Little Brother Is Spying 4

CARLEY GOES TO SALLY'S HOUSE

Everybody cleared out of the house so that Doug could have some time alone with Jeff and his raging boner.

As she showered, Carley thought about how sexy Sally was. After hearing that the 12 year old next door took both of her brother's virginity, Carley wanted to spend some time with her. Carley pulled on a royal blue Speedo suit from her swim team last year. The swimsuit was completely unlined so her puffy nipples and pussy lips were clearly outlined.

Thinking about Sally made her pussy tingle. Carley went out the front door and let the screen door snap shut as she walked through the lush green grass on her way next door. The grass felt awesome against her bare feet. She saw Sally sunbathing at the end of the dock. As Carley walked down the dock, she saw that Sally had last year's swimsuit on as well. Her newly developed breasts stretched the fabric meant for a flat chest. Sally's legs were spread enough to open up her pussy lips so that the fabric was stretched to the point where it was dangerously close to slipping off the lips into her crack.

Carley wasn't sure how Sally would feel about hanging out with a 10 year old as she said hi and asked how Sally was doing. Sally had a double wide towel and she scooted over to the right side and patted the left side for Carley.

Sally immediately wondered if Carley somehow knew about her brothers and how she had taken both boys' "cherries." Sally rolled onto her side facing Carley. She propped her head up with her hand.

"You have got two of the sexiest brothers ever," Sally told her. "Do you ever...you know...get to see them...you know...naked and all?"

Carley giggled at the directness of the question. "Yeah I have seen them naked...you know...with boners and stuff."

"Whoa...that is so hot!" Sally said as she wondered how this sexy little 10 year old had seen her older brothers with boners. "How did you get to see them?"

Carley told her the true story of how she had seen the boys sleeping together naked and how they both had boners. "It...ummm...really made me hot to see them like that. Have you ever seen your older brother Devon...you know...naked?"

"Yeah I caught him spying on me...he was stroking his cock and he shot cum everywhere when I caught him.

"Ummm...what were you doing when he was spying on you?" Carley asked the sexy 12 year old.

Sally blushed and looked down for a moment and then decided to tell this little hottie the truth. "I was...ummm...well...ummmm...having sex with Doug...we were both cumming when Devon was spying on us...Devon could not stop jacking and he shot off all over my bedroom floor. There was cum everywhere...the dude can make some cum."

"Cool," Sally said as her fingers rubbed her clit through her bathing suit.

Sally said, "Come on." She took the sexy blond 10 year old by the hand. As Sally stood up Carley saw that the crotch of her bathing suit was wet. They walked up the dock toward the house.

Devon was just getting up and he was in the family room in just his boxers. He had a very obvious boner. Devon watched in amazement as Sally led the sexy little girl from next door into her bedroom and closed the door. "Holy shit," Devon thought as he watched them go by. "She is going to fuck around with that hot little girl...fucking amazing...and fucking awesome..." Devon grasped his rock hard cock through his boxers and dashed back to his room.

Devon put his ear to the wall and heard his sister asked Carley if she could take her swimming suit off. Carley giggled.

"Oh my God you have the sweetest little breast buds...they are so sexy...and your pussy looks good enough to eat." Sally told the 10 year old as her finger tips toyed with the pink outer lips of Carley's pussy.

Carley took the hem of Sally's t-shirt and pulled it over her head. Sally's beautiful breast were revealed. Carley began to suck on one of the stiff pink nipples until she had the older girl moaning as she combed

her hair with her fingers. Sally pulled Carley on to her bed and on top of her. Carley legs straddled Sally's left leg and Sally rubbed her thigh around until she was feeling the wet and warmth from the ten year old pussy. Carley love the feeling of her friend's leg rubbing against her hard clit and she move her own leg so that she was stimulating Sally.

Sally moaned how good it felt and said they should rub their cunts together. The girls quickly maneuvered around until their legs scissored each other and their slippery cunts were rubbing together. Carley just couldn't wait any longer she had to taste Sally's pussy and pleasure her the way her mom had done her. Carley moved around until she could lick and suck Sally's hard clit.

Sally gasped as the wild pleasures rocketed through her body. Her clit was on fire and her cunt was flooding with her juices. Sally's tongue found the stiff 10 year old clit and she licked and sucked it until Carley was vibrating with the intense feelings. Both girls shuddered and shook with the good feelings but they could not stop. They tongue fucked each other to another more intense orgasm. The girls were whimpering with the wave of exotic pleasure that rocked their young bodies. They kept pleasuring each other until Carley screamed out as the most intense wave of pleasure wracked her body. That pushed Sally over the edge. She slammed her hot cunt into Carley's face as her pussy squirted wildly. The bedroom door opened and it was Devon stark naked and wildly stroking his hard cock until he squirted hot cum all over the place. The girls lay there panting as they tried to recover.

Devon made no move to leave. "You two are so fucking sexy," he said as he stroked his still hard boner.

"Mmmm...Carley...I umm...didn't feel any maiden head in your pussy...are you a virgin?" Sally asked.

Carley shook her head no.

"Who was the lucky dude?" Devon asked.

She blushed and hesitated a moment deciding if she should tell them...but here they were brother and sister naked and sexing in front of each other. "Well...ummm...it was Mike...Mike popped my cherry."

"No way...that sexy little dude...what's he? He can't be more than 11...he took your cherry and I am still a virgin." Devon said somewhat depressed.

Sally looked at her brother and he was very sexy...and his boner was very hard. She put her hand out for him and he came to her. She spread her 12 year old legs wide inviting her 15 year old brother to penetrate her.

"Oh fuck sis...your pussy is amazing," he said as his stiff cock was engulfed by her steaming hot juicy pussy. Devon was moaning and groaning with the awesome feeling raging through his body. His hard cock banged against his sister's stiff clit again and again until she started moaning with the first waves of her orgasm. "Oh fuck Sally...too much...oh damn...fucking cumming!" Devon cried as his hips became a blur as his hot cum raced through his thick shaft and erupted. Devon ground his ejaculating cock against her stretched cervix as Sally screamed with an intense orgasm of her own. Jet after jet of hot semen flooded her womb.

The sexy brother and sister held each other tight as Carley felt up the heavy boy balls that dangled below Devon softening shaft.

"You have a very sexy body for being 10," Sally told her as she ran her fingers over Carley puffy nipples as her brother's cock slipped from her pussy. Sally bent and began to lick and suck one of the tempting little nipples until she felt it stiffen from her attention. The girls turned and began to eat each other again. As Carley straighten up her lips were slick with Devon's creamy cum. Devon's cock got rock hard again watching the two girls make passionate love. Devon flogged his hard cock until he exploded hot cum all over his sexy sister's back as she and Carley brought each other to another mind bending orgasm.

MICKEY TALKS TO JEFF

Mickey called Jeff and was about to hang up because it was going to voice mail when Jeff answered. Jeff was in the boat on the way to Doug's house when the phone started vibrating. He quickly throttled back from full speed to idle and answered. They laughed for a few minutes about his wild sext message with a picture of Jeff's raging hard boner. Jeff told Mickey that the reason that he had not been around lately was that they had company and he had a 4 year old and an 8 year old sleep in his bed and his mom gave strict instructions that no one could take a long shower. It had been almost 3 days since he had an orgasm...his nuts were aching. Jeff told Mickey that he was headed for Doug's house.

"You just want to molest that hot little fucker...don't you?" Mickey asked him.

"Yeah...I do...He is red hot sexy. Man I would love to fuck his sweet ass...but he is pretty shy...that is going to take a while...by the end of the summer his ass will be mine." Jeff said with a laugh.

"When do you get off work today?" Jeff asked.

"Not for a couple of hours...maybe we could go to Shelter Cove when I get off." Mickey suggested feeling his hard cock through his cutoff shorts.

"Cool I will call you later." Jeff told him and accelerated back to full speed and raced toward Doug's house. He jumped to the dock and quickly tied up the boat. He rushed up the walk his hard cock aching in anticipation.

DOUG AND JEFF

When Doug answered the door and his shorts were totally tented out from his boner, Jeff got really excited. When he walked in he asked if anybody was at home. Doug took him to his bedroom. Jeff asked where everyone was.

Well my parents took the boat and went across the lake to a friend's house. My sister is next door on the dock with Sally. Jeff shook his head and told him that Sally and his sister were not out there. That made Doug wonder what his sister was doing.

Jeff looked at the other unmade bed and asked where his little brother was. Jeff had met Carley a few times but he had never even seen Mike. He wondered if Mike was as hot as Doug.

"Mike went to a friend's house...it's just you and me...and ...btw...your fucking sext message was hot as hell!"

"Dude...I need to get off really bad..." Jeff said as he went on to tell Doug about having company and not being able to bust a nut for 3 days.

Doug grinned as he leaned over and pushed his friend's shorts down. Jeff's cock was drooling precum in a steady stream. "Dude...you have an amazing cock." Doug said as he stroked it.

Jeff stripped off Doug's t-shirt. He toyed with Doug's stiff 13 year old nipples. They were the color of a pink eraser. He passionately kissed Doug and their tongues dueled in a heated sexual frenzied mating dance. "You are so hot I could just eat you up...as a matter of fact..." Jeff said as he dropped to his knees and devoured the sexy boy's 13 year old boner. It only took a few minutes of intense sucking and Jeff was rewarded with the salty sweet taste of Doug's cum. Doug's knees almost gave out from the intense pleasure of the orgasm. He wildly face fucked Jeff as he cock explosively jetted hot cum into his friend's mouth.

"Dude...that was fucking amazing. You're the best." Doug said as he picked up Jeff from his knees and they kissed. Doug was shocked that Jeff's mouth was still full of his cum. He decided he liked the taste of his own cum and couldn't wait to taste Jeff's hot semen.

Doug dropped to his knees and Jeff rubbed his thick cock all over Doug's boyish face. Jeff's cock was leaking big globs of precum. Doug's face was covered with Jeff's pecker tracks. Doug's fingers were all over the curly hair on Jeff's thighs and his sexy butt. Doug wrapped his fingers around the thick shaft and his other hand found Jeff's large balls as they dangled below his impressive shaft. Doug rubbed the head of Jeff's cock all over his face bathing his face in precum. Doug thought about how Jeff makes more precum than most guys shoot when they orgasm. Doug opened his mouth wide and still had some trouble accommodating his friend's thick cock head. The fucking thing was a real mouth full Doug thought.

Jeff started moaning uncontrollably as the electric jolt of pleasure raced up his cock. Watching this sexy blond kid take his huge cock was almost enough to make him explode. He ran his fingers through Doug shaggy blond hair as the intensity of the feelings built. Jeff's nuts ached for release and he knew there would be no holding it back in a moment. That was when Doug curled his tongue around the underside of the thick shaft and pressed the thick cock head tight against the prominent ridges in the roof of his mouth. Doug began to rapidly bob his head.

Jeff gasped at the pleasure it caused and he felt himself go over the edge into the abyss of pleasure. Jeff began to wildly face fuck the sexy blond boy as he held his hair. The first torrent of hot semen raced through his cock and flooded the back of Doug's throat. The second ejaculation was more than the first and the thick creamy semen blocked Doug's airway and as he exhaled it squirted out his nose as he gasped for breath.

Jeff could see that he was choking the boy. That was when the door opened suddenly. Jeff pulled his cock out of Doug's mouth, but it didn't matter who came through the door there was no stopping the torrent of hot semen that ejaculated all over Doug's face and body. The vision that walked through the door only intensified Jeff's orgasm.

Mike stood there watching Jeff explode hot cum all over his brother's face and body. He had dreamt about what Jeff looked like naked and he wasn't even close. The dude was fucking hot...and that cock was amazing.

Jeff waited for the kid to freak but Mike just stood there taking in all of the details.

Mike walked over to them and he was trying to take in every detail. He touched the slime on his brother's face and watched it drip down on to Doug's chest. His fingers reached out and touched the cum slimed softening shaft of Jeff's cock. As his fingers reached the ultra sensitive cock head the stimulation of his touch was too much for Jeff with his post orgasmic sensitivity.

Mike pulled his hand back and he dropped to his knees beside his brother. He looked up at Jeff as the large cock began to dangle and he looked back at his brother with hot cum dripping off his face. He sniffed the smell of fresh cum from his brother and glanced back at the huge balls that had spewed it. He looked up at Jeff in awe and then turned back to Doug. Mike's small pink tongue stuck out enough to get a small taste of hot cum off Doug's shoulder.

Jeff could not believe hot this little guy was...so sweet and sexy. He watched in awe as Mike began to lap his creamy cum off his brother's body. Jeff watched as the brothers kissed a long passionate kiss. This was enough for jack off fantasies for a lifetime, Jeff thought.

"We'd better get cleaned up. I am not sure when Mom and Dad will be back," Said Doug.

Jeff and Mike were both disappointed but nodded their agreement to what Doug had said. Doug and Jeff headed to the shower to rinse off.

The boys were just finishing getting dressed when the front screen door slammed. Their parents were home. Mike walked out and his mom kissed him on the cheek. She wet her thumb with her tongue and wiped a crusty spot of cum off his cheek. She whispered in her 11 year old son's ear that she needed to help him get rid of the evidence.

Mike gave her a boyish grin as the two older boys walked out of the bedroom.

Nancy took in the fact that they both had wet hair and guess that there was a need for a shower. Her pussy began to flood with her juices as she thought about the possibilities.

"We are going to pick Mickey up at the marina and then go mess around...would you...umm...want to go with us?" Doug asked his younger brother.

Jeff grinned and seemed to be excited that the little guy wanted to go with them.

Nancy hoped that letting Mike run around with the big boys wasn't too much too soon for the 11 year old boy.

Mike's face lit up and said, "Sure...that'd be cool." The three boys headed out and let the door slam as they dashed down the dock toward the boat.

BACK AT THE MARINA

Mickey hugged his sexy 12 year old brother and thanked him for watching the pumps. Wesley wandered off to do his chores as the powerful ski boat pulled up to the gas dock. As it idled, the engine sounded almost like a deep throated animal growl.

Mickey greeted the boat owner. "Hey Jared...need some gas?"

"Yeah please Mickey," Jared answered.

Mickey turned on the gas pump and stepped into the boat. He unscrewed the gas cap and inserted the nozzle in the gas port.

Mickey Albert stood in the back of the ski boat with the nozzle in the gas port filling the tank for the weekend warriors at the lake to water ski for the day.

Jared, the owner of the boat, watched his 12 year old daughter practically stare a hole in the tattered cut off jeans that Mickey wore. There was a hole in the back of the jeans below the pocket where bare skin could be seen and that left no doubt in the girl's mind that Mickey was naked under the jeans.

Her dad was staring at Mickey too. He paid more attention to the faded area on the front of the jeans where the unmistakable bulge resided. It made him wonder if the jeans were faded there from Mickey rubbing his teen cock through his jeans.

Mickey thought about Jeff going to Doug's house. He wondered if Jeff could get the hot blond kid to suck his cock. Mickey was pretty sure his friend Jeff was gay...which was cool with him...the dude really knew how to suck cock. Mickey was hot for girls and guys. He studied the pretty girl in this boat with her sexy two piece bathing suit and her nicely developing boobs that were new since he saw her last summer. Mickey felt his cock stiffen as he looked at her. The gas nozzle clicked signaling that the tank

was full. He turned to the boat owner and watched as Jared's eyes drifted down to the bulge in the front of Mickey's jeans. Mickey told him it would be \$35.50 for the gas.

"Ummm...here you go...you keep the change Mickey." The man said as he kind of stammered and handed the boy two \$20.00 bills. The man did not take his eyes off the cock that was becoming rock hard in front of his eyes.

"Would you like me to check the oil?" Mickey asked marveling that the dude had tipped him \$5.00 for pumping gas for him.

"Yeah that would be awesome," Jared, the boat owner, said.

Mickey pulled off the engine cover and bent over for the oil dip stick. Mickey smiled knowing that the owner was probably lusting after his ass and was thinking about shoving his "dip stick" up Mickey's ass. Mickey was standing so close to the 12 year old girl. As he checked the oil he let his smooth muscular leg brush against hers. He felt her shiver with the thrill of his touch. He moved closer and let his leg stay in contact with hers. Mickey was sure that given just a little time with this beauty he could have her top and bottom off and be feasting on her awesome little breasts while he probed her pussy with his finger. He wondered if he could get her to go all the way.

Mickey turned back to her dad and told him the boat was a quart low on oil. "Do you want me to add some?"

"Ummm...sure...that would be great." Jared told the sexy 15 year old after the Mickey caught Jared perverting his ass and the light dusting of curly blond hair on the backs of Mickey's thighs. Mickey stepped forward and raised his right leg to step on the side of the boat to get up on the dock and get a bottle of motor oil. That put his lust swollen cock practically in Jared's face as he stepped up out of the boat. Mickey went in the gas shack and got a bottle of oil off the shelf. He knew that Jared was watching him and he intentionally took a long time adjusting his lust swollen junk. Jared's mouth was hanging open as he stepped back in the boat and once again practically put his crotch in the man's face.

Jared was rock hard. He was close enough to this sexy kid to see the outline of the rim of his hard cock in those old tattered cut off jeans. The kid's crotch was so close Jared could smell his musky teenage scent. Much more of this and Jared would go off in his swim suit without ever touching his cock.

This time Mickey intentionally made contact with the sexy 12 year old girl's leg as he carefully poured the oil in. Mickey thought about her dad, Jared, and realized that someday Jared would find a reason to be alone with Mickey. Mickey knew that Jared was going to proposition him. Mickey smiled to himself as he thought about Jared on his knees in front of him sucking his cock. Mickey was very turned on by the idea of having his 6" cock with its plum shaped head buried in the man's mouth up to Mickey's sandy brown pubes.

He checked the oil level again and then closed the hatch and apologized for putting his left leg between the sexy dark hair girl's legs. He felt her briefly close her legs on his and Mickey was sure that he could get this hottie to go all the way with him.

Jared handed the sexy boy another \$20.00 bill and said, "I am sure this will cover it." Another \$5 tip...the dude was going to hit on him and it would be soon.

Mickey climbed up on the dock as he thanked Jared practically rubbing the crotch of his pants in the man's face. Mickey loved older bisexual dudes...they really loved sucking his cock and touching his body.

Mickey's mind raced through another of his sexual adventures from working the gas dock in the summer. He thought about Mr. Allison as he bent to untie Jared's boat. As Mickey squatted to untie the mooring line, Mickey felt his right nut slip out of the leg of his cut off jeans. He really had cut them off too short...or did he do it intentionally to show off his sexy body. He realized that he loved to show his body off. He smiled and tossed the line in the boat and wondered when Jared would proposition him.

Mickey watched Jared pull away almost running into another boat because he could not take his eyes off Mickey. Mickey smiled as he tossed the empty oil bottle in the trash.

Mickey thought about his first time with Mr. Allison when he had just turned 12. Blake Allison was good looking guy in his mid 50s that had a sexy wife and 4 kids. The dude had him changing a fuse on the panel inside his cabin cruiser. There was no one around and it was after closing time for the marina. Mr. Allison was in his late 50s and a good looking man. Mickey felt his hand on Mickey's bare thigh. The man moaned as he stroked Mickey's leg. "Mmmmm...you have the silkiest skin," Mr. Allison had said as his fingers went up the wide leg of his cargo shorts. Mickey felt Mr. Allison touch his junk. At first Mickey was a little scared...no one had ever touched him like that. It only took a few moments and Mickey was totally hooked. He spread his legs so that Mr. Allison could get a better feel.

That was all the encouragement that Mr. Allison needed. He closed the door to the cabin and pulled the cargo shorts over Mickey's slender 12 year old hips and then slipped off his t-shirt. The man worshiped Mickey's body. He kissed and licked all over Mickey's chest. Mr. Allison kissed his bare arm pits as his fingers groped Mickey's boner and nuts. The old dude sure knew how to suck cock. Mickey watched amazed as Mr. Allison took his 12 year old boner right down to the two dozen curly brown hairs above his hard boner. The pleasure had been incredibly intense as the man bobbed his head on his young boner. He wondered if he should warn the dude as his nuts drew up. It was all so sinful and forbidden. Here was this sexy older dude who had stripped him naked and had his hard boner in his mouth. Before he could get the words out his cock was jetting milky boy cum in Mr. Allison's mouth.

As Mickey lay in bed with Wesley that night, a wave of guilt washed over him about what he had done with Mr. Allison. Wesley was sound asleep and he wasn't disturbed when Mickey pushed the covers down and grasped his swollen cock. Mickey thought about the man kneeling there with his hard cock in his mouth. Mickey quickly stroked himself to an intense orgasm. He gasped as he felt the hot jets of milky boy cum land on his taut belly. Mickey pulled the covers up and let them absorb his creamy mess as he dreamt about Mr. Allison taking him out in his boat.

MICKEY GETS OFF WORK

Mickey was rock hard in the gas shack thinking back on his sexual adventures with Mr. Allison. Mickey had lost track of time and was surprised when his sister Cathy came to take over the gas dock.

Fourteen year old Cathy looked at the bulge in Mickey's cutoff shorts and shook her head. Those shorts of his were so tight and so short. Her brothers always seemed to have boners. She wished she could get a good look at Mickey or Wesley. She had never seen a boy of their age naked...and seeing them hard would be so cool. She and Mickey heard the speedboat pull up to the dock. It was Jeff and that cute blond boy...she wondered what his name was. And the third kid was blond and sexy too. She saw that he was young...probably 11. Cathy's pussy tingled as she looked at all of the cute boys most of whom were half naked.

Wesley came out to see what was going on. He saw Jeff with the two Shannon boys. Wes had seen them come in for gas with their dad. He knew that Mickey thought Doug was pretty hot. He had talked to Jeff about how cool it would be to get the blond boy naked and feel him up. Wesley started to get hard as he got a good look at Doug. He was really hot. That was when he saw Doug's little brother stand up. Wow...Mike was really fucking hot too.

Mike needed to hit the men's room. He climbed out of the boat and as he did, Mickey introduced himself. Mike thought it was really cool that a 15 year old dude would be cool to him. Mike asked where the men's room was and Wes said he would show him. As they walked through the marina, Mike introduced himself to Wes. When they got to the door to the men's room Wes said he needed to go too. They walked in and there were two urinals with no divider between them. Wes being slightly older was a bit more confident about the situation. He stood there and pulled down the front of his basketball shorts revealing a cock that looked half hard and the fact that he was commando under the short.

It was everything that Mike could do to tear his eyes away. This dude was really cool and he had some pubes too. What an awesome day this had been and it was only half over...
