STORY SUMMARY

Coach Alexander's prize gymnasts are fraternal twins. He has worked with them since they were young. When the beautiful twins began to develop sexually, the coach sat their parents, Ed and Samantha, down and explained that if they were to be top gymnasts they could not have distractions. He asked Ed and Samantha if they are really committed to their kids being the best. They both told him they would do anything he asked. The coach was pleased. He told them that the 12 year old kids needed to deflower each other and begin to sleep together. At first it was hard to comprehend much less accept. And then both parents found their twin's sexualality very stimulating. The coach was true to his word and the twins became state champions. The twins are about to turn 15 and the coach has a very special birthday present for them. It is a sexy 12 year old boy named Ethan who wants to be a state champion too. I hope you enjoy the story!

TWIN GYMNASTS 1

AT PRACTICE...

Coach Alexander watched one of his two twin protégés with great pride. Troy Thompson's lithe 14 year old body was in the final moments of one of the most challenging pommel horse routines. It was nearly flawless but the new dismount had a very high degree of difficulty. Troy launched his body into the air in a manner that looked effortless and did a full mid-air summersault dismount. He stuck the landing perfectly.

The coach glanced over and looked at young Ethan Edwards. Ethan had been working the rings and was removing his long pants and swapping them for shorts. Ethan had the same compact build as Troy and excellent muscular structure. Alexander was confident that the boy had the same potential as Troy.

Coach Alexander noticed that as the 12 year old watched Troy work the pommel horse he had an obvious erection in his leotard. The coach walked over to speak to Ethan. The boy was about to slide his shorts up over his leotard. He was forced to straighten up and talk to the coach. The boy's boner got caught in the leotard and it pulled the stiff shaft out about 45 degrees from his body. Coach Alexander was thankful that he was holding his sweatshirt in front of his crotch because this sexy boy and his erection had given the coach a powerful erection.

The coach was attracted to the beauty of pubescent and prepubescent boys and girls. Ethan was a visual delight. He had seen the boy in the showers and made excuses to talk to the kid when he was stark naked. His testicles and penis were developing nicely and so far there was no hint of pubic hair.

The coach stood next to Ethan as they watched Troy do his routine one more time. The coach put his arm around Ethan and saw that the boy blushed a bright shade of red from embarrassment about his obvious sexual excitement.

"Troy's body is quite beautiful...Isn't it?" The coach asked Ethan.

Ethan nodded. The embarrassed boy felt his erection get even harder at the mention of Troy's body. The young boy's favorite masturbation fantasies involved Troy and his twin sister Anna.

"Your body is well on its way to looking like Troy's. I will show you pictures of Troy when he was your age. There are a lot of similarities." The coach said as Troy finished his dismount.

The coach called Troy over and Ethan was sure he was going to die of embarrassment. Nothing that Ethan tried would make his raging boner go down.

The coach had noticed that recently Troy was paying a lot of attention to Ethan. Several times the coach saw a nice bulge in Troy's shorts or pants. The coach was sure that Troy was attracted to the younger boy.

As Troy walked up his eyes went immediately to the younger boy's erection. As the coach began to talk, Troy tore his eyes away from the boy's boner and looked up at the coach who smiled at him knowingly.

"Troy, that is enough for you today. I want you to give your hamstring pull a few days to mend. I would like for you to work with young Ethan like I used to work with you. He has numerous style faults and I want you to put your hands on him and help him find the perfect extension of the move. I want you to do for Ethan what I did for you when you were that age. That will help Ethan find the muscle memory he needs so that he instantly knows when he has perfectly executed his routine."

Troy blushed as he remembered the coach's hands on his body when he was 12 years old and how he craved having the man touch him even more intimately. Troy practically begged the coach to be sexual with him. He had loved every second of it. Thinking back on those days and the wild sexual adventures caused the 14 year old's 6 ½" cock to become rock hard.

The coach glanced down and saw the throbbing teen boy shaft and smiled briefly, "I see you have the idea."

The sexy 14 year old knew that he needed to concentrate on helping Ethan. He gave the boy a boost up onto the pommel horse. As Ethan hit critical poses going through his routine slowly Troy adjusted his posture. Several times Troy's finger tips grazed the boy's hard penis. Troy was so turned on by the boy that he thought he might cum in his pants. On one maneuver the boy's erection and testicles were perfectly cupped by the older boy. Troy was in heaven.

"Troy I think you are helping Ethan. What are you doing this weekend?" The coach asked his star athlete.

Since Troy really hadn't thought about it his response was a bit tentative. "Uhhh...coach I am not really sure yet.

"Good...well I'd like for you to do me a favor." The coach said as he stood behind the sexy 12 year old boy and since it was chilly in the gym he was able to play with the young boys hard nipples in a distracted sort of way while he talked to Troy. "Tell me who does Ethan remind you of?" The coach said as he pushed the 12 year old boy's leotard down to his waist briefly revealing the 12 year old bare pubis.

Troy was about to lose his shit...the kid was so sexy and the coach almost stripped him naked. Troy was still tongue tied when Troy's twin sister Anna walked up.

"That's easy...he looks just like...well at least from what I can see...looks just like Troy at that age." Anna replied to the coach in kind of a sassy fashion.

The coach smiled and took the dare from Anna. "Well Anna what do you think now?" In one quick motion the young boy's leotard and shorts were at his feet. The 12 year old boy stood before the twins naked and erect.

"He does...he looks exactly like Troy when he was 12. What a sexy little boner and not a hair...so hot and so cute." Anna said and then realized how much she embarrassed Ethan. She ran the few steps to the younger boy and hugged him. "Oh Ethan...I didn't mean to hurt your feelings. I always thought my brother had a very sexy body...and I think he kind of liked mine too." She told the sexy 12 year old as she hugged him against herself and felt his hard boner pressed against her leotard.

The coach stood behind Troy and peered over his head at Anna and the naked young boy. Troy was afraid he knew what was going to happen and he held his breath.

"Did you know that both Troy and Anna are State Champions for the last two years?" The coach asked the naked 12 year old who Anna was still cuddling with.

Ethan nodded yes.

"Do you know why they are both State Champions?" The coach asked Ethan.

The boy shook his head no and worried that he might get scolded for not knowing.

"They are State Champions because their bodies are perfectly tuned machines." The coach said as he hooked his fingers into the shoulder band of Troy's leotard.

Ethan watched in awe as the coach slowly revealed the 14 year old boy's body. Katie stroked Ethan's fine blond hair. Ethan's brown eyes were wide with shock. He watched his hero being slowly stripped naked. Each muscle looked like it was sculpted from marble. The blood vessels stood out and each of his pecs were perfect. As the leotard went further down the beautiful abs were revealed.

Anna realized that the beautiful boy was not breathing and she ran her hand down his naked chest. "Breathe Ethan...breathe," she told him. Anna thought that the young boy was so sexy that she could eat him up. She loved holding his naked body. Tight against hers and she could feel her juices really flowing in her hot pussy. The two of them watched as the coach lowered the leotard to Troy's waist. Ethan fully expected the coach to stop at Troy's waist and he was shocked to see the leotard slowly creep lower and lower until the older boy's bare pubis was revealed. Ethan watched in awe as the coach's fingers began to touch the 14 year old boner through the fabric of the leotard.

Ethan gasped at the sight that he was seeing.

"Troy is very sexy...isn't he Ethan?" Anna asked the 12 year old.

"Oh God yes...very sexy," Ethan said with his eyes glued to the coach's hands. The coach only hesitated a second and then pushed the leotard down over Troy's waist. His boner snapped free. Anna had to help support the boy because he knees went weak. She held the naked boy tight against her and told him that she had the same reaction when the coach peeled Troy naked for the first time in front of her."

"But...but...you know...you two are...ummm...brother and sister." Ethan said.

"Yes we are," Anna said as she hugged the naked little boy. "Yes we are."

Ethan hugged Anna even tighter as his mind raced to grasp what she had just told him. They couldn't have...or could they? He thought. Ethan was suddenly aware of Anna's scent...she smelled so sexy...he could not describe it...he just wanted to be close to her.

"Ethan look at this sexy body. It is a body that looked just like yours 2 years ago. And now it is one of the most magnificent bodies in the world. And Troy's penis looked just like yours when he was 12. This is the body of a State Champion. Now look at it," the coach said as he pulled down the sexy gymnast's 14 year old erection and made it stand straight out from his body. Isn't it perfectly beautiful? You would like to have a body like this and a beautiful boner...wouldn't you?"

The coach stepped over to Anna as she had hoped. Anna loved to show off her naked body. He began to pull down her leotard and in seconds had revealed her beautiful small breasts. "Anna has the perfect gymnast's body. Look at these lovely small breasts and her very erect nipples. As the coach lowered her leotard Anna's pussy came into view. It was magnificent...and totally bare. The coach stopped and played with her pussy. He used his fingers and opened her pussy lips to reveal her sexy hard clit. Anna's pussy was dripping she was so excited.

Ethan stood there mesmerized as the pussy began to drip...drip...drip on the shiny wood floor in the gym. Anna gyrated her hips aching to have a hard cock fill her pussy. The gyrations made her beautiful pussy leak even more of her juices on the floor. Ethan dreamed about seeing Anna naked but nothing in his wildest fantasies approached her beauty.

Ethan watched as the coach's fingers parted Anna's pussy lips. Then coach very gently played with her hard clit as he loved to do. It was such a big clit for such a small girl. The only thing that the coach loved more than Anna's pussy was playing with Troy's cock as it slipped into his sister's pussy.

The coach flashed back for a moment in his mind to the summer when he had the two twelve year old nymphs taking naked gymnastics lessons in this very gym. The coach smiled as he thought about the afternoon when Troy begged to fuck his sister and he had told him that he could not have her until he could support the weight of both of their bodies on the pommel horse. It took Troy many weeks of practice before he could support her weight and his as he spun their bodies doing hand stands on the horse. Then he told them they would have to find a way to balance their bodies as she slipped his hard 12 year old boner into her pussy as they spun naked on the handles of the pommel horse.

It took many weeks until they could maintain the fine point of balance so that she could slip her pussy over his penis. The pressure required to rupture her hymen was almost enough to send them tumbling to the floor but they were both determined and she managed to pierce her hymen with her twin brother's cock.

The coach remembered every detail and almost did not need the spectacular video he had made of the magnificent coupling. Coach Alexander stood there next to the video camera on a tripod. He was naked from the waist down and stroking his hard cock as he watched the magnificent first penetration. He wondered if it was possible for the brother and sister lovers to bring each other to orgasm without

tumbling to the floor. Anna managed to plant her feet on the horse as her brother balanced his naked body perfectly presenting his hard boner for her pleasure.

The coach noticed that the beautiful boy boner was streaked with the evidence of Anna's first coupling just before she engulfed his hard shaft with her pussy. The coach remembered his awe as she supported her weight with her arms and raised and lowered her body over her brother's hard cock. It was the most beautiful joining of flesh that the coach had ever seen. His hot semen arched into the air as the perfect salute to the beauty of the brother and sister's coupling. That was the very moment that orgasmic bliss rocked their young bodies.

The coach vividly remembered the night that he had told Ed and Samantha how critical it was for their children to be sexually satisfied for them to attain their peak performance. They readily agreed and asked what they should do. He told them that he had observed the twins being sexual with each other and that was the perfect solution. At first the parents were shocked and asked him again if it was essential to their success in gymnastics.

He assured them that it was. The parents pretended to be shocked but he noticed a wet spot on Samantha's chair as she stood up. He followed them out of the office and smiled as he saw the telltale wet spot on her skirt.

Troy and Anna were 12 years old when they began to share a bed.

That night when the children arrived home from practice they quietly ate dinner with their parents and then went up to Anna's room. They told the coach later that they slowly stripped each other naked and then Troy began to make wild passionate love to his beautiful blond sister. Their parents listened through the wall as they lay naked in their bed. At first it was the sound of their beautiful little Anna crying out as they began to make love. Then the sound of the children's wild animalistic rutting was too much for their mother and father. The parents responded with their own wild rutting and both children giggled as their mother screamed out as a powerful orgasm rocked her body.

From then on much of their training was done in the nude. As promised both children had won multiple State Championships and had performed well in the nationals.

Anna smiled as she realized it was their birthday tomorrow and the coach was giving them the perfect present. Anna put her arms out and the sexy blond 12 year old ran to her and hugged her tight. Troy stood next to his naked sister. His 6 ½" boner rubbed gently against Ethan's back.

Coach Alexander stood before his magnificent protégés and stroked their blond hair. I have talked to Ethan's parents and made them aware of the special training regimen. I have also talked to your parents and they have agreed for you two to do much of the special training.

Ethan felt his back getting wet where Troy's boner touched him and he loved it. The coach knelt in front of the naked 12 year old. He asked him if he wanted to be as good as Troy and Anna.

The boy nodded vigorously.

“Well they have been on a special training regimen for years. If you are on the same regimen then you have a good chance of being as good as they are. Are you willing to do whatever is necessary?”

Ethan nodded yes.

The coach explained, “Troy and Anna have special work out regimens that they will teach you. There is a special part of the training and that involves releasing all sexual tension. I have personally taught both of them how to regularly relieve all of their sexual tension so that their minds are not distracted by their sexual needs like you were today.” The coach told the sexy boy as he fondled the 12 year old bare boner. It made the coach's pulse race to know that another set of parents wanted him to personally train their son and release his sexual tensions. The coach smiled as he thought about the twins 15th birthday tomorrow and what a wonderful present Ethan would make.

The coach's fingers explored the young boy's testicles and his boner. He smiled and told the boy that he was developing nicely. The twins and I will teach you some marvelous ways to pleasure yourself and pleasure others.

The coach stood and told his very sexy young athletes that they should shower. Your parents will be here to pick you up and take you to dinner in a few minutes. Ethan was surprised when they all took their bags into the coaches office and they went into his private shower. It was very large and very nice. They began to wash each other. Ethan reached out and cupped Troy's junk. Troy bent and kissed the top of the smaller boy's head. They touched and washed each other. The twins saved the sex play for when they got home.

WHEN THE TWINS WERE YOUNG....

The coach called Samantha, the twins' mom, that afternoon and told her of his plans for young Ethan and having the twins teach and breed the young boy to relieve his sexual tension. It caused a flood of memories of when the twins were 12 years old.

Samantha had called Ed and talked to him about the kids “training” Ethan. Ed got a powerful boner immediately as he stood in the middle of the office bull pen. He found an empty cube and pretended to continue the call while he waited for the boner to go down.

Samantha could tell from the tone of Ed's voice that he was rock hard. It would be a miracle if he didn't cum in his pants while driving home. Samantha smiled.

Sam sat down with a cup of coffee with their special photo album of photographs of the kids growing up. These were digital pictures that they had taken and turned into their special photo album. Samantha's pussy got wet as she looked at the pictures Ed had taken of her in the bath tub with Troy when he was 6. There were shots of her cuddling with him in the warm water of the tub. Then there were the pictures of him standing and being washed with her bare soapy hands. She loved the picture of Anna using a toy bucket to pour rinse water over her naked brother. That was where the pictures

stopped because Ed took his sweet naked little girl to her room and dressed her for bed. Ed and Samantha each wanted some private time with one of the twins.

Ed knew how attracted Samantha was to Troy. He also knew that she was pleased that he was attracted to Anna. They each needed private time where they could show their special love for their twins.

When Ed left the bathroom with Anna, Samantha caressed her beautiful 6 year old boy's naked body. His little boner stood out so proudly. Up until now Samantha had been satisfied hugging and touching Troy's torso...she had never overtly touch him sexually except to wash his penis.

This night was different. His penis was suddenly irresistible. She reached out and touched his little boner. Troy grinned at her and asked her if she liked touching him. Samantha nodded. "Good mommy because I like when you touch it...it feels so good."

That made all of Samantha's will power vanish and she began to touch and feel the head of his boner while her finger played with his tiny testicles. She was so glad she was in the tub because her pussy would have been dripping if she were anyplace else. She forced herself to stop and dry the sexy little boy off. She wondered how many other mothers were as powerfully attracted to their little boys as she was to Troy. Samantha dried the boy with a thick fluffy towel. As she dried his boner and testicles, Samantha reached out and touched the small stiff shaft. As she laid him on his bed and began to pull on his sleep shorts, Troy began to touch her hard nipples.

In Anna's bed room Ed was showering Anna with kisses. He kissed all over her face and then he kissed down her chest and kissed her tummy. Anna was lying on top of the covers on her bed as her daddy kissed her naked body. When he did that it made her body feel all funny and good inside. She didn't know why but she hoped her daddy would touch her pussy. It felt so good when he washed her pussy. She knew it would feel good if he just touched it. As he kissed down her belly she spread her little legs wide hoping that he would. She felt his fingers on her inner thighs and she gasped at the good feeling that raced through her body. She felt his fingertip touch her pussy lips and groaned with delight. Anna lifted her hips up off the bed and tilted her sweet little cunny up so that her daddy would touch it more. Oh wow he touched that spot..that feels so good she thought. She wiggled down trying to get his finger tip to slide in her pussy. Ed was about to cum in his pants. He kissed Anna good night and she wrapped her arms around his neck and kissed his lips hard. When he broke the kiss she told him how much she loved him.

Ed found Sam watching from the hallway. He practically drug her to their bedroom where he ripped off her clothes. They fell into each other's arms and wildly rutted until they both had mind numbing orgasms. Ed stayed hard and he thrust in his gorgeous wife's cunt squishing his cum out around his hard cock as he made passionate love again. This time they lasted about 10 minutes before they both ejaculated. Sam craved another good fucking and Ed did not disappoint. He slammed their bodies together again and again feeling her hard clit with each thrust. This time she started moaning and crying as her orgasm neared. This time her cunt ejaculated all over him as she screamed out with pleasure. That was when he filled her womb with another load of thick creamy cum. They were totally oblivious to the two 6 year old kids in the doorway watching their wild mating.

They continued to bathe the twins until they were 10 years old. Ed finally told Samantha that he had to stop because if he didn't he was going to fuck one or both of the twins. Samantha hated to stop because she loved to suck Troy's little boner, but she knew Ed was right and it was only a matter of time before she pulled her sweet little 10 year old boy on top of her and let him fuck her.

The kids were so disappointed that they stopped. Samantha suspected that occasionally Troy and Anna would get together and pleasure each other. Anna really missed her daddy and wanted to feel his body against her again.

ED REMEMBERS THE TWINS AT 12...

As Ed drove home from work, he thought back to when the kids were 12 and coach talked to them about the need for Troy and Anna to have sexual relief if they were to be champions. Ed and Samantha were ecstatically happy. Samantha was sure she would never forget the night that the coach talked to she and Ed about the kids' need for sexual release. Ed loved the movie Blue Lagoon. She and Ed were snuggled on the couch as the kids watched the original Blue Lagoon with Christopher Atkins and Brooke Shields. When the characters began to kiss passionately so did Troy and Anna. Half way through the movie Troy left and when he came back he had fashioned his own loin cloth. Anna loved it and reached up under it to massage her brother's boner. As they reached the scene where the characters mate for the first time, Troy stripped his sister naked and she pulled away his loin cloth. Samantha and Ed watched in awe as their beautiful 12 year old twins began to mate. Samantha groaned as she watched Troy's 12 year old boner penetrate Anna. Seeing their magnificent bodies joined as one was surely one of life's great moments. The children rutted with wild abandon as Samantha rubbed Ed's hard cock until he exploded hot semen into his boxer shorts. Samantha fingered herself and Ed pulled out his still hard cum covered cock and they both masturbated wildly as they watched the children breed. Anna began to moan as her parents watched the puddle form on the hardwood floor as she ejaculated with her powerful climax. Her pussy began to squirt all over her brother as the orgasm reached it's peak. That was when Troy moaned that he was cumming and his hips became a blur as he pounded her pussy with his hard boner. That was the beginning. Once the sexual barrier had been lifted between them, the children became quite comfortable satisfying their sexual needs openly and often.

Ed thought about how they became comfortable making love in front of each other as a family. Often on Saturday morning the kids would crawl into bed with their parents. Ed was in heaven the first time he snuggled with his naked baby girl. He had longed to rub against her since she was 6 years old. He remembered how Anna giggled as she felt her daddy's boner pressed against her. She reached down between them and pulled the stiff thick shaft out of his boxers. She pressed her naked body against him. He could feel her erect nipples through his t-shirt and it only made him harder. Anna wrestled with her daddy until his was on his back and his boner was captive between her delicate 12 year old pussy lips.

Anna humped her pussy lips against her daddy until he moaned and squirted his hot semen all over both of them. She snuggled against him seemingly oblivious to the thick cum that had squirted all over them. She tenderly kissed her daddy and told him that he was very tense and needed to release his seed.

Anna giggled and told her dad that special morning that he was all messy. She sat up and began to pull the cum covered t-shirt off her father and then she removed his soaked boxer shorts. He was stark naked with his baby girl. Ed could not believe he was rock hard again and aching for sex.

"Oh daddy you are all hard again," Anna told him as she rolled him onto his back. This time her sexy naked body was pressed against his and he felt her tiny breast buds and erect nipples pressed against him. Ed held his breath as he felt the tip of his hard cock pressed against her moist pussy lips.

"My daddy has too much cum," she said as she eased her 12 year old pussy down on daddy's hard shaft. "Oh wow daddy you are so big..." Anna groaned as she took the last of his thick cock into her hot 12 year old pussy. "So big...mmmm...please daddy...please fuck me."

Ed remembered rolling over while deeply embedded in his precious sexy little girl. The wild sexual feeling of her tight pussy and the very idea that he was making love to his daughter...his 12 year old daughter had him on the verge of orgasm almost instantly. He began to thrust and within seconds he was filling her tight pussy with his cum. Ed lay there in the afterglow of orgasm still deep in Anna's sweet pussy when he realized that he was still rock hard. He stayed rock hard and he just kept thrusting for almost 30 minutes. His beautiful baby girl had 3 or 4 orgasm as he pumped her with his hard boner. Ed felt the powerful wave of the next orgasm hit him. Then he shot another load of cum in her precious pussy and she screamed with a powerful orgasm.

They laid there watching Troy and his mom, Samantha, make love. Ed knew how much Samantha was turned on by their ripped 12 year old son. From listening through the wall the parents gathered that not only was the boy a fabulous gymnast, he was also an amazing sexual athlete. After important gymnastic meets, Troy and Anna was pound against each other's bodies again and again until each was wracked with wild orgasmic pleasures. It wasn't unusual for the twins, when they were in a sexual frenzy, to make love 5 or 6 times a night. Samantha was so excited about this moment that she could not wait to pull her young Greek god between her legs. His rock hard penis naturally found the pussy that gave him birth.

Troy was amazed to find that his mother's clit was even bigger than his sister's clit. It stood out like a lovely little penis. The young athlete knew just how to arch his back in a way that perfectly pounded his mother's hard clit until he had her screaming with pleasure. He did not allow himself release until he had given her a screaming orgasm like coach had trained him to pleasure Anna. When Troy felt her pussy ejaculate as she screamed with pleasure, the boy pushed the tip of his hard shaft into her cervix and as he had dreamed he would and he allowed his potent seed to release into her womb. Troy had perfect control. He did not release his cum until he felt his mom's cervix stretched open by the tip of his hard cock. The boy held his cock in place as he released his potent semen. He fantasized that there was an egg there to be fertilized by his seed as he squirted rope after rope of hot cum in her pussy. His mom's pussy was on fire and she squirted his young body the whole time he filled her with his

incestuous semen. Troy held his mom's very sexy body tight against him. His boner was still rock hard. He wondered what it would be like to inseminate his mom.

What Troy did not know was that his mother had stopped taking the pill and his father had only pleasured her anally for the two weeks since the start of her cycle. Samantha was at the height of fertility as her young son ejaculated deep in her womb.

"Oh my sexy baby boy...you have filled me with your potent sperm...You would like to fill my belly with your baby...wouldn't you?"

That drove the boy wild and even though he had just climaxed he began to thrust wildly in her cunt. His mother rapidly reached another exceptional orgasmic peak. Troy lifted his mother's knees up and spread them wide to maximize his penetration as he cried out with his orgasmic release. As soon as he felt the hot seed race up from his nuts, the boy ground the tip of his hard cock against her stretched cervix until every drop of semen ejaculated directly into her womb.

His father was amazed at what a sexual athlete his son was. The boy's penis never went soft. He just continued to thrust deep in her pussy again and again. This time it took almost a half hour and his mother had 3 orgasms before he filled her with his seed again.

That morning had been one of the most amazing mornings of Ed's life. Ed was so turned on that his son was going to impregnate his beautiful wife. Mother and son had made love practically every day. Mother and son continued to regularly breed. Ed thought about how it had taken three months for the 12 year old to inseminate his mom.

Troy was ecstatic as he watched his mom's belly grow round with his baby. The whole family was speechless in the nursery as Father and grandfather held the new baby boy. Troy was so excited about being a daddy. Troy asked if he could name his son Jason and his mom hugged and kissed her sexy boy and told him that was a perfect name for their baby. He loved his baby boy so much. He loved to suck on the little guy's boner, but occasionally he got a mouth full of warm pee. That made the whole family laugh.

ETHAN'S EDUCATION BEGINS....

Ed and Samantha had gotten a babysitter for Jason. When they arrived at the gym, Ed and Samantha went inside. Troy, Anna and Ethan walked out of the coach's office. Troy introduced Ethan to his dad. Ed thought the 12 year old was one of the most beautiful boys he had ever seen. It caused Ed to think back on when Troy was 12 years old. Samantha hugged the beautiful young boy and she told him how welcome he was to stay at their house. They heard the door to the Gym open and Ethan's parents walked in with Ethan's suitcase. The parents quickly introduced themselves. Paul and Amy Edwards turned and introduced themselves to Troy and Anna. Paul's jaw went slack as he got a good look at the 15 year old kids. Troy was wearing soccer sandals. His feet were bare except for the styrupe in his

competition pants. He was either wearing a leotard or compression shirt and he held his warm up jacked in his hand.

Troy put his hand out to shake hands with Paul. Paul quickly drank in every detail of Troy's body. He guessed the boy to be about 5'5" or 5'6" tall. The boy had a powerful grip, Paul thought. Aside from the shaggy blond hair on his head, there was not another hair in sight on this sexy boy. His upper lip had some baby fine white blond hairs, but nothing a razor would see anything soon. Paul's eyes traveled down the boy and he saw the perfect outline of the boy's magnificent cock and cock head. The kid must be half hard he thought. Then he smiled as he thought he would be hard too if he had prospects of fucking Ethan. His eyes traveled back up the boy's beautiful torso and he saw smiling blue eyes and knew he had been busted scoping out the kids junk. Then Paul took in the beauty of Troy's sister Anna. God she was hot!! She was a little shorter than Troy and her small breasts were capped beautifully by her rock hard nipples that stood out proudly in her leotard. Anna had the same beautiful blue eyes and her hair was the same blond as her brother. It was pulled back in a pony tail.

Paul had his arm around Amy and he said to the kids that Ethan is very, very lucky to be in Troy and Anna's hands. Amy put her arms out for her son and he ran to her and hugged his mom and then his dad. Paul kissed his son on the lips. He asked Ethan if he was excited and they both glanced down and the throbbing boner that Ethan had in his competition pants. His dad laughed and reached down and fondled the hard shaft. "I guess that was a stupid question," Paul said with a smile. "They are both beautiful Ethan...you are one lucky boy."

Troy took the young boy's case from his Dad and he hugged Paul and told him that they would take good care of Ethan and give him an amazing education. Anna hugged Amy and kissed her on the cheek. Amy could smell the beautiful young girl's sexual excitement.

As they watched Ethan's parents leave, Ed looked at his very sexy son and daughter who were on the cusp of turning 15, he thought about what an awesome present their coach had given them...a beautiful boy to love.

As Paul and Amy got in their car, Paul told Amy that Ethan was about to experience heaven on earth. Can you imagine those two kids making love to our sexy 12 year old son?

Ed and Samantha hugged the coach and said good night. They drove down the street and went to their favorite Italian restaurant. The restaurant was dark with smoked domes over the lights that hung above the tables that were covered with red and white checked table cloth. Luigi, the owner, seated them in a booth for 6 at the very back of the restaurant. As they looked at their menus, Troy's hand went under the table and he placed his hand above Ethan's knee. The waiter came to the table and first took the kids order and then he turned toward Ed and Samantha. Ed looked over and caught a glimpse of Troy moving his arm and he was reasonably sure that Troy was feeling the young boy up.

Ethan gasped softly as Troy's hand started up the inside of his thigh. As the waiter left the table, Ethan was about to die. He was sure that the waiter and everyone in the restaurant knew that Troy was

feeling him up. He could not believe that Troy was holding his cock while sitting across the table from his parents. The restaurant was noisy enough to mask conversation.

"Mom...you are not going to believe how hard it is." Troy said with a silly grin. "It is about 3 ½ inches and coach said I should take it all."

"Oh no you don't Troy," Anna said as she slid her hand up the inside of Ethan's other thigh and pushed her brother's hand off of his cock. "I was born first and so this should be my present first. I want it and the harder it is the better I will like it." Anna said with an equally silly smile. The waiter brought their pasta and he could not miss Anna taking her hand off the young boy's crotch. He almost dropped two plates of spaghetti. Anna looked over and saw the waiter's cock was rock hard in his black pants. She smiled up at him and said, "Ethan isn't the only one who is hard."

Anthony, the waiter, could not get away from the table fast enough. He raced to the men's room and bolted the door. He dropped his pants and boxers to the floor and flogged his raging erection for about a minute before he exploded thick creamy cum into the sink.

After he finished eating, Troy went to the men's room too. When he walked in he laughed because the sink, wall and mirror had the waiter's cum all over them. When the waiter brought the check he saw that Troy had just returned from the restroom. He turned bright red with embarrassment as he asked if their meals were okay. Troy told him he really liked the cream sauce that seemed to be everywhere. The waiter beat a hasty retreat from the table. He tried not to but he came out to get a good look at the young boy. The waiter could not take his eyes off of Ethan's swollen crotch. The waiter was standing in a secluded corner that was a station for the wait staff as the family walked by. Troy had his arm around Ethan and he steered him into the corner with the waiter. With the two young gymnasts with their backs to the other patrons no one could see what was going on. "Thank you...you made dinner a delight," Troy told the young waiter. "And here is your tip he put his hand out as if he was going to shake the waiter's hand and then grasped the young man wrist and effortlessly pulled the hand palm out and put it on the bulge in Ethan's crotch. "It really is quite an amazing boner for a 12 year old boy. Now you will really have something to jackoff over." Troy said as he grinned. Have a great night.

Troy laughed all of the way out of the restaurant.

"Dude...why did you do that?" Ethan asked him with a bemused and quizzical look on his face.

"I did it for two reasons. The waiter got instantly rock hard when he saw Anna grope you. He had it so bad he went to the restroom and shot cum all over the place. I gave him kind of a rough time and when we were leaving he could not take his eyes off of your boner. I knew it would really get him off to touch your hard cock...so I did it."

Ethan nodded. "...And the second reason."

"I wanted to see if you would freak under pressure. You didn't. You're gonna be good...you are as cool as they come." Troy leaned down and kissed the little guy on the lips as he groped his ass. Ethan just shook his head and smiled.

They all got in the car and Ethan was again in the middle of the back seat.

Anna leaned over and kissed the little guy and licked his lips. "You taste good sexy boy and I could just eat you up." She said as she tickled his belly. Ethan giggled and laughed until he couldn't get his breath. Anna put her arm around him and tugged him close. She ran her fingers through his blond hair.

Ethan could not believe this. He could not wait to get to Troy and Anna's house.
