STORY SUMMARY

The two brothers that were so shy about seeing each other naked are doing everything naked together. They sleep naked with each other and are discovered in bed, naked and erect first by their father, then their 10 year old sister sees her sexy brothers and finally their mom finds their sexy naked bodies entwined. Seeing the boys naked triggers lustful urges and wild masturbation sessions that are not enough to scratch the family's deep sexual itch. That is when the hot action really starts. Bill takes his wife to one of the most intense orgasms of her life. At the peak of her orgasm she screams her 13 year old son's name. Things really get hot and interesting from there.

Little Brother Is Spying 2

It had been an amazing day Mike thought as they walked back to their cottage. All of the things that he had seen and done were swirling in his head from spying on his brother and Sally, seeing Doug's cum for the first time in his board shorts, going skinny dipping, losing his bathing suit riding the jet ski, Doug popping Sally's cherry and Sally taking his virginity and Doug's. The most mind blowing thing was that Sally wanted to watch Mike and Doug do sex stuff. They sucked each other off while she played with her clit. It was an awesome day.

They got home and Doug took his brother to the bathroom and started the shower. When the water was warm they both climbed in. Two brothers that had barely seen each other naked before today were suddenly doing everything together...naked!

Doug started washing Mike with his bare hands. Mike was startled by that but quickly began to wash Doug. They had just finished drying off and were walking out of the bathroom with towels around their waist when they opened the door and found their 10 year old sister waiting to use the bathroom.

CARLEY DAYDREAMS ABOUT HER EXPERIENCE WITH MARIANN

Carley was startled when the boys walked out of the bathroom together. She knew something was up because both boys had always been very secretive about being naked around anyone. She was pretty sure they had just taken a shower together. Carley thought about how her best friend Mariann had come home early one afternoon and found her 15 year old brother Tim and 13 year old brother Terry naked in the family room sucking each other. They didn't know that she was there and she watched them until they both started to moan and groan. Terry couldn't swallow it all and pulled his brother's

cock out of his mouth and she watched as the creamy white goo squirted all over her 13 year old brother's face. She watched the boys until they both stood up in front of her. They tried to hide their nakedness from her but it was silly because she had seen everything already.

As she stood there, her pussy felt really funny...and wet. The boys were begging her not to tell as she went off to her room. When she got in her room she locked the door and started to touch her pussy. She loved the feeling when she touched her hard clit. Her pussy kept getting wetter the more she played with her clit. Then suddenly she groaned uncontrollably from deep in her chest as the first wave of pleasure shook her body. She shook and she shuddered as wave after wave of pleasure rocked her. Mariann was gasping for breath as she lay there her legs spread wide with her finger on her clit and a glazed look in her eyes.

Carley and Mariann were both straight A students, so the next day they had no trouble learning about what was going on with her brothers using Google. Then Mariann told her friend about what happened when she got to her room. She told her best friend about the amazing feelings that she had from rubbing her pussy. Carley invited Mariann for a sleepover that Friday night. The whole family and Mariann watched a movie in the family room. Mike had to lie on the floor on his stomach because every time he looked at Mariann and how her nipples stuck out in her t-shirt he got rock hard. As soon as the movie ended, the girls went up stairs. Her parents were surprised when the girls went up to bed at 9:30. When Mike was ready to go upstairs at 10 his mom asked him to take Mariann's duffle bag up to her.

The girls were sitting on Carley's double bed with their legs spread apart. They each wore one of Doug's soccer jerseys since Mariann left her stuff down stairs. They sat face to face and close together with Mariann's legs over Carley's legs. Their pussy lips were only inches apart and each girl was exploring the other's inner lips and hard clit. Maryann was showing Carley what she had done the other night to get the amazing good feeling. They were startled by the knock on the bedroom door. They both quickly stood up and the hems of the soccer jerseys fell to mid thigh. Mariann's nipples were still rock hard.

Mike was grinning at them in sort of a goofy way. He couldn't take his eyes off Mariann's stiff nipples.

Mariann could not take her eyes off the obvious boner in his warm up pants. It made her pussy tingle and she desperately wanted to look at his stiff cock.

The girls quickly took the bag from Mike and closed the door. Mariann's pussy was really tingly after seeing Mike's boner tent his warm up pants. She decided that he must be naked under them.

What the girls did not know was that Mike had gone back to his room and the place where he went crashing into the wall and broke the wall board when he and Doug were wrestling made a small hole where he could peek into Carley's room and spy on her. Doug was still downstairs watching Nightmare on Elm street so Mike settled in to spy on the girls. He gasped as his sister took her friend's jersey off leaving her stark naked. "Holy fuck...Mariann is starting to get boobs," he thought. He watched them both get naked and then sit on the bed and play with each other's cunt. Mike's boner ached. He could not hear what they said but they got up and Mariann crawled under the covers naked while his sister turned off the light. "Fucking amazing," he thought.

FEEDING TIME AT THE ZOO

Carley stopped daydreaming about Mariann and she looked at her brothers as they came out of the bathroom. Both of them were still wet from their shower. She wondered if they were sucking each other like Mariann's brothers did.

The boys pulled on some shorts...commando of course...and clean t-shirts. They slipped on their leather flip flops and walked out to the kitchen. Their mom was shocked that both of her young boys had taken a shower with no threats. She knew something was going on even if Bill couldn't see that his boys were up to no good.

They walked up and hugged her on either side and wanted to know what was for dinner. "God it was only 5 pm and it was feeding time at the zoo already," she thought as she shook her head and smiled. She rubbed her boys' necks and kissed their damp mops of sandy blond hair. She told them that their dad was going to do hamburgers on the grill. She swatted both boys on the butt and could feel the distinct outline of the crack of their butts through the silky material of those awful basket ball shorts that they both loved to wear. She realized that neither of her boys was wearing underwear. She ruffled their damp shaggy hair and told them to get lost so that she could get the rest of dinner going.

As she stood there fixing a salad, she thought about the fact that she had not seen either of her boys naked for a good while. She wondered how their bodies and their sexy boners were developing. God knows she had seen the obscene bulges that both of her boys got many times a day as their young cocks stiffened. She had watched them grope "their junk" as the boys called it. She suddenly realized that her panties were soaked just standing here thinking about her boys' bodies. She began rushing to do things in the kitchen to take her mind out of the gutter. The more she moved around the more her hard clit ached. She was going to have Bill fuck her good tonight...she needed it bad.

THAT NIGHT

The boys went to bed at the same time. Everyone had noticed how suddenly Mike and Doug were inseparable, but no one said anything. When the boys were in their bedroom, Mike watched as Dougie stripped naked...almost putting on a show for him. Doug stood in front of his little brother all bonered up and asked Mike, "Do you want to sleep with me...you know...naked?"

Mike grinned and quickly stripped naked.

They both crawled into Doug's twin bed and their naked bodies naturally nestled together. Doug pulled them together so that their cocks were pressed together between their sexy bodies. Doug began to gently hump against his brother.

"What are you doing?" Mike asked.

"It's called dry humping...and...ummm...it feels really good." Doug told him.

"How do you know about it?" Mike asked innocently as he began to hump back against his brother.

"Ummm...well...a friend taught me." Doug answered.

"No way...that's so cool...who was it?" Mike asked him as their humping became more intense.

"Ummm...you gotta swear you won't ever tell..."

"Yeah sure," Mike replied.

"It was...ummm...Jeff...we did it in his boat after we went skinny dipping." Doug explained.

Neither boy said anything more they were both approaching the edge and their humping was intense. The antique twin bed springs started to squeak with the rhythm of the boys rutting. They ground their sexy young bodies together passionately as their hard cocks rubbed against their tight abdomens.

Doug held his sexy little brother tight against him and reveled in the awesome feeling of having his little boner rubbing against him. Doug thought about sucking Mikey's small boner this afternoon as Sally watched them. That mental image pushed Doug over the edge and he began to wildly hump Mike. Doug's hard cock squirted his creamy cum all over his little brother's naked body. Doug felt Mike's body shudder again and again with the good feeling.

The sound of the squeaking bed carried through to their parents room as Bill feasted on Nancy's pussy...Bill loved that Nancy was so turned on. Bill sucked on Nancy's prominent clit as she listened to the rhythmic sounds of the boys breeding next door. The combination pushed her over the edge into orgasmic bliss as she had to bite on her finger to keep from screaming with the intense pleasure of her orgasm. As the intensity of her orgasm built she briefly imagined that her beautiful naked 12 year old son was between her legs. That was when Bill mounted her with his lovely 6 ½" cock and he fucked her mercilessly to another even more intense orgasm. She felt his cock stretch her cervix open and his hot semen flood her womb. Her pussy began to ejaculate uncontrollably as the intensity of her orgasm increased.

Next door as the boys lay there in each other's arms and Doug's creamy cum began to cool on their skin, the boys heard their mom whimpering and moaning. The boys snickered as they listened to their parents in the throes of orgasm.

Doug wrapped his little brother up in his arms tight. He kissed Mike on the lips...something that he had never done. Mike didn't respond and it worried Doug. Then Mike suddenly wrapped his arms around Doug's neck and he kissed Doug. It was a long passionate kiss. The boys made no effort to clean up Doug's semen. They soon drifted off to sleep cheek to cheek.

EARLY THE NEXT MORNING

Bill woke up early. He was rock hard and wished he could take care of his morning wood with his beautiful blond wife...but she was sleeping peacefully. Bill loved to go fishing at dawn's first light. He quietly went into the bathroom and drained his aching bladder. Bill pulled on shorts and a t-shirt. He slipped his bare feet into a well worn pair of topsiders and slipped quietly out of the room.

Doug had always been his fisherman. Bill decided he would slip in and see if Doug wanted to go fishing with him. His cock chubbed as he thought about the sounds from the boys' room last night. As he opened the door he found his sexy boys in Doug's bed in a naked embrace. They had kicked all of the covers off and they were both quite naked. Bill slipped into the room quietly. Doug was on his back with his hard 13 year old boner standing proudly. Bill looked proudly at his son's developing cock. The boy's nuts hung loosely in his sack and he had a nice patch of sandy brown pubic hair. The cock with its large flared head looked so inviting. He saw the crusty remains of last night's orgasm on Doug's taut abdomen.

Mike was on his side next to Doug with his arm draped across his older brother and his head on Doug's shoulder. His leg was draped over Doug's leg and Mike's hard 11 year old penis was pressed against his older brother's hip.

Bill could not get over how sexy his two boys were. Bill's cock was vibrating it was so hard. Bill groped himself and the slight contact was almost enough to push him over the edge. Bill slipped out of the room leaving the door open a crack so that he didn't wake them.

Bill grabbed his fishing pole and tackle box and headed out the front door. When the front door snapped shut, it awakened Carley. She got up and peered out the window to see that it was only her father going fishing. She shook her head and decided that she needed to pee. As she walked toward the bathroom she saw that her brother's door was open a crack. She found that odd because they never left their door open. Carley tip toed quietly down the hall and peeked in the crack. She gasped as she saw her brothers naked in the same bed in each other's arms.

Carley saw Doug's boner and she had to have a closer look. She quietly opened the door and snuck in. She got as close as she dared and drank in every detail of his hard cock and balls. She also got a good look at Mike's cock too. She was wearing her favorite jersey of Doug's with nothing on under it. Her finger parted her pussy lips and she found her hard, aching clit. She began to massage it. The boys stirred around a little and she slipped quickly from their room leaving the door open wider than she had found it.

All thought of peeing were gone. She rushed back to her room and slipped into bed. Carley began to rub her clit and slip her finger in her pussy like Mariann had taught her. Her fingers played with her puffy nipples as the intensity of the feeling built. She imagined her brother kneeling between her legs and then he pulled down his stiff boner and pressed it against her lust swollen inner pussy lips. She moaned as she daydreamed about him making love to her until she whimpered with the sudden strong feelings as her young body convulsed with pleasure. Carley lay there basking in the afterglow of orgasm as she drifted back off to sleep.

Out on the lake, Bill thought about what he had seen. It was so beautiful. He wondered if his boys would have a relationship like he had with his big brother. They seemed to fight so much. Bill was beginning to doubt that they would ever be close...and suddenly Doug and Mike were incredibly close. He saw that Doug was teaching his little brother everything...just like Matt had taught him. It was still dark as Bill stripped naked and stretched out and began to masturbate. His thoughts raced back and forth between his mental image of his two naked boys and then he thought about the afternoon that Matt taught him to jack off. It only took a few minutes before Bill was stroking his cock uncontrollably seconds after he went past the point of no return. Bill gasped as hot thick creamy ropes of cum exploded from the tip of his cock and splattered his face. It seemed like most of the second jet of cum landed in his open mouth as he gasped for breath. As the intensity of the orgasm died, Bill was slimy with fresh hot semen. He smiled as the cum ran off of his face. He put his fingers in the lake and found the water warm. Bill stood and dived over the side into the lake water that had been warmed to the perfect temperature by the summer sun. Bill wondered if the fish liked cum, he thought with a smile as he swam around naked enjoying the amazing sensations as the warm water washed over his body. He pulled himself back into the boat. He found a towel and dried his face and chest. Bill looked down and smiled at his cock that was still rock hard. He wondered how Nancy would feel about a lovely morning fuck. He fired up the engine and motored slowly back to the cottage. As his body dried, Bill pulled his shorts and t-shirt back on. The sun was starting to rise and he didn't want to put on too big a show for any neighbors that might be watching.

While Bill was swimming, Nancy stirred when she found the bed next to her empty. She realized that Bill had gone fishing and was mildly disappointed. She woke up from a very sexy dream about her two boys and she needed Bill's hard cock to scratch the itch that the dream had caused. She played with her clit for a moment and sniffed the air. She probably needed to change the sheets this morning after her explosive orgasm last night. Nancy smiled and got up.

She decided to make some coffee before she did anything. As she stepped out in the hall she saw that the boys' bedroom door was open about an inch.

The boys were still arranged the way they were when Carley discovered them. Like her husband and daughter, Nancy had to go in for a closer look. She studied every sexy detail of her boys' bodies. Her pussy was flooded with her juices as the most intimate details of their sexy young bodies were recorded in her mind. As she stood there watching, Mike's hand began to move from Doug's nipple down across his tummy and abdomen. She backed up toward the door but could not bring herself to leave. She watched as Mike's hand moved down to Doug's pubes. She saw her young boy's eyes flutter a moment and then he looked at his brother's face. Mike's hand grasped Doug's throbbing boner as his eyes closed and he nuzzled tighter against his big brother.

Nancy left and pulled the door shut without latching it. She didn't want Carley to see her naked brothers like this. Nancy went to the kitchen with her clit throbbing. She tried to take her mind off what she had seen by fixing a pot of coffee. She stared out of the kitchen window toward the lake and the sun just starting to peak up. Nancy pulled her t-shirt up and her fingers found her shaved pussy. As she watched the sunrise, she massaged her hard clit. She imagined Doug climbing into her bed and

mounting her. Her middle fingers slipped into her sopping wet cunt as she imagined his 13 year old cock pounding in and out of her sopping wet pussy. When the first waves of pleasure hit her she finger fucked herself harder and faster. The orgasm subsided but she kept fingering herself until her body shook with an amazing orgasm. She groaned as her pussy squirted all over the kitchen floor.

Nancy could not believe it. Two orgasms were not enough to put out her fire. She left her coffee on the counter and went back to the bedroom. She stretched out stark naked on the bed her fingers pleasuring her stiff nipples and the other hand stroked her hard clit. She ached for Billy's cock...needed him bad.

The fishing boat drifted up to the dock and Bill jumped to the dock barefooted and quickly tied the boat to the dock. He looked at his topsiders in the boat and decided he would come back for them later. Bill wondered if there was any chance he could get lucky this morning. God he needed Nancy's pussy so bad.

As he quietly entered the front door he caught a whiff of fresh coffee and was disappointed. Nancy was up and probably not interested in a wild roll in the bed. He walked out to pour himself coffee and found Nancy's cup on the counter untouched. Puzzled he poured himself a cup and stepped over to the window. His bare feet found a puddle on the kitchen floor and he bent with paper towel to clean it up. As he got closer the smell was familiar and wonderful. He swiped through the puddle with his fingers and held it to his nose. Bill's face lit up in a huge grin. He quietly dashed to the bedroom and opened the door to find his naked wife pleasuring herself.

"Oh thank God...Billy I need you so bad...fuck me Billy...fuck me...like we did when we were kids...hard and fast." She said as she put her arms out for him.

Bill left a trail of clothes on the way to the bed and melted into her arms. His aching cock slid into her white hot pussy and he could immediately feel her need.

"Oh yes...fuck me...oh yes." she cried as he developed a wild rhythm.

Nancy's pussy was white hot and soaking wet. It felt amazing.

"Oh Billy...yes...so close...need you to fuck me harder Billy...Fuck me like the hot 13 year old that took my cherry...hard and fast." Nancy cried out in a louder voice her mind totally fogged with her intense lust.

The room was filled with the sound of flesh slapping together. Nancy was almost continuously whimpering and moaning with the pleasure that Bill's hard cock gave her.

Nancy was out of her mind with the intense pleasure. She screamed as the first wave of a massive orgasm hit her. "Oh God yes...Doug fuck me with that beautiful cock of yours...fill me with your cum," she yelled loud enough to wake everyone.

Bill cried out that he was cumming and pumped her pussy full of a load of his hot cum as the boys awakened. They looked at each other in shock as both registered what they had heard from their mom. The boys disentangled themselves and got up to see what was going on oblivious to their own

nakedness. They got to their parent's room as their mom was slowly coming down from her wild orgasmic high. Carley walked up behind the naked boys as they shoved the door open.

Their father was still humping his cock in their mom as she came down from the orgasm. Nancy's cunt was still quivering from the intensity of the orgasm as she started to open her eyes...Oh fuck...did she really cry out her 13 year old son's name at the height of her orgasm. She opened her eyes and from the look on her husband's face she knew that was exactly what she had done. Oh shit...but maybe the kids didn't hear...

Nancy became aware of her 3 naked children standing in the doorway. Both of her sexy boys were erect and their little sister stood behind them. She wanted to protest but she was the one who had screamed her sexy son's name and begged him to fill her with cum. The kids didn't say a word. They just came into the room and piled into the bed with their parents. Their dad kept his cock in their mom's pussy and it was quite obviously still very hard. It was very strange and very cool at the same time. Everyone was pretty casual about the situation...like the five of them were naked in bed together all the time.

Nancy put out her arms and gathered up her 3 naked kids tight against her. They were pressed against her and each other. Doug's face was pressed against her left boob while his brother spooned his little sister on the other side of his mom. Doug wondered what Carley thought about having Mike's boner pressed against her. Doug watched his dad and saw that occasionally his hips flexed and he realized that his dad's cock was still inside his mom.

Carley toyed with her mom's stiff nipple as she lay there. In her mind one question was burning and she decided that she had to ask it, "Ummm...mom...you know when you cried out...the stuff about Doug...and...ummm...you know...his cum stuff...like...well...like ...do you really want to...you know...do it with Doug?"

Nancy took a moment to collect her thoughts before she answered her sexy 10 year old daughter. "Well...ummm...I woke up and when your dad was gone...fishing I guess...I got up...I walked out in the hall and saw that the boys' bedroom door was standing open...and I looked in...and they were...ummm...well naked and in the same bed...and I...ummm...well...I went into their room and I could see that they had been sexy sometime during the night."

"...But how did you know that?" Carley asked innocently.

"Well because there was some crusty stuff on Doug's tummy...it was dried cum...and ummm...well...my pussy got really wet as I stood there looking at them...Then Mike kind of moved and I stepped back...afraid he would wake up...He looked at his brother and then groped his boner and settled back on his shoulder. I slipped out of their room...but my pussy was on fire with excitement...and I went to the kitchen...I stood there in the kitchen pleasuring myself until I had an orgasm."

"Mom...is that the good feeling?"

"Yeah baby...how do you know about that?"

Carley blushed and told her mom, "Mariann taught me how to do it the other night when I slept over at her house."

Nancy nodded. "Then you know that some times you have a really strong need to pleasure yourself."

Carley nodded. "Yeah like I did this morning when I saw the boys all naked and stuff...my pussy really needed it...bad!"

Nancy smiled. She could not believe that her little daughter knew so much about sex and pleasure. "Well then you will understand that is why I went back to bed and I really needed your dad to make love to me. My pussy ached for his hard cock. When he made love to me...well I was thinking about a daydream that I had earlier in the kitchen about Doug...and ummm...well being sexy with him." Her mom told her as her voice trailed off in shame at thinking about having her son breed with her.

Bill's hips began to flex with a regular rhythm. "So that is why there was a puddle of your cum on the kitchen floor. Don't feel bad I jacked off when I was out in the boat and had an explosive orgasm and shot huge wads of cum all over myself thinking about what Doug and Mike had done...and ummm...thinking back on what my brother Marty and I had done...you know when were Doug and Mike's ages. I made such a mess I had to dive in and rinse off...and ummm...I was still hard. I think it is hot...you know...your day dream about Doug. It makes me really really hot thinking about our sexy boy fucking you and filling your pussy with his 13 year old creamy cum."

Their dad was beginning to fuck their mom again and his cock was going in and out fast...like he was close to the good feeling. A few moments later he groaned as his nuts unleashed a thick creamy load of cum. He kept moaning...oh fuck...Doug fucking you...so hot...so very hot." He moaned as jet after jet of hot semen ejaculated into her womb.

"Wow...look...dad is fucking the shit out of mom," Mike said.

"Yeah...look at the look on mom's face...she is really digging it." Doug said as they watched their parents make love.

They watched as their dad pulled his rock hard cock out of their mom's pussy. It was dripping cum everywhere. The kids could not take their eyes off his throbbing cock. Carley reached out and touched the cum slick boner with her small fingers with wonder in her eyes.

Doug felt his dad lift him up and set him between his mom's legs. His dad's fingers felt amazing on his boner as he guided his son's 13 year old raging boner into the his mom's pussy.

Doug was so turned on that he almost shot off a load when the tip of his cock made contact with her hot slippery inner lips. Doug groaned as the intense pleasure of his cock being engulfed by the slippery hot cunt. His mom wrapped her legs around and pulled his boner deep in her cunt. She groaned as he felt her hard clit slide up the shaft of his cock. Doug felt his dad's hand groping between his legs as he thrust his cock again and again into his mom. His dad's fingers were feeling up his nuts and the base of his cock. It felt so amazing.

As Bill felt his son's nuts and the base of his cock he wondered what it would be like to finger Nancy with Doug's cock was in her pussy. His middle fingers were on the underside of Doug's boner just above his nuts. His dad eased his fingers along the underside of Doug's shaft until they slipped into Nancy's cunt. Doug was fucking his mom hard and fast and must be close to cumming, his dad thought as his fingers slipped deeper and deeper into his wife's white hot cunt. Doug was moaning and groaning with the intense pleasure. His dad's fingers began to massage the head of his cock just as Doug's 13 year old nuts exploded a hot load of cum into his mom and all over his Dad's fingers. The boy wildly fucked her until he was weak from cumming.

He was breathing hard as his cock slipped from her pussy and then he saw his dad's fingers covered with his cum. His cock stayed rock hard as he watched his dad put the fingers to his lips and begin to lick Doug's fresh hot cum and his mom's pussy juices off his fingers. Doug loved every second of it and was so hot he wanted to make love to his mom again.

Some of Doug's thick teen cum was running down the back side of his dad's fingers and Bill was startled when Mike licked them clean. Nancy pulled her younger son to her and she kissed Mike's lips and told him how much she loved him. Mike was kissing her back when he felt his 11 year old boner slide into his mom's slippery cunt. She opened her legs wide and let the young boy penetrate her as deeply as possible.

Nancy gasped as her 11 year old son began wildly thrusting. His small bare pubis pounded perfectly against her hard clit again and again. Mike love the juicy feeling of her hot cunt. Slipping and sliding his dad and brother's cum just made it that much hotter. Her eyes rolled up as his incessant thrusting drove her to higher peaks of pleasure. Her body shook and shuddered as she hit each new peak. Her cunt began to flood continuously with her juices flowing over his immature cock.

Mike fastened his lips on her stiff nipple and he sucked and licked and flicked until her body was vibrating on the edge of a massive orgasm.

She felt his young body shudder and shake with the powerful good feeling. She stroked his mop of blond hair as he thrust wildly in the throes of the good feeling. Nancy was mildly disappointed that Mike didn't last long enough to take her over the edge to the big one. She waited for the sexy 11 year old to stop thrusting as his cock softened and became sensitive after orgasm. But it didn't happen. Nancy didn't know that prepubescent boys could just keep going. She started breathing hard as he took her right to the edge of a massive orgasm. She whimpered and moaned as he pinched and sucked her sensitive nipples. The young boy took a push up position and looked at her as he intensified his thrusting. He saw her eyes roll up and he pounded her pussy until she screamed. She kept screaming as her cunt sprayed him with a wild ejaculating orgasm.

Mike thought she was pissing on him he was getting so wet. She just kept screaming and begging him to stop...but he had his own need and he was feeling the awesome tension in his loins again. He fucked her hard and fast until he cried out with a voice that cracked and changed octaves as his hips became a blur.

"Oh...no....nooo...can't take any more...too much...too good...can't take any more." His mom screamed as she squirted all over the place. They both lay there exhausted.

Doug was stroking his hard boner. Watching Mike and his mom set his nuts on fire. Doug was annoyed briefly as his hands were pulled away from his throbbing 13 year old boner. He started to complain when the most awesome warmth engulfed his hard cock and he looked down to see his dad sucking on his hard cock. The wild sensations were amazing. "Oh fuck daddy...that is so awesome...uhhh...yeah..." Doug groaned as he dad took him to the edge and then he only gave him the slightest stimulation to keep him edging. Soon Doug was tossing and turning trying to deal with the intense pleasure. "Oh man...dad...pleeezeeee....gotta...ohhhhh...wow...need to cum so bad...pleeeeeeeeeeze." He begged but his dad kept him hanging over the abyss of pleasure. Doug's nuts ached and begged for release. The sexy boy looked so hot as he rocked his head back and forth trying to deal with the intense pleasure.

Bill was so turned on by sucking his son he rub fucked his cock against the boy's sexy leg, as he tasted his son's thick creamy cum flooding his mouth drove him over the edge and he began to squirt hot thick ropes of cum all over his son's legs as he savored every drop of Doug ejaculation.

Nancy was still gasping for breath as she saw that Carley was rubbing her hard 10 year old clit. Nancy leaned over and parted Carley's lean little girl legs and her pussy opened like a beautiful flower. Nancy began to feast on Carley's tender young cunt. She licked and sucked the over stimulated clit until Carley thrust her pussy against her mom's face again and again until her body until she gasped and shuddered with the pleasure. He mom kept feasting on her pussy until her sweet body shuddered and shook uncontrollably. Carley rode the wild waves of pleasure until she was totally limp. The five of them lay there wet and exhausted from the most intense orgasm imaginable. They slept soundly for a couple of hours. When they awakened the boy were hard and ravenously hungry.

Nancy and Bill headed to the kitchen naked followed by their three sexy naked kids. She fixed them a delicious breakfast. They all smelled of sex. Mike asked his dad if they could all go skinny dipping. They cleaned up the dished and pulled on shorts and the girls grabbed a t-shirt.

Doug sat in the back see of the speed boat between his brother and sister. He slipped one hand in Mike's shorts and cupped his hard junk and his finger penetrated his 10 year old sister. She thrust her pussy against his finger. He felt her hymen and got rock hard thinking about popping her cherry.

Doug noticed that the water was suddenly smooth and he looked up and saw that they were in Shelter Cove. Doug leaned over and stripped the t-shirt off his little sister. This was really the first chance he had to look at her developing breast buds. They were so puffy and sexy. Carley looked at Doug and leaned over and gave him a kiss on the cheek. She stroked the side of his face as she told him that he was a very sexy big brother. Mike looked a little hurt that she hadn't said anything to him. He would find out later just how sexy she thought he was.

They were all naked as the bow of the boat crunched up on the sand. The boys launched themselves into the air off the back of the boat and grabbed their knees and pulled them to their chest. They landed in the water on their butt making a huge splash.

Bill laughed, "There is just nothing like a doing naked cannon ball." As he watched his sexy boys make huge splashes when their bare butts hit the lake.

They watched Carley dive off the boat and her lean muscular body knifed gently into the water.

"God she is so sexy...I can't imagine when she hits puberty." Bill told Nancy.

"Oh yes you can imagine. You and your brother Matt couldn't keep your hands off me when I was that age. You two were total sex fiends." Nancy told him.

"Yeah I know...I couldn't keep my hands off your sexy ass when you were 10 any more than I can now." Bill said with a leer.

"Oh...no...you...don't! I am going swimming you sex maniac." With that Bill watched his incredibly sexy wife dive into the water. She did a shallow racing dive and as she surfaced she stroked gracefully and effortlessly through the water.

Bill dove in and had to swim fast to catch up with Nancy. They swam 150 yards off shore and turned and swam so that they would be about 50 yards north of the boat when they reached the beach. Bill was the first to reach the beach and he planted his feet on the sandy bottom with the water up to his shoulders. Nancy swam into his outstretched arms.

Neither of them was even breathing hard.

Nancy put her hands on top of Bill's shoulders and with practiced ease she impaled herself on his awesome rock hard cock. "I am surprised that you got here ahead of me with your rudder down like that." She said as she reached around and groped the half of his cock that was not in her pussy. "I would think swimming with that big fat boner of yours would create a lot of drag in the water. And Bill...it is a magnificent cock." She said as she fully impaled herself on his sexy boner.

"Not as hot as your amazing ass." He said as he kissed her passionately burying his tongue deep in her throat. He stroked her hair as they broke their kiss. "You know that there is no coming back from what we did this morning."

She looked into his deep blue eyes. "Well I could just tell the boys that we can never do it again."

"The boys aren't the problem," Bill said as he began to thrust his cock deeply in her pussy again and again. Nancy looked at her sexy man quizzically and waited for him to explain. "It is you," He said, "You won't be able to keep your hands off of their sexy bodies."

She looked at him as he slowly fucked her and she started to object...but then she thought about it and knew he was right. She would want the boys' boners again and again.

"I am just surprised that you haven't attacked Mike again...you know...given the way he got you off and all." Bill said.

“That was fucking awesome. If I knew the little shit could do that I would have raped his sexy ass a long time ago.” She said only half in jest.

That was all it took for Bill. He moaned as his stiff cock hung on the edge of orgasm. He thrust deep inside Nancy stretching her cervix. Nancy cried out and Bill spewed his hot cum deep in her womb. They kissed passionately.

Bill and Nancy were so engrossed in pleasuring each other that they did not see their three sexy kids swimming toward them. The naked nymphs swam under water and groped their parents as they surfaced.

“Go dad...” Mike cried out as he copped a feel of his dad’s large nuts. “Ummm...are you guys making us a little brother or sister...cause you sure fuck a lot.” Mike asked with a smirk.

“We may just do that maniac man...we might give that a try.” His dad said as the kids clung to him and the boys obscenely rubbed their hard cocks against his legs.

They all swam a while longer and then climbed in the boat and dried off. Mike and Nancy were the last ones to get aboard. They had held hands and walked slowly along the beach. They talked about Carley’s virginity and decided that she was old enough to decide if and who she wanted to penetrate her. They pulled on their clothes and drove the boat back toward the house.
