STORY SUMMARY

The hallway was filled with hooting and cat calls. The door to their room stood open and Alexander Eggers stood naked and ready to go take his shower. Alex was an incredibly handsome 15 year old boy with his olive complexion, dark hair and deep brown eyes. Alex leaned out the doorway and saw his best friend and roommate walking down the hall stark naked with a major boner. The other boys teased him and reached out to flip the hard shaft as Max went by them. Max, with his sun streaked blond hair, blue eyes and the build of an Abercrombie model, was breathtakingly good looking. Max held his 6" cock by the base and shook it like he was sprinkling them with holy water. As Max turned to enter into his room, he slapped Alexander's very sexy naked butt.

"Prince Maximilian is at your service." He said as he bowed to his roommate. "You look mighty fucking sexy roomie." Max loved American slang. He smiled as he leaned over and kissed Alex on the lips and fondled his lovely 5 ½" erect cock with its nest of curly black hair.

Through an amazing pubic display, Max didn't leave any room for doubt about how he felt about Alex. The boys sexual escapade made news around the globe. The scandal threatens to destroy the monarchy. With no opportunity for an heir to the throne there is a lot of talk about dissolving the monarchy. The King and the Eggers family find a solution that maybe even more controversial than the original scandal. The story blends intimate family love, wild boy on boy sex with some of the wildest bisexual sex you can imagine.

As always, if you are not supposed to be reading this story...then please don't...please practice safe sex. This story is a total fantasy.

Wild Young Prince 1

Prince Maximilian Dorm Room

The hallway was filled with hooting and cat calls. The door to their room stood open and Alexander Eggers stood naked and ready to go take his shower. Alex was an incredibly handsome 15 year old boy with his olive complexion, dark hair and deep brown eyes. Alex leaned out the doorway and saw his best friend and roommate walking down the hall stark naked with a major boner. The other boys teased him and reached out to flip the hard shaft as Max went by them. Max, with his sun streaked blond hair, blue eyes and the build of an Abercrombie model, was breathtakingly good looking. Max held his 6" cock by the base and shook it like he was sprinkling them with holy water. As Max turned to enter into his room, he slapped Alexander's very sexy naked butt.

"Prince Maximilian is at your service." He said as he bowed to his roommate. "You look mighty fucking sexy roomie." Max loved American slang. He smiled as he leaned over and kissed Alex on the lips and fondled his lovely 5 ½" erect cock with its nest of curly black hair.

The other boys watched as Max's kiss became intense and it was clear that the two very sexy boys were trading tongue. Everyone on the hall suspected that Max and Alex were lovers particularly Tobias Ritter their 15 year old next door neighbor. Max often referred to Tobias as being a walking wet dream. The boy had the most beautiful fine blond hair with electric blue eyes and the build of a soccer player. His body was amazingly well developed.

They boys on the hall watched in awe as the wild and crazy Crowned Prince Maximilian of the Kingdom of Andor was openly groping his naked best friend and kissing him passionately. The other boys knew this was more than play.

Jonas Gerber, who was 14 with black hair and the greenest eyes, pulled his iPhone out of his pocket and began to video Max and Alex.

Max wasn't sure why, but he had been craving the taste of Alex's cock all day. Max broke their kiss as he slid to his knees in front of his best friend.

Several of the boys gasped as they watched the young prince suck his best friend's cock. As the other boys watched, all of them got hard watching the two very good looking boys having sex.

Jonas was rock hard and he grabbed his cock through his jeans as he continued to video the Prince sucking his friend. Jonas was bi and he loved every second of the wild and wanton show that Max and Alex were putting on.

"Oh fuck Max...dude I am going to cum..."

Max kept sucking his sexy friend and suddenly his mouth and throat were filled with a wonderful salty taste. Max loved the taste of cum and particularly Alex's cum. The boy squirted cum like a fire hose. Max began to cough and choke on the flood of hot cum. He pulled off of his lover's stiff cock and Alex continued to ejaculate all over Max's face.

Jonas was rubbing the head of his cock through his jeans as he made the video. Seeing Alex cum all over Max's face was too much for Jonas and he had a powerful orgasm in his jeans. It was everything he could do to keep the camera steady as he shot a major load of cum in his boxers. The microphone on the iPhone picked up his moan as the first intense wave of pleasure hit him. He groaned as his hard cock shot jet after jet of semen into his blue plaid boxers. His boxers were soaked and there was a huge wet spot on the front of his jeans.

Daniel Kaiser began to snicker and he pointed at the wet spot on Jonas' jeans. Jonas steered Daniel away from the crowd that had gathered in the young prince's doorway and into his own room.

Jonas, who was 14, closed the door to his room and asked 16 year old Daniel not to tell anyone about seeing him shoot off in his pants.

Daniel touched the wet spot on Jonas' jeans and said he thought everyone would be excited to learn that you like watching boys breed. "You got so excited Jonas. You really find the prince sucking his boyfriend exciting don't you?" The older boy asked. Daniel smiled when he felt Jonas' 14 year old cock stiffen under his fingers. "I think you like talking about those boys sucking. It makes you very hard."

Jonas blushed. He face turned a deep shade of red. "I...well...I...errr...ummm...."

"You are fucking rock hard...so excited...I bet you want me to see your hard cock...you want to show it off don't you."

Jonas' mouth was dry. He had never been more scared and excited at the same time. He wanted the sexy older boy to look at his hard cock more than anything but he was afraid. He could not help himself. The need to expose himself was so powerful. He nodded that he did want to show him.

"Show me those boxers that you slimed." Daniel demanded.

Jonas hesitated and Daniel reached over and popped the button on the boy's jeans. Jonas hesitated.

"I guess I will have to tell the others." Daniel said as he turned to leave. Daniel was amazed at how much this turned him on.

"No wait!" The younger boy cried out and Daniel heard the sound of the zipper being lowered. He turned smiling as the boy wrestled the tight jeans down. As Jonas toed off his sneakers the motion made his raging 14 year old boner pop through the fly of the semen soaked boxers.

Daniel had never been attracted to boys but seeing this young kid's boner gave him a raging boner too. He looked at the boxer shorts and thought that the little guy must cum a lot because those shorts are soaked with cum. Thinking about the cum fill shorts and looking at the boy's boner had Daniel incredibly excited. Daniel nodded at the shorts...meaning that they were to come off too.

"But...please...Owen might come in at any time...please." As he said it Jonas knew that was part of what made all of this so exciting...the element of danger from being caught. Jonas pushed the boxers down and as he did his cock was forced down too. The head of his circumcised boner was almost purple. And then it snapped free and the room was filled with the sound of his cock slapping against his tight belly. Jonas was always having wild jackoff fantasies about being forced to be naked and perform in front of others...particularly other guys. He dreamed about being made to stand naked in front of everyone in their dorm and masturbate...and then the dream about his biology teacher's cock sucking experiment and how the man had cum all over his naked body and he had a spontaneous orgasm. Jonas wanted to be seen being sexy.

Daniel smiled and told the younger boy to play with his boner.

Jonas waved it around and jacked it some. He was so hard and excited he thought he might cum again if he wasn't careful.

"You want to jack off and show me how you cum...don't you?" Daniel asked him.

Jonas turned an even deeper shade of red. He wondered how the older boy could read his mind. He could feel his arm pits getting wet as he began to jack his hard cock.

"You want to cum for me...squirt your cum all over don't you?"

Jonas whimpered as he felt the pressure building in his nuts. Suddenly he felt the boy cum race through his raging boner. He gasped as the first small jet of creamy boy cum squirted and fell to the floor. He groaned as he flogged his cock wildly desperately needing the stimulation to shoot the next jet...he squirted two more times before he was naked and spent. After his orgasm, Jonas felt terribly embarrassed at his need to display his body and jack off in front of this boy. His ears burned red remembering Father Kahn telling them how sinful sex outside of marriage was. He felt so guilty about so many things and that just seemed to make it all the more exciting.

Daniel lifted Jonas' chin and looked into his deep brown eyes and said, "You are such a hot little pervert boy. You want to eat some cum...don't you?"

Jonas had often masturbated thinking about sucking Owen's morning boner. Jonas looked up at the older boy and nodded timidly.

"Take my cock out and suck it." Daniel demanded. Daniel loved it when his girl friend Cynthia sucked his hard cock. But this...this was so wicked and forbidden...a little boy sucking his boner. Daniel was so charged up that he was hanging right on the edge of orgasm. Daniel felt each tooth of the zipper in his pants as the boy slowly pulled the zipper down. This was so fucking hot. This beautiful half naked kid was going to suck his cock. The boy reached into Daniel's boxers and pulled out the stiff 6" shaft.

Jonas knelt before the older boy and pulled down on the skin on the shaft. That made Daniel's foreskin retract and reveal a wide thick head that was leaking precum.

"Ummm...that feels nice little man...now lick it." Daniel told the young boy.

Jonas did as he was told and he lapped the head of the older boy's cock. His tongue ran across the drop of precum at the tip and Jonas loved the flavor. He lapped the shaft from base to tip for a while and felt Daniel periodically shudder with the powerful sensations he was causing. Without being told what to do, Jonas slowly engulfed about half of the 6" shaft. The older boy moaned with the wonderful feeling that it caused. Jonas felt his own cock harden as he began to lick and suck the older boy. Jonas loved hearing Daniel's soft moans of pleasure.

Suddenly Daniel grabbed Jonas' head and began to grind against the ridges in the roof of the younger boy's mouth. "Oh fuck little man...this is so fucking hot....so close." Daniel began to thrust harder and he groaned deeply as he shot his first volley of hot cum in the boy's mouth. Daniel went wild. He rapidly face fucked the younger boy and filled his mouth and throat with hot salty cum.

Like the prince, Jonas began to gag and cough and he fought to pull off of the thick boy cock. As he did, Daniel continued to ejaculate all over his face and chest soaking Jonas' t-shirt with his thick ropes of creamy cum.

Daniel rubbed his still hard cock all over the slime on Jonas' face. Daniel ran his fingers through Jonas' black hair and he looked into the boy's deep brown eyes. He realized just how pretty this young boy was. He reached into his pocket and pulled out his cell phone and took a picture of his still hard cock rubbing over the boy's slimy face. The look of alarm on the boy's face just made it better. This was hot fucking shit. Cynthia Schaeffer, Daniel's 15 year old girl friend, was such a pervert that he knew she would love it too. It made Daniel so hot when Cynthia talked about how she and her younger sister would eat each other out. Daniel exploded hot cum in Cynthia's pussy more than once listening to those stories.

Cynthia had asked him several times if he had ever sucked another guy. He told her truthfully that he hadn't. He never mentioned all of the times he had jacked his cousin off or jacking off with Devin Davis. Cynthia told him that she thought boys sucking a boner would be so hot.

At the time they first had the discussion, he was repulsed by the idea...now...well now he thought it was hot too. In seconds he sent Cynthia a sext message.

Daniel picked up the cum soaked boxer shorts off the floor and he used the dry side to wipe his cum off of Jonas' face. He picked up the half naked boy's jeans off the floor and he started to hand them to Jonas he felt the weight of the cell phone in the pocket. Daniel pulled the cell phone out and turned it on. It was still in camera mode and he opened the video of the prince. He handed the jeans to Jonas who gratefully pulled them on and covered his nakedness as Daniel sat on Jonas' unmade bed. Daniel grinned and emailed the video of the prince to himself and Cynthia. If Cynthia thought boys sucking boner was hot, she would love really love this.

As Jonas zipped his jeans, he watched Daniel fold and then roll up his cum soaked boxer shorts. Daniel handed Jonas his cell phone and grinned. Enjoy your hot video little man.

The door knob turned and both boys looked over to see Owen Piper, Jonas' roommate, walk in. Twelve year old Owen thought that the room smelled weird and Jonas and Daniel looked kind of guilty. Owen glanced down and saw the two thick creamy globs of cum on the floor. Whoa...fuck...these guys had been fucking around. Owen felt his 12 year old cock begin to stiffen as he set his books on his desk.

Jonas thought fast. He knew that Daniel was one of the best math students in school. Jonas wasn't doing well in Algebra. He looked at Daniel with a desperate look in his eye and said, "So will you think about tutoring me in algebra?"

"Yeah I can probably find time to tutor you," Daniel said with a slightly evil grin since Owen's back was turned. Daniel thought this was awesome. He could get the little hottie up in his room and nobody would think twice about it. They could do all sorts of hot shit.

Daniel's smart phone pinged indicating that he had a text message. He looked at the phone and laughed. There was a text from Cynthia that read, "OMFG that is so hot...and he is precious...call me with details." He texted her back for her to check her email for something even hotter.

Owen sat in his desk chair and looked back in time to see Jonas turn around. Whoa fuck the font of Jonas' jeans had a huge wet spot. He looked over and saw some blue plaid fabric rolled up in Daniel's hand...those were Jonas' boxers that he put on this morning...whoa fuck...this was hot. Owen's brother taught him to masturbate a few weeks before school started. Owen knew from stroking his older brother David to orgasm that older dudes could cum a lot.

The two younger boys watched as Daniel left and as he did he told Jonas to bring his book and meet him tomorrow at 4 in his room. As the door latched, Owen spun around and asked Jonas what that was all about.

"Ummm...nothing...just tutoring is all." Jonas answered somewhat defensively.

"Dude...who are you kidding. That is cum on the floor I saw it when I came in...and Daniel walked out with your boxers rolled up in his hand." Owen told his friend and roommate. Owen's pulse was pounding in his ears as he thought about what the two boys had been doing.

"Bullshit..." Replied Jonas who was now terrified that all of this was spinning completely out of control.

"Yeah well if it is bullshit unzip those jeans with a big wet spot and show me the blue plaid boxers you put on a little while ago to go to class." Owen challenged.

"Oh Jeeezussss...Owen...please don't tell anybody....pleeeezzzzeeee!" Jonas begged.

"Okay...but you gotta tell me what has been going on."

Jonas hesitated only a moment and then began to tell the story from the beginning. He showed Owen the video of the prince sucking Alex.

Owen made him email the prince's video to him. It was so fucking hot.

Then Jonas explained how Daniel caught him going off in his jeans.

"Whoa dude...no fucking way...you shot off in your jeans watching the prince and Alex," Owen said. The younger boy was holding his rock hard boner that tented out his soccer shorts as Jonas continued the story.

"So let me get this straight...you stripped naked for Daniel...jacked your boner until you shot cum all over...then you got on your knees and sucked him...whoa dude that is so fucking hot." Owen told his friend as he gently jacked his boner through his shorts. "What was it like...you know...sucking his cock?" Owen thought about his big brother wanting him to suck his cock. He didn't do it...but it was now a huge jack off fantasy of his.

"You really want to know?"

"Yeah really...please."

"It was pretty weird at first...and then it was really cool knowing that I was going to make him shoot off." Jonas told Owen as he watched the 12 year old slide his hand down in his shorts.

Owen got up and went over and locked the door. Owen stood in front of his roommate and pulled down his shorts and boxers and let them fall to the floor. Owen had a skinny 12 year old boy boner with a very small patch of sandy brown pubic hair.

"Oh fuck Jonas...so hot...so very fucking hot..." Owen said as he held the base of his cock so that his boner was sticking straight out from his body. Owen started rotating his hips and making a fucking motion. "So fucking hot...please..." Owen said to his roommate in a pleading tone of voice. "I will do you too...I just gotta feel a blow job...please!"

Jonas dropped to his knees again. This was a dream come true. Jonas had wild fantasies about sucking Owen's hot little boner. As he took Owen's nuts gently in his hand he marveled at how small the 12 year old boy's nuts were compared to Daniel. Jonas was able to take Owen until he had his nose buried in his pubes.

"Oh fuck Jonas that is so amazing...I mean the best!" The 12 year old exclaimed as the intense sensations hit him. Owen had never felt anything like it and he loved every second of it. It was like wild electric jolts of pleasure racing through his body. Owen started panting as the tension build in his loins. His nuts were suddenly achy and his need to seed grew more intense by the second. Owen started to buck and thrust as his cock began to shoot hot cum in his roommate's mouth. It was the most awesome feeling every as the jets of boy cum squirted into Jonas' hot mouth.

His 13 year old friend looked up at him and Owen knew that the boy had a mouth full of cum. He watched in awe as Jonas swallowed his cum.

"Whoa...cool...you ate my cum," Owen said with awe in his voice.

Then Jonas stood up and Owen knew it was his turn. He reached for the button on Jonas' jeans and his fingers lightly touched the wet spot on the fabric. He felt Jonas's hard boner through the fabric. His mouth watered as he thought about sucking the stiff cock.

As he pulled down Jonas' jeans the younger boy went to his knees. Being Catholic he thought about the fact that he was usually only on his knees to worship. Owen grinned and thought that he was about to worship his best friend's boner. Owen had wanted the chance to touch and explore Jonas' boner and he realized as he took the hard cock in his fingers that he was getting his chance. Owen kissed and licked the tip of the older boys cock. Jonas groaned as Owen slid his lips down the shaft. Jonas didn't think anything could feel this good.

Jonas couldn't believe that his 13 year old boner was getting ready to cum again. He ran his fingers through Owen's soft sandy brown hair. He was such a sexy young guy. He felt the tension building his nuts and Jonas groaned as the younger boy rubbed his cock against the sharp ridges in the top of his mouth.

"Oh fuck little dude....I'm cumming." Jonas did not have much cum left but he squirted the little bit that he did have right in Owen's mouth. Jonas wildly fucked his roommate's face as he delivered tiny jets of seed.

THE PRINCE'S VIDEO GOES VIRAL

Upstairs Daniel was talking to Cynthia. She was totally freaked that she had a video of the hot young prince sucking another dude and then the kid shot cum all over the prince's sexy face. She had already sent the video to Elaine, Anna and Hannah who she thought might be distantly related to Prince Max.

Downstairs Owen sat at his desk and sent the video to his older brother knowing that he would appreciate a hot video like that. David went nuts and sent the video to everyone he knew.

It didn't take long for word of the video and the video itself to spread like wildfire around the Kingdom of Andor and the world. By the next morning the video was the subject of every scandal sheet newspaper across Europe and the States. The National Enquirer ran a headline that said, "Heir?...apparently not!"

The King's Private Office

David Baldwin, The Minister of Culture, had a grim look on his face. His briefcase had a devastating collection of some of the worst scandal sheet newspapers. David hated every second of this.

The King had been David's best friend and lover since boarding school. And Prince Maximilian he loved like a son...and if the truth be known...the boy probably was his son.

The prince was always a wild child and he loved running naked through the castle as a young boy. When he was 5 he loved to sneak into the King's chambers in the evening and wait for the King and David to crawl into bed naked and hard. The young imp jumped in bed with them. He loved the feeling of their naked bodies pressed against him. The little boy loved touching their boners and having his boner touched. The King and David began to include the boy in their sex play since he seemed to crave it. Nothing seemed to excite the King more than sucking his 5 year old crowned prince to a shuddering dry orgasm.

David heard the King press the button that bolted the door shut. The King rushed to his lover and best friend and took him into his arms and tried to soothe whatever troubled David. It made David's heart ache even more that the King was comforting him. The King kissed David tenderly and combed his jet black hair with his fingers. He asked what was troubling David.

David looked at Fredrick and told him that there was no easy way to tell him what must be said. David retrieved his brief case from a nearby chair where he had left it. He reached into the fine leather case and pulled 4 of the offending papers from his case and held them as if he were holding a bag of dog shit.

He lay them on the King's conference table. The headlines were devastating: "Prince fancies boys", "Prince in Porn with a Boy", "No Heir for Andor" and "Prince is Gay."

The King's face reflected his anguish. He knew that Max was gay but he assumed that the boy would remain quietly in the closet. It would not be the first time that a Royal family had to resort to extraordinary means to produce an heir. David wrapped his arm protectively around Fredrick.

The phone buzzed and the King knew that his admin would only interrupt a meeting with David if it was an emergency. Rebecca told the King that it was Lord Eggers calling from London who said it was an emergency. The King said he would take the call. Rebecca put the call through.

Rebecca had known the prince since he was 5. She loved him like he was her own boy. Rebecca had seen the smut on the news and in the papers about her lovely boy Max. Rebecca was heartbroken. She

was well aware of Max and his father's sexual proclivities...it is after all a small castle. She knew that her lovely boy Prince Max was attracted to Alexander Eggers.

Fredrick furrowed his brow as he answered the phone. Lord Eggers was as concerned about the boys and the press as King Fredrick. Eggers confided to the King that they were aware of the boys' attraction, if not love, for each other. They had all hoped the boys would be discreet.

"I am afraid that we will find that this is Max's doing. He is...well...how should I say it...an exhibitionist." The King explained.

"We know and we live in a household where open expression of affection is normal. When the boys spend their holidays here they were...shall we say...ummm...quite affectionate and very open about it." Lord Eggers told the King. "Maybe we should arrange to meet in a private place and discuss all of this with the boys. Eggers suggested.

The King suggested that they arrange a secluded rendezvous with the royal yacht in the Mediterranean. That should give them some private time away from the prying eyes of the press. The King arranged transport for all to a private island in the Med. The press had little trouble finding the island but the press was quite frustrated when there was no sign of the royal party on the island. As soon as they landed the Royals and Eggers were met by high speed boats that transported them 30 miles from the island to the royal yacht.

David and the King were deep in conversation when the Prince and Alex arrived. The boys were quite nervous. The King and David hugged the boys.

"Father I am so sorry for the embarrassment that this has caused you." Max told his father.

The King took his son's handsome young face in his hands and he stared at his son for a long moment. He drank in the beauty of the boy. The King studied Max's smooth tan face, deep blue eyes and sandy brown hair still filled with summer sun streaks. The King absently touched his son's upper lip and found it to be perfectly smooth...not a hint of stubble.

"My God you are a beautiful boy." The King told his son as he took the sexy lean 15 year old boy in his arms. "I love you so much. I love you more than you could know...even if your heart is filled with mischief. I know that you have so much trouble controlling that beautiful boner of yours." The King pulled Alexander into the embrace. "...And you my boy are the gasoline on Max's smoldering fire." The King said as he held the boys cheek to cheek. "You two are so young and so sexy...both of you could be fashion models. Alex...you with your olive complexion, dark hair and rugged good looks...My God is it any wonder that everyone is crazy to know all of the intimate details of your lives." The King kissed both boys' foreheads.

He thought they both looked so sexy in their navy blazers, white oxford cloth shirts and school ties. The King lightly fondled both boys through the dove gray slacks that they wore as part of their school uniform. He smiled. "Even after all of this you still do not wear underwear." The King said as he shook his head and felt both boys become erect.

"It looked like a perfectly lovely blow job and judging from your ejaculation Alex you must have really enjoyed it." The King said.

Alex could only look down and nod shyly.

"Rebecca packed some comfortable clothes for both of you and you will find them in your stateroom." The King told them. He kissed both boys on the lips and told them to get changed. "We will discuss all of this more later."

As the King and David talked quietly among themselves after the boys went below to change, the intercom rang and it was the Captain advising the King that the high speed launch with the Eggers family would arrive in a few minutes.

David received a call on his satellite phone. His admin told him that there was a poll being done in the kingdom about abolishing the monarchy due to the possibility of having no heir to the throne.

The King and David were beginning to discuss strategies when the high speed launch pulled alongside the yacht. They watched as Lord Howard, Lady Jane, Leah (12) and Niklas (11) began to climb the boarding ladder. David commented that it was hard to believe that Leah was only 12. She is so beautiful and Niklas is going to be as good looking as his older brother, the King thought.

The King shook hands with Leah and Niklas. He sent them along with the steward to their staterooms and suggested that they get more comfortable. He told them that their brother and Max were in the hot tub on the deck below.

When the kids were gone, Lord Howard bowed to the King in a very formal manner. The King waved off the bow and told him that he was very informal. "I save that nonsense for state occasions. How about if I call you Howard and Jane and you call me Fredrick. I would like to introduce my lover and best friend...not to mention Minister of Culture, David Baldwin."

They shook hands all around.

"I know it is a bit early in the day but I think this situation calls for a cocktail." The King said as he ordered a round of bloody marys.

They made small talk for a few minutes and then the steward came back with a round of bloody marys. Fredrick guided them out on to the sundeck where they sat down. The view of the deep blue of the Mediterranean and the coast line in the distance was beautiful.

Howard bowed his head and he looked into his drink for a moment and said, "Well I am afraid that this dreadful situation is all our fault."

"Why on earth would you think that?" Fredrick asked.

"Well...we are...ummm...quite liberal in our views on sexuality." Howard told him picking and choosing his words carefully. As a result our children are quite comfortable expressing their sexuality openly.

The King sensing that they had a lot in common said, "Well David and I raised Max the same way. He was exposed to our sexuality from a very young age." The King said in a way that communicated a lot more than what the words said.

"Our children are free to share the family bed." Eggers told the King

"I assume that having the children there does not dampen your amorous feelings and expression of those feelings with Lady Jane."

"It certainly does not." Lady Jane said with a smile. "I love for my children to see me sexually receive my husband."

David and I feel the same way. We have always slept naked and when Max was 5 he learned to love sleeping with us naked. To this day there is nothing I love more than having my beautiful 15 year old son naked and in my bed.

They heard the automatic closer slam the door and looked up to see the very handsome and naked Prince Maximilian stand there. He excused himself. No one could take their eyes off of his beautiful 6" boner.

"Father, I was wondering if we could go ashore to swim for a while? Captain Miller said that there is a small deserted island nearby."

The King smiled and nodded yes thinking how much he would love to suck the beautiful boy's boner.

The boy disappeared back through the door. They continued their discussion of family bed and it was clear that the Eggers were very much into family love.

The Captain expertly navigated into a small cove on the island with deep water. They launched a small boat and watched the 4 naked children climb in the boat. Lady Jane was an excellent professional photographer. She put the telephoto lens on her camera anticipating capturing images of the children playing on the beach.

The parents watched from the sun deck as Alex and his 11 year old brother Niklas sat on the middle seat together and Leah sat next to Max. Leah was such a free and natural spirit. She was telling the older boys about something funny that she and Niklas had done. Leah leaned on Max as he sat behind the wheel of the small boat. Both of her hands were on top of his right thigh with her little finger appearing to touch the older boy's scrotum. All of this happened as she laughed joyfully. Her mother managed to capture the perfect image that captured all of this along with their joy. Leah's breast buds were magnificent and the nipples were stiff with excitement. It appeared in the photo if Leah was going to slide her hand over Max's erect penis. Lady Jane kept snapping pictures and as Leah excitedly explained something to Max her fingers did caress his stiff shaft. Moments later they beached the boat. She snapped pictures of them running with wild abandon down the beach laughing and taunting each other. The boys' boners waved in the morning breeze as they ran naked down the beach. Lady Jane thought to

herself that this is the way these children were meant to be. They are supposed to be free spirits and not be tangled in political intrigues and scandals.

Howard saw the tear running down Jane's face. He put his arm around her as she zoomed in on Leah. Leah's beauty with her dark hair, dark eyes and olive complexion was breathtaking. Her young maturing body was so pure and innocent and yet incredibly sensual at the same time.

Jane watched Max and Leah become tangled as they ran and the two exquisite bodies tumbled on to the sandy beach and rolled until they settled into each other's arms laughing hysterically. Alex and Niklas ran back and dove on top of them until they were a pile of naked young flesh...all arms, legs and magnificent torsos.

The captain sounded the horn for them to return. The four wild children ran back to the small launch and piled aboard. They were covered with sandy and the first mate had to hose their naked bodies off as they came back aboard the royal yacht. As he stood there, his throbbing erection was painfully obvious. Lady Jane found that she was in a similar condition. Her clit ached it was so swollen with lust from studying their sexy young bodies.

It was a quiet afternoon and they enjoyed each other's company. The chef prepared a wonderful dinner and they all gathered in the main salon for a movie via satellite. The kids were all still stark naked. The prince flopped down on the couch. Leah sat on the floor on the Oriental rug leaning back against the couch between Max's legs. She bent her knees and at first was content to make Max giggle by playing with his sexy toes. As the movie went on, Leah picked up Max's feet and rested them on the tops of her thighs. As she watched the movie she idly played with the fine light blond hairs on his shins. She lightly stroked the hairs with the very tips of her fingers. As the movie ended, she turned and knelt between Max's legs and they began to debate the content of the movie. As the debate went on, Leah's fingers began to stroke Max's stiff shaft every so lightly and did it in a way that suggested she wasn't even cognizant that she was fondling his penis. As they continued their debate, Leah's fingers focused on the rim around his cock...every so lightly rubbing it. Max continued the debate as if there was no sexual contact at all. He was not going to let her win the point.

Lady Jane watched Max's testicles draw up as this discussion continued. She watched Max's reaction fighting the sensations until the last second when his eyes rolled up and he cried out "you win" just as a fountain of hot semen erupted from his cock. The first rope of his potent royal seed landed on Leah's nose, cheeks and lips. Successive jets of hot semen splattered on her chin, neck and breast buds. She seemed oblivious to the semen shower she was receiving.

Max on the other hand was mortified that he had cum all over her. He bent and began to lick his thick creamy semen from her face looking somewhat cat-like as he licked the beautiful young girl free of his cum. As he licked the hot semen off of her breast buds they became very erect and she moaned. Max continued to suck them long after the semen was gone. They moved around on the couch until he was between her legs in what he thought of as a superior debate position.

His hard cock was pressed against her moist pussy lips and she adjusted her position so that the lips opened to receive his royal cock. Max groaned as he felt his hard cock slip inside her hot cunt.

Leah intertwined her legs with his and pulled him deeper in her steaming hot 12 year old pussy. The 15 year old had never had intercourse before and he found it to be an amazing experience. Alex came back to the salon to find his sexy sister and his lover joined as one. Alex knelt behind Max and began to stroke his back and neck as his hard cock provocatively spread his copious precum all over the crack of Max's ass. Alex reached down and parted the sexy globes of Max's ass and the tip of his cock found the heat of Max's boy pussy. The precum drooled all over the pink puckered entrance to Max's love tunnel and Alex began to penetrate his lover. The three were now joined as one. Alex began to slowly fuck Max which in turn fucked his sexy sister. As Alex's need to seed grew, his thrusts became more rambunctious. His thrusting increased the intensity of Max's thrusts which caused his sister to moan in pleasure. Soon Alex heard the cries of his sexy sister as the powerful first waves of orgasmic pleasure rocked her young body. Alex began to wildly fuck Max. Soon the three of them were on fire. Leah was on her way to an even more powerful second orgasm when Max cried out. She felt his thick cock stretching her cervix wide open and the hot jets of his royal cum flooded her unprotected pussy. Her brother cried out seconds later as his fiery hot cum jetted into Max's boy pussy. They all lay there in the awesome afterglow of love.

As Jane watched the coupling and massaged her hard clit she thought about a solution to their mess if only her sweet young daughter were fertile.

They sailed the Mediterranean for several days kicking around solutions...but mostly the trip was a wild sexual orgy for everyone.

Jane would never forget how surprised she was to walk up on deck and find her shy boy 11 year old Niklas with his sweet young boner in the King's mouth. The boy was shuddering and moaning as his body convulsed with a dry orgasm. As Jane took in the scene she saw the King naked and erect for the first time. He had a lovely thick 7" boner that Nik was fondling as it began to explode hot cum all over his lovely young body. The King dry humped the boy until his nuts had emptied. The whole time the King was thinking about what a delight it would be to slide his thick hard cock in the sweet little boy pussy that he was fingering.

As Fredrick's orgasm subsided, the sweet young boy flipped his long black hair out of his brown eyes and asked the King if he would ever want to fuck him. The boy giggled as the monarch became instantly rock hard.

Jane watched her sweet little cum covered boy as he slid down in the King's lap. She watched the thick globs of precum oozing out of Fredrick's shaft as he held his thick fuck pole out from his body so that the young boy could mount him.

Niklas moaned as the thick head of the King's cock began to stretch his boy pussy. Nik's daddy wasn't this big. He started panting as the thick shaft penetrated him.

The king loved every second of having his cock buried deep in the sexy young boy...Nik had such a tight hot boy pussy.

The boy began to relax as he felt the King's pubes against his ass.

"Oh sweet boy your ass is so awesome...so tight and hot..." The King told Nik as he combed his shaggy black hair with his fingers. The King picked the boy up in his arms and stood up with his thick cock deep in Nik's boy pussy. The King laid the sexy naked boy across the dining room table and began to thrust deeply into Nik's hot butt. Nik looked up at the sexy King with his deep brown eyes. "Ummm...could you fuck me hard and fast...I really like that." Nik asked the King.

The King groaned with delight at the request and began wildly thrusting his thick cock deep in the beautiful kid. The boy's ass was so tight that the King was hanging on the edge of orgasm almost from the beginning. "Oh fuck yeah Nik...you have such a hot ass...oh baby boy I am going to fill your ass with hot cum...oh shit can't hold back..." The King began to thrust and buck as his thick shaft exploded hot semen deep in the boy pussy. Nik and Fredrick heard the moan from behind them and looked back as the King's orgasm eased off to see Lady Jane finger fucking herself wildly as she watched the King impale her young son on his thick hard cock. As they watched her, she threw her head back and cried out as the powerful orgasm made her body convulse with pleasure. Her pussy squirted until her panties and the floor below her were soaked. She held on to the bar as her knees went weak to stabilize herself.

Jane watched as the King eased his still rigid cock out of her sweet boy. She saw the thick globs of creamy cum that leaked out of his perfect little ass. The king dropped to his knees and began to lick the dripping boy pussy sucking up his own cum as he did. The King finally stood only to find that the sexy boy was rock hard and there was a small puddle of clear cum below the boy's belly button that the King had fucked out of the beautiful kid earlier. The King bent and licked up the precious clear boy seed and savored the unique flavor.

The next morning, Lady Jane was on the sun deck reading a book when Leah came out on deck. Lady Jane was concerned because Leah looked a little pale.

"Mother...my tummy feels funny." Leah told her mom as she made a motion of her fingers squeezing.

Jane wondered if Leah could be having her first period. She lightly rubbed the naked girl's tummy and stroked her hip with the other hand. As Leah stood there, a drop of blood ran down the inside of her left leg. Her mother gathered the drop of blood on her finger tip and showed it to Leah. Sweet girl you have become fertile. She hugged Leah's naked body tight against her and told her they should go to her stateroom and get a tampon.

They sat on the edge of the bed and Jane put her arm around her daughter.

"Mom...I am worried about Alex and Max." Leah told her.

"Me too," Jane said as she hugged Leah. Jane wondered how on earth she might bring up the idea of Leah having Max's baby.

That was why Jane was startled at the next question. "What if Max had a baby? Would all of this stuff go away?" Leah asked her mom.

"Well not all of it...but a lot of it could fade away." She told her sexy young daughter wondering if Leah had figured this out all on her own.

"I can have a baby now...right?" Leah asked.

Her mom nodded.

"I would do anything for Alex and Max...anything!" Leah left what that might mean open...but both of them knew she was ready to have Max's baby. She walked Leah to the salon where the boys were watching the latest news and gossip about them.

Alex looked over and saw something between his sister's legs. "What do you have there Leah?"

"Your sister is having her first period." His mother told him. "She will be fertile soon." Both Alex and Max looked up at Lady Jane and Leah and then at each other. The four of them were all thinking the same thing but no one said anything. Alex patted the couch between them and she snuggled up with the boys.

Nik followed his mother out of the salon and when they were well away he asked her what periods and fertility were all about. She took him to the sitting room and held him close as she explained what was happening with Leah's body.

"So...like if the boys spermed in her...she could...like...you know...get pregnant." Nik asked his mom.

"Why don't you get pregnant?" Nik asked her.

She explained that she was on birth control pills and how they worked.

"I think it would be cool to have a baby brother or sister. Would you ever want Alex to sperm in you and make a baby?" Nik asked innocently.

Jane had thought many times as her boy had sex with her about him filling her belly with a child. Suddenly her clit was rock hard. "I think you are right Nik...it would be lovely." She told him as she went in their stateroom and tossed her birth control in the waste basket.

After another week and a half the men were talking about returning to the real world with a grimace on their faces as they thought about the horrors of the media coverage.

"I think that might be a little soon." Jane told them. She told them that her beautiful Leah would be fertile in a few days and she thought that Max should inseminate her. The men were all quiet. Fredrick pointed out the legal problems with Max inseminating a 12 year old.

"Leah said she would do anything for Max and Alex...what if she married Max. You are the king you could approve it. "

"Yes I could but we are a Catholic country and there would be huge problems with the church." The King said not noticing that Max had been listening.

"...But what about my relationship with Alex. I could never hurt him like that." Max protested.

"Your throne, as did mine, depends on your having an heir. You know how much I love David and would never do anything to hurt him. We made it work and I am sure that you, Alex and Leah can make it work too." The king told him as he took hold of the flaccid 15 year old cock and brought it to his lips. He kissed the shaft and felt it begin to harden. He smiled up at his son and told him how much he loved him.

Max went out on deck and he found Alex and Leah. He kissed both of them on the lips. They sat down and talked about the plan.

"I told mom that I would do anything for you and Alex. I would love to have you fill my belly with your baby." Leah told the young monarch in waiting. I want you both to fuck me...Alex fuck Max like you did the other night while Max is in my pussy. That felt amazing."

Max and Alex led Leah to a nearby padded lounge chair. Max kissed Leah tenderly at first and then with great passion. He then turned and kissed her brother with the same passion. That melted into an awesome 3 three way tongue kiss as they stroked and caressed each other.

"You two are so fucking hot," the fifteen year old prince told the sexy brother and sister. "Making love with both of you is hotter than anything I ever imagined...especially with your fertile belly." Max said as he stroked her lovely taut belly. Max and Alex each took one of Leah's nipples and they sucked and licked her breast buds as both of them inserted fingers in her pussy. Alex rubbed his sister's clit and soon had her begging them to fuck her.

"Oh God it feels like my pussy is on fire...I need you to fuck me really hard and really fast." She told Max.

Max's cock was harder than it had ever been at the thought of filling her unprotected womb with his potent seed. He laid her back and quickly mounted her with his stiff hard shaft. Max parted his cheeks and presented his ass to Alex. None of them were aware of the audience that watched them. David was stroking the King's rampant erection and Jane was capturing images of the insemination. She wondered if they should leak the bisexual images.

Max was so turned on his was almost immediately on the edge of orgasm.

"Fuck me hard...NOW!" Leah begged as she spread her legs even wider to take Max as deep as possible. With Alex's weight on Max, he was pushed as deep in Leah's pussy as possible and he felt her cervix stretching open as his lover pounded his prostate. Leah cried out at she went over the edge and her body began to shudder with the wild pleasure of orgasm. Max kept pounding away at her clit every time her brother humped him and that pushed Leah to an even greater peak of pleasure.

Leah screamed as the next super intense wave of pleasure hit her and that was when she felt Max's steaming hot semen begin to flood into her womb.

"Oh fuck Alex cried as his lover's asshole went into orgasmic spasm around his hard cock. Alex began to flood Max with his hot seed. The three lovers were at the peak of pleasure when Max felt Leah's 12 year old pussy begin to squirt. They rode each other until the last wave of pleasure was spent. They lay there a long time with their bodies intertwined in the wonder warm glow after a powerful orgasm. All three of them imagined Max's seed searching for Leah's egg. Max kissed Leah and told her how awesome she is.
