STORY SUMMARY

Zach had just turned 13 and he was going to spend the summer with his dad in Myrtle Beach, SC. The handsome boy with his black hair and brown eyes was very nicely developed for just having turned 13. As he caught the flight to South Carolina from Chicago, he finds the young guy who is the gate agent for the airline is hot. It turns out that the guy is into Zach too.

As Zach is deplaning in Myrtle Beach he sees 11 year old blond fraternal twins that are super hot. The twins both think that the dark hair 13 year boy is hot too. Zach learns that the twins have a condo in the same complex where his dad lives.

Zach's dad works long hours in the summer as the golf pro at a country club and he is worried about Zach being alone too much. David, Zach's dad, talks to his friend Bill Medley who owns the Yacht Club Complex where David lives. Bill offers to give Zach a summer job. David is relieved but does not realize that Bill is very attracted to prepubescent and pubescent kids.

It is going to be a long hot summer!

Tween Teen Lust 1

Zach hugged his mom and told her he loved her. He handed his ticket and id to the TSA agent and she let him pass. He had never experienced one of the new full body scanners. Zach could see it ahead as he put his air book, iPad and iPhone in the gray tray on the conveyor belt. The business man behind him smiled and thought that this kid was a road warrior in training. He zipped his back pack and tossed it on the belt too. The TSA agent waved him into the full body scanner. Zach wondered if someone was getting off on his rock hard 13 year old boner. He had a huge grin on his face when he stepped out.

The TSA airport security guard noticed the bulge in the 13 year old boy's jeans. Wow he would love to search that kid for concealed weapons...a full hand search.

Zach gathered his belongings and pulled his shoes back on. He saw the McDonalds ahead and got a sausage biscuit and a bottle of milk. He carried the sack and looked at his boarding pass again for the gate. The airport was quiet but that wasn't a huge surprise since most sane people avoided 5:45 am flights. His mom said she was sorry about that but it was all she could afford right now.

Zach found a quiet corner of the boarding area and fired up his iPad...free wifi....awesome. He munched on his sausage biscuit as he started to surf the net. He was in a quiet corner of the waiting area with no one close by and he surfed to www.nifty.org and went to the Bisexual High School section and started to look around. Zach wasn't sure why but he knew he was turned on by both girls and guys. He looked through the bi/high school stories and found one called Experimenting. Zach read enough to know it was what he was looking for and saved a couple of chapters for the flight to his iPad. Zach was engrossed in the story and was rock hard. He saw the gate agent was ready to board and he started the call for preboarding.

The agent at the airline desk in the lobby told him that he should show his boarding pass to them when they made they asked for people who needed to preboard announcement. Zach suddenly wished he hadn't been reading that story because he was now rock hard and on the edge of orgasm. Zach pulled on his jeans commando that morning when he got out of bed so the friction of the rough denim on his sensitive 13 year old cock head only took him closer to the edge. Each step made the rough fabric rub his aching cock.

Zach looked up and saw that the gate agent was a fucking wet dream. He was blond and blue eyed...and oh shit...he was staring at Zach while Zach adjusted his junk.

Terry, the gate agent, was a new airline employee. He had just gotten his degree from the local community college. Terry was 20 and while he looked and acted straight...he was very gay. He watched the gorgeous kid get up from the chair in the corner of the boarding lounge. OMG...the kid seriously adjusted his junk...and the little dude was obviously rock hard. Terry's mouth was literally watering. Oh, oh...the kid looked up and saw that Terry had turned toward him and because he was behind the podium by the door no one could see Terry adjust his junk too.

OMG his wet dream just groped his junk too. Zach looked up and their eyes locked and Zach grinned. This guy was hot...and more importantly...he looked like he was hot for Zach. Zach didn't care who saw him, he groped himself again as he pulled on his back pack.

Terry looked at this hot kid with his jet black hair. It was so black and silky that it almost looked wet. And those big brown eyes...so fucking big and beautiful...you could get lost in those eyes. Terry knew that the kid couldn't be 15 yet...and was probably a lot young...but hot...OMFG...he was hot. As the boy reached the podium Terry saw that his boner was dressed right and seemed to go on forever...the kid was hung.

Zach reached over his shoulder and pulled his ticket envelope out. Zach looked at the dude's uniform pants and they were tented. This guy was hot for him. Zach had never had an older dude come on to him or seem attracted...this was so fucking cool.

"Ummm...they said I should show you this," as Zach handed Terry the ticket envelope and stepped very close to the podium. With his right hand Zach used his thumb and index finger to frame the shape of his rock hard boner in his jeans. Zach almost laughed. The dude looked like he was going to cum in his pants.

Terry was pretty sure that he was going to lose it. "Oh yeah...that's awesome," Terry said and meant it. He looked at the stripes on the boarding pass and thanked God that this beautiful boy was an unaccompanied minor and Terry needed to take him aboard. Terry held up his finger and made a second announcement for any preboards. He thanked God again that Zach...what an awesome name...was the only one.

Terry unlocked the door and let Zach through. He relocked it. He looked at the sexy boy who looked Terry in the eye and groped his junk again.

Terry could barely speak but he managed to say, "You are the hottest little dude I have ever seen, but if you grope yourself again I am going to lose my shit right here."

"For real," Zach asked.

"Yeah...no shit for real...right in my pants," Terry told him.

Zach got a huge grin and reached for his zipper fast as lightning.

Terry desperately wanted to stop the kid but he saw that Zach was fishing his cock out. Zach eased the 4" shaft with its pink flared head out of his jeans.

Terry's knees went weak. He was scared shitless of being caught with this beautiful kid exposing himself. He heard the footsteps at the end of the jet way and watched as Zach deftly slipped off his backpack and turned toward Terry with his back toward whoever was coming.

"I think I have it," Zach said as he pretended to rummage in his backpack with it tightly against his groin with just seconds to spare before the Captain walked by. The Captain said he was going across the hall and would be back in a few minutes as he walked past Terry and smiled at Zach.

As they heard the door close Zach dropped the back pack away again and presented his lovely boner to Terry. "You can touch it if you want."

"It is fucking awesome," Terry said as he felt the warmth of Zach's cock head as his finger tips explored it. But...Dude...you gotta put it back...I would be in serious shit if we get caught."

Zach grinned and nodded. He stuffed his boner back in his jeans and they walked down the jet way and boarded the jet. Terry introduced Zach to Cathy the flight attendant and then took him to his seat. As he did he asked, "Ummm...do you live here?"

"Yeah normally...but I am going to live with my dad at Myrtle Beach this summer."

"I would love to hook up with you when you get back," Terry said as he showed Zach his seat. "Here is my number...text me when you get a chance."

"Cool...I will." Zach told him.

Terry said he would see him later and headed up the aisle and spent a moment talking to the flight attendant. Zach grabbed his iPhone from his back pack and headed to the back of the plane to the lavatory. Zach's nuts ached. He stayed up late packing and didn't have time to jack it before he went to sleep and there was no way he was awake enough at 4 am to do anything about his wood this morning.

Zach really needed to get off.

He grinned as he locked the door and set His iPhone down on the sink. Zach unbuckled his jeans and unzipped them. They fell to his ankles. He pulled up his t-shirt to reveal tight abs and his rock hard boner. He opened the camera app and set it to video he held the phone in his left hand and began to jack his aching boner with his right hand. Zach rapidly stroked his hard cock occasionally moaning as he neared the edge of orgasm. He heard people coming aboard and settling into seats in the back of the plane. Zach stroked his cock even more furiously. It only took about two minutes before he gasped as the first powerful wave of pleasure hit him, "oh fuck..." Hot semen splattered all over the mirror as the first jet of cum landed. He jetted another blast that hit the mirror and then the last few landed in the stainless steel sink. Zach hoped his moaning wasn't loud enough to be heard.

Zach grinned a mischievous grin. He selected send from the menu and typed in Terry's number with a note that said, "See you in September." While the video was transmitting, Zack used paper towel and cleaned up the mirror and sink as best he could.

When Zach got back to his seat the other passengers were mostly aboard. He slipped into his window seat and hoped that he would be alone. Since the flight was so early, it was only about 25% full.

He watched the flight attendant close the door of the plane. Zach had the row to himself.

Cathy made a final tour of the cabin and checked the lavatory. As she opened the door she smelled the cum. She smiled. That kid came back here and jacked off. She wiped off the mirror a little better than he had and went forward.

As she walked back up the aisle, she stopped to check to see that the boy had his seat belt on. She asked him if he felt all right. She leaned close to Zach and said that she saw he was in the lavatory for a good while when he first boarded. "Are you feeling better now?" She asked him.

Zach turned red wondering if she could possibly know. "Errr...ummm...yeah I feel better."

"Good...I cleaned up a little for you." Cathy said with a smile and then went up the aisle. Her pussy was drenched from thinking about the beautiful boy jacking his cock in the lavatory. The plane taxied out a few minutes later and Zach checked to see if the iPhone had sent the message. He grinned when there was a reply that simply said, "holy fuck!"

Zach powered off his phone and leaned back against the window. He thought about the flight attendant finding his cum on the mirror and the hot gate agent. He wondered if there was any chance the rest of the summer could be this much fun. Zach drifted into a deep sleep and he had an intensely sexual dream about Terry the gate agent.

It was a terribly vivid dream where the sexy young gate agent was still in his uniform when he picked Zach up in front of his villa and took him to his apartment complex. Zach dreamed about how Terry slowly stripped him naked and then his hands were all over Zach's lean muscular 13 year old body. Terry had Zach's boner in his mouth and Zach felt like he was right on the edge of a powerful orgasm when the landing gear slammed down on the runway.

Zach shook his head and flicked his silky coal black hair out of his eyes. He looked across the aisle at the old woman who was giving him a stern disapproving look. That was when he realized he was groping his hard cock. Zach smiled innocently and shrugged his shoulders. He thought the old woman was going to lose her shit.

In the terminal, David stood waiting for Zach to deplane at the Myrtle Beach airport. David was excited that Zach was going to be here all summer. He had not had the chance to spend much time with Zach since he became a teenager. He thought about how cute Zach was when he visited when he was 11 and was still comfortable being naked around his dad. He was a sexy boy then...he could not imagine how much he had changed in the last two years. He had only been able to see Zach for occasional weekends

during the divorce. The custody settlement only gave him the right to have Zach 2 weeks during the summer. David was shocked when his ex-wife called and asked if Zach could spend the summer.

While David was ecstatic about having his son for the summer, he was worried about having to work long hours as a golf pro and having to leave Zach alone a lot. He talked to his friend Bill Medley about it and Bill offered to give Zach a part time job at the marina. David was thankful that Zach would be kept busy. David could see that Zach's flight had landed and he moved closer to where the concourse exited into the terminal to wait.

ZACH MEETS AUSTIN AND ANDREA

On the plane when the Captain sounded the all clear, Zach grabbed his back pack and stood up. It was a small regional jet and two rows up he saw twins...fraternal twins. He guessed that they must be 11 years old. He was about 4' 8" tall. His face had beautiful features that made Zach's boner throb. The boy had a mop of shaggy white blond hair. A lock of his hair fell down in his eyes and the boy flipped his head quickly and swept it off his face. Zach could not take his eyes off this kid and that was when the boy looked back at Zach and grinned. The kid had the bluest eyes that Zach had ever seen with a great tan and an amazing smile. The kid was just hot. Zach thought the kid was a walking wet dream. Zach studied every detail of the boy's face and the blond boy seemed to have the same interest in Zach. They could not take their eyes off of each other. Zach heard the door of the plane open.

As the blond boy prepared to step into the aisle his raging erection was quite obvious in his red microfiber running shorts. One thing was sure the kid was uncut...the rim of his cock was perfectly outlined. Zach was pretty sure that the kid wasn't wearing anything under the shorts.

As Zach looked up from the sexy boy's boner, the kid was looking directly at Zach and he smiled. The blond boy shrugged his shoulders much like Zach had done with the old lady across the aisle.

There was room in the aisle and the boy reluctantly stepped into the aisle and faced the front of the cabin. The shaggy blond boy's twin sister was standing there waiting for her turn next. She too was looking directly at Zach and he wondered how long she had been staring at him. She grinned at Zach and then looked directly at his crotch.

Zach smiled back and his eyes strayed to her beautiful breast buds that were just beginning to develop. The cool cabin air had made her nipples stiff. He looked back up at her penetrating blue eyes and she smiled at him again.

The beautiful blond girl did not seem bothered by him checking her out. She was a carbon copy of her sexy brother with beautiful developing tits that were not confined by anything other than a performance t-shirt. The material in the t-shirt perfectly outlined her nipples.

She grinned again and then noticed that people were starting to move off the plane. She gave Zach one last smile and turned to walk up the aisle.

Her shorts were fairly tight...like they might be last year's shorts. They clung to her beautiful ass that was starting to develop some curves. Zach followed them off the plane and then down the corridor. He could not take his eyes off their sexy asses. Zach couldn't help it. His boner was rock hard from thinking about the sexy twins. The twins were going to be the frequent subject of Zach's jack off fantasies. His eyes were trying to drink in every detail of their bodies before they slipped away from him.

Zach's dad, David, was standing just beyond security in the terminal as Zach plane was unloading. David saw Zach walking down the corridor but Zach was totally engrossed in looking at a set of hot looking 11 year old twins...David laughed to himself...the twins that Zach was checking out were Austin and Andrea. David had given them golf lessons...he had taught Jordan their 14 year old brother too. They were three of the sexiest kids ever.

David watched Zach drink in every detail of the twins. David wondered if his son was turned on by one or if he was hot for both of the twins like his dad was.

Zach looked at the crowd gathered in the main terminal beyond the security guard. He saw his dad waving to him and he waved back.

Zach was excited to see his dad who was a golf pro in Myrtle Beach. His dad had just moved to a new condo that was between a marina and the golf course where he worked. Zach had not been here since his dad had moved to the new condo.

"Dad," Zach yelled and ran the rest of the way.

David held his arms wide open as Zach broke into a run past the security guard and into his Dad's arms. David's heart pounded as his son ran toward him. They wrapped each other up in a tight embrace and hugged and kissed. The time apart began to melt away. David marveled that Zach felt solid and muscular. Soccer and running track agreed with him. David wasn't positive but he thought that he felt a lump in Zach's jeans. His baby really was growing up.

Zach didn't realize how much he missed his dad. The emotions welled up. "It's so good to see you...I missed you so much." He told his dad.

Zach was hugging his dad when his boner got hard...whoa...that was embarrassing. Then Zach thought he felt a lump in his dad's pants. No way...that would that be so cool if his daddy got bonered up hugging him. It never occurred to Zach that having sexual feelings for his dad was unusual. As father and son ended their embrace, Zach saw the bulge in his dad's golf slacks. "Could his dad really have a boner for him? This could be an interesting summer." Zach thought.

They went to baggage claim. Zach looked around for the twins but they were nowhere to be seen.

The bags started to come in and David helped Zach gather up his bag. Zach and his dad walked out the door of the terminal and across the street to the short term parking lot. As they walked down the aisle Zach saw a red Camaro convertible sitting there with the top down. Zach watched his dad pull out his

keys and from 50 feet away he pressed the button on his key chain and the trunk of the Camaro popped open.

Zach's face was filled with a huge grin.

"Do you like it?" His dad asked unnecessarily.

"It's freekin' awesome!" They put his bags in the trunk and headed for his dad's new condo. Zach loved the feeling of the wind ruffling his silk shaggy black hair.

As they drove along Highway 17 and Zach took in the Grand Strand along the beach, David noticed that Zach was squinting. As they got close to the condo, David checked the clock in the car and saw that the outlet store mall would be open. They turned into the mall and before Zach could ask they parked in front of the Sun Glasses Hut. They looked around but David could see that Zach kept going back to the Ray Ban aviator style sunglasses.

He pulled a pair off the display and swallowed hard. It was a lot to spend on a teenager's sun glasses. These are kind of expensive....but I didn't get you much for your birthday. David slipped the glasses on his son and smiled. The kid looked hot.

Zach looked in the mirror. "No way Dad...these are freekin' awesome." Zach said as he continued to study his image in a mirror. The clerk grinned and took David's credit card.

As they drove along, David pointed out the sign for Sand Piper Country Club. "That is where I work." He told his son. They turned into the next driveway had a sign that said Atlantic Yacht Club.

There was a restaurant at the entrance to the Yacht Club complex. Zach was starved so they stopped at the restaurant in the. As David walked in he was warmly greeted by the waitresses.

Zach grinned when he realized that his dad was a regular. David introduced Zach to Peggy their waitress and they ordered. While they were sitting there Bill Medley the owner walked in. David introduced Zach to Bill.

Zach immediately stood up and grinned and took Mr. Medley's hand when it was offered. "It is nice to meet you sir." Zach said very politely like his dad had taught him. Bill was shocked. He couldn't remember the last time he met a kid with manners like this.

"I understand you will be here for the summer. Are you interested in a part-time summer job?" Bill asked the kid as he surveyed his lean sexy body.

"Yes sir...I am very interested." Zach told him.

Bill studied Zach's handsome face and marveled that it was smooth and clear. The hint of a dark shadow on his lip told Bill that the kid was into puberty. "How old are you Zach?"

"I am 13...my birthday was a couple of months ago." Zach answered.

Bill felt his cock beginning to stir. Zach was the perfect age...ripe sexually...but just barely. Bill craved the opportunity to run his hand all of this beautiful pubescent boy's body. "Your dad can show you where my office is after you eat and we can take a look around and talk about what you might do. That is if you would like to." Bill told him knowing he had to move along soon before his boner was at full mast.

"Oh yes sir...I would like that very much." Zach told him.

"Great...see you later...and Zach...please call me Bill."

"Great...see you later Mr....I mean Bill."

Bill grinned and grabbed a cup of coffee and headed next door to his office.

After breakfast David they drove the red Camaro further back into the complex. Zach could see that there were about 20 3 story buildings that over looked the Yacht Club and all of its boats. They parked in back of building #6 and walked up to the second floor. His dad unlocked the door and they walked through the family room into the second bedroom. David set his son's case on the bed and then turned and gave Zach a hug. He kissed Zach's smooth cheek and felt the lump in the boy's jeans. The kid seemed to have a perpetual boner. His dad went in his bedroom and said that he needed to use the bathroom.

Zach looked around the condo and saw that the place was neat and clean but there were no female touches. He guessed correctly that his dad did not have a girl friend.

Zach walked out on the balcony that over looked the marina. He watched as a huge Hatteras yacht eased up to the gas dock. Zach loved being around boats and the water.

His dad walked out on the deck with him. "Do you think this will be okay for us this summer?" David asked his son.

"Dad this is awesome." Zach answered. "Can we go find Bill now? I don't want to keep him waiting."

"Are you sure you don't want to change?" David asked him.

"Naw...I'm okay." Zach replied.

When they walked outside the sun was high in the sky and the temperature was almost 90. Zach found that he was getting really hot in his jeans. He was thankful for the air conditioning in Bill's office. Bill grinned when Zach walked in.

David put his hand on Zach's back and told his son he would see him about 7 pm. His dad told him he would take him to his favorite seafood restaurant and celebrate the beginning of summer. Zach grinned and said that sounds great.

Bill grabbed his keys off the desk and told Zach to follow him. I will show you around. They headed out the back door of Bill's office and walked into the back room of the Ship's Store.

Bill introduced Zach to Meg the manager of the Ship's Store and showed Zach around the store. Meg watched Bill and Zach and smiled. Bill explained that it had a mix of things from cleaning products for boats, basic marine supplies, some basic clothes and it also was a small convenience store.

Zach waved to Meg as they left.

MEG REMEMBERED WHAT THEY DID LAST SUMMER

Meg started working for Bill last summer. She had just graduated from college in May and wanted to spend the summer at the beach. Bill offered her the same job again and a great deal on a studio apartment for the summer.

Meg was 22 years old but had a young girlish face and body that made most people think that she was 16.

Meg was not normally attracted to older dudes, but she started working for Bill last summer and there was something very sexy about him. After a few weeks last summer she was alone with Bill were working side by side in the back room of the store and found that she couldn't keep her hands off of him. She ran her hand up his muscular runner's leg and found that he was not wearing underwear. Meg fondled Bill's cock and balls. She quickly unzipped his shorts and let Bill's boner spring free. Meg wrapped her hand around his boner and began to suck it. Bill was so turned on all he could do was stroke her hair until he gasped and his cock exploded thick hot cum into her beautiful mouth. Just as Meg took the last jet of his cum, the front door chime sounded. Meg was swallowing a mouthful of his thick hot semen as she walked out and greeted the customer. That evening when she closed the store, Bill took her to dinner. They went back to his place and made wild passionate love. Bill couldn't get enough of her sexy young body.

Meg had never had anybody give her pleasure the way Bill could. It started that first night when he began to eat her pussy. She had boys go down on her, but nothing like this. Bill lay between her sexy lean legs and he slowly and sensuously teased her pussy lips and clit with his tongue. He slowly lapped her clit until her body shook and shuddered from being on the edge of orgasmic bliss. She thrust her cunt at him and begged him to take her over the edge and he pulled back and then built her to the peak of pleasure again and again until her pussy continuously flowed her juices. Meg begged, pleaded and cajoled him until Bill finally took her to heaven.

Her body rocked with the orgasm and she squirted all over his face as she screamed and moaned with the awesome pleasures he gave her. Meg gasped for breath as she recovered from the explosive orgasm. That was when Bill mounted her and began to thrust wildly. She couldn't believe that he could keep himself from going over the edge...she had never had a guy that could last this long. She cried out as his pounding pushed her to another squirting orgasm and she screamed as his hot cum filled her aching cunt. The dude could really cum. He just kept pumping cum in her cunt until it made squishy sounds and she felt it squirting out as she over flowed. She lay back thinking he was done until he began

to lap his cum and her juices out of her pussy until she had another violent orgasm and squirted all over Bill's face. Bill was insatiable. Meg couldn't get enough of Bill's amazing tongue and cock. They made love morning, noon and night.

A week later a kid named Jerry that was spending the summer in the complex started working part time. He was blond and 13 years old. She saw that Bill couldn't take his eyes off the kid...and Meg thought that Bill was right...the boy was pretty sexy. Meg suggested that they cook out on the deck by the pool after work one night...she invited Jerry. As she was inviting Jerry, Meg saw Bill staring at the kid's crotch. That gave Meg an idea. While Bill cooked the hamburgers, Meg locked up the pool. The pool was surrounded by a stockade fence and was sheltered by the walls of the restaurant and Ship's Store. It was very private. When they finished eating, Meg sat there rubbing the curly blond hair on Bill's arm. She saw that Jerry could not take his eyes off what she was doing.

"Ummm...Bill...it is very private back here. Do you ever come out here at night and skinny dip?" Meg asked innocently.

She saw the look on Jerry's innocent face and the way his eyes went wide at the mention of skinny dipping. Meg was sure that the hot looking kid had popped a major boner.

"Yeah I do. It's so private back here." Bill told her as Meg leaned over and kissed his cheek.

"I have to try that." Meg said as she pulled the polo shirt with the marina logo over her head.

Jerry gasped as her perfect little breasts came into view with their amazing pink nipples. He watched as she put her fingers in the waist band of her drawstring shorts and pushed them and her panties to the point where they fell to the patio around her perfectly manicured feet. Jerry was a virgin and other than catching glimpses of his mom and his sisters he had never really seen a woman's pussy. Meg turned toward Jerry and Bill and said playfully, "What's the old saying...last one in is a rotten egg." She laughed joyfully and shook out her curly sandy brown hair and turned and dove in the deep end of the pool. Meg surfaced and turned and looked back at Jerry and Bill. Bill stood up and told Jerry that they couldn't let Meg swim along.

The kid watched as Bill shucked off his shirt and then his shorts and he saw Bill's boner come into view. Bill saw the beautiful kid grope himself. He knew he had him and he dove in the pool with Meg. The two of them watched Jerry timidly strip naked. Meg saw how Bill looked at Jerry. She had heard about bisexual dudes but had never been around one that she knew of. Meg kissed Bill's cheek and groped his junk as she whispered in his ear. "You really want him bad...don't you?"

Bill didn't admit his bisexuality very often and he never admitted that he was attracted to prepubescent and pubescent teens and preteens. He didn't know why he said, "Oh yeah...he is so fucking beautiful."

She kissed Bill on the lips while she fondled his junk underwater. "I will help you...you big sexy man."

When Jerry walked toward them they could not see his blond pubes until he reached the edge of the pool. Jerry had a small moustache above his slim boner.

Both Meg and Bill realized that the beautiful boy was just entering puberty. His body was at that very beautiful place where a boy's body is in the earliest stage of transformation. Jerry wanted to lap his tongue over Jerry's puffy pubis that had only the tiny strip of pubic hair. Then he wanted to suck that precious boner until he found out if it would give up some sweet boy cum.

The sexy boy dove off the side of the pool and his lean body knifed through the water in the pool. He surfaced in front of Meg and Bill after taking the time to get a good look at their bodies underwater.

As he surfaced, he giggled with joy. "That felt amazing...never done that before...it felt awesome."

Bill grinned and put his arm around Jerry's shoulder and told him, "You are going to be experiencing lots of exciting new things and amazing new feelings."

As Bill put his arm around Jerry's shoulder, Jerry was a little nervous when their bodies drifted together and their naked legs and hips touched. It seemed weird but felt cool. Jerry was still thinking about that when Meg stood up straight and Jerry was suddenly within a foot of her beautiful breasts that were not completely out of the water.

Jerry was sure that his boner had never been this hard. Those tits were just so beautiful.

Meg smiled at Jerry. "Have you ever touched a breast?"

Jerry shook his head no.

Meg put her hand underwater and intentionally brushed her hand against Jerry's naked hip as she took his hand and place it on her firm breast with its hard nipple. From the look on Jerry's face it appeared that he quit breathing.

After a moment with his hand on her magnificent tit, Jerry gasped and said, "this is so awesome...so awesome."

"No...you are what is so awesome...so sweet and so sexy." Meg said as she leaned forward and kissed Jerry's cheek. "You have never done anything like this...have you sexy boy?"

Jerry shook his head no.

Would you like to take a good look at my pussy and see Bill's hard cock up close...where you can touch and explore them.

Jerry nodded.

Meg kissed his cheek and led the sexy 13 year old barely pubescent boy to the steps at the end of the pool. She led him over to the lounge chair beside the pool and Meg stood there for a moment and let Jerry drink in all of the details of her pussy. "It's okay you can touch it."

His fingers tentatively touched the curly inverted triangle of her pubic hair. The boy shyly moved his fingers to Meg's lust swollen outer lips. He looked up and she nodded. His index finger slipped between her outer lips and found her moist inner lips and stiff clit. His small boner bounced with excitement.

She took his other hand and put it on Bill's raging boner. "This is a nice thick man cock...feel how his precum had made it slippery. Bill wants to put his cock in my pussy real bad and it gets slick so it will slide deep in my cunt easily."

She wrapped her fingers around Jerry's fingers and then together they gripped Bill's stiff shaft. "Bill wants to slide his cock in and out of my pussy like this." She said as she used Jerry's fingers to stroke Bill's cock. Look at the pleasure on Bill's face...that is what he looks like when his cock is in me and thrusting back and forth."

Bill gasp as the small soft 13 year old boy's hand slipped back and forth across the rim of his cock. Bill watched precum flow out of the tip of his boner continuously as he neared the edge of orgasm. "Oh fuck...so good..." Bill groaned.

"When Bill gets like that in my pussy he is ready to squirt me full of his thick hot cum...do you want to see him squirt his thick cum?" Meg asked Jerry.

Jerry was so engrossed in watching the precum pouring out of the thick cock and the squishy sound his hand made as Meg moved it back and forth over the rim of Bill's cock.

Bill could not take his eyes off the sweet boy boner as it throbbed in response to Jerry's excitement. He loved every detail of it from the small flared pink head to the tiny strip of curly blond hair at the base of the small shaft. He saw that Jerry's nuts were drawn up tight to his body and hoped that he wouldn't cum just yet. Bill imagined Jerry's sweet boner squirting and it pushed Bill over the edge.

Bill groaned deeply as the boy's fingers bounced over the lust swollen rim of his cock and that was when his nuts exploded their hot cum. Bill's cum shot from the tip of his cock and splattered on Jerry's chest. "Oh fuck...I am cumming all over his beautiful body," Bill groaned as jet after jet of thick cum landed on the boy. The last jet landed on the tip of Jerry's cock and they all watched it run down the shaft into his tiny patch of curly pubic hair. Bill was gasping for breath as Jerry looked at his hand that was wet with a combination of precum and thick man cum. Jerry moved his hand down and grasped his own cum covered cock. He began to wildly stroke his hard cock until Meg stilled his hand.

Meg knelt beside Jerry and Bill followed her lead kneeling on the other side of the beautiful 13 year old. They leaned forward and their tongues dueled for the privilege of cleansing of the stiff boner of the cum that Bill had squirted all over the beautiful boy's junk. When Jerry's 13 year old pubis, boner and scrotum had been cleansed of cum, Bill and Meg slowly lapped opposite sides of the beautiful 13 year old cock head. They lapped the steel hard rim of Jerry's delectable pink cock head that was swollen with his teen lust to the max.

As the waves of intense pleasure began to assault his young body, Jerry had to hold on to Bill and Meg's heads. They heard a deep guttural moan that emanated from deep in Jerry's chest as he young nuts

drew up in preparation for ejaculating his precious sweet young teen cum. The beautiful boy had to hold on as his knees went weak with the first wave of orgasmic pleasure. His little cock head ejaculated his hot milky boy cum as Bill and Meg's tongues dueled for each precious drop. They lapped his sweet boner beyond Jerry's orgasm into the post orgasmic exquisitely sensitive phase. They were relentlessly stimulating his young cock head so that he could not go soft. When Jerry began to enjoy the attention again, Meg stood and took him by the hand. She stretched out on the lounge chair and spread her legs invitingly for him.

"Come here sweet boy and let me have you beautiful virginity." Meg told him.

Jerry knelt in the V of her legs with an unsure look on his face.

She extended her arms and said, "Come here sexy boy and Meg will teach you how to make love to a woman. Meg's pussy was dripping with her excitement and she knew that it would not take long to bring her to a powerful orgasm.

Bill's cock was rock hard again and flooding precum. He coated his index finger with lots of precum and waited until Jerry had penetrated Meg. With the two fingers of his other hand Bill gathered up even more precum and touched it to the precious pink puckered boy pussy. Bill whispered in Jerry's ear to relax and Jerry felt the tip of Bill's index finger begin to penetrate him. It was his first penetration and so it took the boy a moment to adjust to the intrusion of Bill's thick finger. Then Bill found his pleasure place and the boy began to thrust wildly in Meg's pussy moaning and groaning about how awesome this felt.

Jerry moaned as Bill massaged his pleasure place. The boy began to fuck Meg wildly.

Bill's finger had found Jerry's small prostate and he was massaging it. Bill pinched Meg's nipple with his other hand right as she went over the edge.

"Oh fuck Jerry...you are making me cum. Bill watched as Meg's pussy began to squirt all over the boy. He felt the boy cunt contract around his finger as if holding on tight as Jerry's hips became a blur of motion as his 13 year old nuts exploded hot boy cum in her steaming squirting pussy. Jerry groaned and moaned again and again as his body convulsed with the powerful orgasm.

Meg smiled as she thought back on that evening with Jerry as she watched Bill take Zach on a tour of the marina. Her pussy got wet as she thought about how much Bill is going to want to get in this sexy boy's pants. And the beautiful twins, Austin and Andrea, drive Bill wild too she thought. She walked to the front of the store and as she looked out the window she saw that 11 year old Austin was swimming in the yacht club pool in his skimpy Speedo swim suit that makes Bill crazy with lust ever time he sees Austin wear it.

ZACH TAKES THE TOUR

Zach and Bill walked out on to a patio that surrounded a pool. Bill told Zach that the pool was for the use of the boat owners. There was a flurry of motion in the pool. They saw a young boy's ass barely covered by a Speedo that was a couple of sizes too small. Bill was telling Zach to hose off the patio deck around the pool a couple of times a day and check the locker rooms to make sure they are neat and tidy. As he said it the blond boy with the Speedo climbed the steps and turned toward Bill and Zach. If anyone had doubts about the sexy boy's state of development they would not have had to wonder long. The Speedo was down in front almost to the base of Austin's cock. He might have a few pubic hairs but his pubis was smooth otherwise. As Austin saw Zach he adjusted his junk and Zach could see that Austin was at least half hard.

Austin grinned and said, "Hey dude...you're the dude from the plane...right?"

"Yeah that's right" Zach said. He stuck out his hand as his eyes were fixed on the younger boy's bare pubis. Zach was embarrassed about staring at the kid's bare pubis but he couldn't help it...Zach wondered what Bill would think. "I'm Zach," he said and wondered if the younger boy would shake hands.

"Cool...I'm Austin," Austin said as he took Zach's hand and shook it with his wet hand. Austin giggled. "Sorry about the wet hand dude. What are you doing?"

"I just got a part time job at the Yacht Club and Bill is showing me around. Bill this is Austin." Zach said.

Bill was surprised that the half naked kid grinned and held out his hand, "Hey Bill it is great to meet you...I have seen you around." Austin said as he shook Bill's hand thinking that this was the dude whose eyes practically pop out of his head ever time Bill sees him. As Austin shook his hand he saw the bulge develop in Bill's pants. The dude was hot for him. Austin continued to grin as he looked at Bill's face and wondered if the dude would make a move on him. Austin thought about his friend Ron who had a neighbor that loved to suck his cock. Austin couldn't believe how lucky Ron was to be getting his cock sucked every afternoon after school.

"Hey...if you want to hang out later, I am in unit 12 in the third building down over there." Austin said as he pointed to the roof of the building. Zach could see the roof of the 3rd building that Austin was point to.

Zach said "cool" as he and Bill went through the gate and began to walk around the marina. Bill was totally distracted by seeing the blond kid almost naked. Bill wondered if Zach had noticed his boner. Bill adjusted his junk when Zach wasn't looking so that his cock ran down his right leg...shit it was getting hard again looking at Zach.

Bill explained what he wanted Zach to do to keep things neat and tidy on the docks. As they walked around, Bill noticed that Zach was beginning to sweat profusely. Bill rested his hand on Zach's shoulders with his thumb and index finger resting on the bare skin on the back of Zach's neck. Bill's boner was going rock hard. Thank goodness it was trapped in his boxer briefs beside his right leg. Bill saw the perspiration dripping from Zach's sideburns. He was totally turned on by the moistness of Zach's skin

and the smell of sexy teen boy. Bill finished pointing out things on the various docks and they turned and headed back to his office.

"Zach you are going to get heat stroke out here wearing jeans, a long sleeve t-shirt and shoes and socks. It is already over 90 degrees. Come on and I will get you fixed up." They went into the Ship's Store through the side entrance.

Bill walked into to the Ship's Store with Zach trailing behind him. Bill grabbed several pair of drawstring cotton shorts and several t-shirts. "What size shoes do you wear Zach?" Meg was smiling as she studied the bulge in Bill shorts.

Bill felt his leg getting wetter and wetter from the precum drooling from his cock. This kid was so fucking hot.

Zach told him his shoe size and Bill reached up on a shelf and pulled down a pair of topsider flip flops. He gave Meg everything and she charged it to Bill's account. They walked into Bill's office and Bill closed the blinds and told Zach he could change.

Zach slowly stripped off his t-shirt. Bill saw the small strip of black hair under Zach's arms as he pulled the damp long sleeve t-shirt off. Zach toed off his Nikes and then he slowly pulled off his socks. Zach was naked except for his jeans. Zach was desperately hoping that Bill was going to leave for a minute.

Zach looked up and saw that Bill was staring at him.

Zach stood there facing Bill half naked. "Ummm...Bill...I ummm...well...you know...got dressed in a hurry this morning...and ummm...well...didn't grab underwear.

Bill laughed and patted Zach's bare back. "It's cool. I go commando around here a lot too. It is too damned hot to wear many clothes here. It's cool. Don't worry about it." He said as he tossed Zach the shorts and t-shirt. This kid was awesome.

Zach turned bright red and unbuttoned and unzipped his jeans. He pushed them down and he felt his cock twitching like it was going to get hard.

Zach's cock was a beautiful dangler that nestled naturally between his lovely big balls.

Bill was amazed that the sexy 13 year old boy had a 5.5" cock and he was flaccid. Bill vowed that somehow he would see that beauty hard. He studied the nest of black hair at the base of Zach's cock and the development of his testicles.

"Zach...are you sure you are only 13...you are amazingly developed for a 13 year old." Bill told him.

Zach looked up as he stood naked in front of Bill and could not mask his surprise. "Do you think? I wondered why all of the boys in gym class stared at my cock."

"I can understand why. It must be amazing hard...I bet your friends are jealous." Bill told him.

All of this talk about his cock and now talking about boners was too much for the horny teen. Zach's cock started to rise from its nest between his two balls. To his horror he sprang a full boner in front of Bill. His pink cockhead flared out. Zach quickly covered it with his hand and told Bill how sorry he was.

Bill laughed. "Dude...guys your age are almost always hard. It was my fault for talking about it. Do you need to jack it to get it to go down?"

Zach was shocked. Bill was telling him it was cool to jack off. "I guess...I...ummm...kind of do need to...it is really hard. It would take forever for it to go down."

Bill turned in his desk chair and faced Zach. "Dude your boner is huge...Seriously...are you messing with me...you must really be 16...your cock is amazing. Do you...ummm...mind if I touch it?"

Zach had never had an older dude touch him...the closest he came was with Terry at the airport. Zach nodded and watched as Bill's hand reached out for Zach's hard cock. Zach moaned.

Bill's fingers gently cupped the large testicles and he told Zach they felt like they were full of a lot of cum.

Zach gasped and could only nod.

"Would you like for me help you milk that sweet cum out of those beautiful balls?" Bill asked the sexy boy.

Zach was so nervous he could only nod as he watched the sexy older man take hold of his shaft and begin to stroke it. Zach groaned deeply.

"Could I suck the cum out of you?" Bill asked the beautiful sexy boy as he rubbed the rim of his cock.

Zach moaned with the intense pleasure of Bill rubbing the rim of his boner.

Bill grinned and said, I will take that as a yes. Bill lowered his head and kissed the magnificent 13 year old cock head. The sex boy whimpered and then groaned as the wild bolts of pleasure raced through his naked 13 year old body.

As Bill feasted on Zach's cock his fingers felt the soft down on the boy's shins. He was developing beautifully Bill thought as he buried his nose in the boy's fragrant pubes. As Bill stroked Zach's hips he wondered if this hot kid would like to spend the night with Meg and him.

"Oh fuck Bill...better stop...I'm gonna jizz...Billlll..." Zach cried as his 13 year old nuts jetted a thick hot load of teen cum into Bill's mouth. The sexy boy face fucked Bill hard. He pumped jet after jet of cum in Bill's mouth until his nuts had exhausted their supply.

Bill felt his cock snap up and the friction of doing so was too much. Zach watched Bill's hips thrusting uncontrollably humping thin air. A huge wet spot covered his pants as Bill's heavy nuts pumped out jet after jet of thick man cum. Bill completely slimed his boxer briefs and his shorts.

Bill smiled up at Zach with Zach's softening cock hanging out of his mouth. Bill let the boy's shaft slip from his mouth and he showed Zach the lovely load of cum on his tongue and then Bill swallowed it. "Man I love fresh teen cum." Bill told him and then proceeded to lick the softening shaft and milk the last drop of Zach's cum.

"Dude...you let me cum in your mouth...that is so hot...and you fucking swallowed the cum...freaking awesome."

"So do you think you will like working here?" Bill asked the 13 year old.

"Oh yeah...it is freaking amazing already...ummm...my dad...you know...he doesn't have to know about this...does he?" Zach asked.

"I promise you I won't tell him." Bill told him. Bill reached up on the desk for the box with the sandals. He set the box on the floor and flipped the lid off the shoe box. Bill pulled one of the sandals out and he showed Zach the non-slip tread. "You will probably be getting on and off a lot of boats so you will want a tread that won't slip even if the deck is wet. Let's try these on."

Zach couldn't believe he was stark naked standing in his new boss' office with his boss helping him try on a pair of flip flops.

Bill lifted one of Zach's feet. "Dude you have some of the cutest feet I have ever seen." Bill said as he held and fondled Zach's small foot. Bill slipped the sandal on Zach's foot and asked Zach what he thought as he stroked the fine dark hair that was starting to sprout on Zach's legs.

"Cool," Zach said as his boner started to stiffen again as the man touched his feet and legs. Zach had never had anyone mess with him like that and it felt really awesome.

As much as Bill wanted to have another round with Zach...Bill wanted to watch him hang out with the impish blond boy at the pool. Bill was sure he had felt the sparks of sexual attraction between them.

"Zach why don't you take the afternoon off and you can start in the morning. Did your dad give you a key to his condo?" Bill asked.

"Ummm no...he didn't."

"Well why you don't hang out at the pool here with Austin. You can swim in those shorts."

"Cool," Zach said as he looked at the bulge in Bill's pants. Zach wondered when Bill would want him to mess with his boner too. "Thanks Bill."

Austin was just thinking about going back to his condo when Zach walked out of the Ship's Store. Austin was at the deep end of the pool levering himself out of the pool when Zach walked out. Zach walked over as Austin used his arms to pull himself up out of the pool. It was clear that Austin had not tied the drawstring on the Speedo swimsuit and the front gapped out and filled with water as the boy pulled himself up. Zach felt his cock begin to chub as he got a clear view of the base of Austin's cock and could

even see the roundness of the flaccid shaft of Austin's penis. Austin grinned up at Zach as he put his foot on the concrete apron around the pool.

"I was just getting ready to leave...unless you can hang out with me." Austin told Zach.

"I can hang out. I don't start work until tomorrow." Zach told him.

"I think I will go back and change and I can show you around." Austin said as he shook his head and his shaggy blond mane of hair flipped from side to side flinging water everywhere. "Come on...we'll go to my place so I can change into something dry and then go exploring."

Zach was thankful that Bill had just sucked his cock because otherwise he would be rock hard looking at this hot kid who was almost naked.

When they got to Austin's condo the boy unlocked the door and they went in. There was a blanket and pillow folded beside the couch in the family room. Zach saw that the condo was small and quickly realized there were only 2 bedrooms. They walked by what must have been his parents' room and into the second bedroom with its unmade bed.

Austin was chattering away about all of the things to do and see as he turned toward Zach and put his thumbs in the waistband on either side of the red Speedo and pushed it down. Zach almost gasped as he saw how beautiful this kid was stark naked. His penis was longer and thicker than Zach expected. Zach remembered that when his cock looked like that..it was just before Zach started to get pubes. Zach looked at the boy's cock that was about 2" soft with his nuts dangling loose below his cock. Zach remembered that was when he found porn on the internet and he stroked his cock like his cousin Jeff had taught him. Zach stroked himself every afternoon until one afternoon he got the most amazing feeling as his cock shot a few drops of clear cum on his tummy.

Austin grinned at Zach and asked him if he liked staring at his cock.

Zach grinned and shrugged.

"Do you...ummm...want something to drink?" Austin asked him as he stood completely naked before his new friend.

Zach nodded and the naked kid walked out to the kitchen and grabbed two bottles of water out of the refrigerator. "Dude you are bare ass naked...what if your mom or sister walk in?"

Austin giggled, "No big deal...they see me naked all the time."

Zach wondered if Austin went around naked like this when his mom and sister were here. That made Zach's cock tingle. That started Zach wondering about who slept where again. He walked around as Austin went in the bathroom to pee. Zach listened to the strong stream hit the water in the bowl. Zach looked down beside the bed and saw a pair of girl's panties on the floor right next to a two piece bathing suit. He looked at the pillow and saw a long blond hair on it. "Holy shit...the twins must sleep together." Zach couldn't help it...he was springing a boner.

Austin came back and he saw Zach looking at Andrea's pillow...oh shit...Zach had figured it out. Austin hoped that Zach didn't freak.

Austin was worried that Zach was real quiet until he saw the huge bulge in his shorts. Austin grinned as Zach turned toward him. Austin stared at the bulge in Zach's shorts as he groped his own hardening cock. "Dude your boner...it's ummm...you know...making me bone up too." Austin told Zach as his cock came fully erect. Austin stroked his rock hard boner with his thumb and index finger a couple of times as he stood naked and erect in front of his new friend.

Zach grinned and looked at the naked kid as his cock began to rise.

"Yours looks...well...you know...really big." Austin said as his boner got fully erect.

"Do you...ummm...want to see it?" Zach asked hopefully

"Yeah," Austin said enthusiastically.

Zach pushed down the drawstring shorts and the elastic waist band hooked on his hard 13 year old boner pulling it down until it snapped free with a loud slap as it hit his abs.

Austin giggled as the boy boner made a slapping sound and his eyes were glued to Zach's cock.

"Dude...you've got an awesome boner. Can I...ummm...you know...touch it?"

Zach took hold of the base of his throbbing cock and held it so that it stood straight out from his body.

"Sure...if I can touch yours too."

"Awesome," Austin said as his small hand reached out for the lovely 13 year old boner. It felt so smooth and hot in his fingers. Austin loved the fact that Zach had lots of black pubes and he raked his fingers through them. It looked to Austin like Zach might have more pubes than his 14 year old brother Jordan.

"Dude your cock is so cool...I love it," Austin said as he roughly wrapped his hand around the older boy's shaft.

"Easy dude...it's you know...sensitive. Just go easy...okay?" Zach told the 11 year old.

"Ohhh...sorry...didn't mean to do that." Austin said and then groaned as Zach touched his boner.

Zach was afraid he was going to cum just touching this beautiful kid's cock. Zach stroked Austin's lean muscular legs as the fingers on his other hand caressed his beautiful boy boner. Zach rubbed his thumb over the velvety texture of the head of Austin's cock. His small body jerked and shuddered with the intense pleasure that Zach's fingers caused. Zach gently caressed the small testicles that dangled below the perfect cock. Zach wondered if these little beauties could delight him with a little boy cum.

Austin was fascinated by the thick black pubic hair at the base of Zach's cock. It just looked so cool Austin looked back up Zach's body and saw that there was a small black stripe of hair in his arm pit.

Austin gasped and his eyes rolled up in his head as the most intense wave of pleasure washed over his body. It was so strong and so good he could barely breathe. "Oh fuck Zach...that was amazing...oh

yeah...so fucking good.” Austin looked down and saw his boner sticking out of Zach’s mouth. Austin had been sexual with Jordan but they had never sucked cock. Austin thought it was most exciting thing that had ever happened to him.

Austin looked at Zach’s hard cock right in front of his face. He saw a clear drop of liquid and thought about things for a moment. Jordan always wanted Austin to jack his cock until he sprayed cum all over the place or when they were in bed together, Jordan would rub his hard cock against Austin until his hot cum was squirting everywhere. Austin took the shaft and licked the clear drop from the tip. He liked the taste and took the shaft into his mouth. Austin was trying to do exactly the same things that Zach was doing for him. He curled his tongue around the shaft and pressed it against the roof of his mouth. Austin started bobbing his head fast like Zach was doing.

The first wave of the good feel hit Austin hard and his body shuddered as he moaned around the thick 13 year old cock in his mouth. Austin heard Zach start breathing heavy through his nose and then make a whimpering like moan of pleasure. Austin’s mouth was flooded with the sweet salty taste of cum. The hot jets of cum landed on the back of his throat and it made Austin cough and pull off of the spitting shaft.

“Oh fuck dude you are so hot,” Zach said as he rub fucked his cock against Austin’s cheek squirting jets of hot cum all over it and the bed.

“What are you guys doing?” Both boys jumped up out of bed before Austin even had a chance to swallow Zach’s cum. Andrea came into the room with the two naked boys. She walked over to Zach who had covered his semi erect cock with his hands. “I thought you were a hottie on the plane...but naked in my bedroom you are white hot. You guys were sucking each other’s cocks...weren’t you?”

Austin gave her a reply that was totally garbled by the cum in his mouth.

“No way...You have this hot stud’s cum in your mouth...let me see it Austin...come on...you know I would let you see it.” Andrea half whined.

Austin curled his tongue trying to contain all of the hot semen that was in his mouth.

“No way...that is so cool...let me taste it too.” Andrea put her hands on her naked brother’s shoulders and pulled his body to her. Moments later the twins were Frenching. Her hands roamed over his body intimately as she kissed him and tasted Zach’s semen in her twin’s mouth.

“That tastes amazing...but ummm...you guys better get your clothes on Mom and Dad are coming back from the beach to make lunch.” The boys grabbed their clothes and Andrea licked the cum off her brother’s cheek and ear.

“Ewww...Austin you made Zach cum all over my pillow.” Andrea complained about the creamy wet spot on her pillow.

“That’s okay I will trade you...I want it close to me all night.” Austin retorted.

Andrea looked up at Zach and put her hands in his shorts and cupped his semi erect cock. "Don't go to far away...I want to get a better look at that luscious cock later...Austin you are so luck." She eased her hand out of Zach's shorts as she heard the front door open and on the way out of the room she slapped the back of her brother's head and went out to see what was for lunch.

Austin and Zach came out of the bedroom a few moments later. Austin introduced Zach to his parents and asked if Zach could stay for lunch.

Jordan came in a few minutes later. He told his friends Marie and Robert that he would catch up with them in a little bit. Jordan turned and asked Austin, "Who is your friend?" The question lacked the normal big brother tone of voice.

Zach put his hand out and shook Jordan's hand. Jordan's jaw went a little slack. This dude was totally hot, Jordan thought. Jordan held Zach's handshake a few moments longer than necessary. As the handshake ended, Jordan's eyes went immediately to Zach's junk and his father Tim did not miss that his son was staring at Zach's crotch. Tim knew that Jordan was attracted to guys and he thought girls too.

Tween Twin Lust 1 – Boner Meter

Thanks for taking the time to answer the anonymous Boner Meter survey. When I write these stories, I try to craft them in a way that brings as much pleasure and enjoyment to the readers as possible. It is really helpful to know what kinds of folks are reading the story, what they like/dislike about it and the level of pleasure it brought them. It helps me to know what to write and what would make the story better for you. I can't promise to use all of the ideas in the story. Some of your ideas fit and work beautifully. They often take the stories in exotic new directions that I probably would not have explored. Other ideas trigger thoughts and directions that give the story an unexpected twist and wild character sexual interactions. It is important to know that because I have a broad base of readers that have lots of different interests and fantasies, not every story twist will delight you. I do the best I can to delight you. Thanks for being loyal readers and for you awesome feedback!! Mack
