Little Brother Is Spying 1

Mike Shannon had been 10 when he first discovered his older brother in the midst of a sexual adventure. His brother Doug was 12 years old and sitting in the back seat of their speed boat while it was tied up to the dock with their next door neighbor Sally Swanson. The way the boat was positioned it could only be seen from the sun porch of Shannon's lake cottage. Mike hadn't intended to spy on his big brother, it just happened. Mike stood in the sunroom and watched as Doug kissed Sally. Mike was hooked and couldn't have turned away if he had to.

The first the kiss was shy but then they both seemed to really get into it. Sally and Doug were wearing swim suits. Sally was just getting home from swim team practice and was wearing a royal blue one piece suit that showed off her developing 12 year old breasts. Mike watched as Doug put his hand on Sally's breast as he kissed her. Sally pushed Doug's hand away. Mike wasn't sure why but his cock was rock hard and he wrapped his hand around it through his swim trunks.

Mike watched as Doug slipped his hand back over the breast as their kissing became more intense. This time Sally was slower to push it away. After a few moments she pushed the hand away.

"Oh come on Sally...they are so awesome...just begging to be touched." Mike heard his brother say through the open window.

"Doug you are such a bad boy...all you ever want to do is feel me up."

"I can't help it...you are so sexy that I can't keep my hands off of you." He told her with a grin. "I just want a little peak at those beautiful tits...please."

"Are you crazy...out here in broad daylight where anybody could see us?"

"Nobody can see us here sexy girl," Doug told her as he started to kiss her again. This time he stroked her face and her neck as he kissed her and then let his fingers trail down to the small shoulder strap of Sally's still damp swim suit. Doug ever so slowly started sliding the strap off her shoulder as he opened his mouth.

Sally knew it was wrong...but Dougie was just so damn sexy. His sun bleached blond hair and blue eyes with that tan muscular body were so tempting. She wanted to see that bulge in his shorts...she knew it was dangerous but couldn't help herself. Sally moaned into Doug's mouth as their tongues made contact for the first time. She could feel her pussy flooding.

Mike watched in awe as Doug peeled away the top of the suit revealing Sally's beautiful breast buds. Mike wished he was closer so he could get a better look at Sally's tits. He could see the rounded mound of flesh and the pretty pink nipple and that made his cock throb even more. He watched his brother Doug slide his hand over the tit as Doug and Sally kissed passionately. Mike watched Sally run her hand

down the front of Doug's board shorts. She was touching Doug's cock through his shorts. Mike could hardly breathe. Mike's fingers kept rubbing the rim of his cock head because it felt so good.

Mike heard Doug tell Sally how good it felt to have her rubbing his cock. Doug moved his hand aside and began to lick her nipple. Mike heard Sally gasp. Doug looked up at her and told her to rub his cock hard..."Oh yeah...like that...oh please don't stop..." Doug groaned loudly.

Mike watched his brother lift his hips and thrust his cock against Sally's hand. Mike kept rubbing his thumb against the rim of his cock head as he spied on the two young lovers. Mike's belly felt so strange and then suddenly his body shuddered again and again. It was a weird and awesome feeling that he had never experienced before.

Mike was just catching his breath when he heard Sally's mom call her. Sally slipped her arm back into the strap and pulled up her swim suit covering the sexy breasts. She gave Doug a quick peck on the lips and jumped up on the dock and ran toward her mom's voice. Mike watched Doug stand up and adjust his junk before he climbed out of the boat. Doug walked barefooted up the dock and came through the screen door. He let the door slam with a loud bang and was startled when he looked over and saw his little brother reading a magazine. Doug's expression showed that he was worried about what Mike may have seen. Doug awkwardly held his hand over the front of his board shorts.

"Ummm...what are you doing?" Doug asked suspiciously.

Mike's baby face with his shock of sun bleached hair falling into his eyes gave nothing away. That was when Doug pulled his hand away from the front of his white board shorts with the very cool designs down the sides of the legs. Mike saw the big wet spot on the front of the white board shorts. It made them a bit transparent. Mike could not only see the outline of Doug's half hard cock he could actually see the head of the cock. Mike thought Doug must have gotten so excited that he pissed himself. He thought about teasing Doug but decided that was stupid for many reasons.

"I...ummm...was just hanging out...wanted to see if you wanted to do something?" Mike said as he followed Doug to the bedroom they shared.

Doug didn't realize that Mike had followed him into their small shared bedroom. Doug wondered how he was going to clean up the cum with his little brother there watching. Doug reached in the drawer and pulled out a pair of navy swim trunks that he tossed on his bed.

Mike watched Doug untie the draw string on his board shorts. Doug saw that his younger brother was staring at the wet spot and the outline of his half hard cock.

Doug couldn't help it because he was still thinking about how awesome it was to touch Sally's tits. He had never done that before. "I...ummm...spilled something on these and need to change." Doug told his little brother knowing how lame it sounded. Doug turned toward his bed and untied the drawstring. As he lowered his favorite board shorts he vowed that he would wear the unlined shorts with something under them in the future. Doug had seen in the mirror on their dresser how clearly his cock was visible when they got wet. He wondered if Sally had noticed.

Mike watched the contrast red waist band on Doug's white shorts as it slipped down the globes of Doug's milky white ass. Mike noticed that Doug had some curly fine white blond hairs on the backs of his thighs that he had never noticed before.

Doug noticed as he pulled the shorts down and his half hard cock flopped out that his pubic bush was covered with globs of thick creamy cum and his belly was still wet from his ejaculation. His half hard cock flopped out and seemed to be stiffening more. "Shit...not in front of Mike," he thought as he let the white board shorts drop to the floor.

Doug stood there only a moment before he grabbed the navy swim suit and pulled it on over his bare left foot. Doug looked down at his hard boner and tried to will it to go down. He stepped into the other leg of his swim suit and bent all the way over and grasped both side of the waist band to pull it up.

As Doug bent over his legs parted enough for Mike to get a good view of Doug's dangling balls. Mike realized that he had not seen his brother naked for a long while because the last time he did Doug's balls were tight in his sack like Mike's. Mike had seen his dad getting out of the shower the other day when he went in to his parent's bathroom to get a clean towel. His dad had a big cock that hung down with the big head resting between two large balls. It was pretty hairy too. Mike was disappointed when Doug pulled the swim suit up while he faced away from Mike.

Doug dashed into the bathroom that they shared with their 10 year old sister Carley.

Mike realized that his boner was rock hard...that had been happening a lot since he turned 11 a month ago.

Doug locked the bathroom door and pushed down the swim suit quickly before his cum got this swim suit all wet too. He used toilet paper to clean himself up.

While Doug was gone, Mike picked up the board shorts and checked out the stain. He found a slippery, gooey mess inside the shorts that definitely was not pee.

Mike's dad and his health class had tried to explain sexual reproduction to him but he really had no interest in the subject at the time or he would have known that he was touching his brother's fresh semen.

Mike touched it and rubbed it between his fingers. He smelled it and found that it had a unique aroma that he could not quite describe. The door knob on the bath room started to turn and Mike quickly dropped the shorts on the floor. He moved back toward his bed and acted like he was making the bed...something that looked really suspicious because Mike never made his bed.

When Doug came back he saw his brother making his bed and noticed that his board shorts had been moved. Doug wondered what the little perv had been doing. Doug noticed how much Mike had grown in the past few months. He was taller and his body was beginning to fill out. Doug realized that he hadn't seen Mike naked for a while and wondered if he was developing sexually.

Mike flopped down in his newly made bed totally destroying the work he had done. Doug could see the bulge in Mike's board shorts and knew that the kid had a boner. Mike leaned back and put his hands behind his head and Doug saw that his brother's pits were perfectly bare. Doug's eyes quickly traveled to Mike's shins and he saw that they were bare too.

"Ummm Doug...umm...have you ever gone skinny dipping?" Mike asked in a very timid voice.

Doug's mind raced as he thought about when he and Jeff Tompkins had gone skinny dipping earlier in the week. They had been waterskiing with Mickey Albert who was a really cool 15 year old dude whose dad owned a marina. Mickey had to work that afternoon so they dropped him off at the marina.

On the way back Jeff drove the boat toward the sandy beach at Shelter Cove and as he slowed down he suggested that they go skinny dipping. The beach was in a semi secluded cove so they did not have to worry too much about being seen. Jeff was 14 and from his hairy legs and the hair under his arms, Doug guessed that he was pretty developed. Doug felt like a perv but he could not help wanting to get a look at Jeff's junk.

Jeff was kind of a dare devil and so it didn't surprise Doug that Jeff just stood up and dropped his drawers while exclaiming, "Dude...drop your nut covers and let's go." Jeff watched as Dougie, as he called Doug, dropped his drawers. Doug wasn't sure why but he was always kind of embarrassed about getting naked in front of other dudes.

Doug looked up at Jeff for the first time and saw that he had lots of curly black hair around his cock. Jeff's cock hung down between two very nice balls. Doug wasn't sure but he thought that Jeff was starting to chub. Doug wondered what Jeff's cock looked like boned up.

Jeff teased Doug about staring a hole in his cock and as Doug watched, the cock started to lift off his friend's nut sack.

"Come on," yelled Jeff as he ran to the back of the boat and wrapped his arms around his knees and did an awesome cannon ball off the back of the boat. It sent a huge splash into the boat. Doug dropped his shorts and did a cannon ball next to Jeff practically drowning his friend with the huge splash.

Jeff decided that it was time to play grab ass. He dove under water and opened his eyes. Even in the murky lake water he had no trouble seeing the white globes of Doug's bare ass. Jeff immediately swam for them and grabbed two handfuls of Doug's pretty white ass. Jeff now had a raging boner and could not wait to get his hands on the pretty boy's hard cock. Jeff thought the smooth boy was about the sexiest thing he had ever seen.

Doug reacted to the grab ass by trying to swim toward the shallow water beside the boat. When he got to the waist deep sandy bottom Doug stood up.

Jeff swam up and as he came up behind Doug he broke water singing one of his favorite Credence Clearwater Revival songs, "I see a bad moon rising...I see trouble on the way." Jeff sang it way off key and that only made the grab ass funnier.

Doug quickly turned toward Jeff to try to get Jeff's hands off his ass because it was causing his cock to begin to tingle. Doug lunged toward Jeff and even though Jeff was bigger and half a head taller, Doug's momentum allowed him to shove Jeff back by his shoulders into the deeper water. The only thing that Doug had not counted on was that their bodies would drift together...cock to cock. That was when each boy discovered that the other had a raging boner.

Jeff intentionally humped their cocks together and then swam toward the surface for a breath of air. Since he was still slightly below Doug his hard cock dragged against Doug's body until his feet hit the sand. Jeff was in chin deep water as he stood up and he pulled his friend up to the surface too. Jeff felt Doug's boner rub against his leg. Doug had to tread water. Jeff broke into more of the CCR lyrics until the two boys were laughing so hard Doug was sputtering. Jeff pulled his friend's naked body toward him. The boys became quiet for a moment as they each felt the other boy's boner pressed against them.

"I see we each have a raging need to seed." Jeff said with a smirk as he pulled Doug's naked body a bit tighter against his own.

Doug's initial reaction was to get away for fear that Jeff would make fun of him getting a boner and call him a fag...but then he realized that Jeff's cock was hard too...and Jeff was the one holding their bodies together. Doug was still nervous but he waited to see what Jeff would do...he couldn't believe it...he wanted to do sex stuff with his friend...Doug was sure Jeff would think he was a perv.

Both boys' eyes were suddenly cloudy with their lust. They just stood there in the water in the awkward hug until Jeff's hand slid down Doug's back and over his hips. The 14 year old boy's hands came to rest on Doug's muscular thighs and Doug felt his legs being pulled slowly apart until he felt himself being lifted up into a reverse piggy back position with his cock and balls against Jeff's abs. Doug naturally wrapped his legs around Jeff's lean waist. Doug felt Jeff's cock pressing against his balls from below. Jeff put the 13 year old's boy's arms around his neck and Doug found himself clinging to his older friend's naked body. Their cheeks were pressed together. Doug felt the stubble from Jeff's side burns against his smooth cheek. Doug wondered if he would ever shave.

Jeff was totally turned on by being pressed against this beautiful smooth sexy boy. He was afraid that he was going to spew a hot load of cum all over Doug's awesome balls. Neither boy said a word. They were both afraid that the slightest thing might break this magical spell.

Jeff's hands began to rub Doug's back.

Doug had never felt anything this awesome and he didn't want it to stop...he knew that other guys would think it was weird...fuck 'em.

Doug felt his good friend beginning to move. He could tell that Jeff was walking into shallow water. He was afraid that Jeff was going to stop but he felt Jeff's hands continue to rub his back. Doug could feel the water going lower and lower down his back until his ass was totally out of the water. Jeff walked until he was in knee deep water.

Their cheeks were still pressed together. So far Jeff hadn't made any move to put his 13 year old friend down. Jeff whispered in Doug's ear, "Dude you are so fucking hard." Jeff tugged his friend tighter against him and his hands moved down Doug's back until they were on the globes of Doug's ass. Jeff began to hum Bad Moon Rising softly until he reached the second line and then sang "trouble on the way." Jeff pulled Doug against him repeatedly in a mild humping motion.

Doug groaned and whispered back, "Oh fuck that feels so good."

Jeff turned toward the boat and set Doug on the side of the boat as he whispered, "Come on I will show you something really cool."

Jeff wasn't quite ready to tell Doug that this was where their friend Mickey Thompson had brought him when Mickey was 13 and Jeff was 12. Jeff used his strong arms to lever himself up so that he could put his foot on the side of the boat and step in. That was the first time that Doug got a good look at Jeff's boner. It looked huge to the 13 year old whose cock was still in the relatively early stages of development. Jeff's cock was so big. Doug decided that it must be over 5" and it was so thick and fat. Jeff's balls looked huge too as they hung low in their sack as the warm afternoon sun shone on them. Jeff had so much thick curly black pubic hair.

Doug looked up in Jeff's dark brown eyes. "Dude...you've got a really cool boner...it's awesome." Doug immediately felt embarrassed about making such a big deal about another dude's cock. The words just seemed to gush out of his mouth without him having any control over them.

"I...ummm...think your cock is cool too." Doug told his 13 year old friend as he reached out and lightly stroked the dangling nuts that were a little larger than a marble. Jeff looked directly into Doug's blue eyes as his fingers began to caress his 4 ¼" shaft with its flared cock head. "Mmmm...nice," Jeff said as his fingers reached the head of Doug's cock and lightly caressed his glans with his thumb.

Doug moaned and Jeff realized that the sexy sun bleached blond boy would do almost anything he wanted. He loved having his cock touched, Jeff thought as he massaged the head of Doug's cock. Jeff gently massaged the head of Doug's cock thinking about how Mickey had done exactly the same thing with him.

"Oh wow...feels so good...but...ummm...what if somebody goes by and sees us?" Doug asked not really wanting to stop.

Jeff leaned down and whispered come on...I will show you something cool. Jeff led Doug over to the front passenger seat that had another seat that faced backward behind it. Jeff reached down and pressed a button and the seat folded flat in to a flat lounge chair. Ironically it was the same seat that Mickey had used with him 2 years ago. The new boat had just arrived at the dealership and Mickey put some gas in it and told Jeff that he would take him for a test drive.

Jeff stretched out on his back and held his arms out for Doug. "A friend taught me this. It feels really awesome when we rub our cocks against each other.

Doug hesitated only a second before melting into his friend's arms. Doug thought that their naked bodies pressed together was the most amazing thing ever.

"Now rub fuck me...you know...rub your boner against me..." Jeff told him.

Doug thrust tentatively at first.

"Yeah Dougie...like that...only harder and faster...really hump me." Jeff told him as he pulled Doug's hips toward him again and again. "Oh man dude that feels fucking awesome...yeah...rub fuck me Dougie."

"Oh fuck man I gotta stop or I am going to jizz all over you." Doug told him as he gasped for breath and slowed down.

"No way man...I want you to squirt hot cum all over me...do it dude...fuck your cum all over me." Jeff told him as he pulled hard and fast on Dougie's hips. This was one of the hottest moments in his life. He had dreamed about being sexy with Doug for a couple of years...it was one of his favorite jack off fantasies. But Doug was so shy he had barely been able to catch a glimpse of him naked. Jeff had wet dreams over Doug cumming on him.

"Ohhh....fuck...man...gonna...oh shit here it cummmmmmmssssss..." Doug cried out as hot creamy cum exploded all over Jeff. The 13 year old felt like the orgasm was going to last forever. Jet after jet of cum squirted all over both boys bellies. As it subsided he was gasping for breath as Doug said, "Oh fuck man that was the best...never cum that much or that long...it was fucking amazing. But...ummm...you didn't cum."

Jeff held the boy tight and then rolled on top of him. "I know...wild dude...I am going to take care of that right now...I need to cum so bad and I can't wait to cum all over your sexy body. Doug's cock was still super sensitive and he gasped as Jeff began to rub fuck him. It was almost too much for Doug and then he felt his boner getting hard again and all of the rubbing started feeling really good.

It didn't take Jeff long to find himself on the edge of orgasm.

As the intensity of Jeff's need to seed reached a fevered pitch, Doug felt the roughness of the stubble on Jeff's face. Doug tried not to think about how turned on he was by Jeff's sexual development and his hairy body. There was something about feeling his two day growth of beard that made Doug's cock throb. Doug loved the feeling of the thick hard cock rubbing roughly against his smooth abdomen and knowing that he was giving his friend incredible pleasure. Jeff's moans of pleasure and his rapid breathing only excited Doug more.

As Jeff's rub fucking increased in intensity, he moved his face along Doug's cheek and as he switched sides of Doug's face his lips brushed Doug's lips. At first Doug was repulsed by the idea of kissing another boy. As he felt Jeff's passion building, Doug began to wonder what it would be like if Jeff really kissed him. Doug resisted the idea again of guys kissing. Doug could tell that Jeff was on the ragged edge of orgasm and he felt Jeff moving against his cheek again and then it happened again. Their lips

brushed again and then Doug knew he wanted it...he wanted his friend to be his lover. Doug leaned up and their lips pressed together as he felt hot semen explode all over his body.

Jeff groaned as their kiss intensified as his thick 14 year old cock began to jet hot ropes of cum all over the sexy blond smooth boy. This was so fucking amazing Jeff thought. "God this is hot. I am kissing Doug and cumming all over him." He thought as he wildly rubbed his younger friend.

As his orgasm subsided, Jeff hugged his friend and reveled in the after glow of orgasm. The boys were a mess. Their sexy young bodies were covered in each other's cum.

Doug giggled, "Dude you really slimed me. I've got cum everywhere."

"Yeah...me too...do you want to jump in the lake and rinse off?" Jeff asked the sexy blond boy.

Doug nodded and grinned.

Doug looked at Jeff's cum covered body and his semi erect cock that was still dripping a drop of cum. His mind was still trying to grasp that he and one of his best friends had just cum all over each other and kissed. His mind was straining to process what happened and how he felt about it when Jeff touched his boner. Doug looked up into Jeff's deep brown eyes.

"Dude...you've got the coolest boner. We better jump in the lake before I have another go at you." Jeff said as he led Doug to the back of the boat and they dove in the lake.

The cool water rushing over Doug's naked body felt awesome. Doug thought about what Jeff had just said about having another go with him...how he touched Doug's boner...his friend just told him that he was turned on by seeing his naked body. Even though this was all new and felt pretty weird, Doug felt his boner throbbing. Doug realized that he was totally turned on. The idea of having his friend hot for his body made him want to be naked in front of Jeff. Doug knew that he loved having Jeff touch and feel his body and he wanted more...it was still pretty weird...but he wanted it...did this mean...

They were swimming in deep water and Jeff was behind Doug. Jeff saw Doug and he dove deeper and swam under him and rolled over on his back as he swam through Doug's legs so that they were now cock to cock.

Their junk brushed as Jeff swam through and he surfaced in front of Doug. Jeff wondered what Doug thought of all of this. Doug's cock was hard and Jeff decided that he must like it. "Dude...you are fucking hard as a rock," Jeff said as he quickly copped a feel of Doug's junk.

Doug laughed and his hand went under water and copped a feel of Jeff. "Yeah man like you're not...you've got a raging boner too."

They swam back to shallow water beside the boat and stood up. Jeff pulled Doug's body against his. "It feels so good to have you against me."

"Yeah...that rub fucking felt awesome...ummm...Jeff...I guess you've done it before?" Doug asked shyly as their bodies were pressed together.

"Yeah...a friend has been a beat off buddy since I was 12...we'd sneak off and jack it every chance we could. We spent the night at his house one night and we wondered what it would feel like to have one guy jack both cocks at the same time. That kind of started it and we discovered how awesome it felt to rub our naked bodies together." Jeff told Doug watching his reaction.

"Ummm...does that mean...you know...we're gay?" Doug asked with a worried look.

"Last night Katie Smith gave me the most amazing blow job while I fingered her off...I love it and can't wait to do it again...but I like doing stuff with you and my other friend too. Jeff told him honestly. "I love it all...I guess I am bi."

Doug thought about it all quietly for a few moments as they held each other tight. Doug knew that he couldn't wait to find a way to get his hands on Sally's pretty tits...and he really wanted to feel her cunt up too...and then there was all of this and it was pretty awesome to...maybe I am bi too, Doug thought. Doug didn't say anything he just rubbed his naked body against Jeff's in a very sexy suggestive fashion. The boys got in the boat and rub fucked while kissing until they both shot off two more times that afternoon. The boys rinsed the cum off their bodies and pulled on their swim suits. They shoved the boat off the sandy beach and Jeff fired up the engine. He put it in gear and pushed the throttle forward. They raced full speed across the lake with the wind ruffling their hair. As the speeding boat bounced through the light chop on the lake, Jeff put his hand on top of Doug's bare thigh. They looked at each other and grinned with their new secret.

Jeff throttled the boat back as he approached Doug's dock, he looked at the sexy blond boy.
"Doug...ummm...what we did was really cool...and...ummm...I'd like to do it again...soon."

"For sure," Doug replied with a huge grin.

As they idled up to the dock Doug fended the boat off the dock so that it didn't get scratched up.
"And...ummm...there is a lot of other cool stuff we can do...you know...if you want to try it."

Doug smiled and nodded as he tried to imagine what Jeff had in mind. Jeff put the boat in reverse and Doug watched him back away from the dock and then wave as he put the boat in gear. Seconds later the boat was racing down the lake and Doug's cock was rock hard again.

Doug was brought back to the moment as he brother Mike asked him, "Well...have you...you know skinny dipped?" Mike asked as he swept the lock of sandy blond hair out of his eyes with a flick of his head.

"Yeah...I have...it's really cool."

"Whoa...that's cool...where...umm...did you do it?"

Doug hesitated a second and then told Mike where he and Jeff had gone to skinny dip.

"Do you...ummm...think...you know...maybe sometime...we could...you know...go there?" Mike asked his older brother with his heart hammering in his chest. It all just seemed so forbidden and dangerous to the otherwise very modest boy.

Doug stood up and he walked over to Mike and ruffled his hair. "Sure do you want to go now?"

Mike's face lit up in a huge grin. "Could we?" He asked as he noticed the bulge in his brother's swim trunks.

"Sure...come on."

They went out to the dock. Doug had his arm around his little brother and his cock was half hard thinking about swimming naked with Mike. Their parents had the speedboat so they took the jet ski. Each boy pulled on a life jacket. Mike climbed on first and Doug got on behind him. Mike pressed the switch that made the lift slowly lower the jet ski in the water. Mike settled back on the seat against his brother and rested against Doug's life jacket. The water was rough and as the jet ski bounced Mike's butt bounced against Doug's crotch.

Doug wondered if Mike could feel his boner.

Mike was wondering if he would get to see and touch Doug's boner. It felt so cool rubbing against his butt as they bounced along. They entered Shelter Cove and the water immediately got calmer. By the time they beached the jet ski, Mike's boner was rock hard. They got off the jet ski and draped their life jackets over the seat.

"Are you ready for some skinny dipping?" Doug asked.

Mike nodded shyly.

"Well go ahead and strip big dude."

"No way dude...right here out in the open...what if someone sees us?" Mike asked with a worried look.

"Trust me dude it's okay. We can see people coming toward us a long way off." Doug said as he reached for the waist band of Mike's swim trunks. Doug shoved the shorts down and let them drop to the beach. Mike was naked and rock hard.

"Dude you are so hard," Doug said with a smile. Mike gasped as Doug touched his 3 ½" boner. Doug marveled at how Mike's boner had grown some since he had seen it last but it was still a little boy boner. The nuts were still tight against his body in a nicely rounded pouch. Doug was surprised at how much seeing his little brother naked turned him on.

"Ummm...Doug...ummm...are you going to get naked too?" Mike asked shyly hoping his big brother wasn't playing a trick on him.

"Oh yeah!" Doug said as he pushed his navy blue swim trunks down over his raging boner and let them fall to the beach.

Mike's eyes snapped wide open as he got his first good look at his brother naked. Doug's boner was about 5" with sandy blond pubic hairs at the base. His nuts hung loose and his cock throbbed with each beat of his heart. The boner had a pink head that flared out. "You can um touch it if you want." Doug told Mike.

Mike looked up at Doug to see if the offer to let him touch his cock was real. He was shocked and Mike's fingers tentatively reached out. His index finger touched the glans of Doug's cock head. Doug moaned and told Mike that it felt really good when he did that. The boys walked toward the lake and when they were in knee deep water they did racing dives and swam out into deeper water.

"God Doug...this feels amazing...nothing ever felt like this. Doug swam back until he was in chin deep water. Mike swam up in front of him taking a good look at his 13 year old boner. Mike was treading water in front of his brother and Doug wrapped his arms around his younger brother and pulled Mike's naked body tight against his chest.

"Oh wow Doug that feels amazing," Mike said as he rubbed his hard cock against his brother's chest.

Mike loved the feeling of his big brother rubbing his back and hips. Their cheeks were pressed together. Mike loved all of the wild new feeling raging through his body. He loved touching and he also loved being touched. Right then he wanted to touch Doug again. He leaned back and allowed himself to slip in the water. Mike took a deep breath and went underwater. Doug's body looked so cool in the murky water of a natural lake. He could see the throbbing 13 year old boner. Mike swam to the stiff shaft and played with it until he had to surface for more air.

"Your cock is the coolest...so big." Mike said enthusiastically.

"Whoa...easy on the nuts dude...they are pretty sensitive...be gentle." Doug told his little brother as he combed his hair with his finger and looked in his deep blue eyes. It was like looking at a mini version of himself. The little guy was so sexy...Doug was really feeling a strong need to seed. Doug led his little brother up on the beach and he climbed on the back of the jet ski seat and had Mike sit facing him. "I was thinking that you might like to get a better look."

Mike grinned and threw his leg over the seat and sat backwards facing his brother. "You're okay...you know...umm...with me feeling you up and stuff?" Mike asked.

"Yeah...how else is my sexy little brother going to learn stuff."

"So it's cool to like ask you stuff too."

"Yeah little dude...you can ask me anything...anything!" Doug told his sexy little mirror image.

"There is so much I want to know...I am not sure where to start." Mike said. "What made your cock so much bigger than mine?"

"Dudes start this thing called puberty...girls too. It is when they start changing from being boys to being men." Doug explained. "My body has started that process. That is when your cock starts getting bigger

and you start getting hair...and ummm just before I turned 12 I started making cum...you know semen..." Doug could tell from the blank look on his face that his brother had no idea of what cum or semen was. He paused a minute and then asked, "You do know how babies are made?"

Mike kind of hung his head and mumbled that he didn't really understand how everything worked.

"Well the real quick answer is that the guy puts his boner in a girl's vagina. He thrusts it into her until he gets a really good feeling. When that happens his nuts are squirting semen or most guys call it cum in her pussy. When a girl goes through puberty she starts producing an egg every month. When the semen and egg combine a baby starts to grow in her womb. There is a lot more to it than that. I will explain it more later...okay?"

Mike grinned and thought back to looking at the wet spot in Doug's board shorts and wondered if that was the cum stuff that was slippery and messy in his shorts. He wanted to ask but didn't want to make Doug mad because he was spying on him. Mike grinned at Doug and nodded okay.

"A guy gets a powerful good feeling when he cums...it is the most amazing feeling ever. Guys can make themselves have the good feeling. We probably should wait until we get home to learn about that...maybe we should go back home now." Doug said.

Mike nodded eagerly. He really wanted Doug to teach him all about this stuff. "Yeah that would be cool...and ummm...Doug...it really has been cool being here naked with you and skinny dipping...you are the coolest brother ever.

Doug grinned and hugged the little guy. They got off the jet ski and grabbed their suits and life jackets. Mike's eyes filled with mischief. "Umm Dougie...do you think we could ride the jet ski naked...you know pull our trunks on before we get home."

"You are a nasty sexy little boy...and that is what I love about you. Sure...damn...hope we don't get caught." Doug said as he tossed his board shorts in the foot well of the jet ski. "Be sure to keep your foot on them or they will blow away...imagine going home with only a life jacket." Doug said as he laughed.

Both boys' boners were rock hard and they fastened the snaps on the bulky life jackets. They both giggled as they climbed aboard. They shoved the jet ski off the beach and jumped aboard and Doug started the engine. The minute they reached the open lake they found that the wind had picked up and the lake was covered with white caps. The boys screamed with joy as they hit the first big wave and the Jet Ski caught air. Mike had to wrap his arms around Doug to keep from flying off the back. He felt his brother's boner slapping against his hands as they bounce over the waves.

"Hang on dude....here comes a huge wave. They hit the wave and the impact through Mike up off the seat. His feet came up off the foot well and he saw his swim suit fly out of the foot well.

"Oh crap," Mike cried out. "Dude turn around my swim suit blew out.

Doug did a sharp turn and they saw the swim suit floating for a moment and then it went below the waves. Doug tried to mentally mark the spot. By the time they got there was no sign of the swim suit.

"Oh man it's gone...what am I going to do?" Mike whined.

Doug was laughing hysterically at his brother's misery. "It's not a biggie...you just have to run to the house."

They wildly enjoyed the rest of the ride and whooped and hollered as the jet ski caught air on the big waves. When they were still way off shore, Doug pulled on his board shorts while listening to his brother moan and groan about having lost his suit.

As they slowly motored up to the dock, Mike said he hoped their parents weren't home yet. Doug eased the jet ski into the lift and started the motor to lift the jet ski up out of the water. Doug saw Sally coming over and immediately felt sorry for the hard time that Mike was going to go through. Doug swung up on to the dock and Mike saw that his brother was still hard. Doug put out his hand and pulled his half naked brother up on the dock as they started up the dock Mike cried, "Oh crap it's Sally..."

"Better make a run for it dude." Doug told him know that he would have to run past Sally naked.

Sally started laughing when the Mike, naked except for the life jacket, ran up the dock with his 11 year old boner bouncing up and down with each stride. When Sally got to Doug she saw the outline in his wet swim trunks of his boner. She wondered what kinds of wild thing that they had been doing. Just as she was about to ask, Doug's dad came out on the front porch and yelled that he needed to see Doug.

"I better catch up with you in a little bit...this could take a few minutes." Doug said with a smirk. I will come over when I am done.

Doug walked up the dock and sidewalk to meet his dad. His dad sat down on the front steps and patted the step beside him for Doug to sit down. He started the conversation with a very stern expression but before he could get the first question out he was laughing. "What in the hell is your brother doing running up the dock and into the house half naked?"

Doug had a close relationship with his dad and knew that he could not come up with a bullshit story that was better than the truth. "Well...Mikey asked me if I had ever been skinny dipping. I told him that I had and he wanted to try it. We went to the secluded beach in shelter cove and stripped down and dove in. Maniac man asked if we could ride across the lake...you know...just wearing our life jackets. So we did and he was supposed to keep his foot on his swim suit...well we hit a big wave and caught air...his feet came up and the suit blew out."

His dad had tear running down his face he was laughing so hard. "It sounds like some of the shit I got into with my big brother." He put his hand on Doug's shoulder and realized how much the boy had matured in the last few months. It prompted him to ask Doug if he had been teaching Mike other stuff...like about sex.

Doug turned red in the face and worried his dad would be mad, but answered him honestly. "Yeah I have been...I...ummm...hope that is okay?"

"Yeah it's cool...just be sure you are giving him correct information...if you are not sure...ask me." His dad told him and then handed Doug his beer can and asked him if he wanted a sip. Doug tasted the beer and really liked it. He took another swig.

"Easy dude...save some for me."

His dad went back in the house where his mom was still waiting for an explanation.

Doug walked through the gap in the hedge to Sally's cottage. She was grinning as she waited on the step. "Get in trouble?"

"Naw...Dad thought it was pretty funny actually." Doug told her.

"You can tell Mike that I said he has a pretty hot boner for a young dude." Sally told him with a chuckle. "What were you guys doing.

Doug told her the story and she told him she thought it sounded pretty hot. "Maybe we can go sometime?"

"Yeah...that would be really hot." Doug answered enthusiastically.

"You want to come in. Mom and Dad drove home and won't be back until late this evening."

"Sure...what about Devon?" Doug asked wondering if they really had the house to themselves.

"Yeah my brother was one of the reasons they went back. He had a doctor's appointment." Sally told him with a smile. "It really is just us."

They walked in the back door and Sally took Doug into her arms and wrapped them around his neck and kissed him passionately. "That was really hot yesterday...did...you..you know...cum from me touching you?"

Doug nodded yes shyly.

"That's fucking hot...I have never made a guy cum before." Sally responded enthusiastically.

Doug looked at her and saw the way her nipples stood out and knew she wasn't wearing anything under her t-shirt. That made him rock hard. He slipped his fingers under the bottom of Sally's t-shirt and skinned it over her head. Doug groaned as he saw her two beautiful breasts. His thumbs found her hard nipples and he rubbed them as he began to kiss her passionately. Their tongues danced wildly in an erotic mating ritual.

"Fuck you're so hot!!!" he said as they momentarily broke their kiss. They kissed again and this time he sucked on her lower lip and tugged on it with his teeth. His left hand left her nipple and she moaned in

frustration until she felt it sliding down her tummy and into the top of her bikini bottoms. His middle finger found her lust swollen lips and he probed the slit as much as room would allow. Suddenly he had all the room in the world as Sally untied the drawstring on the side of her bikini bottoms that held the bottom in place. She held up the tiny piece of fabric as she stood before the sexy sandy blond boy stark naked.

Doug leaned back and drank in every detail of her body from her sexy little patch of pubic hair to her amazing breasts. "Hot....real fucking hot." Doug watched her fingers travel to the waistband of his shorts and in seconds they were around his ankles. Her hand gently groped his junk.

There was a knock at the door that was only 10 feet away from them. They both knew that it was a screen door and that their naked bodies were totally visible to whoever was standing there...they were totally screwed. They both just about pissed themselves because of the fear of being discovered. They slow turned and immense relief washed over them as they saw that it was Mike.

Sally went to the door and opened it for Mike. "I guess it is your turn to laugh at me. I felt really bad for laughing...but you looked so cute and sexy running up the dock with your boner bouncing with ever step." She said as she hugged the young boy against her naked body.

Sally gently closed Mike's mouth because his jaw was practically hanging down to his knees in awe. "God you are so cute." Sally said as she combed her fingers through his mop of sandy blond hair. And you look so much like your very sexy brother. Mike was just starting to breathe again. His face was totally flushed with excitement as he tried to drink in every detail of Sally's body before the time he knew he would be sent away.

His naked big brother walked over to him and asked him what he needed. He chuckled when Mike appeared to draw a blank. "Forgot?" Doug asked him with a grin. "I can understand that. She is really sexy."

Mike stammered and finally asked Doug if he wanted to go into town with Mom and Dad.

"Hmmm...let me see town with the 'rents' or incredibly sexy tits...what your guess?" Doug asked him with a laugh.

Mike just laughed.

"Tell them no thanks and that if you want to stay home it is cool with me." Doug told him.

Mike nodded. "Okay...and umm....sorry about bothering you."

Sally leaned over and kissed his forehead. "You are never a bother sexy boy."

They watched and chuckled as Mike ran back to the house occasionally leaping for joy.

"You know you probably ought to tell your dad that it is cool for Mike to stay home or he will come over and ask you himself...you know...like at a bad time...and when you tell your dad that it is okay for Mike to stay home, then bring the sexy little guy back with you."

Doug immediately looked crestfallen.

"Don't worry sexy boy...it won't spoil our fun...the only thing any better than one sexy Shannon boy is two sexy Shannon boys." She said smiling at him "...and Doug close your mouth or they will know something is up."

Doug quickly pulled up his board shorts that did little to hide his raging boner. He ran all the way home. He couldn't believe it but his was still totally hard when he got there. Doug dashed through the back door and went through the kitchen and found his parents looking at Mike skeptically.

"Yeah...I figured you would have trouble buying his story. It is cool. Mike can stay home if he wants."

His dad said, "Well...if you are sure Doug."

His mom was blatantly staring at the very obvious outline of Doug's throbbing boner. She wanted to say something but had no idea of where to start.

"Come on wild man, Sally says you can hang out with us." Doug told Mike.

Both parents looked at their oldest son in amazement.

Their 10 year old sister Carley was sure it was bullshit, but knew better than to say anything.

As the boys left, his mom said, "But Bill did you see his pants...he was...well." And then she remembered that Carley was standing there.

"Yeah mom...I saw it too...he had a major boner...but then he has a major boner most of the time." She said with a laugh as she went to pull some shorts and a t-shirt on.

Bill just laughed and shook his head. "Nancy...I guess our babies are just growing up."

When they got half way to Sally's house, Mike looked at Doug and asked him if he was crazy. "Why do you want to bring me to Sally's house?"

"Well...it was Sally's idea...she said there was only one thing better than one sexy Shannon boy...That would be two sexy Shannon boys." Doug told him and he draped his arm over the little guy's shoulder.

"No way...no fucking way...is that awesome or what?" Mike said.

"YUP," Doug said with a huge grin. When they got to Sally's house they went in and found her in the family room naked. They heard the gravel in Doug's driveway as the car pulled out.

Sally groped boy boys' junk and said, "Come on you guys...get naked like me." She pulled off Mike's t-shirt as he dropped his shorts to the floor. "You two are so sexy." She told them when she had them

both naked. She pulled Mike close to her and asked him, "Would you like to suck on one of my tits while your brother sucks the other one and plays with my pussy."

Mike didn't answer. He took one of Sally's small beautiful breasts in his fingers and began to suck voraciously on the stiff nipple.

Doug began to finger Sally's pussy and quickly discovered her hymen. She kissed his forehead and said, "I hope you are not grossed out that I am a virgin."

"God no...why would you think that?" Doug asked.

"Just because some boys are turned off by a girl being cherry." Sally said.

"What's being cherry mean?" Mike asked.

Doug took his hand and guided his middle finger into Sally's pussy. "Do you feel that thing right there?"

Mike nodded.

"That is a hymen and it is only there until the first time a girl has sex. A cock will pop right through it." Doug told the little guy. Doug marveled at how moist Sally's pussy was.

"Dougie...I want you to fuck me and pop my cherry...would you do that?"

Doug took Sally in his arms and kissed her tenderly trying to hold back the burning passion and need that made his nuts ache. He led her to the couch and laid her back. He knelt between her legs and pulled his raging boner down and guided it toward her swollen pussy lips. The head of his cock kissed her moist inner lips and she moaned with pleasure.

Sally was hungry for his cock and spread her legs as wide as possible to receive the sexy boy. He eased his cock forward and felt the heat and moistness engulf his aching boner. He gasped with the electric jolts of pleasure that shot through his body from the intimate contact.

"Oh yes....better than I ever imagined...oh Doug...you're so sexy..."

Doug eased deeper and deeper into her pussy until he felt the resistance of her hymen.

Mike watched wide eyed as his brother penetrated Sally. Mike played with his cock head as he watched the two young lovers mate.

Sally put her arms out for Mike. "Mikey...please suck on my nipple." She said as she pulled his head toward her aching nipple.

Doug eased his cock back and then thrust forward piercing her maiden head. Sally yelped with the momentary pain and then opened herself to fully receive his cock deep in her pussy.

"Oh fuck Sally...so good...so sweet...it's awesome..." The boy cried as his 13 year old cock went in and out of her 12 year old pussy.

"Oh yeah Dougie...fuck me baby...fuck me hard and fast." She begged.

The room was fill with the sound of rapid slapping of hot flesh as the two of them built to a powerful orgasm.

"Oh fuck Sally...gonna...need to...oh yeah...cummmminnnngggg..." Doug cried as his young nuts began to pump hot cum into her aching pussy.

That pushed Sally over the edge and she cried out as the jolts of pleasure rocked her body. She felt her pussy flood as the boy took her to an amazing place of orgasmic bliss.

They lay there joined as one for a long time in that awesome post orgasmic glow.

Doug pulled his cock out as it began to soften. It was streaked with her virgin blood. She touched his cock and smiled...you took it baby...you took my cherry. They kissed and celebrated her womanhood.

The she stroked Mike's face and asked him if he even jacked off.

The boy looked puzzled.

"Sally means have you ever given yourself the good feeling?" Doug explained.

"Well...ummm...just one time...promise you won't get mad?" Mike asked them.

The both grinned and told him that they promised.

"Well it was yesterday and I was sort of spying on you when you were in the boat and...ummm...I rubbed myself and got an awesome good feeling."

"So watching us got you off the first time...that's cool," Sally said.

Doug stood up and rubbed his little brother's shoulders. Sally put her arms out for him, "Come to me sexy boy. Unless I am wrong...I just got your brother's virginity and now I want yours."

Mike was dumb struck as Doug guided him between Sally's legs. Doug guided Mike's 11 year old boner into her pussy and the boy groaned with the intense pleasure. Mike began to reflexively thrust as the intense good feelings kept getting stronger and stronger. His small hairless pubis pounded against Sally's hard clit and she pulled the boy tight against her as she cried out with the first wave of her orgasm. That was all it took to make young Mike's body convulse with the wild pleasures of his orgasm. The jolts of pleasure raced through his body as his entire body shuddered and shook with the intensity of the pleasure.

They lay there for a while and Sally was surprised that the little guy was still hard. She stroked his face and asked him if he would do something special for her.

"Anything," Mike promised.

“Great...I want you and your sexy brother to pleasure each other while I watch. I have had a fantasy about you guys for a long time.” Sally asked him.

Mike looked to Doug for guidance and Doug put his hand out for him. Mike stood up and Doug knelt before his little brother and licked Sally's juices off the sexy boy's young boner. Mike moaned and groaned as his big brother licked and sucked his dick until his whole body shook and shuddered again. Mike's cock remained rock hard and Doug turned around so that they could 69 on the floor beside Sally.

Sally fingered herself as she watched in awe as the brothers pleased each other in one of the most intimate ways possible. Soon both boys were groaning as they went over the edge into orgasmic bliss at the same moment. Mike got his first taste of boy cum and he loved the salty flavor. Doug spun the boy around and hugged and kissed his sexy little brother.

Doug wondered if anything could ever be as good as today was.
