.

I left to meet the guys, hang out at some electronics stores and then have dinner together. When I returned Alex was gone. I went to the bathroom to relieve myself. While there, something smelled of pussy. I found out it was a pair of Beth's panties, soaked with pussy juices. I brought the panties to my face and inhaled. My cock twitched. I sucked the crotch into my mouth and could taste my wife's juices. I went to the bedroom intending to fuck her.

"Honey, are you back from your geeky get-together?" My wife called from under the sheets as I entered the room.

"I guess so, honey," I said as I took off my outerwear and left my briefs on.

I slipped under the sheets and kissed Beth. She obviously had showered before bed. I rolled Beth onto her stomach and lay on top of her. Holding her tits through her bra, I started humping her butt, our underwear separating our hot flesh. Soon her bra was out of the way and my fingers were toying with her hardening nipples.

"Guess who's going to get fucked tonight?" I teased as I slipped a hand down her stomach and cupped her pussy.

"Is she a pretty brunette with a hot, tight ass?" she said as I started squeezing her pussy.

"Yes," I said.

"Does she have nice tits that hunger to be sucked and fucked?" she said.

"Yes."

"Is she married to you?"

"Yes."

"I give up," she said.

"I will give you a hint," I said as I reached down and pulled my briefs and her panties down. "She is going to get fucked in the ass."

"Balls deep?"

"Yes."

"I still don't know," she said as I started thrusting my hard cock between her legs, making it rub along her wet pussy lips.

"Try harder," I said as my cock started inching into her pussy.

"Oh, I know, it's me!" she said excitedly.

"Yes, baby, it's you."

"If you told me she is the horniest woman in the world, I would have guessed it right away," she said.

"I wanted to make it a little harder for you," I said. "Can you feel how hard it is?"

"Yes, baby," she gasped. "It's so hard and big."

Before we called it a night, Beth's bowels sucked every come drop I could offer and left my cock totally spent.

A couple of weeks later, I was driving through my sister's neighborhood on a Sunday afternoon and I concluded she and her husband were home. I parked and rang their bell. No one answered. As I turned back, I tried the door. It was open, so I went in.

No one was in the living room. I noticed the spare bedroom door open and I heard soft music playing, so I took a look, and froze. It took me several seconds to take the scene in. My brother-in-law was blindfolded, tied up spread-eagled and naked on the carpet. My sister was clad in her black thong, her ass dancing to a silent tune. I stepped back to leave, but something tied my feet to the floor and glued my eyes to the scene.

Alex used her tongue tip expertly to tease her husband's shiny, rock-hard cock as a dark wet spot spread over her crotch. They both panted and moaned softly. Alex occasionally reached back and squeezed her pussy or massaged her ass, calling my cock to full attention in the process. Suddenly my pants got too tight for my cock, so I unzipped and let my hard-on hang out in the open.

The two lovers were oblivious to my presence as I watched Alex perform some tricky numbers on her hubby's cock. I moved stealthily and cupped Alex's wet pussy, startling her. Naturally she was shocked to see me. I motioned her to keep silent as I massaged her pussy gently. She was confused for a minute. Then she smiled and went back to licking Dave's cock. She jacked my cock while she did that. I pulled her panties aside and fingered her pussy and toyed with her clit.

"Imagine there is another guy in the room with us," Alex said. "Now I am going to give your cock a break while I suck his."

Alex swallowed my cock down her throat incredibly. I enjoyed myself as my kid sister deep throat me while her husband didn't have the slightest clue. I gripped her head and slapped her face with my wet, hard cock real hard, making her grunt.

After I made her face all wet with her saliva, using my cock, I moved her onto Dave's cock. While he fucked her, I grabbed her head and fucked her mouth like I fuck a pussy. I occasionally pulled out of her mouth and slapped her face hard.

I knelt beside Alex and watched her tits bounce and she rode her husband. Gripping one hard nipple between my lips and the other between my fingers, I fingered her clit furiously, bringing her very close to orgasm. I pulled her off Dave's cock and turned her around so that she would suck him. While she sucked him, I lapped up her pussy dry, pulling at her nipples continuously.

I moved forward behind her and started rubbing her clit with my cock head. I widened the circle of my rubbing until my cock head was rubbing all over her soaked pussy area. Next, I used my cock head to smear her ass cheeks and asshole with her pussy juices. I steadily rubbed my cock up and down her wet crack from pussy to asshole and back.

Soon, my mouth replaced my cock in her crack. I sucked her clit, then tongued her pussy hole and sucked on her pussy lips. I pulled her cheeks apart and let my tongue stray to her wet asshole. She gasped and pushed my head away but I held on to her butt until her resistance died and she started to enjoy her first anal tonguing. Her asshole instinctively started to respond to my oral ministrations as I fingered her slick clit. I alternated between flicking my tongue tip on her asshole and pushing it in. Her vaginal hole relaxed quite well and opened to my tongue tip, allowing me to drool into it. The more her asshole relaxed, the harder my cock got. Finally I moved forward and slid my cock into her pussy smoothly.

She moaned then started humping my cock, taking it deeply into her sodden cunt. While we fucked, I drooled onto her asshole and massaged her wrinkled hole with my thumb as I used my free hand to rub her clit. I managed to pop my thumb into her ass and started finger fucking her butt while she moaned continuously over her husband's cock. I moved my thumb around to stretch her asshole for more.

I made her come really hard while I pumped both her holes and diddled her clit. I lapped up her drenched pussy. Then I had her sixty-nine with her husband. While he ate away at her horny pussy, I finger fucked her asshole without his noticing a thing. She fucked her husband while I went to the kitchen to retrieve some butter. I concluded that her husband was not permitted to talk while he was being teased.

There in the kitchen, I greased my cock well and lubed my left-hand fingers. Back in the room, I pulled Alex off Dave's cock and had her suck him again while I greased and stretched her asshole with my slick fingers. One, then two, then three fingers slipped up her ass, massaging her inner muscles really well and stretching her for the real thing.

I had her pull her ass open as I pushed my cock slowly into her, feeding her as much hard meat at a time as she could take. She grunted and breathed deeply. When my cock was about quarter into her tight rectum, I gripped her tits and squeezed them tightly as I inched the rest of my shaft in. Her butt resisted the last inch or two of my cock. It took a little more effort to drive it all in.

"Oh, fuck," Alex grunted as my cock popped all the way into her formerly virgin butt. She started jacking her husband's cock with one hand as her other hand pulled her ass cheeks apart. "Dave, darling, imagine there is another man now fucking me with his big cock. I am all stuffed with it."

We started fucking, gradually gaining pace and settling into a rhythm. Alex bucked her ass back and grunted softly with every thrust. I pulled on her hard nipples until she was close to orgasm. Then I started rubbing her clit and finger fucking her pussy. She was really close.

Alex stiffened and started convulsing violently in orgasm, her tightly packed asshole milking wildly on my thick cock. I let go and my cock exploded deeply within her, adding more fuel to her sizzling orgasm. After emptying my balls in her bowels, I rested a little then pulled my cock out of her. I wiped the drop of come that leaked out of her asshole with my fingers and had her lick them. Then I had her lick my cock clean.

While she had Dave come in her mouth, I lapped her dripping pussy. Then I dragged her to the bathroom. I sat her in the tub and had her suck my cock to another come. While she sucked, I slapped her face silly with my hard cock. Then I came all over her hair and face, some come jets flying into her open mouth.

"I am now going to clean your face of my come," I said after she licked my cock clean.

When the first golden jet hit her face, she was startled and tried to escape, but I held her in place by her hair and continued hosing her face. She started moving her head in the stream to wash her face and hair well. She even opened her mouth and stuck her tongue out to intercept the hot stream. She also washed her chest and stomach with her hands.

When I finished, I had her lick my cock. Then I grabbed the showerhead and hosed her down again. I put my clothes back on and left the newly weds continue their fun. That was a real lesson in kinky sex.

## **The Mistress**

Ever since I overheard my sister tell my wife about her kinky sex life, I looked at her in a different way. One day I accidentally saw her practicing her kinky acts and curiosity then lust had the best of me. I watched. Moments later, I let my sister discover her life could be way kinkier.
