

JEFF AND NICKY'S DAUGHTERS

FAMILY LOVE

(This is a stand-alone story but I encourage you to read Jeff and Nicky first to understand them better.)

Jeff and Nicky's daughters were growing up faster than Jeff was and Nicky wanted them to but they knew they had no control over that. Jeff and Nicky, being brother and sister knew the time would come and they would have to tell the girls the family secret. They hoped it was many years from now and not sooner.

Emily and Brenda were very close sisters as they were growing up. When Brenda was only 6 or 7 years old, they started playing together sexually. Nicky caught them shortly after Brenda turned 10, in a 69 position pleasuring each other, but didn't say anything or let them know she had seen them. This is where this tale begins. She told Jeff, when he came home from work, they needed to sit the girls down and talk to them. He asked her what about and she told him she had seen them exploring their bodies and she thought it was time they had "The Talk". He agreed and told her they would do it that evening after dinner.

After the family had finished their dinner, Jeff told the girls that he and their mom needed to talk to them. Emily asked what about and Nicky told them it was about her seeing them exploring their bodies. Brenda started to say something but Jeff told her to let her mom finish speaking. Nicky went on to tell them they were not upset or going to punish them as their dad had a story to tell them. Both girls let out a sigh meaning; "here comes another story from dad."

He started out with; "There once was a brother and sister" and before he could say anything else, Emily asked him if he was going to be telling them some rotten story about how

some kids who did this or did that when they grew up. Jeff told her to keep her pants on and find out and it was a couple of kids he knew personally growing up. He started over with; when the boy was 13 and the girl was 10, Brenda groaned and he looked at her and continued. When he was 13 and the girl was 10 they were left alone one day by their mom. They decided to play doctor and stripped off all of their clothes, he was the doctor, and he was going to examine the girl's body for cooties. Just as he got to her vagina, their mom returned home from shopping and almost caught them. He told the girls how after that the kids were careful to not be caught but not as careful as they thought they were and one day they did get caught masturbating each other and their parents were very upset at them and forbid them from being alone together for a long time. By this time, there was no way they were going to stay apart and were much more careful when they were together so as not to be caught. They continued exploring each other's bodies and by then they had progressed to oral sex. After the girl turned 14, they started having penetration sex and she got pregnant. They had failed to take preventative measures so as not to get pregnant. They didn't think to use condoms and didn't know birth control pills were available to girls so young. The boy and girl knew they loved each other very much and wanted to spend the rest of their lives together as man and wife but they had to wait until they turned 18 to be able to move out and be on their own. Because the girl was pregnant, and they admitted to their parents they had not stayed apart and the result was her pregnancy, their parents then allowed them to live together in their home but they still had to hide it from the outside world. Their parents were not happy but knew there was nothing they could do as the damage, so to speak, was already done. Jeff wanted the girls to know that when he said damage, he didn't mean it in a negative way, as they loved the baby in her womb. Emily was sitting there doing the math in her head as how old she was and how old her mom was and yelled out she knew who he was talking about. She told

them, it was them he was talking about, that they were the brother and sister. Nicky could only nod her head and Jeff said they were but he wanted to continue.

Jeff told her that she was correct in that he and their mom were brother and sister but also very much in love, and she was indeed that baby. Emily asked why they had not told them before now. Nicky told her they didn't know exactly how to tell them and that is why they had told them her parents were no longer alive and had died before she was born. That is the reason why they only had the one set of grandparents. She went on to tell them that that was part of the reason, why they didn't see their grandparents that often also. Now that she had caught them exploring each other sexually she thought it was time to tell them the truth. Brenda could only sit there and say, it was cool to her, because she loved her sister. Emily told them the same thing, she loved Brenda and wanted to be with her.

Jeff continued to tell them all the trouble they had being together and how they ended up moving to a city where nobody knew them so they could openly show their affection to each other. Nicky told the girls it was illegal for her and Jeff to be together as husband and wife and it was called incest. Emily said she had learned about incest in school and had been taught that it was not only illegal but the babies born would not be normal. She looked at her parents and then her sister and said to them that she felt normal but wasn't too sure about Brenda. Brenda told her that she was not nice and that she was normal as well. Emily reached out, hugged her sister, and told her that she was as normal as anybody else was, and she was just kidding her. Emily said she didn't think it was right for two people who loved each other to be kept apart. Jeff told her they didn't think so either but now that they girls knew, they could not say a word to anybody, even their friends, or he and their mom could go to jail and the girls would be put in foster care.

Jeff asked the girls to tell them how and why they started being sexual with each other. Emily told him it had started when Brenda had an itch inside her pussy one day when she was six or seven and had asked Emily to look at it and see if she saw anything wrong. Brenda took her pants off and Emily got between her legs and opened her pussy to look inside. Emily said she told Brenda everything looked okay to her but she had a little bump at the top of her opening that she wanted to touch. Brenda told her to touch it and see what it was and it was of course her clit. Emily knew it was Brenda's clit as she had a small class on the female body in health for the girls at school. She had also explored with another classmate once or twice but never anything serious or long term. She touched Brenda's clit gently and started rubbing it. Brenda let out a small moan of pleasure and Emily started rubbing it a little harder and faster. After several minutes of Emily rubbing her clit, Brenda felt a funny feeling and she thought she was going to pee. She told Emily, but Emily told her it was okay she was not going to pee she was going to cum. Brenda asked her what cum was and Emily told her to relax and enjoy and she would soon find out. Brenda relaxed and Emily worked her clit and stuck her finger into her sister's pussy, until she felt her cherry, she stopped so she didn't break it.

Emily continued to rub her clit and play with her pussy and Brenda told her she was sure she was going to pee causing Emily to rub even harder and Brenda screamed and came for the first time in her young life. After her breathing returned to normal, she looked at Emily and told her that was the best feeling and if that was what cumming was like, she wanted to do it all the time. Emily knew she had created a monster and Brenda would expect her to rub her clit all the time, not that she was going to complain. She told Brenda she needed to look at her pussy so she could see what Emily looked like also. Brenda did, and she brought Emily off in the same

manner as Emily had done to her. They knew that day they would always play with each other and touch each other in this new found way.

The girls started feeling a love for each other they had never felt before. The girls talked about how they felt toward each other and confessed their love for the other. Brenda told Emily how wonderful it was to know that she could make her feel as good as she had done. Emily told her she felt the same way and even though they were sisters, she wanted to be with her forever. This love was deeper and caring and not a sexual love that some people may call lust, as this was true love. The only problem was they knew they had to hide it from mom and dad, out of the fear of getting into trouble, little did they know they wouldn't.

Jeff and Nicky sat there listening to the girls and finally, Nicky told them it was wonderful they had experienced it and asked when they started doing oral. Brenda told her it was when she was nine, just a year ago. She told them how she was down rubbing Emily's clit and playing with her pussy and she wondered what pussy tasted like. Emily was very wet and they had always just wiped themselves dry after they came but this time she had to find out what Emily's cum tasted like. She had heard some of her friends talk about eating pussy and sucking cock, Jeff asked her if this was common talk in her grade at school. She told him many of the kids, both boys and girls, talked about it. He asked her if they knew about it for real or just talked about it. Brenda told him most just talked about it trying to act grown up. She continued telling how she wanted to taste Emily and finally stuck her tongue out and tasted her carefully. Emily spoke up and said she had never tasted pussy or cock before then either. Nicky looked at her and said, "Cock?" Emily told her she had still not done anything with a boy, and it was only Brenda now as she had even quit playing around with her girl friends. She found it was more fun to play

with Brenda rather than her friends because they could do it at home and didn't have to hide since they shared a room.

Jeff asked Brenda to continue. She went on to tell her parents how she tasted Emily for the first time and Emily grabbed her head, and pulled her tighter to her and told her to never stop and Emily moaned and shook. It didn't take long before Emily came in Brenda's mouth, and filled it with her girl juice, and she made a lot. She decided then she was going to want more of it as often as Emily would let her because she tasted so good. Emily spoke up and said Brenda did not cum liquid at that time but now she squirts most of the time and tries to drown her. Nicky laughed and said it sounded like her at times.

Emily asked them if they were in trouble or could they continue having girl sex with each other. Jeff told them they could not only continue but he and their mother would like to join them and show them what adult sex was like. Brenda asked him when they would show them and Nicky asked her if she would like to start then. Brenda asked her if she meant it, Nicky put her hand out and pulled Brenda to her and kissed her deep and stuck her tongue in her daughter's mouth. When she broke it off, they looked at saw Jeff and Emily kissing also. Brenda said this was the best night ever. Nicky asked the family if they would like to go to their room or the living room. Brenda said she didn't care, as she would do it right at the dinner table if they wanted. She stood up and started to take her clothes off. The rest of the family stood up, stripped, and threw their clothes in a pile on the floor. Brenda saw Jeff's cock for the first time in years and he was hard. She asked if she could touch it and he told her she could do whatever she wanted, as that was what they were going to do that night, the girls were going to learn about adult sex and his cock was part of it. She reached out and touched it gently, and said how hard and soft, at the same time, it was. He told her that was how guy's cocks were when they filled

with the blood needed to get hard. She asked him if he was going to fuck her and Nicky said she thought she might be too small but she would check her pussy to find out and if she wasn't too small, he could be able to. If she was too small, she could do many other things before the day came for her to have sex with a man. Brenda said she hoped she wasn't too small, she had heard that fucking was fun and wanted to find out.

Jeff told the family he thought they would be more comfortable in the bedroom and took Brenda's hand. He led the family to the master bedroom and he told the girls he and Nicky would like to see them and asked them to stand in front of the bed, as he and Nicky sat. The girls stood in front of them, in a model pose which cause everybody to laugh. Emily had some nice "A" cup teenage tits and showed a small growth of pubic hair. Brenda had little small puffy nipples only and had no sign of any hair growth. They told the girls how beautiful they were and Nicky told Emily she could keep or get rid of her pubic hair if she wanted and she stood up to show the girls she was totally bald. Emily asked her if she shaved and Nicky told her she had had laser hair removal and could no longer grow any, she turned around and showed them she was bald on her pucker also. Emily said she didn't know as she had just noticed it growing a few months before, as still kind of liked it. Brenda said she liked her mom's look, and never want to have any. Jeff told her she had plenty of time to decide that.

Brenda, being the impatient one, asked when they could start with the sex. Nicky told her to relax, as sex was not something that should be rushed, but enjoyed. She told her to come to her and she could see what a woman's pussy looked like up close as well as her boobs. Nicky lie back on the bed and spread her legs. Brenda and Emily both got real close and looked. They asked if they could touch her and Nicky told them they could do anything they wanted to her. Brenda reached out and found Nicky's clit, it was partially hidden behind her hood and when she

pulled the hood back, her clit stood up proud. Brenda said how big it was, Jeff said Nicky had a larger than normal one but every one was different anyway. Emily asked why Nicky had long lips and again, Jeff told her Nicky's were larger but long lips were actually common and she didn't have them until she was about 14-15 years old. Emily asked if they would have a large clit and long lips, Nicky told her everybody was different but since she had them and her mother had them, the girls would probably have them also.

Brenda pushed Emily out of the way and said she wanted to taste her mom's pussy. She stuck her tongue out and dove in for the first time. Nicky came on the spot as she was so excited. Brenda stayed with her and drank from where she came from until there was no more juice to be had. When she leaned back, Nicky sat up, and everybody looked at Brenda and laughed. She asked what was so funny and Nicky told her to go look in the mirror, she did and saw that her face was wet all over, even some in her hair, from Nicky's cum. She laughed too and told her mom that she sure did cum a lot. Jeff told her that was how their mom came almost all the time and if they were going to eat her pussy, they had better keep their mouth tight to it or she would make a mess out of them.

Emily told her dad she wanted to suck on his cock and see what it was like and asked if he would cum in her mouth. He asked if she was sure about that and she told him several of her girl friends at school told her that their boyfriends came in their mouths and they liked the taste and feel of it. He told her if that was what she wanted, he would be happy to cum in her mouth but the rule was she also had to swallow it, at least this time since it was her first. She told him she would love to swallow his cum and sucked his cock into her mouth, and when he touched her throat, she took a deep breath and swallowed his cock down her throat. He looked at her and told Nicky she was deep throating him. He tried to pull his cock out of her throat but she grabbed his

ass and held on sucking and swallowing. This drove Jeff crazy and in less than a minute, he told her to get ready as he was going to cum and if she wanted to taste it to take it out of her throat and just keep it in her mouth. She did and he came the hardest he had since he was a teen. She sucked him dry and when he was soft he pulled out of her mouth and she kept her lips closed until he was out completely and then tipped her head back, opened her mouth and showed everybody his load. Brenda stuck her finger in her sister's mouth, got some of his cum, and tasted it. She told him she wanted him to do that to her and he told her he would but he had to rest. She was told she would get her fair share as well.

Emily closed her mouth, and swished his cum around, and opened her mouth again and gargled with it. Nicky told her she had done that and that it really turned Jeff on when she did. Emily finally swallowed her mouthful and when she had done so, she smiled and then thanked her dad for his cum and told him he could cum in her mouth anytime he wanted, Nicky reminded her that he was her husband and while she would share occasionally, Emily was not to expect it all the time.

Jeff told the girls he would like to watch them together since he and their mother had both cum. The girls did rock-paper-scissors to see who was to be on top this time. Nicky laughed and asked them if they did that every time, Emily told her they usually did or Brenda would always be on top as she thought she was the boss. Nicky wondered to herself, if they didn't have a dominate girl on their hands. The girls had to go several times and finally Emily won and told Brenda to get on her back as she was going to sit on her face and she had better do a good job this time or she was going to bite her clit off. Jeff asked her what was that all about and Emily told her the last time they were alone, Brenda came and just as Emily was starting to cum, Brenda jumped up and told her she had to go pee and left her hanging to finish herself off. Jeff

told Brenda that was not nice and she said she really did have to go pee or she would have peed in Emily's face. He told her she would just have to learn to hold it, even in times of sex. She apologized to Emily and told her she was sorry and she would make her happy tonight and if Emily didn't want to suck her off, she understood. Emily told her she liked to eat her pussy and have her cum in her mouth and with that, she dove into Brenda's pussy. She sat on Brenda's face and almost smothered her until Brenda pushed her away a small amount, so she could breathe and eat her sister's pussy.

Jeff and Nicky sat there watching their daughters eat each other's pussy and Nicky made comment that the girls obviously had been doing it for a while, as they knew what they were doing. Jeff asked her if she was ready to fuck, as he was hard again from watching the girls. She told him to lie on his back, as she wanted to ride him tonight, so she could watch the girls. He did as she asked and held his cock up for her to sit on. She got on top and instead of lining him up with her pussy, she lined him up with her asshole, he looked at her and asked her if she was sure. She told him it had been a long time since they had ass fucked and she was so horny tonight, that was how she wanted it and sat down shoving his cock deep in one motion. When she bottomed out, she sat and just held him there and squeezed her ass muscles tight, Jeff told her she was going to cut his cock off she was squeezing so tight. She finally started moving up and down fucking herself in the ass. The girls meanwhile were still going at each other as well. It didn't take long for Jeff and Nicky to reach the point of cumming. Jeff reached up and grabbed Nicky's nipples and gave them a little twist, he only did this when they were feeling extremely horny and nasty, as Nicky didn't really like it often. The second Jeff twisted her nipples, Nicky let out a scream and came and since they were ass fucking, she squirted her cum out of her pussy all over Jeff's stomach. The girls heard their mom scream and looked over just in time to see her squirt.

Emily was the first to speak. She told her mom and dad how cool it was to watch them fuck and then she realized they had been ass fucking. She asked her mom if it hurt and Nicky told her she needed to be real horny for them to do it and they didn't do it very often but when they did, she loved it. Emily told Jeff she wanted him to fuck her ass someday but she wanted him to fuck her pussy first. Jeff told her he didn't think it was going to happen that night, as he wore his cock out. He told the girls he did want to taste their pussys though. Brenda told Emily since she had won the rock-paper-scissors before she wanted their dad to eat her pussy first. Emily told her it was okay, as she wanted to be with mom then.

Emily asked Nicky to lie back, and she dove in and started eating her mother's pussy and sucking her dad's cum out of her asshole. Nicky started moaning almost immediately. This was the first time Emily had tasted her mom's ass and decided she liked it. Brenda, meanwhile told her dad she wanted to clean up her mom's cum from his stomach. He told her to go for it and then he was going to eat her until her eyes rolled. She giggled and told him she was looking forward to that happening. Both girls cleaned up the parent they were with and the parents brought the girls off to screaming orgasms as well. When the family was finished cumming and all lying on the bed, catching their breathes, Jeff spoke up.

He told the girls that he loved them and enjoyed the evening with them but, and stopped. Nicky looked at him, saw tears in his eyes, and asked him if he was okay. He told her he was, that he was just without words for a minute. He was finally able to speak and he told the girls how he had known for many years that they needed to tell them about he and their mom were brother and sister but he never expected to do it the way they had just done. He went on to tell the girls they would show them anything sexual they wanted, but they were both going to be put on birth control pills and they would be given condoms to put in their purses if and when, they

went out on a date with a boy. Emily told them she didn't want any boy in her pussy, as she really liked girls more. She told him she would take the pills just in case. Brenda said she was too young to date and she thought she was a girl's girl too. They both told their dad they wanted him to fuck them though as they did want to know what it was like to be with a man but only him. Jeff also reminded them they could never tell anybody about what they did at home, as their mom and dad would go to jail. Brenda said she would never tell anybody and if she did, she would have to kill him or her and then she laughed. This eased the tension that had just formed and Nicky told the girls it was time for bed as it was getting late. Emily asked if they could start sleeping in the same bed from then on. Jeff told her there was no reason why not because he expected they had been doing it anyway, since they shared a room. Brenda told them they usually did if they didn't think they would be caught. Jeff and Nicky cleaned up and crawled into bed where they talked about the evening. Nicky told him how much she loved him and now that they had been sexual with the girls, she knew his cock was going to be getting a workout often. They talked for several minutes until they knew they could not stay awake any longer, kissed each other good night and went to sleep.

Meanwhile in the girl's room, Brenda was so excited about being able to openly have sex with her sister that she was all but bouncing off the walls. Emily told her that even though they could do it out in the open now, she didn't think it would be a good idea to do it all the time outside of the bedroom. Brenda asked what she meant and Emily told her that she thought they should not be doing it in the living room watching TV and things like that. Brenda told her she thought it would fun in the morning to be lying on the kitchen table with their legs open waiting for their parents to come to breakfast and tell them they were the morning meal. Emily called her a slut but said it did sound like fun and they would do that. The next morning when Jeff and

Nicky walked into the kitchen that was exactly what they encountered. Nicky asked them what they thought they were doing and Brenda told them they had talked the night before and decided they wanted to be breakfast that morning. Jeff laughed and told Nicky he thought they had created sex monsters but Nicky told him she thought the girls were before last night and sat down to eat Emily as Jeff ate Brenda. It seemed like that was how they were going to pair up each time. Jeff wondered to himself if Brenda wasn't turning out to be his favorite little sex partner. He told himself that was not fair to either daughter and he did love each one the same otherwise. It didn't take long for either girl to cum in their parent's mouth and they then asked to trade places to eat their parents. Nicky crawled up on the table and Brenda went to her while Emily got on her knees in front of Jeff and said "daddy, fuck my mouth for me please." Jeff could hardly hold off as she opened her mouth to suck him in. He held her head and she grabbed his ass. As soon as Jeff was in her mouth, she sucked him into her throat and held him there. She quickly learned if she swallowed, it gave Jeff a sensation that caused him to cum quickly. She did and he came down her throat. It didn't take long for Brenda to bring her mother off as well, since Nicky was excited about what they were doing. She almost drowned poor Brenda with the amount of her morning cum. Brenda remembered from the night before to hold on tight and swallow. She was rewarded with a large amount. When the family was finished cumming, Jeff spoke up and said he didn't think it was a good idea to start each day out like this or they would not want to go about their daily business and would only want to stay home fucking. Emily asked if that was such a bad idea to which he replied the girls had school and he and their mom had work, so yes it was a bad idea. Brenda moaned but Nicky told her they would get plenty of family sex time in, and not to be upset.

It was shortly after that first night together that Emily begged her dad to fuck her and take her cherry. He and Nicky talked about it and then talked to Emily. He and Nicky agreed that Jeff could fuck Emily and told her it would be when they were ready and Emily was not to continue begging or he would not do it. She asked her mom to help her get her pussy ready for her dad to fuck her so they started working on her pussy before the big event. The easiest way, Nicky decided, was to eat Emily's pussy, and to loosen her up with her fingers. Nicky was very careful so she didn't break Emily's cherry as Emily wanted her dad to break it when he fucked her the first time. Nicky and Emily enjoyed many days together and it brought mother and daughter that much closer. Emily told Nicky how excited she was to become a woman. Nicky told her that she was proud she could help her achieve the goal. They talked about everything for the first time in quite a while. Emily told her how much she loved her sister and hoped that they could be together, or at least stay as close as they were then, forever. Nicky reminded her that both girls were young and at this time, forever is far away. Emily told her she knew that, but still loved Brenda. About that time, Brenda walked in and heard what was being said and started crying. Emily held her arms out to Brenda and Brenda quickly went to her. She told Brenda how much she loved her and was proud to be her sister as well as lover.

Nicky and Emily kissed Brenda and told her how special she was and how beautiful she was becoming. Brenda complained about not having any boobs or pubic hair and Nicky reminded her she was very young and they would both grow in their time. This helped Brenda to calm down some. She asked if she could eat Nicky's pussy and Nicky told her she could. Emily asked Nicky to continue eating her and they formed a daisy chain with Brenda eating her mom and mom eating Emily and Emily eating Brenda. It didn't take long for all three of them to cum in the other's mouth. Finally, the big day for Emily to become a woman was upon them and

Nicky could tell Emily was nervous and possibly scared. She talked to Emily and told her she would be there to hold her hand and get her ready. Emily asked Nicky to eat her pussy and make her wet. The entire family gathered for the big event and Brenda told Emily how excited she was to see her sister become a woman and wished it was her instead. After Nicky ate Emily to a couple of orgasms, she told Jeff she thought it was time for him to make his daughter into a woman. He looked at Emily laying there with a smile on her face and asked her if he could make love to her. She told him that he could fuck her, they could make love another time. She said she wanted his cock in her pussy and begged him to hurry up. He told her that he would do as she asked but thought they should take it slow at first as it was going to hurt and the first time, and it should not be rushed. He told her that it would be better if she were on top to control how fast he entered her. She finally agreed and climbed on top of her father. She looked at Brenda and asked her to line his cock up with her pussy as she sat down. Brenda smiled and told her she would, but snuck a quick suck in when she had Jeff's cock in her hand. Nicky told her it was Emily's cock for the night, and to do as Emily asked. She reluctantly held Jeff's cock up straight and told Emily to enjoy it.

Emily felt him start to enter her pussy and rather than slowly lower herself, she looked at Jeff, smiled, and sat down hard shoving his cock in completely in one motion. She screamed a little bit from the pain but quickly recovered. Nicky told her to wait and get used to being filled, as she could see on Emily's face that she was slightly uncomfortable. Emily sat there for a few seconds and finally started lifting herself up and down on Jeff. She quickly became used to the feeling and started going faster. Brenda turned Emily's face toward her and deep kissed her sister, causing Emily to cum all over Jeff's cock. This in turn, caused Jeff to start cumming in her pussy. Emily told everybody that she could feel her daddy cumming inside her pussy, and how

much she liked the feeling. It wasn't long before Jeff was starting to go soft and Emily fell back on the bed. Brenda dove head into her sister's pussy, sucked all of her dad's cum out and caused Emily to cum three more times until Emily shoved her away and begged her to stop. Brenda sat back and smiled. She thanked Emily for letting her clean up her pussy and then she looked at Jeff and told him how good his cum tasted out of Emily's pussy. Emily decided she liked fucking and told Jeff he could fuck her anytime he wanted. Nicky reminded her that Jeff was still hers and not to expect it too often. If she wanted a cock to fuck, she should find her own. She asked her not to get in too big of a hurry though. Emily told her she could wait and knew that her dad wasn't hers to use and abuse.

Several months went by with Jeff having sex with Emily and playing with Brenda's pussy but not fucking her. Brenda and Emily were sleeping together every night and most nights, ate each other's pussy until they shoved the other one away from cumming so many times. Brenda was full of questions for Emily about what it was like to be fucked by their dad. What did his cock feel like inside her pussy? Would she ever try ass fucking. What did it feel like when dad came inside her? All sorts of questions and Emily answered them as best she could. Some of them she could only tell Brenda she would have to wait and feel it for herself as it was hard to describe. Shortly after Brenda turned 12, she begged her parents to let her start having sex with her dad. As normal for Jeff and Nicky they talked about it alone, and decided, it was probably time or she would be out looking for some boy to fuck her instead, since she was always so horny. They told Brenda of their decision and she jumped on Jeff's lap and deep kissed him. Jeff held her and told her how much they loved her and he would be careful with her, as they had tried to be with Emily. She looked him straight in the eyes and told him she was going to lay on her back, bring her knees to her chest and wanted him to ram his cock in her hard and fast, none

of the gentle stuff for her. This shocked everybody, especially Emily, as she didn't expect that from Brenda. They had always made gentle love to each other and tried not to hurt the other. She asked Brenda about that and Brenda told her she didn't want him to be gentle as she wanted it done and over with quickly so she could stop hurting sooner. Jeff told her if that was what she wanted then he would do it for her but still had reservations about hurting her. Brenda looked at him and said she knew when he popped her cherry it was going to hurt and if he was slow and gentle it would probably hurt longer. He told her he could not argue with her. She asked Jeff if he would do it then and he told her if that was what she wanted, then yes and took her to the master bedroom. Nicky and Emily went along of course.

As soon as they entered the bedroom, Brenda stripped her clothes off, got on her knees in front of Jeff and started to remove his pants. Nicky told her to slow down a bit and to enjoy the moment to which Brenda told her she would enjoy the moment after her dad fucked her. This caused everybody to laugh and Jeff told her if that was how she wanted it then to get on the bed and get ready. Brenda got on the bed and pulled her knees back to her chest, just as she said she would. Emily thought she would help her get ready by eating her pussy and sticking her fingers in, but what she found when she got down on her knees at the edge of the bed was a dripping pussy. Brenda was so excited from the anticipation that she was soaking wet. Emily decided she wanted to eat her sister's virgin pussy for the last time, because in just a short while, it was no longer going to be virgin but fucked very hard by their father and full of his cum. Jeff and Nicky could only watch as their oldest daughter ate their youngest daughter's pussy. She ate Brenda until Brenda shoved her away. The sight of the girls caused Jeff to get as hard as he had ever been and Nicky made comment to him that he was excited about fucking his baby. He told her he was more excited than he realized and hoped she wasn't upset. Nicky told him she was not and

knew this day would come eventually. Nicky told Emily it was time for her to get out of the way and help her sister by guiding her dad's cock into her pussy. Emily took hold of Jeff's cock and guided him to her sister's pussy and as soon as he was lined up, and his head started to enter, she let go.

Jeff looked down at Brenda and asked her if she was sure she wanted him to shove it in hard and fast or would she rather he be gentle. She looked at him and told him she wanted it hard and fast. He said okay and shoved his cock in to the hilt in one swift motion. This caused Brenda to scream loud and swear at him, calling him a fucking asshole, bastard, motherfucker and anything else she could think of, but at the same time wrapped her legs around his back and held him tight. Finally, she relaxed and he was able to start the fucking motion of in and out of her pussy. Because she was so tight, it didn't take Jeff long to feel the urge to cum building. He told her he was going to cum and she told him to shoot it deep into her, as she wanted to finally know what it felt like. That was all it took for him to start cumming in her young pussy and this caused her to cum once again as well. He stayed in her until he was so soft that he fell out and his cum dripped out as well. Nicky not to be left out of the party, dove into her baby girl's pussy and sucked her husband's cum out. She sucked Brenda to another cum and finally Brenda was dry, sore, and begged Nicky to stop. She looked at her family and thanked them all for the wonderful time and then she reached out for Jeff. She pulled him to her face, kissed him hard and thanked him for turning her into a woman. She told him that she was not as sore as she expected but he told her she probably would be in the morning as she was still high on adrenalin. He kissed her again and told Emily to take her to bed as he figured she needed to rest. The girls kissed both of their parents good night and went to their room.

After they left Jeff and Nicky talked about the evening and how they never expected to be fucking their daughters but now that it had happened, they were both very happy. They talked about the future and wondered what it would bring. Nicky asked Jeff if he thought he had one more fuck in him as she was very horny and could use his cock in her pussy. He showed her that he could by getting hard, making love to her for the next hour, and when they finished the both fell to sleep without cleaning up the mess.

Emily helped Brenda to their room and when they got there Brenda told her how much she loved her and thanked her again for helping her lose her cherry. Emily told her how proud she was to be her sister and she would not have wanted the evening to happen any other way. She asked Brenda if she would please eat her, as she was so horny from all the sexual excitement earlier. Brenda told her she would be happy to but she was not interested in having Emily eat her, as she was sore and dry and not interested in having anything else done to her pussy for the night. The two of them went to bed, Brenda made love to her sister, and before they knew it, they had fallen asleep and were waking up to the morning light.

(Fast-forward 3 years)

Brenda had just turned 13 and Emily was now 17. Both girls had been having sex with their parents as often as Jeff and Nicky would permit them. Emily had decided she didn't like her pubic hair and Nicky took her to the clinic and had it removed. Brenda was just starting to grow some and didn't like it either. She was told she had to wait for it to grow in more but Jeff helped her shave it off weekly each time ending with them fucking like rabbits. Brenda had grown a nice pair of "B" cup boobs and had the biggest nipples of the three women in the family even though she was only 13. Nicky wondered out loud, one day, if she was going to continue growing or if she was done early. Brenda told her she wanted to have "D" cups and hoped she

grew them that big. Emily told them she was happy with her “B” cups and hoped they never got any bigger. Jeff told them he liked and loved them however they ended up. He took Brenda’s hand and told her he wanted to fuck her. They went to her bed and Emily grabbed Nicky and took her to the Master bedroom. The family fucked again and enjoyed it as always.

(Fast-forward once again only this time 10 years)

Emily was now 27, Brenda was 23, and they had moved into an apartment together. They continued to get together with their parents often but wanted a place of their own. The girls knew by then that they wanted be together forever. Brenda did end up growing the “D” cup tits she wanted and Emily stayed at her “B” cup size. Both girls were happy with how they looked, and Brenda had her pubic hair permanently removed just like her mom and sister. One day after they had had some wild sex, Brenda said she wondered what it would be like to fuck a teenage boy. Emily asked her where that had come from and Brenda told her that she had been at the mall and saw a group of teen boys together and there was one that turned her on for some reason. Emily asked her if she was going to become hetero and Brenda told her no she was always going to be bisexual because she liked eating pussy too much. Emily asked her what she wanted to do then. Did she want to go pick up some strange teen boy and bring him home or what. Brenda told her no, but had thought about doing foster care for teens. Emily asked her what she was talking about, foster care for teens.

Brenda told her how she had heard that teens had the hardest times finding places to be placed for more than a couple of months at a time, and she wanted to get certified to take one in. Emily told her to check into the program and requirements but reminded her they had to be careful if they did as what they did in the bedroom was not to be shared. Brenda told her she knew that but still wanted to do the foster care thing. After several months and tons of

questionnaires and many interviews, they were finally certified and placed on the list of foster parents. They told the foster care people that it didn't matter if they received boys or girls but thought boys would be better as they probably were harder to place than girls were. Their supervisor in the program questioned their age and wanting a single teen but thought it would be okay for the teens to be with younger adults instead of always older. What he didn't know was Brenda wanted a 13-year-old boy to start fucking on a regular basis with her sister. She wanted a 13-year-old because she thought he would be ripe for training. She had convinced Emily to let her fuck some of the boys that ended up at their home, as long as the boys were not new arrivals, the boy had to be with them at least a couple of months. Brenda said they were probably going to be spending quite a bit of time fucking at their parent's if they didn't want the boy(s) to find out the were fucking each other. A month after they were certified, they had their first placement.

The boy, Billy, placed with them was a 14-year-old who had been bouncing around the foster care system for over seven years. He would end up at a home and liked it there but something happened with the family and he asked to be moved to another family. When he walked through the door of the girl's home that first day, he thought he had died and gone to heaven. Here were two young, beautiful women who were foster care providers. They had a nice apartment and they welcomed him with open arms in fact they did hug him, which was very unusual in the homes he had been in before, they had been just out for the money. Billy thanked them for taking him in and they showed him to his room, and since the apartment wasn't very big, he was able to find his way to the kitchen, bathroom and the bedrooms with no problem. They told him to go ahead and unpack to start getting settled. He told them he thought he would and stayed in his room. When the girls walked out, Brenda bit her knuckles as girls do, and Emily told her to put a plug in her holes as he had just arrived and she was not going to fuck him

that day. Brenda told her if he was there more than a week, she was going to be fucking him and she hoped he was a virgin, as she had not fucked a virgin boy before. Emily called her a slut to which Brenda replied that she would probably be fucking him along side her so if she was a slut, so was she.

While Billy was doing the unpacking, he was also thinking about the two women who had just opened there door to him. He had looked at Brenda and wondered how he would like to fuck her. Her big tits had attracted him. He was 14 and a typical boy who thought with his lower head all the time. He had heard about sex from some of his friends who said they were fucking their girlfriends and he wanted to be able to tell them the same thing, except he didn't have a girlfriend and was a virgin. He unpacked and when he finished he went out to the living room and sat down to get to know his new foster parents. They asked him all sorts of questions like where did he go to school, what did he like to eat, did he have a girlfriend, Brenda slipped in the topic of sex and asked him if he was a virgin. This shocked Billy and Emily hit her on the arm and told her it was none of her business if he was or wasn't, to which Brenda replied, she was just wondering and looked at Billy with a sexy look. Billy told them that he was which caused Brenda to say quietly so she thought nobody heard, "Yes!" Billy heard it as did Emily, but nobody said a thing about it. They continued talking until it was time to think about dinner and they asked Billy if he would like to go to Wendy's for dinner, as they realized they didn't have anything out of the freezer for dinner. He told them it was fine and they went to dinner. They continued talking through dinner and into the evening when they came home. Emily finally said she was going to bed and told the other two good night. They both said the same to her and Brenda said they should go to bed also, since he had school and she had work in the morning. She kissed him on the cheek and welcomed him into their home once again. He went to bed with

a smile on his face and a hard on in his pants. He wanked off thinking about her that night and Brenda stuck her finger in her pussy thinking about him.

The next morning, everybody was up and ready to go in plenty of time. Billy caught the bus, which happened to stop right outside their door. As soon as he walked out the door, Emily took Brenda into her arms, kissed her hard as a lover, and told her she had dreamt about Billy and brought herself off twice the night before. Brenda told her she had done the same thing except she came four times. Emily told her they had to hold to their rule of length of time but she knew it was going to be hard as horny as Billy made them feel. Brenda told her they were nothing but horny sluts and hoped they didn't wait. The girls went to their jobs and called each other at noon for a little bit of phone sex where the object of their desire was Billy, they each came twice during lunch. Emily knew they would be fucking Billy before the week was out but didn't want to say it to Brenda or she would fuck him the second she walked through the door after work, that afternoon.

Billy had a hard time concentrating at school that day because all he could think about was his new home and the two hot women who had taken him in. He ended up in the restroom a couple of times to jack off, he had never done that at school before and hoped he wasn't caught both times. Finally, school was out and he was able to catch the bus for home. They had given him a house key before he left for school that morning with instructions to start his homework and they would be home after 5pm. He arrived home to the empty apartment, stripped off his clothes, for reasons he didn't know as normally he stayed dressed, and decided to explore. He went into Emily's room first and found it to be what he thought was a typical woman's room with make up and a closet full of clothes. He looked in her drawers and found her panties and bras. He took a few out to look at them and instantly his cock hardened. He put the

undergarments back as he thought he found them. He looked in her nightstand drawer and found her vibrator and some lube. He had never seen one before but he had heard of them. He smelled it hoping it had her smell on it but all he smelled was plastic and a faint smell of the lube. He put it back and went to explore Brenda's room. Even though the girls slept together most nights, they kept separate rooms because of the foster care program. He found much the same as Emily's room except Brenda had a two-ended dildo in her nightstand. He wondered if the girls used it together, his cock had remained hard throughout all his exploration. He looked in Brenda's dirty clothes, found a dirty pair of her panties, and jacked off into them. It only took him about a minute to cum for the third time that day. He heard a key in the front door and ran to his room, hoping to not be caught snooping. Just as he was going through his bedroom door Brenda walked in first and saw his bare ass. He closed his door, put on a pair of pants, minus underwear and nothing else. He walked out to see Brenda putting her purse on the kitchen counter and he said hi to her and asked her how her day was.

She told him her day was good and asked how his was and how long he had been home. He told her his day at school was good and he had been home about an hour or so. He tried to hide his guilt from her, but she knew there was more to the story but didn't pursue it. She told him she was going to change her clothes and they could figure out dinner together if he wanted. He told her he would be happy to help her. In his mind, he was thinking he wanted to help her change her clothes and she was thinking the same thing but neither said it to the other. Brenda went to her room and saw her nightstand drawer just slightly open and she knew she had closed it that morning after using her vibrator. She looked and saw the double dildo on top instead of under her vibrator and she knew Billy had been snooping. She looked around some more and then checked her dirty clothes and found the pair of panties he had cum in. She smelled them and

liked what she smelled and then she tasted them and almost came on the spot. She stripped off her work clothes along with the panties she had on and put the dirty ones on. She found an old tee shirt of her dad's she kept around just to feel close to him and put it on. She left her bra off and her nipples got as hard as they had ever been. She had decided it was the look she wanted for Billy. She walked out of her room, and when Billy saw her his eyes grew huge, and he swallowed hard. She noticed but didn't say anything and asked him to help her find dinner.

Billy walked into the small kitchen and Brenda bent over to get a pan out of the bottom of the range. He saw the panties she had on and his cock got hard once again, knowing they were the ones he had cum in earlier. She stood up and looked over her shoulder, gave him a smile and told him to get something out of the refrigerator. He had to ask her what she said, she repeated herself and he got what she wanted. The whole time all he could think about was the fact that she was wearing his cum in her panties. Emily walked into the apartment about that time and yelled out she was home. Brenda yelled back and told her they were in the kitchen. Emily walked in to see her sister dressed the way she was and could only shake her head. She knew Billy was in for some fucking that night regardless if she thought it was a good idea or not. She wondered if he really was a virgin and since Brenda was dressed the way she was, she would dress the same and really give him a hard on. She told them she was going to change out of her work clothes and went to her room. She went to her room and put on another of their dad's old tee shirts, without panties.

When she came out, Billy could do nothing but stare at her also. She sat down on a chair to visit and without thinking twice, brought her feet up on the chair. Billy and Brenda looked at her when she did that and saw she had taken off her panties and was showing off her bald pussy. Billy coughed and turned away trying not to stare any longer. Brenda called her sister a slut,

under her breath but Emily knew what she said. She nodded her head to Brenda and Brenda knew they were going to fuck Billy that night together and break their number one rule with the first boy in their home. Brenda and Billy cooked dinner and he helped as best he could with the two horny women putting on a show for him and him trying not to look, he didn't want to get in trouble. He thought if he looked, he would get in trouble but they had other plans he didn't know about until after dinner.

As soon as dinner was finished, Emily did the dishes since Brenda had cooked and they asked him if he had any homework. He told them he had a small amount, they told him to get it done and after, they would watch a movie if it wasn't too late. He rushed through his homework and when he was finished, it was only 8pm. They told him it was early enough to watch one and then told him to sit between them on the sofa. Brenda started the DVD they had in the player already and when it came on the screen, he saw it was a porn video. He looked at them, and they told him that was the only kind of movies they watched and if he didn't want to watch it with them, they could find something on regular TV. He told them he had never seen a porn movie before and would love to watch it with them. They sat back to watch the movie and the girls looked at each other and Brenda nodded. She stood up and stripped off the tee shirt she had on but told them she wanted to keep her panties on as they had Billy's cum in them. She looked at him and thanked him for cumming in them earlier. He started to apologize to her but Emily shut him up by sticking her tongue down his throat in a deep French kiss. All he could do was return the kiss as Brenda started to take off his pants. As soon as his pants were down as far as his knees, Brenda sucked his hard teen cock into her mouth, she hadn't been sucking him for more than 30 seconds and he came. She sucked him dry and when she pulled off, she looked up to see his eyes as big as saucers and tears rolling down his cheeks. He started to apologize again and she

told him to shut up and quit apologizing. She asked him if he had ever been with a girl before and he told her the closest he came to being with one was when he went to a dance with a girl and she kissed him good night afterwards, and then it was on his cheek. He thanked her for sucking him off and said he hoped they could do it again.

Emily spoke up and told him to stand and take his pants the rest of the way off and stand in front of her. He did and she looked at his 14-year-old cock and saw that he was about 2 inches soft, she sucked him into her mouth and he moaned. She sucked him until he was hard again, and he was about 5 inches hard, and since he was 14 it only took a minute, she thought how nice it was to be 14 and be able to recover so fast. It took their dad about 2 hours after he came, to even think about getting hard again. As soon as Billy was hard, she took his cock out of her mouth and asked him if he would like to fuck her. He asked her if she was serious, as he would love to fuck her. He said he didn't know how though, Brenda told him they would teach him and took his hand and they led him to Emily's bedroom.

All three of them got on the bed, with him in the middle and Emily started kissing him as Brenda played with his cock again. The girls switched and finally Emily said she could stand it no longer and lay back and asked Brenda to help him fuck her. Brenda took a condom from the nightstand drawer and rolled it on Billy's cock. She then took hold and lined him up with her sister's pussy. She told him to enter slowly but he was so excited, as soon as he felt his cock enter, he rammed forward. Emily let out a bit of a gasp in surprise but told him it was okay and asked him to fuck her. She told him to do it slowly so they both enjoyed it. He told her he would try and started slowing fucking her. Brenda took one of Emily's nipples in her mouth and played with the other, which cause a moan to come out of Emily's throat. Brenda played with her sister for a minute and then decided to give Billy a thrill and got behind him and spread his ass cheeks.

She looked at his pucker, stuck her tongue out and gave him a lick. He jumped in surprise but Emily told him to relax and enjoy the sensation. He relaxed and Brenda went back to licking and sucking his pucker. When she had it nice and wet she stuck her finger in and massaged his young prostate, causing him to cum immediately into the condom he was wearing. At the same time, Emily was cumming almost as hard as she ever had before. As soon as he was finished cumming, he pulled out and fell back onto the bed breathing hard. Emily pulled Brenda to her and French kissed her deep and then thanked her for helping Billy fuck her. Brenda told her she could help him fuck her next time. They looked at the clock and decided they had better get some sleep as they had work and he had school in the morning. They all crawled under the covers of Emily's bed and went to sleep in each other's arms.

The next morning, Billy woke first and still couldn't believe what had happened to him the night before. He looked on both sides of him and saw the most beautiful site of his young life. Two women, one on each side and he had had sex with both of them the night before. He thanked his lucky stars and about that time both girls woke up and saw him looking at them. They told him he was not dreaming and Brenda jumped up and she ran to pee and said if she didn't go then, she was going to pee the bed. Emily told her she had better not pee in her bed, if she wanted to pee to bed, doing it in her own. Brenda returned to the bedroom and told the other two they had better get up as it was still only Friday and they could sleep in or stay in bed all day the next day. Billy and Emily got out of bed, she grabbed his hand and they headed to the shower together. Brenda went to make coffee for them and while it was brewing, Billy and Emily were in the shower, she sat at the table and wondered what had happened the night before and prayed Billy wouldn't say anything to anybody. It was funny to her that she was the one that wanted to

fuck Billy so bad but it was Emily who was in the shower with him, but she knew she would get her chances as well so she was not upset.

While Billy and Emily were in the shower, Billy tried to start things with her. She told him he could kiss her but they didn't have enough time to do anything else, she just wanted to shower with him. He reluctantly said okay and washed her back for her, and she washed his. They finished up and got out to dress for the day. They found Brenda sitting at the table drinking coffee with a worried look on her face. Emily knew what the look was for and told Billy they needed to talk before they left for the day. He asked her what about and she told him that he could never and she emphasized never tell anybody what had happened the night before and that morning. He assured them he would not say a thing as he liked it there, even though he had just arrived a couple of days before. They told him if he told anybody they could go to jail and he would be sent to a new home. He said he knew that and thanked them for taking him in and to please trust him. They thanked him for keeping quiet and both girls French kissed him. He started to grab boobs or anything else he could get his hands on but they said it was time for him to catch the bus. He picked up his backpack, told them goodbye for the day and said he would see them after they got home from work. As soon as he walked out the door, Emily looked at Brenda and said they sure couldn't keep their own hands off rule very well could they. Brenda told her she trusted Billy and was looking forward to having him fuck them for a long time, in fact, she planned to keep him with them until he turned 18, or longer, if he wanted. Both of them finished getting ready for work and took off for the day with wet panties caused by thinking about Billy fucking them for the next five years.

Emily called her mom when she had a moment during the day and told her all about Billy, except left out the fact they had fucked him. Nicky told her she was looking forward to

meeting him and asked them to come over for dinner Saturday night. Emily told her they would and said goodbye to her. Emily knew they would have to tell their parents, as it was sure to come out, knowing Brenda's big mouth around their dad. Brenda told Jeff everything and could never keep as secret from him for very long. She decided to talk to Billy and Brenda that night and tell them they had to share with their parents. She didn't think she wanted to share with Billy the fact they were also fucking their parents, and had since they were young. When she got home from work, she found Billy had finished his homework for the weekend and was watching some sports whatever on TV. She told him she was proud of him for having his homework done already. He told her he wanted to get it done so it was out of the way and he hoped they could fuck again that night. She told him to be patient and relax, but they probably would. He asked her if he could ask her some questions. She thought for a moment and then told him he could.

She asked him what kind of questions he had for her. He started out thanking her again for taking him in as he was tired of bouncing from home to home and he hoped he was able to stay a long time with them. She told him unless something happened he could stay with them until he was at least 18. This caused a tear to roll down his cheek and he said he had hoped he would find a home like theirs. She reminded him he wanted to ask her some questions. He said he did but didn't know where to start or how to ask them. She told him to relax and she would answer any question he had. He was finally able to ask her the first question and it didn't surprise her at all. He asked if she and Brenda were really sisters. She told him they were and she was older by four years. He asked her if they always had sex together. She told him they did sometimes but not always. He asked her if they fucked all the foster kids. She told him that he was their first placement so in a way, yes because he was the only one so far, then she laughed a bit. She told him enough questions for then and asked him if he wanted to learn how to eat pussy.

He told her he had heard of it at school but didn't know how. She reminded him she asked if he wanted to learn and not did he know how. He told her he would love to learn. She told him to get naked as she stood up and went to the bathroom.

When she was in there, she stripped and gave her pussy a good washing so it was nice and clean for his first lesson. She walked out to see him sitting on the sofa, and his cock was as hard as ever, she thought it might be a small five inches but didn't care. She walked up to him and told him to take a good look at her so he knew what a woman looked like. She spread her legs apart a bit and turned slowly around giving him plenty of time to look. When she had turned back around facing him, she looked at his cock and saw a small drop of precum on his cock head. She licked her lips at the thought of sucking his cock and getting him to cum in her mouth but the lesson was for him to learn not her, she knew how to suck cock already. She told him to get on his knees on the floor and she sat down on the sofa with her ass right on the edge. She told him to get between her legs and he should start out by looking at her pussy up close to see what it looked like. He touched her tentatively and she told him she would not break and for him to open her up and take a closer look. He did as she instructed him and since she could see her pussy easily, she told him what the different parts were. When he touched her clit for the first time, she jumped a little and thought he had done something wrong. She assured him that he had not and explained about her clit and what it did. She told him it was time to stop looking and time to start eating. She told him to get close enough to stick his tongue inside and lick around. He did as instructed and quickly figured out what to do and really liked her taste. He touched her clit with his tongue and she moaned. She told him to suck it into his mouth just as they did with his cock. He did and was rewarded with Emily's first cum from his mouth. She had a small amount of liquid cum this time and he decided he liked the taste and drank it all in. She told him

to keep going as women could cum several times in a row, unlike men having to rest. He continued eating her out, she came several more times and she could feel a big cum building and grabbed his head to keep him in place. She told him to stick a finger in her asshole and to suck her clit hard into his mouth. He did as she asked and it caused her to squirt her cum hard. He thought at first she was peeing, there was so much, but realized it tasted the same so it must be cum and not pee. She finally pushed him away and clamped her legs shut and continued to cum on her own. She was finally able to relax and she looked at Billy, who was sitting there with his mouth open and his chin in his lap, and thanked him for the biggest cum she had had in a long time. She told him to get his cock in her mouth and she would suck him off. He told her he couldn't as he had cum all over the floor when she started squirting. She told him that it was okay as he was young and had never experienced her squirting before. He asked if she did that all the time and she told him only occasionally. About that time, Brenda walked through the door and started laughing.

Emily asked her what was so funny, she told her the site of her with her naked ass almost on the floor and the large puddle of cum on the floor between Billy's legs, was not something she expected to find when she came home. She asked if they had had fun and Billy told her how Emily had taught him how to eat pussy and wondered if she wanted hers eaten as well. She looked at Emily who could only smile and nod her head. Brenda told him she would go freshen up, and be right back. She went to the bathroom, washed the day off her pussy and walked out nude as they were. Billy asked her if he could look at her close to compare the difference between them. She told him that was not something guys normally said aloud but since this was all new to him, she would let it pass and yes, he could look at her. He looked at her and saw she had a bigger clit and longer inner pussy lips than Emily. He asked her about that and she told him

every woman was different just like all guys were different. She told him he had talked enough, and for him to show her what her sister had taught him.

She sat beside her sister on the sofa put one leg on top of Emily's and spread the other to open her pussy for Billy. She pulled Billy to her and it didn't take too much effort on her part for him to start licking her pussy. She looked at Emily, took her head in her hands and pulled her in for a kiss. She broke off the kiss and told her she had taught Billy well. Emily told her that she figured out in a hurry that he was a natural pussy eater. Billy was listening, of course, and he put extra effort into pleasing Brenda, as she was his favorite, even though it seemed like he had been with Emily more. He felt Brenda start to shake a little bit and wondered if she was going to cum like her sister, squirting into his mouth. He decided to see what would happen if he sucked her clit into his mouth further and give it a little bite. When he did, Brenda screamed she was cumming and not only did she cum, but she squirted harder than she had ever squirted before, even with her father who made her squirt most of the time. She thought she was in love and never wanted Billy to leave, ever. Billy continued to eat her pussy until she shoved him away and put her hands over herself and told him she was too sensitive for any more. Emily told Billy she would like to fuck him and asked him to go to her nightstand and get the box of condoms.

As soon as he left the room, Emily looked at Brenda and told her they could never let Billy leave, as he was the best sex toy they had ever had. Brenda agreed with her and at that same time, they heard Billy returning to the living room. He asked them if they wouldn't all be more comfortable in the bedroom and Brenda told him it was more fun there and turned on a porn video of two girls and a guy fucking. The three of them were all on the floor by then. He looked over and made the comment that it was just like them. Emily told him to hurry up and get a condom on his cock, and fuck her. She begged Brenda to sit on her face, as she wanted to eat

some pussy. They got into the position she wanted and they all fucked until he came in the condom and went soft. He pulled out and Brenda fell to her side exhausted from Emily eating her out. Billy started to thank them again for taking him in and Brenda shut him up by kissing him. Emily thanked him for coming into their lives and told him he was a good fuck and that he was a natural born stud. This swelled Billy's head to hear her call him a stud. Brenda said she was hungry for some food and where did they want to go that night, as she was not going to cook. Emily asked Billy if he liked sushi, he said he had never had it but he was willing to try since he was learning so many new things lately. Brenda said it tasted just like pussy. He told her he would definitely like it then if it tasted like them.

They went out to the local sushi restaurant and had a great evening. By the time they got home, Brenda was horny again and asked Emily if she could have Billy to herself that night. Emily told her it would be okay if Billy were okay with it. Brenda asked Billy and he said he was fine with the idea, in his mind he was all excited to be alone with the woman of his dreams. The two of them went to Brenda's room and Emily had to laugh because of all the noise Brenda was making while Billy fucked her. Finally, after they had fucked for quite some time and Brenda had lost count, once again, of how many times she had cum. They got out of bed, went to the bathroom together to clean up, while in there Brenda sat on the toilet and peed. She laughed and Billy asked her what was so funny. She told him it was funny for her to be sitting on the toilet peeing in front of him and that it wasn't something she normally did in front of her boyfriends. Billy asked her if he was her boyfriend and she told him no, she didn't think so, but regardless it was funny to her to be peeing in front of him. This started the wheels turning in both their heads about the future. Brenda said it was time to get to bed as she was exhausted from all the sex that night and was looking forward to sleeping in Billy's arms. He told her the same thing, he was

thinking more about her in his arms all night, so they went to her room and went to sleep. They slept until almost noon the next morning because it was Saturday. Emily was the first to wake up.

Emily went into Brenda's room and saw the two of them still sleeping. She carefully pulled the covers back to reveal Billy's morning hard on. She smiled and bent down to suck it into her mouth. Brenda opened her eyes and saw what her sister was about to do and tapped her on the top of the head and smiled. Emily smiled back and sucked the hard cock into her mouth. Billy came awake with a start and started to jump up. He looked down and saw Emily sucking his cock and Brenda told him good morning. She told him to relax and enjoy and then kissed him. Emily brought him off quickly, since it was a morning hard on, and after he came in her mouth, she decided to kiss him with her mouth still full of his cum. He didn't expect it but when she started kissing him and opened her mouth, he could do nothing but accept the cum. They played tonsil hockey and swapped his cum back and forth for a minute until she broke it off and swallowed what remained in her mouth. Billy swallowed what was in his mouth and told the girls that was the first time he had ever tasted his cum and he thought he liked it and would like to eat it out of their pussy's some time. Brenda said he could eat his cum out of her anytime he wanted, and kissed him again. Emily told them they should get out of bed, since it was close to noon already.

They got out of bed and Billy told them it was his turn to make coffee and went to the kitchen. Brenda and Emily talked about what they wanted to do that day and Emily reminded Brenda they were going to their parents later. Emily said they should get cleaned up and go over then, since it was nearly afternoon. She walked out to the kitchen, and told Billy the plan and told him to shower and get dressed. He asked if he could shower with her, and she told him if

they did, they would never get dressed, but would want to fuck all day and she wanted to go see her parents, she was excited to introduce him. He told her okay and poured her a cup of coffee as it had just finished brewing. Emily smelled the coffee, and came to get her own cup and heard what Brenda had told Billy. She told him they had to be careful not to tell their parents about them fucking. He told her he would keep quiet.

The three of them arrived at Jeff and Nicky's around 2:30 and Nicky greeted them at the door, as she had seen them pull up. She kissed both girls on the lips, but not anything sexual just a nice peck and when she turned to Billy, she decided to give him a kiss too. She kissed him as she had kissed the girls and didn't try anything further. Jeff walked into the living room and saw his girls. Brenda ran to him, and jumped into his arms and kissed him hard, forgetting Billy was there. Jeff broke the kiss and looked over her shoulder to see the other three standing there with their mouths open, especially Billy. He put Brenda down on her feet and stuck his hand out to shake Billy's hand. Billy shook his hand and Jeff welcomed him to the family. He kissed Emily like her mother had kissed her and asked everybody to come out back and relax. They walked out the backdoor and Billy saw the swimming pool. He said he would like to swim but didn't bring his swimsuit, Nicky said swimsuits were not allowed in their pool, they were bad for the filter and chemical balance. He asked her what he could wear and she told him his birthday suit was all that anybody wore in the pool. He looked at Emily and she apologized for not telling him about the pool and the rules and told him it was okay if he wanted to dive in. He shrugged his shoulders and said he would like to swim and where should he undress. Jeff told him he could do it right there as he didn't have anything the rest of them hadn't seen before. Brenda looked at Emily and smiled. Nicky saw the smile and wondered to herself if her girls weren't fucking this teen boy already. Billy stripped right there, and dove into the pool.

Nicky looked at Brenda, as she was usually the horniest, and asked her right out if she was fucking Billy. Brenda knew she could not lie to her mother and told them she was and so was Emily. Jeff reminded her about the problems that could create for them and she told him they had talked to Billy about it and he knew they were sisters but didn't know about them fucking their parents. Nicky said after the kiss Brenda had given her father she would bet Billy knew without being told. Brenda said she couldn't help it as they had not seen each other in a few weeks and she was horny for her daddy. Jeff told her he was horny for her too but still they had to be careful, as they didn't really know Billy. Emily spoke up and said after all the sex they had been having the last couple of days, Billy would be crazy to say anything and loose two horny women to fuck. Nicky had to agree and said she was going swimming. She stripped and dove into the pool and swam after Billy. She caught him and he turned to see who it was. When he saw it was Nicky, and she was nude, his cock started to get hard and even though they were in the water, she noticed and smiled back to her daughters and husband. Jeff told the girls, they might have lost their fuck toy to their mother if they didn't watch out. He said, "Fuck it" and threw all caution to the wind, stripped, told the girls to get naked and French kissed Emily. Billy and Nicky looked over and saw what was going on and Nicky asked him if he liked what he saw. He told her he wasn't sure what was happening, she told him that they all fucked each other as a family and since he was now part of it, she was going to fuck him, if he was okay with it. He told her he was more than okay with it as she was very attractive for her age. She smacked him and told him that was not how he made points with a woman regardless of her age. He apologized and she told him she would let him get by with it that time but never again. She reached out, grabbed his cock, and pulled him to her. It had been a long time since she had been fucked by a teenage boy, and she hoped it was as good as she remembered, of course it had only been Jeff

and he was still good at fucking her. Even though she and Jeff fucked the girls, they did not fuck others. They kept it in the family only and were not swingers. Jeff had been the only man she had been with, and was looking forward to fucking Billy and told him so. With that, she kissed Billy as a lover and not as the teen foster child of her two daughters.

Jeff had finished kissing Emily and Brenda had his cock stuffed down her throat. He told her she was going to get a load soon and he thought the two girls should share it together. Emily got down on her knees along side Brenda and Brenda offered his cock to her. Emily sucked it into her mouth and it was only a few seconds later that Jeff said he was going to cum. Emily took her mouth off of him and asked him to cum on their faces and give them a facial as it had been a long time since he had done it to them. He jacked his cock off quickly and shot a huge load all over the two girls. Billy saw what had happened and came on the spot in the pool. Nicky had hold of his cock when he did and said it was a shame to loose his cum to the pool water but knew he had more. Billy told her he was sorry and she told him not to be as she had cum watching the show herself, it was just not as obvious since she didn't squirt cum as he did. She told him she wanted to get out of the pool and go to the grass and have him fuck her there. He told her he would fuck her in the middle of the street if that were where she wanted him. She knew then the girls had a very horny teen on their hands and wondered who was going to wear out first, him or the girls.

Brenda and Emily licked their father's cum off each other's face while Jeff watched his wife take Billy by the hand, go lay down on the grass, spread her legs, and tell him to fuck her. Jeff told the girls to look at the couple and Brenda said she hoped her mom saved some of Billy for them. Jeff reminded her that Billy lived with them and they could fuck him any time they wanted and he had been the only guy their mother had ever fucked. Emily asked him if he was

okay with her fucking Billy and he told her it made him a little jealous but knew he would get over it, after all he was fucking the two of them and their mom was okay with it. The three of them walked over to watch up close and Brenda, ever the horny slut, crawled between the couples legs and licked any part of their pubic area she could. When she stuck her tongue in Billy's ass, he jerked and instantly came in her mother's pussy. Nicky felt him jerk and begin to cum and started to cum herself as she had been on a hair trigger for a little while anyway. As soon as they both came down some, Billy rolled to the side of her and Emily kissed her mother and told her how cool it was to watch them fucking. Billy looked at Jeff and asked him if he was okay with him fucking Nicky or was he going to cut his cock off and feed it to him. Jeff hesitated, just to make Billy nervous, and when he finally spoke, he said he was thinking about throwing his cock on the BBQ and eating it himself. Billy started to tell him he would never try to fuck Nicky again when Jeff laughed and held out his hand for a friendly handshake. Jeff welcomed him to the family and told him that now that he was part of it, he was welcome to fuck Nicky any time she allowed it. Everybody could see the look of relief on Billy's face.

Billy looked at Jeff and realized he didn't have any pubic hair, just like the girls, he asked Jeff if his was permanently removed also. Jeff told him it was but he could make up his own mind later since he was just starting to grow his. Billy said he liked the look on the adults but would see if he liked his when it started to grow more. Brenda spoke up and said she was hungry, for food not cock, and wondered when they were going to eat. Jeff told her to go into the kitchen and start getting the burger stuff together and he would start the grill. Billy got up to go help her. As soon as they were in the kitchen, he took Brenda into his arms and kissed her. He finally broke the kiss, looked her in the eyes, and told her he loved her and wanted to be with her forever. She told him he was only 14 and there was lots of time for him to decide that, besides

she was nine years older than he was, and he still needed to go out with girls his age and play the field. He told her he didn't want to play the field he knew he found the woman he wanted to spend the rest of his life with. She reminded him that they had only met a few days earlier but he told her he didn't care. About that time, Nicky walked into the kitchen and heard the last of the conversation. She looked at Brenda and could see love in her eyes, even if her words were saying no. Nicky knew she had just fucked her further son-in-law as soon as he was old enough to marry Brenda legally. She told the two lovebirds they were not getting the food ready by doing all that mushy talk and kissing.

Brenda broke away from Billy and opened the refrigerator to start getting the food out. Jeff and Emily stayed outside, he lit the grill and they started talking. He told her he still had concerns about Billy and she assured him that she didn't think he would say anything as he seemed to like Brenda a lot and she was sure he didn't want to screw up anything with or for her. He told her if she was sure, he would relax and see what happened. She kissed him, as a lover, and told him she thought everything would be fine. The day progressed with them eating, swimming and fucking both outside and in the house after it started to cool down. Nicky invited them to spend the night if they wanted and Brenda said she would just as soon go home and sleep in her own bed. Jeff laughed and said she just wanted to go home and fuck Billy in her own bed, not sleep. She blushed and told him that was what she meant but didn't want to admit it. It was at that moment she realized she had fallen in love with a 14-year-old boy who was also her foster child. Emily said she wanted to stay and spend the night in their bed with them. Nicky told her she was more than welcome since it had been a while since they had eaten each other's pussys. Billy and Brenda told Emily they would pick her up in the afternoon Sunday and went back to their place for the night.

As soon as they were through the door of the apartment, Brenda stripped all her clothes off, and told Billy to get naked too. As soon as he was naked, she jumped him and told him she was going to fuck him in every room of the apartment and wanted to start on the living room floor. They lay down on the floor and started kissing and Billy was finger-fucking Brenda. She was so horny already, she told him to get his cock, not his finger in her pussy. He lay on his back and she climbed on top and sat down hard on his cock. She rode him like that for a few minutes, then jumped up and drug him to the kitchen where she bent over the table and told him to fuck her from behind. He started to line up with her pussy but saw her pucker and decided to only get his cock wet and then he pulled out and lined up with her asshole. Brenda realized what he was about to do and told him he could ass fuck her if he was gentle to start with as she didn't do it very often. He lined up and gently shoved his cock all the way into her tight asshole. This was his first time ass fucking and he instantly knew he liked it and hoped they could do it occasionally. He gentle ass fucked Brenda until she told him she was comfortable and to please fuck her as hard as he could. He grabbed her hips and started slamming in and out of her ass and they moved the table clear across the room until it touched the wall. Brenda looked back, through out of focus eyes, and saw Billy's eyes were closed, and he had a huge smile on his face. As soon as she saw him, she started cumming and ended up squirting cum all over the table and floor. This caused Billy to cum also. They had been so excited when they came through the door, they had forgotten to put a condom on Billy and he came bare back into her ass. As soon as he was finished cumming, he went soft and pulled out of her ass, this cause a glob of his cum to come out with his cock and drop to the floor. They both laughed and decided to go to the bathroom to clean up.

They washed Billy's cock, as it had been in her asshole, and Brenda had to wipe several times as she was dripping cum. They finally were clean and Brenda asked Billy to take her to bed and make love to her. He asked her "Make love?" and she replied yes she didn't want to fuck any longer she only wanted to make love to him. They went to her room and she told him that it was now their room from that night on. She told him he could still fuck Emily any time they wanted but they were only making love. He asked her what she was talking about as he wasn't understanding her, she told him that she realized that afternoon she was in love with him even though he was only 14 and she was 23. He told her he loved her too and kissed her as a lover for the first time. They made love three times that night before they were both exhausted. Since Brenda was on the pill and they knew Billy was clean, they decided he no longer needed to wear condoms when they had sex.

(Fast Forward two years)

Brenda, Emily had been the foster parents of Billy for the last two years. They had been inspected randomly a few times and had not been caught having sex any of the times. Billy and Brenda shared a room but they kept his looking like he lived in it for the foster care people. Brenda had told Emily that she was welcome to fuck Billy anytime she wanted but her and Billy no longer fucked, they made love. She told Emily how they were in love but of course had to wait until he turned 18 before they could announce it to the world. Their parents knew, but had no problem, as they liked Billy in fact Nicky really liked his young cock in her pussy.

It was Billy's birthday in two months, and he was going to turn the big 16. Brenda wanted to get him something special but didn't know what. She finally talked to her mom and told her she was thinking about going off the pill and giving Billy a baby for his birthday present. Nicky told her that she could not just do that without talking to Billy first after all he would be

the father. She also told her she thought it was a bad idea. Brenda had to agree to talk to Billy but said she wanted to have his baby, and when she got home, she told Billy she needed to talk to him. He could tell whatever it was, was very important to Brenda. They sat down on the sofa and she looked him in the eyes and told him she loved him more than anything else did in the world. He told her he loved her too and asked her what was bothering her. She started to cry and he held her and told her whatever it was couldn't be that bad. She was finally able to tell him it wasn't bad, she hoped. She told him that she was having a hard time trying to figure out what to give him for his birthday and she had decided on something but was told she needed to ask him first if he wanted it. He asked her what was the present and she swallowed hard, hesitated and finally told him a baby. He asked her if she was pregnant, she told him no but she wanted to go off the pill and get pregnant as a gift to him, since they knew they were going to be together forever anyway. He told her he had to think about that, as it was a huge thing and not something that he could decide right on the spot. She started to cry again and through her sobs asked him not to leave her and if he didn't want her to, she would not do it. He told her he was not leaving it was just that he had to think about it after all he was only going to be 16. He kissed her and told her he loved her regardless of what they decided.

Billy thought about what Brenda had asked him and after several days, he went to her and told her he had made a decision. He sat her down and held her hands in his. He told her how much he loved her and cared for her but wasn't sure he was ready to be a father at 16. He saw a small tear roll down her cheek and wiped it away gently. He told her that when the time came and he was older, they would have as many babies as she wanted but she was still young and waiting was okay. She told him that she thought he was so mature for only being 16 and told him she would wait if that was what he wanted. He told her he would like to make love to her then if

she was okay. She kissed him and told him she would be happy to make love to him. She laughed and told him maybe she could go find a 16-year-old girl for him to fuck for his birthday present instead. He told her he had enough woman in his life to have sex with he didn't need or want anybody else, especially some 16-year-old, as they didn't know how the fuck right anyway. She finally found him the right present and they were happy.

Shortly after Billy turned 16, he was able to get his drivers license and find a part time job. This made him happy, as he was able to help support the household even though they still received money from the State for his Foster Care. Because he had money, he was also able to buy Brenda little gifts now and then. He really enjoyed buying her jewelry because it made her happy and he liked the way it looked on her. What Brenda didn't know was he had picked out an engagement ring at the local jewelry store and was making payments on it. He knew the ring was going to take him a couple of years to pay off as it was quite expensive and the jeweler told him as long as he made the monthly payments, he could take the two years needed. Billy was faithful each month to make the payment and finally the day arrived for him to make the last payment, just prior to his 18th birthday. He was happier than he had ever been, as he knew he was going to ask Brenda to marry him on his birthday.

The big day arrived and it was Billy's 18th birthday. He told Brenda he had decided what he wanted for his birthday that year. She asked him to tell her what it was, as she had his gift already. He told her it was multi part. She looked at him with a confused look and he told her the first part was he was 18 and no longer in the foster care system. She said okay and wanted to know about the other parts. He got down on one knee, she put her hand to her mouth in shock, and he took a ring box out of his pocket, opened it to show her the engagement ring. With a quivering voice, he asked her if she would marry him and become his wife and mother of his

children. She held out her hand and said yes, as he slipped the ring on her finger. He told her there was still one more thing. She asked him what it was and he asked her if she remembered what she had wanted to give him for his 16th birthday, she thought for a second and told him yes, a baby. He told her that he would also like that for his 18th birthday if she were still interested. She jumped into his arms, kissed him hard and ran to their bedroom to get her pills. She ran back into the living room, grabbed his hand and they went into the kitchen and threw them into the trash together and she kissed him again and told him she hoped they made a baby soon. Three weeks later she started getting sick in the morning and knew she was pregnant.

Three weeks after Billy turned 18, and a week after she knew they were going to have a baby they went down at the courthouse to get the marriage license. They filled out all the paperwork and paid the money. As soon as they had the paperwork in their hands, they ran out of the courthouse and drove straight to Jeff and Nicky's house. The car had barely come to a stop and she ran into the house screaming for Nicky. Nicky came out of the kitchen and took Brenda in her arms and asked her what was wrong, was she okay, was she hurt, you know all the normal questions. Brenda handed her the papers and said she was getting married to Billy.

Nicky looked at the license and about that time Billy came into the house. She looked at Brenda and then at Billy and told them she knew this day would come, she hugged and kissed them both. She asked them when and what their plans were. Brenda told her they were going to the JP in a couple of days, as they didn't want to wait and instead of a big wedding they wanted it to be only family and they could have a reception later. This didn't surprise Nicky at all, as that was how Brenda was, simple and no big events for her. Nicky could tell there was something else they had not told her, she told Brenda she was hiding something and to spill it. Brenda looked at Billy and finally told Nicky she was going to be a grandmother. Nicky took her in her

arms again, kissed her and told her how happy she was and that Brenda's father was going to excited also as they had just recently been talking about grandchildren. She took Billy in her arms as well and told him she was proud to be able to call him her son-in-law and the father of her grandchildren, he was not the typical 18-year-old punk boy that she saw at the mall and other places. She asked him how he was going to like fucking a grandmother and he told her he would still enjoy fucking her, as he loved her almost as much as he loved Brenda.

They sat down and started planning the small wedding together and Nicky said she needed to call Jeff, but Brenda took the phone and called him herself. She told him about getting married but decided to save the baby news until they were together and asked her mother to not share until then. Nicky told her it would not be easy but promised she would wait. She said they should come over for dinner that night and bring Emily with them. She asked Brenda if Emily knew about the wedding and the baby and Brenda told her she did and was happy she didn't spill the beans. Brenda and Billy decided they wanted to go home and would be back later for dinner. They walked out hand in hand to the car and Brenda asked Billy if he thought he could drive if she gave him a hand job on the way home. He told her to save it until they got home, as he didn't want to chance an accident and hurt them. She pouted a little bit and he told her she was just a horny bitch, she told him to watch the bitch stuff, but yes, she was horny.

They parked and ran to the apartment and they barely had the door closed before Brenda attacked Billy and told him to fuck her blind. They didn't bother to go into the bedroom, they stripped and fucked right on the living room floor which was where Emily found them about an hour later when she walked through the door. She asked them why were they not in the bedroom instead and Billy told her that her horny sister couldn't wait any further into the house. Brenda smack him and he asked her if the truth hurt, she replied no and kissed him where she had hit

him. They told Emily to look at the envelope on the table and she looked at saw the marriage license and asked them when. Brenda told her their plans and then told her they were all going over to their parent's for dinner so they could share the baby news with their father. Emily asked if they had time for Billy to fuck her. Brenda, jokingly said, she thought now that Billy was going to be her husband maybe he shouldn't be fucking her anymore.

Emily grabbed Billy's hand and told him she didn't care if Brenda said it was okay or not and if he didn't fuck her right then she might have to rape him instead. Billy looked at Brenda and saw the big smile on her face and Brenda told Emily she was always welcome to fuck Billy. Emily told them she was thinking about getting pregnant also. This shocked both Billy and Brenda, and Brenda asked her who she wanted for the father and if she wanted it to be Billy, it was okay with her, but it was up to Billy. Billy said he would be happy to make a baby with her. She told him she had stopped taking the pill about three weeks earlier, but she wanted their dad to be the father of her baby. She told Billy to get a condom, as she wanted to fuck him. She stripped off her clothes and begged Billy to fuck her like a whore. He told her she was no whore but he would be happy to make love to her, she told him making love was only for Brenda and they would just be fucking. She spread her legs and Billy stuffed his cock into her pussy without any foreplay, as she was dripping wet from her excitement. They fucked for what seemed like ten minutes and Emily came so many times she lost count. Billy was finally able to fill the condom with his cum and he rolled off. She kissed him and told them how excited she was for Billy to be her brother-in-law and not the foster kid they had taken care of for so many years, or rather, he had taken care of them, and with that, she laughed.

Brenda told her she wanted to eat her pussy and dove face first between her sister's legs and started sucking hard, causing Emily to start cumming once again. This caused Billy to get

hard again and Emily to start cumming more. Billy got behind Brenda and she looked back at him and told him to use whichever hole he wanted, the choice was his. She opened her ass cheeks with one hand and when he saw her pucker, he knew that was where he wanted to stick his cock. He touched her pucker with his cock head, Brenda moaned into her sister's pussy and Billy knew she was okay with ass fucking that time. He gently pushed his cock in and let her get used to it before he started fucking her. She looked back and told him it felt even better this time and wanted him to fuck her ass as hard as he would her pussy. He did as he was told and soon the girls had cum numerous times and Billy filled Brenda's ass with his cum. He looked at the clock and told the girls he thought they should get dressed and head over to dinner. Emily said she was only going to put on a bathrobe to go outside but was going to ride over nude, as soon as they got into the car. Brenda told her she liked that idea and would do it as well. She told Billy if he wanted to put a towel around his waist to get to the car it was okay with her.

They all went to Jeff and Nicky's dressed that way and when they arrived, they left the bathrobes and towel in the car and walked into the house nude. Jeff was the first to see them and started laughing. Nicky came out of the kitchen and asked them what they thought they were doing and why were they nude. Emily said it was her idea, as she didn't feel like putting clothes on after Billy fucked her. Nicky looked at Jeff, shook her head and said she thought they had raised them better and laughed. Brenda said they had raised them just fine they just liked the freedom of no clothes as often as they could. Brenda reminded them how they hardly ever wore clothes when they were growing up. Jeff could only agree and asked them if they wanted anything to drink.

Brenda said she would have only water and Emily said she thought was a good idea as well. Jeff looked at them and wondered aloud, why water, they usually wanted at least a beer.

Brenda went up to him, kissed him and said to him, she thought she should only have water, and added Gramps at the end. He looked at her and then it sunk in what she had said, and he asked her if she was pregnant, as well as getting married soon. She wrapped her arms around his neck, kissed him in a non-daughterly way, and told him, yes, he was going to be a grandfather as well as a father-in-law. They all went to the kitchen. Jeff told Billy they should go outside and chat. Billy looked at Brenda and she could see some fear in his eyes, she told him that everything was okay and for him to go. Jeff handed Billy a beer, for the first time ever, and they walked out onto the patio to talk, leaving the girls in the house.

Jeff asked Billy how he felt about being a daddy and getting married. Billy told him he had wanted to marry Brenda since about a week after he moved into the girl's apartment but of course he was too young and besides, he was a foster kid and the money the girls received from the state really helped out. He said he was happy with his current job but wanted to find one that paid better so he was able to help more, now that the State money was gone. Jeff asked him if he and Brenda were going to continue living with Emily, Billy told him at that time that was the plan, they had his old room to convert to the nursery now that they didn't get the state inspections. He told Jeff he was very excited about becoming a daddy since he had never known his. He told Jeff he was planning to help Brenda with everything so she didn't have to do it all herself, the only thing he couldn't do was breast feed if she decided she wanted to feed the baby that way. Jeff told him that was the best for the baby and he might even like Brenda's milk as he did Nicky's both times.

Inside the girls were all excited and planning the wedding and talking about the baby and all the normal stuff women talk about. Nicky decided since the girls and Billy were nude, she would be too. She stripped her clothes off and tossed them in the laundry room. Emily looked at

her mom, told her she was beautiful, and hoped she looked as good at her age as she did. Nicky told her she wasn't that old, but gravity was trying to take over and she was thinking about getting a boob lift. Brenda told her she didn't need a boob lift, they were perfect the way they were. She reached out and grabbed her mom's right boob while Emily took her left and the two daughters each sucked a nipple into their mouth. This caused Nicky to moan and put her hands on each of her girl's head. She caressed their heads and enjoyed the feeling of having the girls suck on her nipples. She could feel herself getting wet between her legs. She moved her hands down to the girl's boobs and caressed their nipples, causing them to stand out very hard. She told the girls she wanted them to go to the living room where they would be more comfortable. She stuck her head out the door and told Jeff dinner was the guys' job that night. Jeff saw she was nude and just shook his head. Billy asked him what that was about. Jeff told him he figured the girls would be busy for some time and dinner would have to wait and there was no sense in them doing any cooking any time soon.

Nicky took her daughters by the hand and they all walked into the living room where they got down on the carpet and Nicky said it had been a long time since they had formed a daisy chain and she wanted to start out eating Brenda. She said it was only because Brenda was the bride and the new mommy to be. The three of them held each other for a minute and Nicky told them once again how much she loved them and how happy she was with how they grew up to be beautiful women. She French kissed each of her daughters and then told them to be ready for a long, continuous cum, as she had no intentions of stopping until they were dry from cumming so many times. She stuck her head between Brenda's thighs and sucked her clit into her mouth, causing Brenda to moan from the instant pleasure. Brenda in turn started eating her sister and Emily stuck her finger in her mom's pussy and found it as wet as she had ever seen it before. It

didn't take any of the three of them more than about a minute to cum the first time and it was Nicky who started the chain reaction. Nicky continued cumming in Emily's mouth and put that much more effort toward making Brenda cum continuously as well. After about 30 minutes of non-stop cumming, Emily finally broke out of the circle, and told her mom and sister she was done and could not cum anymore. Nicky was disappointed that Emily had stopped eating her but she understood as she was starting to dry up as well. The three of them sat up, kissed each other once again, and licked each other's faces to clean off all the pussy juice they were wearing. About that time, Jeff and Billy walked into the living room and three very messy and exhausted women greeted them.

Billy went to his fiancée, kissed her hard and told her how much he loved her and then asked who's pussy juice was all over her face and in her hair. She told him it was Emily's, he said it did have a familiar flavor to it. Nicky asked him if he was disappointed that it wasn't hers and he told her no but he was looking forward to tasting her again. She told him to wait until after dinner and she might be ready to go another round and smiled at him. He told her that he would be looking forward to then. Jeff told the three girls they were a mess and unless they wanted to have dried pussy juice on their faces for the rest of the evening he would suggest they all go back outside and hop in the pool. Nicky asked him if he didn't like dried pussy juice on her face and he told her he loved her even if it was dried cum. She told him and Billy to get their cocks hard and cum on her face then, as she wanted to have dried cum as well as pussy juice on her face. Brenda and Emily looked at each other and laughed. Jeff asked them what was so funny, and Emily told him they had asked Billy to do the same thing to them a couple of nights earlier, and had gone to bed after it had dried on their faces. Jeff and Billy came all over Nicky's face quickly and the Jeff asked the family if they were ready for dinner to be cooked. Nicky, with

cum dripping off her nose, told him she was ready for some real food as soon as they had it cooked. Brenda reached out and with her finger, took the drip of cum off the end of Nicky's nose, and stuck it in Nicky's mouth and told her she was losing her appetizer. Nicky sucked Brenda's finger clean and thanked her. With that, the family went out to the patio where the guys cooked some burgers. After everybody had eaten the meal, Emily told Brenda and Billy how happy she was they were getting married and going to have a baby.

She asked her mom and dad if they ever thought about having any more babies after Brenda. Nicky told her she had had her tubes tied so they couldn't have any more. Emily asked her dad if he was fixed as well, knowing he wasn't. He told her he was not and asked her why she was asking. Emily told him that she had decided she wanted a baby also and she wanted him to be the father. He asked her to repeat what she had just said and she told him once again she wanted him to make a baby in her. He looked at Nicky and asked her if she knew anything about this, she told him this was the first time she had heard about it and was as surprised as he was. Emily told the family that she didn't want to spoil the celebration for Brenda and Billy but she was horny and wanted her dad to fuck her and only him until she got pregnant. She knew if she didn't say this that Billy would be upset when he tried to fuck her later and she turned him down without a condom and they had not been using condoms for a long time. Brenda went to her, kissed her, and told her that this did not spoil her celebration as she thought it was cool if she had a baby about the same time as she did. She went on to look at her dad and say she thought it would be great if he made his own child/grandchild in Emily. Billy had not said anything and Jeff was in a sort of daze not knowing what to think or say. Nicky finally spoke up and told Jeff to please make love to his daughter and help her make a baby. He asked her if she was sure and

she told him she would even help if he wanted and got between his legs and started sucking him to erection.

It only took about a minute for Jeff to be as hard as he had ever been and Nicky told him to lie on his back and for Emily to get on top, just like the first time they had fucked. It didn't take much persuasion for either one of them after that and soon Emily was bouncing up and down so hard her boobs were bouncing with her. Billy spoke up and said he had never seen Emily so excited and he wondered if she was going to hurt her boobs the way they were bouncing. Brenda told him they would be okay. She asked her mom if she was ready for Billy to fuck her, as she wanted to help and have her eat her pussy while he fucked her. Nicky lay on the floor and told Billy to fuck her and for Brenda to sit on her face. It wasn't long and the entire family was fucking and sucking. Finally, everybody was fucked out and laying on the backs catching their breath. Billy was the first to speak and told the family how much he loved each of them. He turned to Brenda and told her how much in love with her he was and couldn't imagine what his life would be like if he had never came to live with her and Emily. He then turned to Jeff and thanked him for producing Brenda with Nicky, and thanked him for allowing him to marry her. He told Emily how much he loved her as a sister and finally, he told Nicky how much he loved her as his future mother-in-law. Emily and Nicky asked him if he didn't like them for fucking him and he told them that was all part of why he loved them but didn't want to have anybody think that was the only reason he loved them. The entire family put their arms around Billy, hugged and kissed him, even Jeff, and told him they all loved him as well. Brenda told him she had to be the most thankful since he was going to be her husband and the father of her children.

Jeff told the kids they were welcome to spend the night and he was all fucked out, tired, and he was heading to bed. He asked Emily if she would like to sleep with him and her mom and maybe get a middle of the night fucking if they woke up. She jumped up, grabbed her dad's hand and told him to make sure she got that fucking. Nicky told them to go ahead as she would like to spend the night with Billy and Brenda if it was okay with them. Brenda told her she was welcome in their bed anytime she wanted. The family all headed to bed and during the night, Jeff and Emily fucked twice more. In the morning, Jeff woke up to find Emily sucking him off in hopes of him fucking her once again before she went home. About two weeks later, Emily called her parents to tell them that she was indeed pregnant and was so happy. They told her they were excited as well.

Brenda and Billy did get married about a month after the fun Saturday at Jeff and Nicky's. Jeff and Nicky gave them a honeymoon gift of a stay at a luxury hotel on the coast, where they enjoyed a week of fun in the sun and surf. Emily spent the time with her parents because she didn't want to stay at home alone. The time came for Brenda to deliver her baby and they presented Jeff and Nicky with their first grandchild, a bouncing baby girl they named Samantha. About three weeks later Emily went into labor and had a baby boy, she named Jeff John, her dad's middle name was Scott but the family knew he was actually Jeff Jr. The entire family was happy with the new babies and Nicky was the typical grandmother, doting and spoiling them the day they came home from the hospital. Everybody knew that as soon as Jeff Jr. and Samantha were old enough, about six or seven years old, they would be introduced to family love and be told about their parents and grandparents. Brenda and Emily wanted their children to know sooner than they were told.
